PENNINGTON TO TRY FOR SHARE OF COULTER AID

People Feel Entitled to Benefits of Proposed Diversification Loans.

Special Meeting of Commercial Club Considers Very Important Subject.

A special meeting of the Commercial club was held last Thursday evening to confer with F. E. Balmer of St. Paul, who explained the farm diversification bill now before congress. Pennington county had not previously been in the territory to receive some of this $50,000,000 appropriation, but due to the strong arguments given by the business men and farmers present, the representative stated that he would recommend Pennington as one of the counties to be included under the proposed law.

The federal census for 1920 showed that Pennington county had 7 per cent of farms without cattle, 34 per cent without swine and 9 per cent without poultry. The average farm of Pennington county consisted of 233 acres, with only 14 head of cattle, 5 sheep, 3 hogs and 53 chickens. The club drew up resolutions stating these figures and the need for more livestock in the county. This resolution was endorsed by the bankers, Commercial club, Farm Bureau and farmers' clubs which have been reached.

Security will be taken on the livestock and the amount loaned to each farmer cannot be used for buildings, feed or any other purpose. The benefits to be derived from such loans should prove of immense value to the country as it will increase the amount of cream marketed through the co-operative creamery and increase the number of farms in the dairy business. Figures at the creamery show that dairy farmers are the successful farmers of the county. By making this law operative it is giving the farmer machinery with which to make an income rather than sinking him farther into debt.

ALUMNI DOINGS GLOOM CHASER

Nearly 100 Enjoy Entertainment In Spite of Icy Weather.

Last Friday night at the Sons of Norwal hall, the alumni pulled off one of the best dances ever staged for the benefit of Lincoln High's "old timers" and "eldest sons and daughters." The range of years represented by the 100 who came was very wide, stretching from the 1924 graduates through some years as '18, '17, '15, '11, to the one of 1910. A letter was received from Mrs. Gaston Ward, who graduated with the 1904 class, so that barring a few jumps, 20 years of high school life in Thief River Falls were awakened for a few hours at the dance.

At nine o'clock, or thereabouts, dancing began. This formed the major part of the evening's fun and kept up until about 11:30 when a brief program was given, the kernel of which was an address by Mr. Simley, present superintendent of the Lincoln high school. Two songs were sung by Elra Porter, accompanied by Mrs. Williard Stone, and Elnor Overland played a syncopated potpourri in a manner that made the audience wish they were not simply "audience." A short business meeting was held and the following officials elected for the coming year: Francis J. Burns, president; Stephen Arneson, vice president; Doris Richter, secretary; and George Mostue, treasurer. A delicious lunch was served immediately after the business of the evening had been completed, and then Elnor Overland played again. The audience refused to stay audience and dancing was resumed until teh orchestra put "Home Sweet Home" on the music racks and refused to take it off.

The alumini will meet again next year at Christmas time and this year's success should give the absentees a memory jolt and a New Year's resolution to be sure about attendance next year.

Woman's Club Will Meet Next Monday, January 7

The next regular meeting of the Woman's club will be held in the Commercial club rooms on Monday, January 7, at 3 p.m. Social hour, Hostess Mrs. Stebbins. Music, memory contest, in charge of Mrs. G. Halvorson. Roll call of remarkable events of 1923. Every club member is requested to answer the roll call.

Municipal Judge Tarrant Ends 1923 in Civil Case Over Potato Planter Use

The last case of the year came before Judge N. W. Tarrant at 2 p. m., December 31, when Halvor Viken brought civil suit against Owen Weckwerth for the use of a potato planter.

Mr. Viken owned a potato planter, which he said Mr. Weckwerth had used last spring without permission. About 12 or 15 acres of potatoes were supposed to have been planted and accordingly $25 charges were brought against Mr. Weckwerth. This was not paid.

Mr. Weckwerth claimed he had got the planter through Mr. McCrum, that he had planted only about one and a half acres and had paid the usual sum per acre for the use of the planter to Mr. McCrum as he had received the machine from him.

It was finally discovered that Mr. Viken had let Mr. McCrum use the planter last spring, and Mr. McCrum had let Mr. Weckwerth use it for a time, and the affair was straightened out.

LOCAL FARMERS TO PLANT MUCH GRIMM ALFALFA

Co-Operation in Securing Seed Assures Success of All Beginners.

Survey Indicates at Least 5,000 New Acres Will Be Started This Year.

According to figures in the Farm Bureau office, taken from questionnaires received from farmers during the month of December, there are at the present time approximately 4,000 acres of alfalfa in Pennington county. Most of this was started since 1920 as the result of various campaigns and literature boosting the county as the real home of alfalfa. According to the same survey 5,000 additional acres will be sown in 1924. Most of this will be planted from Lyman's Pure Grimm alfalfa seed, and a certificate will accompany each purchase. This is hardy northern grown alfalfa and is guaranteed by A. B. Lyman, originator of Grimm alfalfa seed.

Statistics show that soil fitted for the growing of alfalfa should never sell for less than $100 per acre regardless of location. This means that Pennington county will have a vast area of valuable land in 1924. The value of the hay and pasture is known by most readers of farm papers. A single ton of alfalfa hay is equal to a ton of bran in protein content. As a soil builder the spreading roots and nitrogen carrying power greatly improve the condition and enrich the quality of the soil.

Many have hesitated to raise more alfalfa as they believe the market might become flooded with seed. This holds true of potatoes but not so with alfalfa growing, as the seed crop is one of the smallest items of income. Alfalfa hay can be sold at $20 a ton or fed to more dairy cows in Pennington county, when its value should be at least $30 a ton. In short, it will mean better dairy feed for the county, a much improved soil for crop diversification, and an additional revenue from the sale of pure Grimm seed. The foundation stock, coming from a known source accompanied by certificates and affidavits for each purchase, will easily be proof that nothing but the best is raised here.

Encampment's Initiation Night Draws Large Crowd Despite the Icy Weather

The Riverside Encampment had a large turnout on their initiation night, December 28. In the class initiation seven new candidates took all three degrees. About a score of candidates from Warren and Red Lake Falls failed to arrive on account of the severe cold and the sudden fall of snow which rendered the roads unsafe at the time. However, one of the most satisfactory encampment nights was reported.

After a short business session the members left for Porter's East Shop where a midnight lunch was served.

Members are notified that installation of officers will be on January 11.

Thief River Milk Supply Is Now Under Inspection

According to figures submitted by the local dairy inspector, over 1,200 quarts of milk and 300 quarts of cream are being sold in Thief River Falls daily at this time. The new milk ordinance is now in operation and the above figures represent the quantity checked through the city milk laboratory to the provisions of the ordinance. Dr. Tveta, inspector, is busy issuing licenses to dealers in dairy products and will have everything within his jurisdiction running smoothly in a few days.

BURGLARS TAKE MEN'S CLOTHES IN LOCAL STORE

Goods to Value of Several Hundred Dollars Taken in Night Burglary.

Stolen Articles Loaded in Car and Transported Out of Town.

Last Thursday night or Friday morning a daring burglary was committed at the Save-U-Money store on LaBree avenue. The robbers entered by way of a rear window and smashed the door connecting the rear room with the sales department of the store. They made away with goods valued at between $400 and $500. A definite knowledge of the amount of goods stolen will not be known until an inventory is taken. However, the thieves are thought to be persons who make a specialty of just such work as they did not break open the safe which stood in the same room, and though some things were scattered around it was not the wholesale mixup that naturally would follow a robbery by persons who had no definite object in view. Many suits were taken, besides underwear, shoes and sweaters, and miscellaneous articles which have not yet been checked up.

A car is known to have been used in the getaway and it was traced to Red Lake Falls, through which city it had passed at about 3:40 Friday morning, but where it went after that is not known. The local police department is on the job, however, and is doing everything possible to find trace of the robbers.

Local Man Sells Garage; Willow City Man Expects To Put Manager in Place

The Evenson garage on second street, just to the rear of the auditorium, was recently sold by the proprietor, W. G. Nichols, to William Kitzman of Willow City, N. D.

Mr. Kitzman is a very able and experienced business man, running a big hardware business in Willow City besides operating a farm, and a couple of threshing rigs during the harvest seasons. He does not expect to run the garage himself because of the pressure of his other duties, but will put a manager in charge in the near future.

Mr. Nichols is as yet undecided as to his next venture, but he may decide to move to Lincoln, Nebraska, where a son is located.

City Team and All Stars Play Twice to Replenish Lincoln Sports Treasury

Twice during the holiday season, the well known city team and a newly born basket ball quint composed in a rush from the returned college boys and called the "All Stars," played at the auditorium in order that there might be uniforms and equipment for the spring football games. The first game was played on December 29, ending in favor of the All Stars. A revenge game was immediately arranged for New Year's night, but again luck was on the side of the All Stars. However, as the principal object of the game was to aid the old High to hold up her head in spring sports, no fights were reported following either of the games, and a lot of fun was enjoyed by both the participants and onlookers.

Dinner Party.

Last Friday evening, Mr. and Mrs. C. O. Erickson were delightful host and hostess at a six-thirty dinner party in compliment to their guest Stanley Powley, of Dickanson, N. D. and Mr. and Mrs. W. B. Stone.

AN HONEST THIEF

Lars Erickson, who resides near Gatzke, had a funny experience last week which demonstrates that there is "honesty among thieves." He went to his garage one morning to take the family flivver from its customary roosting place and was surprised to find a 50 cent piece and the oil gauge on the running board of the car.

Investigation disclosed the fact that the crank case had been drained of oil during the night, but contrary to the usual custom in such instances the man who had helped himself had left the gauge in plain view and had also thoughtfully left money to pay for the oil taken. Tracks in the highway showed where the night traveler had been stranded. Lars went to a neighbor's place the next morning and procured a supply of oil and his opinion of humanity in general has risen several degrees since the above mentioned occurrence.

GIRLS CLUB TO STAGE BIG PLAY AT AUDITORIUM

January 29 Chosen as Date For Presentation of Fine Musical Comedy.

Produced By Local Talent and Nearly One Hundred Players Take Part.

The members of the Girls Community club are very busily engaged at present getting their various committees organized in preparation for the long looked for "Kathleen," a romantic musical comedy which is to be staged under their auspices for the benefit of the club.

The cast of "Kathleen" will be composed of local talent and should prove one of the big events of the year in amateur theatricals, owing to the fact that the production will be staged under the direction of the John B. Rogers Producing company of Fostoria, Ohio, who have produced this play throughout the United States and Canada, and it comes very highly recommended to Thief River Falls. The play will be staged at the auditorium on January 29, and the Community Girls expect to make this one of the biggest affairs that the club has ever attempted. It is expected that the cast will contain more than 85 people.

"Kathleen" is said to contain some very pretty music, which was written by Clayton Hotchkiss, who is now at the head of the music department of Harvard University, while the book and lyrics were written by Luther H. Yantis, now under the direction of Oliver Morosco. The story of the play is said to be very interesting.

G. Halvorson's Daughter Marries Rail Dispatcher Mid Lovely Surroundings

At the home of Mr. and Mrs. Gay Halvorson, 515 LaBree avenue north, the marriage of their daughter Doris, and Lanford C. Pope, was solemnized Saturday evening, December 29, at 7:30 p.m. Rev. Charles Gerlinger read the service before an improvised altar of evergreens, baskets of carnations and ferns and tall cathedral candles, in the presence of 35 relatives and intimate friends. Before the ceremony Mrs. W. B. Stone played a program of nuptial music, followed by the Lohengrin Wedding March. Miss Nina Rushfeldt, of Hawley, Minn., the maid of honor, was the bride's only attendant. She wore a gown of peach colored taffeta and carried an arm bouquet of Ophelia roses and narcissus. Lynn Halvorson was his sister's best man.

The bride, who was given in marriage by her father, wore a draped and trained gown of oyster white faille crepe trimmed with bands of silver lace. Her tulle veil was held in place by a coronet of beads and she carried a shower bouquet of brides' roses, lilies of the valley and bouvardia. Her only ornament was a string of pearls, the gift of the groom.

Mrs. Halvorson, the mother of the bride, wore a draped gown of heliotrope canton crepe, elaborated with rare old lace. The decorations in the library were of evergreens and holly.

Following the ceremony, a buffet lunch was served in the dining room. A beautifully decorated wedding cake centered the table, at either end of which were lighted pink tapers and bowls of pink and white carnations. Mrs. Ila Reynolds and Miss Monica Bambrick assisted in serving. Mr. and Mrs. Pope left the same evening for a two weeks' wedding trip to be spent in Minneapolis, Chicago and with Mr. Pope's parents at Williamsport, Indiana. For travel, Mrs. Pope wore a navy blue Poiret coat-dress trimmed in beaver, with a navy and gray taffeta hat and veil.

The out-of-town guests were Miss Nina Rushfeldt, of Hawley, Minn., Mrs. O. J. Loken and Miss Evelyn Loken of Crookston, Mr. and Mrs. W. B. Stone of New Concord, Ohio.

Mrs. Pope is very well known in this city, having received her grade and high school training here. Two years ago she graduated from the Oberlin Conservatory, securing her Mus. B. there. She is very talented as a pianist, and has been very successful as a teacher in this city. She will resume teaching at her studio at 515 LaBree avenue north, on January 14.

Mrs. Bowers' Mother Dies.

Word has been received that Mrs. A. M. Rosenquist, the mother of Mrs. P. J. Bowers, died on Christmas morning from a stroke of apoplexy at her home in Theodore, Alabama. Mrs. Rosenquist was quite well known in this city as she visited here during the l[illegible]mer with her daughter at the Bowers home on LaBree avenue.

New Year's Eve Dance is Declared Success by All Attending Legion Doings

On New Year's Eve the Legion came across with the first dance on their extensive winter program, and all those who attended were highly pleased with the efforts of the Legion boys in decorating the hall, and seeing that everything went off with a bang at midnight. The auditorium was decorated in bunting and at the "zero-hour" was redecorated with serpentine by the thousand yards, horns of tin, paper ones with no decorations save that they blew hard and loud, and horns with not only teh blow, but with ticklers besides.

After the noise accompanying 1924 had somewhat quieted down, it was discovered that supper was to be served at Thompson's cafe. A short time later, Snyder's orchestra resumed the whip-saw jazz that had been tickling the dancers' feet all evening and the fun was kept up for some time. The dancers left declaring it one of the most successful New Years entertainments ever put on.

FAIR MANAGERS ALREADY ACTIVE

Society Holds Meeting to Get Things Started for New Year.

The County Agricultural society met in the Farm Bureau office last Friday. Plans for the program of 1924 were outlined, superintendents for each of the departments were selected, and each one was given a premium list to revise according to the most up-to-date revision list.

S. E. Hunt was elected superintendent of agriculture and boys' and girls' club department; Fred Beerbower, livestock; Emil Griebstein, poultry; Dr. H. W. Froehlich, schools; John Cronkhite, concessions; V. C. Noper, grounds and Mrs. H. W. Froehlich, women's department.

A number of subjects were taken up, including the carnival, and having them run under a uniform state contract. The secretary was instructed to take this up at the meeting of the county fair delegates held in St. Paul, January 7 to 9. Other matters pertaining to the securing of free acts and amusements were also left in the hands of the secretary to be brought up at the state meeting in St. Paul.

J. J. McCann, county agent, was again elected secretary of the society for the year 1924.

Farmers End Argument In Court; Torgen Skomedahl Tries Handling Own Case

On December 27, an altercation was settled in the municipal court by Judge N. W. Tarrant which promised to have been interesting had all the witnesses appeared at the trial.

On Wednesday of last, Ole T. Ose, had a warrant sworn out calling Torgen Skomedahl to account because of bad language used against Mr. Ose when the two met on the street in this city on the 15th. It seems that Mr. Ose and Mr. Skomedahl were settling an argument with words and in the heat of the moment, Mr. Skomedahl is alleged to have declared that Mr. Ose was "a drunkard, a thief, an' a swin'ler."

Both men are farmers northeast of this city.

Upon being called before the judge on Thursday, Mr. Skomedahl immediately entered a plea of guilty, changing it to not guilty when he discovered he would be given a chance to prove Mr. Ose a drunkard. This he tried to do by becoming his own lawyer. However, beyond telling the court how he himself had become drunk on some supposed dandelion wine, of which he said the plaintiff had also tasted, he told nothing except that the breath of Mr. Ose had once been investigated and had been labeled "moonshinsy." The court proved unmoved with his recital and the trial ended with Mr. Skomedahl being fined five dollars and costs.

Boy Goes to College.

Lawrence Letnes, son of Jens Letnes, a prominent farmer near Silverton, passed through here on Monday on his way to Crookston where he will enter the agricultural college as a student.

KING BOREAS ARRIVES

Just to prove that he is still possessed of his old-time energy and strength, even though he was very seriously delayed in making his appearance, King Winter arrived last week. And he came with a vengeance. The temperature dropped to points between 25 and 40 below—depending upon whose thermometer was consulted—and coal dealers report a rushing business. Today is several degrees warmer, however, and it looks as if Northern Minnesota is in line for another mild spell of weather.

CREAMERY MEN COME TO FRONT AT FIRST MEET

Commercial Club Session Thursday Destined to Aid Co-op. Institution.

Several Hundred Farmers and Interested City Folks Expected to Attend.

The first meeting of the Thief River Falls Commercial club for the new year, which will be held at the rooms of the club tomorrow (Thursday) is scheduled to be one of the most important sessions of the organization for some time.

Invitations have been issued to a large number of farmers and others interested in the creamery question, and the meeting will be held under the auspices of officials of the Thief River Co-operative Creamery association. Indications are that several hundred people will be present at the meeting.

A movement is under way in the state to secure the signatures of as many cream producers as possible to contracts binding them the delivery of all products to co-operative creameries only for a period of five years. This is done to counteract the pronounced effort now being made by large centralizers to establish themselves in fields where co-operative creameries are in operation, by offering excessively high prices and other unfair methods. With sufficient volume assured co-operative institutions through marketing contracts, the efforts of the centralizers to ruin farmers' creameries will prove fruitless.

The meeting tomorrow is arranged for the purpose of bringing home to Pennington county farmers the truth concerning the situation and an effort will be made to secure the signature of every farmer present to a marketing contract. Strong members of the local creamery corporation, such as Hans Anton, Peter Engelstad, and others, are expected to take a leading part in the speaking program tomorrow.

Every citizen of Thief River Falls and Pennington county who is interested in the welfare of the local creamery should make an earnest effort to be present at the meeting.

NOTED ACTRESS COMING SUNDAY

Norma Talmadge Plays "Within the Law" at Princess Theatre.

Norma Talmadge's screen version of Bayard Veiller's, "Within the Law," the most successful play in stage history, is the First National feature production de luxe that begins a two-day engagement at the Princess theatre Sunday.

The picture, which was made under the derection of Frank Lloyd, is described as being by far the most dramatic thing of its kind Miss Talmadge has yet done for the screen. Surrounded by a cast of unusual distinction, she portrays the stellar role of Mary Turner, made famous on the stage by Jane Cowl.

The part gives Miss Talmadge an extraordinary chance to demonstrate her exceptional ability as an emotional actress.

The heroine is a shop girl who is sent to prison for a theft she did not commit. In demanding that she get the limit, Edward Gilder, department store owner, explains that he wants to make an example of Mary. On her release, vowing vengeance, she joins a gang of blackmailers on condition that she operate only "within the law." Her specialty is breach of promise suits. How she takes advantage of an opportunity that presents itself when she meets Dick Gilder, son of her arch enemy, becomes involved in an extraordinary romance and a police frame-up squares herself with the world and finally finds true happiness, is unfolded vividly on the screen.

Jack Mulhall plays opposite Miss Talmadge as Dick Gilder, while Lew Cody is to be seen as Joe Garson, the forger. Other important parts are taken by Eileen Percy, DeWitt Jennings, Lincoln Plummer, Joseph Kilgour, Helen Ferguson, Warde Crane, Lionel Belmore, Catherine Murphy and Thomas Ricketts.

New Lodge at Oklee.

A Sons of Norway lodge has recently been organized at Oklee, with 22 enrolled members. The new branch will be known as the "Vesterland" lodge and John Mellby is its first president. Bernhard Knudsen, president of Snorre lodge, Thief River Falls, was present and installed the new officers of Oklee.

Urdahl Thanks Friends.

I desire through The Tribune to express my heartfelt thanks and deep appreciation to my friends and neighbors who stood by me so loyally in the Better Sires campaign recently closed. These friends made it possible for me to finish first among the campaigners for the entire county, a distinction of which I naturally feel very proud.—Noble Urdahl, Goodridge, Minnesota.

CREAMERIES TO SUPPORT SALES

State Association Begins New Year With Nearly Perfect Support.

Co-operative creameries are solidly behind the marketing plan now being perfected by the Sales Department of the Minnesota Co-operative Creameries' association, according to H. F. Meyer, manager. Up to Dec. 24, 284 chreameries had had signed the standard agreement, under the terms of which butter selling operations of members creameries will be correlated for the benefit of all. These agreements represent an annual output of more than 70,000,000 pounds.

The state association will begin its third year of operation as one of the most successful farmer-owned business associations in the country. It started two years ago under a two-year contract. During this period 470 creameries in the stata joined the movement. The number has increased slowly and steadily, as non-member creameries come to appreciate its importance.

It enters its third year with all but four or five of the original agreements in force. Directors of a few creameries have cancelled their agreements pending presentation of renewal to the patrons at annual meetings to be held early in January. Renewals in every case are expected.

"The finest thing about our new marketing department," said A. J. McGuire, general manager, "is that the agreements already signed include creameries that are making the best butter in the state. The association's greatest accomplishment is the fact that it ahs provided an avenue through which the members have learned to co-operate for mutual good. The task before us in 1924 will be to 'make good' in marketing to as great or greater degree as we have in the service field thus far."

Interesting Radio Talks Next Month Over WLAG; Well Known Railroad Men

Two talks will be broadcast from station WLAG in Minneapolis in January which should prove of much interest to all who share the general curiosity as to the railroad question.

On January 2, F. F. Flyon. director of the public relations bureau, will talk via the radio on the subject, "There's Nothing the Matter With the Railroads." This talk will be at 7:30 p. m. On January 31, also at 7:30 p. m., M. L. Countryman, vice president and general council will broadcast an address on "What Will Congress Do to the Railroads?"

Both talks should prove of interest to railroad people and others who are in any way affected by the railroad service, for both Mr. Flynn and Mr. Countryman are in positions that give them unusually clear views of inside conditions and the results of the peculiar position the railroads have been in.

NEW YEARS DAY

The need of getting a convenient division of time into days and years which correspond with the movements of the earth and sun, is not sufficient explanation of the New Year's festival.

We seek contsantly a realization of completeness, of a beginning, a middle and the end. Life which is formless, must have form given it. It must have its stopping places, where it relaxes by a fire and is genial.

The New Year's festival is an inn which folks reach at the end of a long journey. They sit a while and are merry. They take up their journey again.

As a matter of convenience we call January 1st New Year, whereas a matter of fact every day is a New Year, whereas of existence about which we need to be concerned, for our lives do not ebb and flow like ocean tides nor change with the seasons.

Life is a whole, and will be as perfect as we choose to make it.

The more careful our preparation for taking up the duty of living the more readily can we adapt ourselves to the ways of the world, and greater will be our usefulness as well as our share of comfort and peace.

Custom has designated New Years Day as a time for starting over again—as a day for beginning a new effort—a determination to rise above past weaknesses and failures. A long time ago Oliver Goldsmith said: "Our greatest glory is not in never falling, but in rising every time we fall." We are going to stumble and fall—as citizens, as states, and as nations mistakes will be made.

The need of the hour is good citizenship—and that does not mean following blindly ambitions and designing men with little sympathy in the perpetuation of republican institutions men who have no particular interest in the general welfare of the people or the advancement of civilization and Christianity except as it contributes to their personal political power or wealth.

If every man and woman could be made to feel and realize in every fibre of their being that they are individual stockholders is this great co-operative government—that no man on earth has more right to his say-so than you have, then, and not till then, will good citizenship be fully recognized and pure democracy rule.

This is a fitting season to discard the mental attitude of self-depreciation asd demand the best there is in self and in the world.

May it be a Happy and Prosperous New Year to all readers and to all peoples, is the sincere wish of The Tribune.

ON WITH THE GOOD ROADS PROGRAM

Minnesota can go ahead with its extensive road-building program with good assurance that its own mosey will be supplemented with funds from the national treasury. President Coolidge is a good advocate, and he believes the Federal government properly has a part in the development of them.

The President does not deem that he is inconsistent in making governmental economy and tax reduction his most important single plea, and at the same time proposing government aid in road building. It is his conviction—and the conviction is shared by all straight-thinking citizens—that the money spent wisely for road construction comes quickly back to the public in general besefit.

Partnership between the Federal government and the several state governments is an excellent thing for several reasons. In the first place, it helps to crystallize in the public mind the thought that good roads are a matter of national concern. Secondly, the partnership brings about an articulation of improved highways in an interstate way that would not be accomplished in the same degree in any other way. Thirdly, the partnership gives the best possible assurance that the money will be wisely spent, that a maximum of good will result from each dollar used, and that temptation to local favorism will be reduced to a minimum.

Good roads are indispensable in a motor car age and country like ours. Self-propelling vehicles have very greatly broadened the radius of highway travel. People from state to state now as they used to go from township to township, or from county to county.

Congress is not likely to interfere seriously with what President Coolidge has proposed in the budget for road purposes. That policy would not be popular out over the country, certainly not popular in Minnesota and the Northwest.—Minneapolis Tribune.

NEW YEAR'S CUSTOMS

Peoples whose bones dissolved into dust centuries ago, used to celebrate New Year's day with the same enthusiasm that is seen in crowded city streets and places of entertainment to-day.

Back 747 years before Christ, the old Romans used to out into the woods consecrated to Strenia, the goddess of strength, and cut off branches and give them to their King Tatius, thus expressing a wish that the power of the gods might descend on him. New Year's presents are said to have originated from this custom.

During these early days, the idea started of making New Year's a day of festivity, and the new period of time was introduced by exchanging visits, masquerading and feasting.

Thus two streams of tendency are seen to mark this popular holiday. One type of people look on it seriously. As the old Romans went into the woodland haunts of the goddess to pick the branches supposed to bring strength, so thoughtful people today gather in watch night services, or they make resolutions for the coming year.

And as the old Romans used to parade the streets with their grotesque costumes, and dine with resounding hilarity, so the pleasure seekers of today gather for enjoyments that may be harmless and delightful, or may go to extremes that make a wretched start for a new twelvemonth.

The philosophical person may well combine both points of view. His life is one sided if there is not merry making in it. New Year's is an appropriate time for it. But also he needs, like the old Romans again, to seek for some moments of seclusion, when he too plucks from the sources of power those motives of worship and purpose that shall help another year to bring him substantial results in the harvest of life.

WHAT A FARMERS' CLUB CAN DO

A bulletin issued some years ago by the University of Wiscossin's agricultural experiment station, gives the story of results secured by farmers' clubs. A typical one was the Interstate Park Farmers' Club, of Polk county. The achievements of this club were thus summarized:

"In like manner there has been improvement in the quality of the live stock and the management of farm business. Several live stock shipping associations and other organizations wholly or in part for the purpose of co-operation, have grows out of the club agitation.

All over the country organizations of farmers can be found that have secured similar gains.

Some folks may think, when farmers and other country people meet in such a society, that's about all they get is a good time. But the notable results reported by this organization, which could be matched in many others, suggest that other positive benefits come.

The old time farmer led a somewhat solitary life which tempted him to get into mental asd industrial ruts. But when they began to form these clubs, and different men told their various experiences, the effect was to stimulate others. The man who heard what some neighbor had done, was encouraged to try and see if he could do the same thing.

The man working alone feels powerless, but when he associates himself with a group, he finds that that group is powerful if it will strive for certain ends for the gesseral benefit.

INDUCEMENTS FOR IMPROVEMENTS

The demand for the reduction of taxes is very emphatic, yet progressive cities must keep adding improvements. If a city is just satisfied with the equipment that it has, its defects are likely to lead people to avoid it. New concerns and residents hate to move into a place that seems to have a habit of stagnation.

But if a town tries to improve its plant from year to year, with better streets, more parks asd playgrounds, etc., then that city wins friends and people are likely to move into it and start business there.

The effect of that is to make more employment for the young people, so that not so many will have to move elsewhere. The folks who want to keep their sons and daughters at home, will accomplish something to that end by paying the taxes needful for a steady program of betterment.

UNNECESSARY PUNISHMENT

One of the most cruel things possible is to put a metal bit in a horse's mouth when it is so cold that the horse's mouth freezes to the bit. Many patrons are almost as cruel to their mail carriers during the winter months, They do ont mean to be cruel—it has simply not occurred to them that way. No carrier can remove loose pennies from the mail box without removing his gloves, and for this reason it is only fair that you take pity on your mail carrier this winter and stamp all letters before leaving them in the mail box. The carrier has plenty of stamps to sell, and if he does not have as many as you call for he will bring you the required amount the following day.

It is generally believed that we are too much governed at the present time. That we are inspected too much, supervised too offten, meddled with in everything we undertake by some shrimp who comes around under the auspices of the government. Is it necessary to have all this nosing around? Are people less to be trusted than they were a decade ago? Has the vast increase in the burden of taxation on account of this army of government and state employees been compensated for in the way of better public srvice? We doubt it most emphatically.

Here is some free advice to the patriots who are worrying over the prospective success of the Farmer-Labor party in Minnesota: Get busy on a tax reducing program, eliminating all unnecessary public expenditures in township, county and state.

It is said that fifteen million people have died in Europe as a result of starvation or war since 1914. Thank God that you live in the greatest country on earth.

Whatever be the merits of the debate on the bonus question, it is to be hoped that war profiteers will keep quiet as a matter of good taste.

Knowing that it won't have any effect on the general public anyhow, The Tribune hereby advises its readers to do their Christmas shopping early.

A Minneapolis man bit off his wife's ear the other day. And yet we send missionaries to reform the cannibals of Africa.

The men have no doubt of the value of women's societies when they serve one of their glorious suppers.

Since moonshine came in, a lot of fools have passed out.

Sometimes it is most discouraging to think of the number of folks who have no ambition beyond their own selfish ends. When they throw a crust on the waters they expect a whole bakery to return.—Lakefield Standard.

A St. Paul man aged 70 years collected $2,112 due him in wages since 1876. Country newspapers sometimes have to wait a long time for their pay, but this would seem to be a record.—Anoka Herald.

THIS WEEK

By ARTHUR BRISBANE

No Red Flag for White House.
Giving George the Gate.
Earth Core at $35,000,000 per Pound.
Inside the Coffin.
Moses and Wilbur Wright.

The public, thanks to Senator Borah, will learn all about that dreadful Russian conspiracy to plant the red flag on the White House.

Already part of the horrible truth has leaked out. A secret service man says that Russian Communists, disguised as a literary society, met in a hall in New York.

You don't need to be told that, from such a meeting, it is only one step to seizing a nation of one hundred and ten million and planting the bloody red flag on the White House.

The people can never be grateful enough to Secretary Hughes for preventing that. Paul Revere, in his ride; the gentleman that carried the news from Ghent to Aix, or the Greek soldier who set the first Marathon record, must make way for Charles Evans Hughes, who kept the red flag off the roof of the White House.

King George, of Greece, was notified that Greece could do without him and was sent from the country, taking his Queen with him. King George will not, like Henry the Second of England, exclaim, "Shame on a beaten King," turn his face to the wall and die. He will turn his face toward Paris or Monte Carlo, excellent cooking and plenty of snoobs in both places and play King in safety. That's better than being a real King anywhere outside of England now.

Things are better than they were, even for kings. In Cromwell's and Danton's day their heads were cut off. The Greek King goes away, with a pension of $23,000 a year for life, $18,000 cash being paid on his leaving. The Greeks will have to pick and dry many currants to pay for that.

The earth has a hard core, like a baseball, or a golf ball. It is a gigantic sphere, bearing a pressure of 25,000 pounds to the square inch, according to reports made to the Washington Academy of Sciences.

While that central sphere, 4,000 miles in diameter, is probably made of iron, a great magnet, perhaps some believe it may be made largely of gold, platinum, or both. Those heaviest metals would work downward toward the center. What desperate efforts would make to dig down to that central core, if they could be sure that the gold and platinum were there. Men will dig a hole through the earth some day, using the sun's power to dig, but by that time gold will no longer be money, and money will no longer be so important.

Platinum, more valuable than gold, may be worth $700 a pound. That sounds costly. But think of radium, with which the market is now glutted. We had almost a monopoly of the precious substance here for a while. But great deposits of radium-yielding pitch blende found in the Belgian Congo have upset the market, and the price dropped to about thirty-five million dollars a pound. A short time ago it was thought there was not more than half an ounce in all the world.

It is now believed that radium in the sun accounts for the enduring power of that star, sending out light and heat through hundreds of millions of years, with a certainty of lasting hundreds of millions of years more. We had plenty of radium here, once, if it be true that lead is radium that has lost its power. If the stars are fountains of radio-active power, do they grow quiet like our earth and become planets of some bigger sun when their radio active energy dies?

The golden lid of Tutankhamen's magnificent coffin has been raised, showing glorious decorations in blue and gold, with plenty of space for an extra corpse or two. There are still one or two doors of the coffin to be opened. Then will be found the remains of the creature who once ruled all Egypt, now a dried mass of skin and bons, preserved to prove three thousand years later, that nothing matters except what you do while you are still alive.

The bonus bill is back in congress. Capital, fearing to be taxed, tells you with tears in its eyes, "It will cost seventy million dollars next year if you give the soldiers their bonus."

Another year of war would have cost this country FIFTY THOUSAND MILLION DOLLARS. The men that went across, lost their jobs and watched the prosperous people profiteering prevented that.

The government railroad in Alaska ends at Nevada. From that point mails to Fairbanks are drawn by dogs taking twenty days. Now the dogs will get a rest, and the letters will go flying in four hours. That's progress.

Moses with his friends wandered around the desert forty years. Starting after a comfortable breakfast, flying machines would have taken them to the Land of Promise in time for luncheon.

Moses surely is interested in Wilbur Wright, who helped his brother invent the flying machine and is now in heaven.

AS OTHERS THINK

Parbst Describes West.

The Tribune:

As I have plenty of time I will write and tell you about our trip out here, as we now have reached Los Angeles. Svenke Dahl, Henry Hoard and my family were together until we reached Seattle, Wash., when they left us and continued south, while we stopped and visited friends around there for a while.

We did not drive very fast as we wanted to see the country; and as we were pretty well fixed up for camping we were in a position to enjoy ourselves thoroughly as we could stop whenever we wanted to. In the western part of North Dakota and eastern Montana the country was rough and hilly. At Beach, N. D., we paid 32 cents per gallon for gasoline, which was the highest price of anywhere during the trip. We spent a few days at Miles City, which is mostly a cattle country. Around Billings, Mont. a lot of sugar beets are raised, and they surely have a convenient way of handling them. Regular beet racks and unloading platforms are used, which you should also have in Thief River Falls. At Whitehall, Mont., we hit the real mountains. All of us thought the journey through this part was the most enjoyable of the whole trip.

From Spokane we went to Walla Walla and then up through the Yokima valley to Seattle. Apples were just being harvested at the time and the farmers had signs up, "Fancy Jonathans, 25c Per Box." There was no sale for them at all. The farmers certainly have their troubles out here, as they cannot get a square deal.

We stsyed around Seattle and Enumclaw for a week visiting old friends, then continued south. We called on S. Rogers on the way to Portland. He surely was glad to see us. We also saw the Bordens, who all have fine places and seem satisfied with the West. At Portland we drove east on the Columiba river highway to the Dalles. That surely is a beautiful driveway, and anyone coming out here should not fail to plan their trip to cover this part of the country. It is said that this is some of the very best scenery in the United States. There are tunnels, waterfalls, etc., all along the way, Multnomah falls being the highest—620 feet.

From Seattle to Los Angeles the roads are paved nearly all the way which made a fine drive. Oregon was a pretty stste to travel through—fine roads and many pretty places. Salem, Ore., was the prettiest town we passed through on the whole trip.

Northern California is covered with mountains and is very rough. The roads follow the rivers most of the way through the mountains. Through central California, a more level country, considerable rice and fruit is raised. From Oakland we followed the coast route to Los Angeles, passed through California Redwood Reserve, and saw some large trees. Southern California is nothing but a desert and when the wind blows hard, the sand drifts just like snow. Nothing grows here without irrigation, but it is wonderful what can be grown here in this way. The main crops are garden truck and fruits such as lemons, olives, oranges, grapes and citrons.

Los Angeles surely is a busy place. It seems as though everyone who goes West comes here. There are quite a few from Thief River Falls here now and most of them are going back to Minnesota. I hear that you have had some real weather back there, so we fellows who came out here did not get very much the best of you.

We are settled now for the winter and expect to start back in the spring as soon as the roads open up. I was pleased to make the trip, however, as we found good roads and good weather, and found much enjoyment all the way.

Well, Jim, greet old friends.

Your friend,
WILLIAM A. PARBST,

WORK IS SPREAD TO FUNDS LIMIT

State Highway Department Reveiw for 1923 Shows Good Progress.

Good roads dollars stretched and put promptly on the roads to give the users earlier benefits, improvements on Minnesota trunk highways during the past year just ended included 50 bridges, 325 miles of new grading, 42 of paving, 170 miles of new and 200 miles of re-graveling. These carried lasting benefits in addition to those from maintenance operations on the entire 7,000-mile system.

The paragraph sums up 1923 progress as shown in advance sheets from the annual report by Charles M. Babcock, state highway commissioner. "Too little money being invested in permanent work—too much being spent for mending and patching," was the commissioner's comment in brief.

The statement shows that $3,000,000 was used for upkeep in 1923; that $2,500,000 went into the sinking fund for county reimbursement bond payments; that $100,000 of administration expenses, also right-of-way purchases, equipment and other items took $625,000, and that a round total of $5,000,000 was pnt into new construction—last work. Receipts for the year were $7,275,000 of motor vehicle taxes, $1850,000 of federal aid and $2,500,000 from county reimbursement bonds. Althongh the trunk routes serve 80 per cent of highway users, the $11,625,000 total was only a little more than half the amount raised for local road and bridge purposes by counties and townships.

The report sheets contain a map on which are located all improvements made thus far under the Babcock plan. This discloses that, needs and traffic conditious considered, work has ben widely spread to all parts of Minnesota.

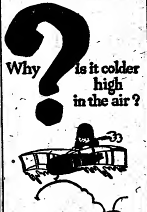
'Rah for Badger.

A number of Badger high school boys intensely interested in basket ball were determined to see the game at Warroad Friday night, so when the freight came along they took passage in an empty coal car. They accumulated a lot of grime and dirt and when they appeared at the gymnasium and gave one of their school yells, "We are wild, we are wooly, the worst yon ever saw. Badger High School! Rah! Rah! Rah!", they created quite a sensation. Not being overly supplied with ready cash they suppered on crackerjack and slept on the depot seats util morning and deferred eating breakfast until they got back home. But they were happy for their team had won.—Badger Herald Rustler.

A colored preacher in Alamam, had at one time served a short sentence and was fearful lest his congregation discovered the fact, as in his later years he had been a model rectitude. On Sunday, rising to begin his sermon his heart sank to see a former cellmate sitting in the front row. Quick thinking was necessary. Fixing his eye on the unwelcome guest the preacher announced solemnly: "Ah take mah text dis mo'nin from de sixty-foth Chaptah and fo' hundreth verse of de Book of Job, which says: 'Dem as sees and knows me, and say nothin' dem will Ah see later.'"—Ex.



Why is it colder high in the air?

—because the earth has absorbed a supply of heat from the sun. The farther one goes away from this heat, the colder the air becomes. How balmy the feeling of

The New Touring Car $295 F.O.B. DETROIT

A Striking Value—at $295

Considering the improved appearance of the new Ford Touring Car, one would naturally expect a proportionate advance in price.

Larger scale production, however, has made it possible to incorporate in this new type touring car a number of decided improvements without increasing its cost to the purchaser.

A comparison extending over a long period of years will reveal the fact that the present price is actually the lowest at which the five-passenger open car has ever been sold.

The Ford Touring Car stands today, as it always has, a most remarkable value in the motor car field.

This Car can be obtained through the Ford Weekly Purchase Plan

"Dog Watch."

The term "dog watch" is a corruption of "dodge" watch, the "dodge" being an arrangement to prevent men from being on duty every day at the same hours.

"Why worry" about your coal bill? Think of what you save on your ice bill.

"Why worry?" Any way, do you think it helps?

"Why worry" about the new year and forget the old one.

"Wy worry" about your new resolutations. You won't keep them anyway.

Those Who Work Hard for Their Money

SUPPOSE that you earned your living by doing housework and had saved up a few hundred dollars; then a slick salesman of a wild cat promotion came along and persuaded you to put your little nest egg in his worthless proposition. What would you think about "investments"?

This is one of the problems discussed in our new booklet "The Woman in the Case".

You will be interested in this plain, little fact story by a married woman, who learned how to help herself and to safeguard the savings of others. Common sense is better than scheming.

How are hard working, inexperienced people to be assisted in distinguishing good investments from "fakes"?

One of the simplest rules is to invest only in organizations close to home, which have an actual record of success over a long period of years.

Success and prosperity are cheering things. They are much closer to the grasp of the average man or woman than many suppose. When hard working people in all occupations can put one of the largest business organizations to work for them the door of financial independence is truly open to all.

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas G. Rome and Thorbjor G. Rome, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 575 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 316;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage, became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100.......($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgage contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 180 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

Dated December 17, 1923.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of that certain mortgage containing a Power of Sale, by reason of which default said Power of Sale has become operative, and the Assignee of the Mortgagee hereinafter named is authorised to declare the whole sum due, and he hereby does declare said sum due which mortgage was executed by Ernest E. Peterson and Bertha Peterson, his wife, Mortgagors to Merchants State Bank of Red Lake Falls, a corporation created under the laws of the State of Minnesota, Mortgagee, dated April 6, A. D., 1920, and recorded in the office of the Register of Deeds, of Pennington County Minnesota, on the 15th day of April A. D., 1920, at 8 o'clock A. M., in Book 62 of mortgages, on page 447.

Which said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee to Deposit Bank of Winona, Winona, Minnesota by written assignment dated May 10, A. D., 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on May 15, 1920, at 8 o'clock A. M., in Book 63 of Mortgages on page 212, and which said mortgage, together with the debt secured thereby, was duly assigned by said Deposit Bank of Winona, Winona, Minnesota, to Robert R. Henry by written assignment dated May 19, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota on the 23rd day of November, 1923, at 1 o'clock P. M., in Book 63 of Mortgages, on page 505,

And whereas, the said Robert R. Henry, the assignee and holder of said mortgage, on December 14th, 1923 paid delinquent taxes upon the mortgaged property hereinafter described in the sum of One Hundred Ninety-eight and 97-100 ($198.97) Dollars; and whereas, the said Robert R. Henry, the assignee and holder of said mortgage, has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage and the Power of Sale therein contained; and whereas, there is actually due and claimed to be due at the date of this notice the sum of Two Thousand ($2000.00) Dollars, with interest thereon from the 6th day of April, 1921, at the rate of six per cent per annum; and whereas, the said Power of Sale has become operative and no action or proceedings having been instituted at law or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given, that by virtue of the Power of Sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and covered by said mortgage, viz:

The Northwest Quarter (NW¼) of Section Thirty-four (34), in Township One Hundred Fifty-three (153) North, of Range Thirty-nine (39) West of the Fifth principal Meridian, according to the United States government survey thereof and containing 160 acres of land more or less, in Pennington County and State of Minnesota.

Which sale will be made by the Sheriff of said Pennington County, at the Front Door of the County Court House at Thief River Falls, in said County and State on the 7th day of February, 1924, at 10 o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay the amount then due on said mortgage and interest and the sum of $198.97 for taxes paid on said described premises, with interest from date of payment, together with the costs and disbursements of such sale and Seventy-five Dollars attorneys fees stipulated in said mortgage in case of foreclosure.

Dated December 19, 1923.

SPUD EXCHANGE GROWS RAPIDLY

Assured of 20 Times as Much Business as Old Agency In 1923.

The new Minnesota Potato Growers' Exchange celebrated Near Year by announcing the official acreage under contract had passed the 100,000 mark. With this volume of business assured, the new association, should it start operations today, would handle 20 times as much business as did the old Minnesota Potato Exchange in 1923 and about nine times its tonnage in its best year. These computations were made after adequate deductions had been made for poor etock, local consumption and seed purposes.

The cash value of the business now assured the new exchange at 50 cents a bushel, is estimated at $4,800,000 a year.

The gross membership on January 1 was 6,792, and wae growing at the rata of more than 150 contracts n day. A lull in contract receipta is expected until January 10, due to the fact that the field force was idle during the Christmas week and voluntary workers were expected to remain at home.

Kittson county established a new record last week when additional contracts received at the St. Paul office sent the official acreage signed there to more than 80 per cent of all the potatoes in the county.

Steary progrese was reported from Clay and Polk counties. These two areas, first and second in the state, in point of nrodnction, expect to report their quotas by the middle of this month, according to C. H. Zealand, secretary of the special Red River Valley committee.

For the time being, contract eigning was especially active in the Eastern countiee, where the last organization effort necessarily must center. The Red River Valley eection needs but 12,000 acres to complete its original and admittedly high quota estimates.

Man Dies Drinking Moon Made by Himself Before Others Get Even a Taste

Anthony Rutjes, a yeung Belgrade township farmer, drank moonshine one evening last week and his body was found the next morning, near the still, where he made the stuff. It seems he was operating the still and had started a bach of "moon" at midnight. When he did not come to breakfast his wife sought him and found him dead. The story is a pitiful one as told by Mrs. Rutjes and intense excitement is felt in the community. The plent is said to have been one of the most cleverly constructed moon manufactories which has been unearthed in this part of the state. Rutjes leaves a wife and small children. Albert Rutjes, a brother, was indicted by the Nicollet county grand jury upon a cherge of manufacturing moonshine a year ago —Nicollet Leader.

Johnny Hines Coming to Local Theatre in "Luck" On Friday and Saturday

The mere mention of the word "luck" brings with it a train of reminiscences where that favored word didn't come within a mile of us when we were praying at some time or other for the so-called "breaks" to come our way. We all know how it feels to have "Luck" against us when we are particularly in need of it, and knowing that abject feeling when the other fellow gets the "break" of the game we can all very well appreciate the humor in the situation. With that idea in mind that inimitable humorous artist of the screen, Johnny Hines, whose characterizations as "Torchy" and as the hero of the hilariously funny "Burn 'Em up Barnes" and "Sure-Fire Flint," made theatre-goers the country over laugh joyously with him in these productions, conceived the idea of making a feature production whose story was built upon the human foibles that put so mnch faith in "Luck."

The result has been a highly amusing comedy-drama of rare delineation by Hines and an all-star cast that is said to be well-nigh perfect. Containing as it does a wealth of comedy situations it is balanced nicely with enough dramatic moments to make the production one that is apparently very much worth while ..

Interesting to note is the fact that "Luck" boasts of Violet Mersereau in its cast. Miss Mersereau has the unique distinction of having been the only American in the cast of "Nero," the great spectacle photoplay that was made in Italy. Miss Mercereau was chosen by the Fox Corporation to spend a year in Italy as the leading ledy of this production. So great was her success that Producer C. C. Bnrr, who is the sponsor for "Luck," immediately engaged her to play the leading feminine role opposite Johnny Hines. Also included in the cast are Robert Edeson, Charlie Murray, Edmund Breese, Flora Finch, and Polly Moran—truly one of the greatets casts that hae ever graced a big picture. "Luck" comes to the Princess theatre Friday and Saturday.

"Why worry?" Any way, do yon think it helps?

Ask Creameries to Back Selling Plan

"We hope there is no creamery in the etate that will help the American Stores company in its fight to block creameries in their effort to establish their own marketing program," eaye an official statement iesued last week by officers of the Minnesota Co-operative Creameries' association.

The statement recitee the fact that the American Stores company has notified creameries whose butter it bas been buying that "Signing any agreement which conflicts with your dealing direct with us" will result in a demand for the immediate return of equipment for printing butter which the company eells under its own private brand.

"Obviously," saye A. J. McGuire, general manager, "the plan of the chain etore is to hold a club over creameries by refusing to bny bntter from farmer-owned plants, the directore of which sign the aesociation'e marketing agreement. We have information supporting the statement that the chain store expects to obtain its eupplies from other creameries. The whole question of establishing a state butter marketing agency depends upon the loyalty of creameries. If creameries work together and refuse to follow the dictation of the chain store, in a very short time we will be in position to give all member creameries as good or a better outlet than the chain store has provided in the past. Bnt if creameries permit themselves to be victimized by tho present effort to disrupt plans for a state sales agency, co-operation marketing will be greatly hampered. We hope no creamery will help this company in its fight on the association."

The Creamery aseociation has several letters supporting ita statement that a state-wide campalgn against the sales plan is under way.

Commercial Club Dinner.

The club dinner on Thursday will be devoted to the interest of the creamery, the object being to show the farmer the "gnod businese" of selling his butterfat and milk to his local creamery. Five hundred invitations have been issued and a large number are expected to come. On Thursday the usnal admission of 50 cents has been lowered to 25 cents.

The club recently acquired two eets of dishes so that there may be no sudden shortage in tight moments.

On Thursday, January 10, the topic of the club meeting wili be the county fair. Ueually this snbject has been put off until later in the year, but this year proves an exception and a "better than usual" program is expected to be the result.

BUREAU MEETING OPENS TUESDAY

M. L. Corey, Federal Farm Loan Board, to Discuss New Credit Bank

The fiftb annual convention of the Minnesota Farm Burean Federation opens at St Paul next Tuesday, Jan. 8. State headquarters today announced thet M. L. Corey, members of the Federal Farm Loan board, would be on the program the opening day to discuss the operation of the new Intermediate Credit banks.

A feature of the convention this year will be the organization of epecial committees, on the opening day, for an intensified study of particular problems confronting the county and state Farm Bureaus. These committees, which will include directors and members of the House of Delegates from all sections, will be in session much of the time during the convention and their recommendations, to be submitted the closing day, probably will conetitute the major part of the federation'e program in 1924. Chairman of these committees already have been named and the complete personnel will be announced at the npening sessinn.

"This plan will give every farmer an opportunity to make known his views on all major problems confronting the aseociation. There will be nn general sessions while the committees are in seesion, says J. S. Jones, secretary.

Persons attending the convention are asked not to forget to obtain fare certificates at the time they purchase their tickets for St. Paul as 250 of these must be received before the rate nf fare and a half for the round trip becomes effective.

Indications point to a convention more than three times as large as thoee held heretofore.

Obituary

Lars Lee.

On Monday afternoon at 2 o'clock, Lars Lee walked into the Central hotel, sat down in a chair, and when spoken to abont five minutes later was discovered to be dead.

Mr. Lee was abont 62 years old and for the last two years had been in poor health. He enffered two strokes of paralysis eome time ago, and has been confined in the Physicians hoepital twice and had been discharged from there only a few daye before his death. Death is eaid to be dne to Bright's disease and a weakened heart.

Lars Lee was born in Trondhjem, Norway, and emigrated to this country after serving his time in the army. He took up a homestead in the town of Norden about 35 years ago and when the Indian reservation npened up he bought a farm in the town of Hickory, where he lived almost continually up to the last year. Mr. Lee was married but had separated from his wife several years ago. He is survived by two children, Marthn, whn is married and lives in St. Paul, and Leon, who lives in Grantsburg, Wis., with his mother. No arrangements have yet been made for the funeral.

Anne Lncy Becken.

On Friday, December 28, at the home of her daughter, Mrs. Ed. Thorstad of Lockhart, Minn., occnrred the death of Anne Lucy Becken of this city. Death came suddenly and almost without warning while the aged lady wae celebrating the Christmas season at her daughter's home. She had left her home in this city a few daye before feeling fine except for a slight earache and nothing was thought of the matter until the day before her death, when it seemed to get worse. On Friday the pain had ceased, but Mrs. Becken was very weak and remained in bed. Suddenly it was discovered that she was unconscious and could not be revived. She died about eight hours later, death being caused by the breaking of a malignant mastoid and the pus coming in contact with the brain.

Anne Lucy Becken was born September 27, 1857, in Nnrway, and came to Ottertail county, Minnesota, in the year 1882. In the fall of the same year ehe married Mr. Becken. They lived in Ottertail until 1884, when they moved to Thief River Falls and took as their homestead the farm now nwned by Albert Johnson. There they lived and raised their family of six children, all of whom are living. A few years ago they sold the farm and after a short sojourn in Lancaster, moved to the present home on Hnrace avenue.

The funeral was held on Monday from Larson's undertaking parlnrs, burial being in Greenwood cemetery.

She leaves to mourn her loss besides her husband and numerous friends, her four eons; Peter who lives in Erskine; Sig, of Northome; Gilbert of this city; and Henry, who is a gold miner in Colnmbia, South America. There are also two daughters; Mrs. Ed. Thofstad of Lockhart, and Mrs. O. H. Hnltin, nf Wing, N. D. All but Henry were at the funeral.

Mrs. Becken was a very estimable woman and the loes to her many friends is very great indeed.

HANSON CHOSEN TO HEAD COUNTY COMMISSIONERS

J. S. Roy Named Vice Chairman at Annual Meeting Held Tuesday.

New State Road Granted From City North to Marshall County Line.

The Pennington county board of commissioners held their first meeting of the new year on Tuesday, with all members present. The first meeting of each year is largely given over to organization and attending to matters of administration in county affairs.

A. W. Hanson, commissioner from the First district, was elected chairman of the board for the ensuing year, and J. S. Roy of the Fourth was chosen as vice chairman. Committee appointments were postponed until the next meeting of the board, which will be held at the call of the county auditor.

The sum of $6,000 was levied for the county sinking fund, and the board approved a petition for a state aid road extending from the Soo round house north past the golf links to the Marshall county line. It is expected work on the proposed improvement will be started as soon as conditions next spring will permit.

By a vote of three to two, the board refused to grant an appropriation of $2,000 for aid of the farm bureau. Messrs. McGinn and Roy voted in favor of the appropriation, while Hanson, Larson and Olson registered their votes in opposition.

The board voted an appropriation of $125 for the Red River Valley Development association, to assist that organization in its work of bringing to public notice the resources of this section of the state.

The Thief River Falls Times was awarded the contract for the county printing for 1924 and the board designated that publication as the official paper for the ensuing year.

Salaries for next year were fixed by the board. The only change made was in the salary of the court house janitor, Paul Mideregh, who was granted an increase from $60 to $65 per month. Other salaries remain the same, with the sheriff receiving $1,320 per year, the county superintendent of schools $1,440, and the county attorney $1,200, with an extra allowance of $300 for office rent. The county auditor's salary is $2,000.

After attending to a few minor details and passing the usual grist of bills, the board adjourned to meet at the call of the county auditor.

High School Boys Tackle Stephen Squad in Second Basket Battle of Season

The second district game of the season will be played on Friday night, January 11, at the auditorium. This time it is between the Lincoln quint and Stephen. The probable lineup for the evening will be: Forward, Parenteau, Bennes or Olson; forward, Penney, Larson, or McCrum; center, Sether or Mulry; guard, Sorenson of Langevin; guard, Barzen or Streeter.

The pep shown by the boys in the first district game in which they were the victors, will be remembered and should prove a crowd drawer. Good preliminaries are promised and the game proper will begin at eight sharp. The admission will be the usual, 15 cents and 35 cents.

Third of Series of Golf Club's Dances Scheduled For Friday Night, Jan. 11

The third of the series of dancing parties given during the winter season by the Thief River Falls Golf club at the Sons of Norway hall is scheduled to take place next Friday evening. Special pains have been taken to arrange for the occasion and the very best of music has been secured. All of the club members and a large number of their friends are expected to be present and it goes without saying that the occasion will prove a very pleasant one for all concerned.

Delegation Attends Meet at Crookston Church on Monday Evening, Jan. 7

A delegation from the Thief River Falls Presbyterian church, composed of Rev. Charles Gerlinger, F. F. Haynes, Roy Roberts, H. M. Rhodes and Geo. M. Wilson, motored to Crookston Monday evening and attended a men's conference held at the Presbyterian church in that city. Following a fine banquet and an open forum, an address by Dr. Weir, national men's work secretary for the Presbyterian church, was enjoyed. Rev. Jneck of the Presbyterian church at Hibbing also delivered a splendid address.

Lamberts Take Southern Vacation.

Mrs. Roy Lambert and son George left on Monday night for Detroit where she will be joined on Wednesday by Mr. Lambert. After visiting at the home of Mrs. Lambert's sister a few days, they will proceed to Minneapolis where they will meet Mr. and Mrs. M. E. Lambert of McCloud, California, who have been visiting in that city. The two families will then proceed westward to McCloud, where the Roy Lamberts expect to visit for a month. The reason for the trip to the southwest coast, besides to gain a much needed vacation, is that Mr. Lambert's mother is very ill and they feel anxious about her.

LaBree Avenue Clothing Store Closes and Stock Is Shipped to New Place

The Save-U-Money clothing store, which has been operating on LaBree avenue under the management of Arthur E. Keith for the past nine months, early this week closed its doors to the public. The owners of the establishment, which was one of a chain of clothing stores, with headquarters at Stillwater, decided the field here is not sufficiently large to warrant continuing the business and accordingly the stock will be shipped to Stillwater and merged with that of another store belonging to the concern.

Mr. Keith will remain here for a short time to close up his affairs, after which he expects to go to Stillwater to associate himself with the central store. He is very much impressed with this section of the state, however, and expects to re-engage in business at some future time in Northern Minnesota.

What the building occupied by the store in this city will be used for is as yet unknown.

BOX FACTORY TO OPEN HERE SOON

Korstad Brothers Launch Venture With Prospects For Success.

The Thief River Falls Box Factory, Inc., is a new concern which will begin operations in this city the latter part of this week. The factory is under the management of Karl and William Korstad, both old residents of Thief River Falls, and very well known. The machinery, composed of bolter saws and edgers which will be run by electricity, are being set up. A drying room is also under construction which will be heated by 1000 feet of pipe. When this is ready, by the end of this week, the factory will be able to dry green boards in 24 hours time. Egg cases will be the specialty of the factory although any kind of a box ordered can be made, and with the machinery now installed, 4,000 boxes can be turned out every 24 hours. To make the boxes, green poplar wood will be used and it is thought that in the vicinity of Thief River Falls there is enough of this timber to keep the factory well supplied for two or three years.

At present the factory is located in the building formerly known as the Sundahl garage, but this location is temporary. In the spring the factory will be moved to a point near one of the railroads and should circumstances warrant it, larger quarters will be occupied.

The beginning, of course, is simply a trial in this line, but the idea has been threshed out very thoroughly and it is thought that the demand among jobbers for this particular class of goods will keep the factory turning to capacity.

Union Plumbing Co. Fire Wrecks a Car and Smokes Shop; Loss Considerable

Last Friday, during the noon hour, a fire started in the rear room of the Union Plumbing and Heating company's building beside the postoffice and before it could be extinguished, had completely wrecked the company's service car and damaged the building to the extent of several hundred dollars.

Spontaneous combustion is supposed to have started the fire and quite a headway had been gained before the flames were discovered by Ernest Fossum, one of the firm. He sent in the alarm, but before the firemen could arrive, the service car had been reduced to junk and considerable damage done to the shop. However, the speed and efficiency of the fire fighters saved the building and business went on as usual the following day.

St. John's Lutheran Church Holds a Business Meeting

The annual meeting of the St. John Lutheran congregation was held last Friday evening in the basement of the church. All of the retiring officers were re-elected for the ensuing year, as follows: August Krause, elder; Hans Anton, trustee and secretary; A. E. Zellmar, treasurer; Albert Geske, chairman. All reports submitted indicated that the congregation had enjoyed a very successful and prosperous year.

CITIZENS STATE BANK CLOSED BY ORDER OF STATE

One of Pennington County's Leading Banks Forced to Suspend Business.

General Condition Held Responsible for Embarrassment of Institution.

The Citizens State Bank of Thief River Falls, one of the oldest banking institutions in the section, was closed last Saturday by general agreement between the officers and the state banking department on account of depleted reserves.

The Citizens bank has always been regarded as one of the most reliable institutions in the city and the closing of its doors occasioned no little surprise. The action is easily accounted for, however, when contemplated in the light of the bank's inability to realize upon its loans and discounts during the fall season.

The bank holds an unusually large amount of real estate of unquestioned value, but the lack of movement in farm land again thwarted the efforts of the bank's officers to keep up their legal reserve. In recent months heavy withdrawals on the part of depositors made the situation increasingly difficult.

When the bank was closed last Saturday, G. P. Daily of the state department of banking was placed in charge. The permanent receiver for the institution will be John Bratrud, who until recently was in charge of a bank at Argyle.

The closed bank, of which Olaf Ramstad is president, is capitalized at $50,000, and has a surplus of $10,000. Its loans and discounts aggregate $624,000, while the combined checking and time deposits total $611,000.

While no definite assurances are at hand regarding the re-opening of the bank, it is asserted by the examiner in charge that adjustments will be made with the assistance of the officers of the institution to the end that the bank may be opened again for business as soon as possible.

SECURE TICKETS FREE OF CHARGE

Find Error in Advertisements and Secure Free Ticket to Princess.

On page five of this issue of The Tribune will be found an advertisement which is of more than usual interest to readers of this paper. The page is composed of eight advertisements for Thief River Falls business places, and in each advertisement may be found a typograhical error. These errors are intentional and easily discovered if search is made. One error will be found in each advertisement upon close investigation.

And here is the reason why the errors are placed in the ads. The Princess theatre wants to find out if people really read advertisements and to reward those who do will give ten free admissions to that popular show house to the first ten people bringing the advertisement to The Tribune office with the errors marked, one admission to each person.

Here is a chance to test your ability as a proof reader. There are eight errors in the page—one in each except the center panel occupied by the Princess. Find them all, bring them to this office and get a free ticket to the Princess. Looks easy, doesn't it?

Weather Moderates.

After a week of real winter temperature, the weather man's heart softened to the extent of furnishing this section of the state with weather of a more desirable quality. The change is appreciated by everyone.

NEW OFFICERS ASSUME CHARGE TUESDAY NIGHT

Recently Elected Administration Assumes Reigns of City Government.

Economy and Law Enforcement Sounded as Keynotes of Future Policy.

A new city government is now in charge of affairs in Thief River Falls, the reigns being turned over to the recently elected officials last evening when the old council met to close up its affairs and the new council organized. A. A. Brumund, alderman from the Third ward, is the only member of the old council who continues to serve on the new body. T. A. Fossum takes the place of C. Froseth in the First ward, Chris Porter succeeds John Dahl in the second, O. A. Rambeck takes over the seat held by Andrew Ness in the Fourth, while Oscar A. Paulson and M. V. Evenson succeed O. L. Ihle and Severn Brandon as aldermen-at-large. J. S. Arneson is now mayor of the city, taking the place of John Bratrud; and Scott Laird succeeds G. Howard Smith as special municipal judge.

The old council met at 8 o'clock with all members present, considered and filed the regular monthly reports, and passed the usual grist of bills. A vote of thanks to the retiring officials, in behalf of the citizens of Thief River Falls, was offered by W. J. LaBree. The old council then adjourned and retired from public service.

The new council met at 8:30 and proceeded at once to organize by electing M. V. Evenson chairman and H. A. Brumund vice chairman. The following committee were announced: Finance—Brumund, Paulson and Fossum; Health—Health Officer, Porter, Brumund; Poor—Fossum, Porter, Brumund and Rambeck; Roads, Streets and Sidewalks—Paulson and Evenson; Licenses, Printing and Municipal Buildings—Rambeck, Porter and Paulson; Water and Light—Evenson, Porter and Rambeck.

Contrary to the general rule Mayor Arneson made no definite recommendations to the council. In a brief address he made the statement that several important matters would come before the present council for solution, such as a change in the manner of caring for the city poor, but he deemed it wise to fully investigate the situation with members of the council before suggesting changes.

With reference to law enforcement the mayor emphatically called upon the council for advice and assistance in permanently ridding the city of undesirable characters, making special mention of men who have been persistent violators of the liquor laws. His statement to the council last night would indicate that it is the purpose of Mayor Arneson to bring about the closest co-operation between his office, the council and the sheriff's office in all matters relating to the policing of the city.

In the matter of law enforcement as well as other matters of importance the mayor will follow the rule of making recommendations from time to time to the city council.

Several changes were made in the appointive positions of the city's official family. P. G. Peterson, for years deputy clerk, replaces A. H. Akre as city clerk, while Miss Emily Fossum is given the position formerly held by Mr. Peterson. No decision was reached in the matter of city attorney, physician or health officer. H. O. Hoff is retained as street commissioner, Theo. Lee as fire wagon driver, Ole Legvold as superintendent of the water and light department, Alex Welch and W. S. Ferris as electricians, Chas. Krause, G. Adolphs and G. Anderson as engineers, R. G. Cook as auditorium janitor, and John Mayer as garbage collector. John Holmgren replaces Martin H. Oen as superintendent of incinerator. Action on poor matron, librarian, janitor at the library and cemetery sexton was deferred awaiting recommendations of the various boards in charge of these branches. No action was taken at this meeting with regard to the personnel of the police department, and for the present A. D. Ralston will remain as chief and Ed. Krogetad as night patrolman.

The official bond of Municipal N. W. Tarrant was accepted and filed, as was the report of the dairy inspector. Math Barzen was appointed to serve another four-year term as a member of the park board, and it was decided to open bids for city depository and city printing on January 29. The application of T. A. Tasa for a billiard and bowling license was laid on the table until the next meeting.

E. M. Bennes Purchases Interest in Merchants State Bank, St. Hilaire

E. M. Bennes, prominent Thief River Falls business man, vice president and director of the First National bank and district agent for the Lincoln Life Insurance company, recently purchased a substantial interest in the Merchants State bank of St. Hilaire. At the annual meeting held Monday evening Mr. Bennes was elected vice president and a director of the St. Hilaire banking institution, and will be active in its management.

E. M. BENNES

Mr. Bennes has had more than 20 years of actual banking experience and is a man of thorough banking knowledge. His connection with the Merchants State bank at St. Hilaire should therefore prove of much value to that corporation.

MASONS INSTALL NEW OFFICIALS

Hold Joint Installation With Eastern Star on Thursday, January 3.

The local branch of the Masonic lodge held a joint installation with the Eastern Star lodge on Thursday, January 3. The Eastern Star had their installation first with Mrs. E. O. Mogensen as installing officer and Edna Larson as marshal. The officers elected are as follows: Mrs. Bessie Robinson, worthy matron; Elmer M. Bennes, worthy patron; Mrs. Hattie Manther, assistant worthy matron; Mrs. Lillian Cronkhite, secretary; Mrs. Anna Kinghorn, trasurer; Mrs. Lois Prichard, conductress; Mrs. Helen Brink, assistant conductress; Miss Esther Werner, Adah; Mrs. Thelma Erickson, Ruth; Miss Carolyn Melhy, Esther; Mrs. Adeline Heggan, Martha; Mrs. Marie Tandberg, Electa; Mrs. Tena Rayson, warder; Frank L. Christenson, sentinel; Mrs. Gretel Arnold, chaplain; Clara Bennes, marshall; Mary Smith, organist.

As a token of their regard, the chapter presented the retiring officer, Mrs. Mogensen, and Edna Larson with boquets of lovely roses. Mrs. Mogensen was also presented with a past matron's jewel by Mrs. F. F. Haynes in behalf of the Winslow chapter.

The masons followed with their installation, with F. F. Haynes as installing officer and V. C. Johnson as marshall. The following officers were elected: worthy patron, O. C. Paulson; senior warden, Christ Storholm; junior warden, B. F. Umland; treasurer, Adolph Eklund; secretary, Andrew Bottelson; senior deacon, E. E. Gage; junior deacon, C. G. Gulrud; senior steward, Bernhard Nelson; junior steward, Samuel Plongh; tyler, H. M. Olson; marshal, B. Dan Bjorkman.

After both installations were completed, refreshments were served by craftsmen in uniform captained by T. H. Chittick. Music followed with dancing and quite a large number were present as friends of the members had been invited, and there were quite a few visitors.

The next regular meeting of the Masons will be on January 17, and members are urged to attend as considerable work is to be done and some candidates are to be brought up that evening.

Personal Property Taxes Listed in This Issue of The Tribune; Look 'Em Up

This copy of The Tribune contains a list of persons paying personal property taxes in Pennington county for the year 1923, and the amount assessed against each. The personal property tax list should prove of interest to every resident of the county, and it might be well to preserve this copy for future reference. The complete list will be found on pages eight, nine and ten of this paper.

SCHOOLS REACH MIDDLE PERIOD IN YEAR'S WORK

First Semester Closes Next Week With All Departments Progressing.

Thirty Students Finish 8th Grade and Take Up High School Work.

Next week brings to a close the first semester, which is the first half of the school year, and plans are being made now for the organization of the work for the second semester. The last three days of next week will be occupied in high school with the giving of the midyear examinations, while the grade work will go on in the usual manner.

Some changes will be made thruout the school system. About 30 students are candidates for graduation from the eighth grade and for entrance into high school. Plans are completed for their accommodation. Mrs. Campbell, who has substituted in the eighth grade during the first semester will, therefore, no longer be regularly employed. On the other hand, Harold C. Hand, a graduate of Macalester college, has been engaged as an additional teacher in high school. No additional teaching force will be hired to accommodate the beginners who are to start at this time since reorganization of the lower departments will make room for the new ones.

Parents of children becoming six on or before March 24, should make it a point to notify Superintendent Simley as early as possible in regard to such child or children in case they wish them to start school at this time. It should also be kept in mind that any child eligible for first grade entrance according to the above rule should present himself for admission before two weeks have elapsed. This requirement is adhered to in order that the class that starts on time may not have to be held back for the benefit of a late entrant. It is also of individual benefit to the pupil, for a late start means a poor start, and chances are the child will become discouraged and will not do well regardless of natural ability.

Looking back over the semester, it must be admitted that the work thus far has been of an unusually high order. Parents, school board, superintendent, teachers, and pupils are on the whole well satisfied and enthusiastic over the work accomplished.

St. Hilaire Man Attends University Short Course For Creamery Operators

William Kruse, of St. Hilaire, is attending the university's short course for creamery operators which is given every winter at University Farm, St. Paul. The course opened Monday, December 31, and will last until Saturday, Feb. 9. Sixty young men, all of them from Minnesota except ten from Wisconsin and four from Iowa, are taking the course. This is in excess of the normal enrollment. Instruction and practical work are being given in the use of the Babcock test, the grading of cream by use of acid tests, pasteurization and ripening of cream, use of starters in producing desired flavors, methods of controlling the composition of butter with reference to moisture, fat, and salt, and many other subjects pertaining to successful creamery operation. Instruction is also being given in up-to-date bookkeeping methods. C. D. Dale of the university's dairy school is in general charge of the course. Members of the University Farm faculty and several outside expert creamery managers and butter-makers are assisting him in training the students.

Electric Power Concern Develops New Territory

The Minnesota Electric Distributing company, with headquarters at Crookston, has been making rapid strides in developing new territory during the past year. The "high-line" is now built north as far as Hallock from Crookston and the company is in position to give Hallock 24-hour service. This will not be done, however, until the line is rebuilt between Stephen and Argyle, which will require about a week longer. When this is accomplished, all villages and cities served by the company will be provided with any amount of power and light which may be required.

Legion Meets Thursday.

A meeting of Elmer J. Eklund post of the American Legion is announced to take place in the club rooms of the organization tomorrow (Thursday) evening. Considerable important business is to come up for consideration at this time and a large attendance is desired by the officers of the post. At the close of the meeting a splendid lunch will be served.

Here is a different Wallboard

Sheetrock is a wallboard—for making walls and ceilings—but different from any other wallboard on the market.

It is made from pure gypsum rock—not wood, pulp, paper or fibre. Consequently, it will not warp, buckle or shrink. It is solid, rigid and everlasting. It will not burn.

This *fireproof* wallboard makes standard walls and ceilings at low cost. It comes all ready for use—just nail it to the joists or atudding. Ideal for repairs and remodeling. Your lumber dealer sells it. Write us today for a free sample.

VALLEY WINTER SHOWS COMING

New Classes for Winter Exhibitors Arranged; Strong Program Provided.

Pennington county farmers have always taken a prominent part in the Red River Valley shows held at Crookston, securing their share of premiums in both the farm crops and live stock classes. The dates this year are February 4-8. For those who have never sent in farm crops exhibits before, a new class has been added. The corn, grain and potatoes will also compete in the open class. Liberal premiums are offered. Another new class is for farm crops exhibits by farm clubs. In the live stock show, new exhibitors or amateurs are in a separate class where they compete with amateurs only, although they also show in the open class, giving them a double chance for premiums.

A reduced rate of fare and one-half for the round trip, with minimum excursion fare of one dollar, has been granted for the Red River Valley Winter Shows by all railroads. Tickets to be sold on February 2-8, inclusive, with final return limit of February 11.

The premium lists are being mailed out this week. Send to L. R. Boyd, Crookston, for one. The program of speakers is being made by C. G. Selvig, president of the winter shows. Balancing our farm program in the Red River Valley will be the principal theme. Speakers of note, well up to those of other years, have been secured, which assures a strong program.

ST. HILAIRE

School Reopens Tuesday.

The local school re-opened Tuesday after being closed for a two weeks' mid-winter vacation. The teachers are all on the job again, feeling more fit than ever after their rest. In spite of the regular winter weather the attendance was good and everything looks promising for a successful winter term.

Postal Examinations.

A competitive examination for third class post masters was held in Thief River Falls last Saturday. As our postoffice is third class and there is a vacancy in third class offices every fourth year, there were several aspirants from our village taking the examinations. Among those taking the examinations was our present postmaster, Selma O. Hoff. Other local examinees were Andy Dahl, Arthur Hanson, Sigrud Engh, Carl Nelson and H. L. Holmes. The vacancy in this office takes effect February 24, and unless our present post master succeeds herself, the successful aspirant will take charge of the office after that date.

Mr. Wilson Improving.

The latest reports are that A. S. Wilson, who has been a patient in the Warren hospital the past two weeks, has been gradually improving the past two weeks. Mrs. Wilson is still at the hospital with her husband. Many local friends are glad to learn of the improved condition and hope that he will soon be well on the way towards a permanent recovery.

Luther League Meeting.

Dreams That Come True

THE BUSINESS WOMAN of today is the household financier of tomorrow. From her experience she learns that there can be no lasting happiness in the home unless it is built on a reasonable degree of financial stability.

Our new booklet, "The Woman in the Case," has among its characters a little stenographer whose vision was not restricted to the world of "good times."

She looked ahead and realized how this Company could help her to make dreams come true.

Are you one of the people that go through life not realizing the possibilities for financial independence that exist today for the able-bodied young American?

Just a few minutes of clear thinking some day may be the cause of your success in life.

Few things are more interesting than one's own future. We believe that we have something that will interest you and prove of the utmost value towards building the success and prosperity that should rightfully be yours.

We shall be glad to send you a copy of our booklet "The Woman in the Case" upon request. Ask for it now.

ESTABLISHED 1901.

J. S. ARNESON - Editor
M. A. MATTISON - Associate Editor

Published Every Wednesday at
Thief River Falls, Minn.

Entered as second class matter at the postoffice at Thief River Falls, Minn., under the Act of March 3, 1879.

Official Newspaper of City of Thief River Falls and Pennington County.

SUBSCRIPTION $2.00 PER YEAR.

Hiram Johnson seems to be well satisfied that something is wrong with everything in the country.

The old fashioned men who had wool mittens and ear muffs were not ashamed to make use of them last week.

"Too much Johnson" is a sentiment which appeals to no one like it does to our old friend Henrik Shipstead, senior senator from Minnesota.

The moonshiners who come before Judge McGee for sentence have no need of a fortune teller to predict what is going to happen to them.

The new city administration respectfully advises all dispensers of moonshine to seek new pastures as the roads are liable to be rough in this neck of the woods.

How terrible the weather must have been around the twin cities judging from newspaper reports. We are still basking in the good graces of Old Sol in these parts.

Inasmuch as it does not seem probable that the present congress will pass the potsoffice building appropriation, why in the name of common sense cannot the postoffice department see to it that arrangements are made for a decent work room for the local office.

Just because Mabel Normand's chaffeur shot a drunken oil operator of whom he was jealous, several boards of censors want to har her pictures from their respective states. What nonsense. Mabel's pictures are just beginning to interest us.

Leap year or no leap year, the Thief River Falls girls are going to let the old order of things continue—that is they will not assume the male prerogative of asking. Fact is, the girls up here do not consider a man worth asking for who has not the nerve to do the asking. They're rigbt too.

This newspaper is very much in favor of the passage and application of the so-called "Coulter Bill" in Congress, a measure which will make it possible for farmers and renters to procure new or additional livestock upon reasonable financial terms. We trust the decision of the county board to do away with a county agent will not have the effect of removing Pennington county from the operations of the bill.

What Thief River Falls wants and wants with her whole heart, wants it so bad that she will forego every pleasure and for which she will endure any privation, is a new postoffice. Postmaster Shaw and his official force have just passed through another strenuous holiday season in the cubby hole which answers to the name of postoffice in this city and we congratulate them upon being alive and good natured.

A Minneapolis moonshiner is on trial this week for furnishing poison in the shape of moonshine to a 15 year old boy who became sick and fell down and broke his arm. When he was revived from his stupor the poor lad was stone blind. And yet, strange as it may seem, there are people in this world who would compromise with men who are nothing but murderers of the lowest type.

The Owatonna Journal-Chronicle which passed its 64th milestone last week is to be congratulated upon its achievement. If the readers of that splendid newspaper could know the thousand hills that have been scaled by the management during the years gone by in order to reach the present state of perfection, they would more than ever appreciate the Journal-Chronicle. It is a fine community newspaper, well edited and mechanically nearly perfect, and best of all, it stands for all that is clean and uplifting in Steele county.

Col. Chas. March, of Litchfield, who has been selected to conduct the Coolidge campaign in Minnesota, is exactly the kind of a man for a job of that character. He is a successful farmer and business man, too busy to be a job seeker, and has never been so closely allied with the factional differences which exist in Minnesota as to injure the President's chances in the state. With Mr. March in charge and the President gaining daily in popular favor, there should, to use the vernacular, "be nothing to it."

According to the figures of State Bank Examiner Veigel twenty-eight banks closed during the past year have been re-opened. This is a gratifying condition of affairs and indicates beyond question that the condition of the country is gradually improving and the temporary embarrassment of the banks is being relieved by natural conditions. This section of Minnesota is regarded as being well on the road to normal conditions again, and, though some inconvenience will be experienced as a result of the tying up of funds here and there, it is well to know that there is small likelibood of any losses.

The fact that Magnus Johnson was worsted by Secretary Wallace in a cow milking contest looks fishy to us. Our senator was probably the victim of a marked deck or something. We suspect they imported an ornery critter which refused to give down its milk and palmed her off on Magnus while Wallace probably had one of those easy milkers which needs only the slightest touch of the hand to make the lacteal fluid flow like a spring freshet. We'll bet our last dollar that Magnus can take a three titted cow, spit on his hands, and milk rings around the secretary of agriculture.

No one will be disposed to find fault with the action of the county commissioners in refusing to appropriate money for maintaining the Farm Bureau. The commissioners no doubt feel that the tax payers of the county are opposed to such an appropriation and they would be poor public servants if they refused to heed that sentiment. There are many people who will be sincerely sorry to lose the services of County Agent McCann, and we believe the members of the board are among the number, but we cannot refrain from expressing the opinion that the board members probably correctly construed the sentiment of their constituents.

Those good people who are criticizing Mayor Nelson, of St. Paul, for removing Chief of Police Somers probably are without information of any kind bearing upon the subject. The mayor knew St. Paul was saturated with vice and he felt someone was responsible. The capitol city has always been a refuge for denizens of the underworld and the fact that the various chiefs of police knew them well enough to protect the city people was not such a relief to the outsiders who were plundered right and left. Mayor Nelson very likely wants to reinstate the saintly city in the good graces of the people of the state.

The Tribune is in receipt of a pamphlet written in opposition to vivesection by a Waseca man. This newspaper has often wished that widespread agitation against the horrible mutilation and torture of dumb animals might be started by the press of the country, and we shall be glad to assist our friend from Waseca in every possiblt way to put a stop to a practice which is revolting to the mind of every bumane citizen. It seems to us that here is a good field for service on the part of the welfare leagues and women's organizations of the country, and we believe they could start a movement so effective that every medical college in the country would be obliged to heed it.

ROSEWOOD

Another Old Settler Dead.

Last Monday afternoon, Dec. 31, while seated in the lobby of the Hotel Central at Thief River Falls, Lars Lee, one of the old time settlers of this place, was suddenly called by death, in the form of apoplexy. Deceased homesteaded land southeast of this place when this territory was opened for settlement between 35 and 40 years ago, and remained here as a farmer until some fifteen years ago when his home life was split up in a divorce case, and he removed to the town of Hickory, about 20 miles southeast of Goodridge, where he purchased a farm and has spent part of his time there since. His farm here he disposed of a few years back but reclaimed 22 acres including the homestead buildings, and also since, sold his farm in Hickory and has for a few years back been employed at various odd jobs in different parts of the state. This summer he was somewhat disabled from a kidney affection and sought considerable medical care and came here and remodeled his farm buildings and intended to spend his old age here. About one month ago he went to Thief River Falls for medical attention and has been there ever since but did not seem to improve, yet death at this time was unexpected In his marriage he is snrvived by his son Leon, at present located in Wisconsin, and a daughter, Mrs. Moore of South St. Paul. Mrs. Lee is employed as a cook at a small town northeast of Minneapolis. Mr. Lee was at his death slightly over 62 years of age.

Mr. and Mrs. Benhard Ranum were hosts last Saturday evening at an invitation dancing party at the Rosewood hall. There were about fifteen guests and the affair terminated with a delicate midnight luncheon.

Gust Opseth, who has been in the employ of Oscar Tunheim at Newfolden since Christmas, arrived here on Friday morning and expects to spend the winter at his new residence in town. Olof Opseth, who is at present employed at Hibbing, and intended to remain here over winter, has written here this week that he intends to come here to spend the winter months with his brother.

Emil Mellem left last Monday evening for Bemidji where he expected to find winter employment at a timber landing. He was disappointed, however, and last Saturday left for Baudette where he hopes to find better luck.

Steiner Johnson returned last Thursday from Fosston where be has sent New Years visiting with his brother, John Johnson.

Miss Gunda Mattson spent a few days of last week visiting at the A. Bergstrom home in Warren and with other friends.

Hans Hanson and Miss Olga Alby returned to Minneapolis last Monday evening after spending the holiday with Miss Alby's parents, Mr. and Mrs. Ole Alby, and attending the wedding of her sister Tena.

Mrs. Lloyd Crown and children returned to their home at Thief River Falls on Wednesday evening after a holiday visit with the former's parents, Mr. and Mrs. John Bloom.

There will be no musical entertainment at the Rindal chnrch on Tuesday according to announcement from Rev. Larson as the Augsburg Trio from Minneapolis will be unable to be here and the affair has been postponed indefinitely.

Mr. and Mrs. Otto Ranum left on Monday evening for Thief River Falls where they will spend New Years at the home of Mr. and Mrs. Ed. O'Hara, parents to Mrs. Ranum.

Little Ernie Hellquist, from Thief River Falls, spent Wednesday visiting with his grandfather, J. E. Hellquist here. His father, C. E. Hellquist, is at present employed as engineer of the Soo passenger train running through this place .

Mr. and Mrs. Peter Mellem were New Years eve guests at the home of Mr. and Mrs. L. L. Furan in town, and Mr. and Mrs. Furan were Thursday evening guests at the Mellem home.

Rev. Geo. Larson from Thief River Falls, spent Wednesday here to con-

Mr. and Mrs. T. Mellem returned on Tuesday evening from Viking where they have been guests over Sunday at the home of Mr. and Mrs. S. S. Nordgaard.

Herbert Carlson, former merchant and postmaster at this place, has written his friends here during the holidays that he is at present staying with his sister, Mrs. Hans Norwick, at Seattle, Wash., and enjoying the life on the coast. Herbert has not yet secured any suitable employment on the coast and is enjoying a vacation, but plans to remain there until some opportunity comes np. The rainy season is on at the coast Mr. Carlson says, bnt although it is dreary at times it is not as cold as is usnal this time of the year in northern Minnesota, and he expects to become accustomed to the change without any inconvenience.

FIRST and PEOPLES STATE BANK

Our Statement

In the adjoining column appears the published statement of the condition of this bank at the close of business on December 31, 1923.

It is with confidence that we ask the readers of this paper to carefully study this statement. It is published by order of the Banking Department of the State of Minnesota in order that the depositors may see for themselves the true condition of the bank and the policy of the men who manage its affairs. Consider the large capital, the surplus and undivided profits, a sure guarantee to the depositor. Our cash reserve is practically three times the amount required by law, indicating that we are able to take care of the financial needs of our customers.

Not for several years has this bank carried so large a cash reserve as at this time and the deposits have increased materially for over a year.

In this connection the officers and directors of the First and Peoples State Bank express to their customers, large and small, their personal appreciation for the confidence reposed in this institution, for the business given it and for the kind words spoken for it. We feel that the bank owes its customers and community the best service and protection possible to render, consistent with sound banking, and it is to this end that we dedicate the bank's efforts through the year before us.

DEER PARK

Victor Singer was a business caller at Oklee last Tuesday.

Ole O. Vatendal of Oklee, spent the holidays calling on old friends and relatives in Deer Park and Highlanding.

Perhaps one of the uppermost thoughts in our minds in these days is, "What will the good year of 1924 bring us?" The farmers, though down and out, are yet hoping and praying that some kind of an agricultural adjustment can be made that can assure them of their daily bread for their labor and sacrifices made. The business man likewise realizes that he must either rise or fall with the man that tills the soil and for this reason must look for his prosperity to loom up in the same channel. What we all hope is a business revival but it seems like a rather hopeless task to try and inject "new life" into a dead carcass. The spirit of progress" has suffered a political stroke and it is doubtful if it can be revived in 1924.

Mrs. Tobias Olson, one of the early settlers of Highlanding township, passed away rather unexpected on the 29th of December at her home. She had only been confined to her bed but a few days. She had contracted a bad cold that finally settled on her lungs, this together with the infirmaties of old age, was the cause of her death. Mrs. Olson was 70 years of age and was born in Norway and immigrated to America some thirty-six or seven years ago and was shortly thereafter united in marriage to Tobias Olson who at that time resided near McIntosh and then again in the town of Garnes where they also lived about two years before moving over on their present homestead where she has since resided up to the time of her death. Mr. Olson died about five years ago and she and her boys have since operated the farm. Mrs. Olson was the mother of four children: Mrs. Gunder Stromme of Oklee and Oscar, Alfred and Arthur, all at home.

Funeral services were held on Jan. 5th at the Oak Park church where friends and relatives came to pay their last tribute to their old friend and neighbor, who was peacefully laid to rest in the Oak Park cemetery.

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas G. Rome and Thorbjor G. Rome, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 575 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 316;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage, became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100........($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgage contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 100 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

Dated December 17, 1923.

AUSTRIAN LADY FAR FROM HOME COMES TO CITY

Finds True Friends and a Bright Future Here After Disappointments.

Musician - Teacher Makes Trip in Response to Letters of Countryman.

In Vienna, Austria, one day several months ago, a letter came to an old lady. This letter came from Krstka in Pennington county, Minnesota, America—the heart of that great country which is the land of promise to all Europeans. The letter described the country in detail, and dwelt particularly upon the latent culture of people residing there and which required only the efforts of a teacher to bring it out, in the opinion of the writer of the letter. The writer also told of fabulous wealth which had been accumulated by others who had emigrated to this country.

The kindly old lady in Vienna had a very dear friend, an accredited teacher in several languages and graduate of a Vienna conservatory in piano. This young lady, Miss Hermine Exner, had often expressed a desire to go to the wonderful America to live. She had gone through the war as a nurse and the horror of it all had so impressed itself upon her mind that relief seemed possible only amid new surroundings. She wanted to be far removed from places which to her had come to mean broken and limbless young bodies and wrecked lives. The young lady felt that by getting away from all this she could go on as a musician and teacher of languages, finally reaching the goal which had originally been her aim.

The old lady replied to the letter from Kratka, asking for more information concerning the country and the opportunities it held for a person with the qualifications possessed by the young lady in question. The reply stated that a teacher of French and piano, especially, would find a field worthy of her best efforts right in Kratka. The writer made it plain that he was in a position to assist the young lady in getting started and offered the use of his home for studio purposes until she could make arrangements.

Miss Exner was naturally much impressed upon reading the letter and saw the dream of her life coming true. She immediately set about the task of securing her passports and sailed on the Majestic from Cherbourg, France, in November. The long journey across the ocean, and the thousands of miles from New York to Kratka, were at last completed, and the young lady found herself in the land of her dreams. Life on the Kratka farm proved a deep disappointment to Miss Exner, however, and the future looked anything but bright. She soon found that the rosy picture painted by the writer of the letter was immensely overdrawn, and instead of the splendid opportunity which she had been led to believe awaited her here she found nothing but a chance to take part in the ordinary menial duties connected with life on the farm.

About five weeks ago John Cronkhite of this city, went Kratka to look after a farm which he owns there, and chanced to meet Miss Exner. She told him her story and the keen disappointment she was suffering. Mr. Cronkhite immediately took charge of the situation and at present Miss Exner is staying at the Cronkhite home, 204 Markley avenue south. Mrs. Cronkhite has taken Miss Exner in hand and is doing much to improve the young lady's position. The latter is now convinced that Minnesota is not such a bad place after all—in fact, she thinks it really wonderful after having made the acquaintance of real, whole-souled American people.

Miss Exner, in spite of the keen disappointment suffered upon her arrival in America, has nothing but praise for America and its people. She states that she was treated wonderfully on board ship. Ellis Island was very much feared, as in Austria it is called "The Cage," and many horrifying tales are told concerning conditions there. However, Miss Exner says she left the ship at 3:30 p.m. and by 6 o'clock the same evening she had passed through the formalities required at the island and was on her way to New York city. Everything progressed with the smoothness of a machine and everyone was very kind to her, Miss Exner asserts.

Miss Exner speaks English fluently and prospective piano pupils need have no fear they will not be able to understand her. She is evidently a very well bred young lady of high social standing in her native country and will find a ready welcome in the social circles of Thief River Falls. The Tribune wishes to extend a welcome to the little stranger and feels confident she will be received with kindliness and friendliness by the people of the city.

New "Peptomist" Club Is Sponsored by Methodists For Young Men's Benefit

"The Peptomist Club of the Methodist Episcopal Church," is the name chosen for Thief River Falls' new organization of men and boys. The third and final organization meeting was held Wednesday, January 2, and resulted in a permanent program to emphasize the social side of the Methodist church. A "peptomist," it might be said, is an improved model of an optimist. The optimist says, "I believe that can be done." The "peptomist" says, "Why, certainly, I'll do it now."

Andrew Bottelsen was elected president, Thomas Chittick, vice-president, and Grant Barnard, secretary and treasurer. Mr. Chittick heads a committee in charge of refreshments. A large committee also is to be appointed to handle entertainments.

The membership of this club is not limited to members of the church entirely, but is to include men and boys over 15 years of age who are "interested in the Methodist church" and are accepted by a committee and a majority vote of the members. It is intended that the membership requirements shall be liberally interpreted by the committee.

Meetings have been set for the first and third Wednesdays of each month, at 8 p.m. All meetings will be held at the church. The next meeting, to be held January 16, will be of interest to very many as a fine program and a big luncheon are being planned. Come out and get acquainted.

HAROLD LLOYD'S MASTER EFFORT

"Why Worry?", New Comedy Said to Be Most Spectacular Produced.

The hills around Culver City resounded with the infuriated firing of more than a thousand Mexicans arrayed in rival fighting units. The booming of cannons made natives tremble, in fear of earth shocks. Incoherent commands were hurled in every direction by excited generals.

It might have been a great dramatic spectacle in the making for the movies, yet it was all being done in the spirit of fun—the spirit that permeates Harold Lloyd's greatest Pathe comedy, "Why Worry?"

It was for this newest of Lloyd laugh shocks that these awesome scenes were being enacted. Men fell right and left hit by cannon shots, but they escaped uninjured—the "shots" were only cocoanuts!

"Why Worry?" is by far the biggest production ever made by Lloyd. The picture was produced on the most lavish scale. Big sets, big crowds, and big people—the biggest was John Aasen, an army in himself, towering 8 feet 9 and a quarter inches above the ground, weighing 460 pounds (exclusive of his shoes, which weighed twenty pounds a piece), and with hands that resembled a couple of Armour's pet hams.

Aasen, who is making his screen debut in "Why Worry" comes from North Dakota and was seen in this city three years ago traveling with a carnival which played at the fair grounds and will be remembered by those who saw him then.

As a special added attraction, the Princess management has booked one of the season's best novelty thrillers, "Why Elephants Leave Home," with the greatest all-star cast of elephants ever assembled, including Billigamanna, the world's largest elephant.

This exceptional program will be shown at the Princess theatre Sunday and Monday.

FARMERS SCORE IN GREAT MEET HERE THURSDAY

Decide to Stand Solidly Back of Their Own Co-operative Creameries.

Meeting Goes on Record as Favoring Coulter Plan for Diversification.

Two very important subjects were brought up at the Commercial Club's Thursday luncheon. The first had to do with the Coulter plan for the relief of the farmers of Red River Valley, North Dakota, South Dakota and Montana. This bill is now before congress and is favored by those who realize that future welfare of this northern country hinges upon diversified farming. Thirty-three of the sixty farmers present signed a resolution in favor of the bill, but as many of those present came in too late to hear the explanation of the bill, the per centage of signers does not fully indicate rural sentiment in the bill.

The Coulter scheme is for a $50,000,000 fund to be advanced by the government and from this, loans up to $1,000 will be available to each farmer or tenant irrespective of present indebtedness. It must be shown that the farmer or tenant is worthy and that he can provide adequate shelter and feed for the livestock so purchased. Forfeiture of the livestock will follow failure to provide necessary shelter and feed. The loan is to be made to those who desire to diversify but who are unable to finance the change. The rate of interest is to be not more than six per cent and the loan may run from three to five years. This loan is to be made for three purposes:

One: To secure foundation herds of livestock for farmers who have none. (This does not necessarily mean that pure blood stock alone is to be bought, but solid, good animals that will grade up high as to type; something that will be a good groundwork for whatever the farmer wishes to go in for, whether it be dairy or beef cattle, hogs, mutton sheep, sheep noted for their wool, or sheep noted for both qualities, or poultry, either for eggs or for the market.)

Two: To replace scrub stock with higher grade animals that will return a profit.

Three: To enlarge herds containing only a few good animals, enabling the farmer to produce milk, or meat, poultry and eggs for the market.

Alfalfa, sweet clover, corn and other feed crops will be needed for livestock. Wheat acreage therefore will be automatically reduced. The Coulter plan, however, does not contemplate eliminating wheat. Increased fertility and elimination of weeds resulting from rotation will increase the wheat yields per acre and thus reduce the cost of production greatly. Thus, in diversification, where one article produced may not yield as much as expected there will be other things to fall back on and the farmer will be a gainer by a great deal.

The other subject brought up at the luncheon was the co-operative creamery, and the loyalty the farmer should show toward his local cream and butterfat market.

It is a well known fact that certain centralizers have lately been reaching out into all sections of the country, and by establishing depots and offering exorbitant prices for cream and butterfat have drawn the farmer trade away from the local creamery. They are able to offer more in that particular section because they are big concerns with much wealth back of them and they are willing to stand a temporary loss to gain an end. The end is this: When they have drawn the farmer trade away from the local creamery for a certain length of time that creamery will cease to exist. The centralized creamery is thus left alone in the field and immediately lets the farmers know the fact by refusing to buy cream and butterfat for anything near the market price and the farmer, who began by selling his dairy products for more than the known market price ends by either selling nothing at all or almost giving it away.

It was brought out at the meeting that if the farmers would band together and promise to stick by their local creameries for a period of five years this centralized menace would be under control and the farmer would have nothing to fear in the way of prices for his dairy products. However, if the centralized creamery is allowed to run its own course, the result will necessarily be the failure of the local creameries and the failure of the farmer to realize anything on the very things that are and should be the staple products of this northern country.

Marketing contracts were freely signed at the meeting and farmers here evidently are not disposed to give centralizers much encouragement.

Twenty-Fifth Wedding Anniversary.

Mr. and Mrs. P. J. Jacobson were pleasantly surprised by a number of ladies at their home on Arnold avenue Tuesday afternoon in honor of their 25th wedding anniversary. The afternoon was spent in needlework and in a social way. At four o'clock a delicious luncheon was served by the ladies; a wonderful wedding cake, replete with ornate icing and 25 candles forming the center of attraction. This had been made and presented by Mrs. Gaston Ward.

After the luncheon, in behalf of those present, Mrs. Bernhard Knudsen, with a gracious little speech, presented the guests of honor with a beautiful set of silver.

Those present were: Mr. and Mrs. P. J. Jacobsou, the guests of honor; Mrs. Olaf Johnson of Lake Park; Mrs. E. J. Rustad, Mrs. K. E. Dahl, Mrs. E. M. Bennes, Mrs. Ben Erickson, Mrs. Bertha Lonson, Mrs. Mikkelson, Mrs. Ed. Haraldsou, Mrs. Carl Erickson, Mrs. Lars Ericksou, Mrs. Rev. Geo. Larsou, Mrs. Carrie Klepp, Mrs. L. Savig, Mrs. J. This Bank Is Bigger and Stronger Than Ever

This bank takes considerable pride in the excellent showing it is able to make at this time. In spite of general conditions which have made it extremely difficult for banking institutions in all parts of the country to operate successfully, The Farmers and Merchants State Bank of Thief River Falls has been able to increase its business and in no uncertain degree add to its strength during the past few months.

The following condensed statement, issued at the beginning of the new year, tells the story more forcefully than mere assertions. Study this statement carefully and you will be convinced that we speak the truth when we say that this bank is today bigger, better and stronger than ever before in its history.

JANUARY 28 IS NAMED AS DATE FOR P.-T. MEET

First Meeting of New Year Arranged for Purpose of Better Acquaintance.

Many Splendid Programs Planned for Remainder of Present Term.

The first meeting of the Parent-Teachers sssociation for 1924 will be held on Monday evening, January 28, according to announcement made this week by Mrs. R. Arnold, president of the organization. The executive board of the association met last week and formulated plans for the meetings to be held during the remainder of the present school yesr. The first meeting is styled a get-together affair and the officers hope that it will provide an opportunity for psrents nnd teachers to become better acquainted.

The regular date for the first meeting after the holidays is February 4, but as this dste was taken by the Woman's club for Mr. Garns of the McPhail school for a dramatic resding, it was decided to sdvance the parent-teacher meeting to January 28. The board is co-operating with the Woman's club and Community club and hopes to arrange for a lecture on the world court for either the March or April meeting. The general topic for one meeting will be "What the parents expect of the schools." The teachers outlined quite clearly at the November meeting at the Central school what they expect of the parents, and this program is planned in order to give the parents an opportunity to air their views.

The meeting in May will be arranged by a committee of the association who participate in a membership drive. The present membership is to be divided into two sections with Mrs. E. O. Mogensen as captain of one side and Mrs. E. J. Richards as captain of the other side. Each captain will choose a committee to assist and together with the present members will engage in a contest for new members. The losing side will furnish the program, entertainment and refreshments for the May meeting.

Present officers of the association are: Mrs. R. Arnold, president; Morris Bye, first vice president; Ole R. Sande, second vice president; Miss Edna Larson, secretary; Mrs. J. H. Hermanson, treasurer. A complete program for the meeting of January 28 will be printed in next week's issue of The Tribune.

GIRLS CLUB TO PREPARE TREAT

"Kathleen," the Town Sweetheart, Is Here. Do You Know Her?

Have you heard of "Kathleen?" If not, just ask some child you meet, or the next grownup, and you will be told about her with so much enthusiasm that you will have to run in self-defense.

The Girls' Community club has been able to secure "Kathleen" for the 29th of this month nt the auditorium, so prepare to enjoy that evening more than any other in the month.

One hundred Thief River Falls people began rehearsals Tuesday under a director from the John B. Rogers Producing company of Fostoria, Ohio, and with their enthusiasm and pep are going to make a wonderful success of this clever comedy. What with snappy songs, dainty dances, pretty costumes and fascinating girls, this is going to be the hit of the season.

The plot is laid in Flynnville, Mass., a village of 200, which, with its inhabitants, is nnder the rule of Michael Flynn, the wealthiest citizen. But after much trouble and many funny instances, everything turns ont as everyone wishes and they all live happy ever afterwards.

Tickets are on sale now by members of the club and the cast. All yonr friends will be there so don't miss this sensational hit.

Attends Convention.

C. D. Gnstafson, junior member of the C. Gustafson & Son, implement dealers, returned Saturday morning from Minneapolis, where he had been in attendance for a few days at the annual convention of the Minnesota Implement Dealers association. Nine hundred of the 1,100 members of the association were present at the convention. According to reports given by the delegates, conditions in this section compare favorably with other parts of the state, and many districts are much more affected by the present period of depression among farmers than is tbs Red River Valley.

Taxicab Man Held Up and Robbed on Village Street

According to a story related by August Carlson, local taxicab driver, he was held up and robbed of $5 in cash on the streets of Rosewood last Saturday evening ahont 10 o'clock. He states that the robbers also searched his car but found nothing of value. Arrests are expected soon as Carlson claims to know the identity of the guilty parties and has turned the case ovsr to the authorities at Warren.

Breaks Arm in Practice.

While practicing her physical exercises for school, Miss Beatrice Holmes, the young daughter of Mr. and Mrs. Joe Holmes, who live near the roundhouse, slipped and fell violently on the floor, breaking her right arm. A physician was immediately called and the arm was set. Although the accident happened on Tuesdsy afternoon, Miss Beatrice is recovering rapidly and will resume her classes at the Lincoin, where she is a freshman.

TRINITY PASTOR TAKES NEW JOB

Rev. Sweger Tenders Resignation to Accept Offer With Pension Fund.

Rev. T. E. Sweger of the Trinity Lutheran church, tendered his resignstion at the annual meeting of the congregation held on Tuesday. Rev. Sweger recently received a call to work as representative in the Mission of the Norwegian Lutheran Pension Fund. This Pension Fund is a benefit organization of ths Lutherans for the relief of agad pastors, and is doing a great deal of good work in all sections of the country. A recent drive was put on to raise a $2,000,000 fund for this purpose. Of this $570,000 hss been raised.

When he is put in charge of this work, Rev. Sweger will have the northern half of the state as his field nnd intends to reside in Moorhead. Rev. Sweger, however, will not leave the local church for some months as he desires to follow the confirmation class which began studying in September. This class will be confirmed in June. Sometime during the early spring months, or before, he expects to take a six weeks leave and will put in this time preparing the field of his new endeavors.

The Trinity congregation is sorry to lose the pastor, and yet it is very glad that such an honor is given Rev. Sweger. The pastor is very much liked by all the members, and his years of effort in this community have resulted in the steady growth of the Trinity organization.

Woman's Auxiliary Meeting.

The Woman's Auxiliary of the American Legion will hold its next regular meeting on Tuesday, January 22, at 8 p. m. Important business is to be transacted and all members are requested to be present.

Transportation Co. Changes Schedule.

The old schedule of the Triangle Transportation company has been changed, and people contemplating trips to Crookston should bear in mind that the first bus leaves this city at 8 a.m., and the second one at 1:30 p.m.

Tribune Publisher Chosen as Speaker for Series of Agricultural Gatherings

J. S. Arneson, publisher of the Thief River Falls Tribune, has ncсepted an offer to appear as one of the speakers to take part in a series of farmers' institutes to be conducted in various sections of the Northwest this winter under the auspices of the Bureau of Public Relations of the Great Northern Railway. The schedule for these meetings has not yet been arranged but it is planned to begin the series shortly after the close of the Crookston Winter Shows.

From his knowledge of the country and its problems, gained throngh his connection with the Rural Credits Bureau, and because of his consistent boosting of the alfalfa and sweet clover program, Mr. Arneson is particularly fitted for the task of helping spread the gospel of better farming. Among other speakers will be D. E. Willard of the Great Northern, who spoke at a meeting held in Thief River Falls a short time ago and who is well known to many people in Pennington county.

Pennington County Auto Club Meets January 22

The annual meeting of the Pennington County Automobile club will be held on Tuesday, Jannary 22, 1924, at the Commerical club rooms. Seven o'clock sharp has been set as tha time for the session. All members of the club are urged to be present at the time as a large number of important matters ara slated to coma np for consideration, among other matters coming before the meeting are the election of officers and choosing delegates to the annual convention of the state association.

FAMINE OCCURS IN CITY WATER SUPPLY AT DAM

Low Water Level at Dam Causes Protest From Priority Right Owners.

No Further Action on Appointments at Council Meeting Last Night.

Oscar Paulson was the only absentee when the city clerk called the roll at the adjourned meeting of the city council last night, and in his absence the city fathers decided that it was best to defer action relative to filling the vacancies in city offices left over from the meeting the week previous, these vacancies being those of assessor, attorney, physician and health officer and matron of the poor farm.

The meeting lasted only an hour, most of the time being taken np with a discussion of a formal notice from Hanson & Barzen company advising the city council that the city would not be allowed longer to take water from the dam if the present low stage of water continues, as there is not sufficient to properly operate the flour mill, which has prior water rights from the owners of the dam. Steps looking toward economy in the use of city lights will be taken at once to conserve the supply of water.

The annual report of the cemetery commission was received and ordered filed, whils the city clerk was authorized to send the plans and specifications of the paving to the engineer who was in charge, this step being necessary to furnish the State Highway commission with a copy thereof before the city can be re-imbursed for the center 18 feet of the paving on Main avenue, which strip is to he taken over by that body, it having been found to measure np to the required standard.

ANNUAL MEETING SHOWS PROGRESS

Trinity Lutheran Church Gives Evidence of Satisfactory Growth.

At the annual meeting of the Trinity Lutheran church on Tuesday, January 15, the following officers were elected for the ensuing year: President ofthe congregation, Rev. T. E. Sweger; vice-president, I. T. Simley; secretary, Lars Backe; trensurer, Carl B. Larson; trustees elected, Lars Backe, A. O. Buringrud and C. M. Carlson. The new trustees and O. F. Mellby, H. S. Dahlen, Jorgen Eide, Olaf Tessum, Cnrl B. Larson, and J. J. Weeks form the new board of directors. On the board of deacons are: E. A. Mostue, I. T. Simley, N. J. Anderson, A. G. Loftness and John J. Aga. Mrs. Ottis Dokken was elected superintendent of the Sunday school. The ushers are: J. O. Sether, chief; C. M. Carlson, assistant; Edwin Tessum, John Sether, John Gullingsrud and Robert Erickson.

It was stated at the business meeting that the financial affairs of the church are very satisfactory. At the conclusion of the meeting, Rev. T. E. Sweger tendered his resignation. The congregation voted to leave the calling of a new minister ln the hands of the board of deacons and board of trustees. The following resolution was adopted:

"Our minister, Rev. T. E. Sweger, having tendered his resignation as minister to our congregation and accepted a call to work for the Mission of the Norwegian Lutheran Pension Fund; Therefore, with thanks to God for the faithful services we have received from Rev. T. E. Sweger during the years he has been with us ministering to our spiritual needs and considering that he is to step into a bigger field of activity for the good of the Lutheran church; Be it resolved, that Rev. Sweger's resignation be accepted, with the understanding that his resignation goes into effect June 1, 1924, and that Rev. T. E. Sweger, for the purpose of opening the work in his new field, be permitted to take six weeks vacation, at such time or times as he himself chooses between this date and June 1, 1924."

Mrs. Stewart Very Ill.

Mrs. Anna Kretzschmar was called to Detroit on Sunday because of the serious illness of her daughter, Mrs. Charles Stewart. Mrs. Stewart visited har mother's home in this clty a week ago and apparently was in excellent health at the time. It will be remembered that Mr. and Mrs. Stewart nre former residents of this city. Mr. Stewart was a train dispatcher for the Soo Line during that time. Abont two years ago they removed to Detroit where Mr. Stewart is an operator on the same road.

CHANCE BRIGHT FOR RETENTION OF J. J. M'CANN

That County Agent Will Remain Another Year Now Appears Certain.

Movement Under Way to Co-operate in Caring for Financial Support.

The connty agent situation in Pennington county is still somewhat np in the air, but those interested in the subject feel confident that something can be done whereby the county agent and agricultural extension work can be continued.

The present plan calls for the co-operative effort of the Commercial club, business interests of the city, progressive farmers and others, in carrying the expense incident to the extension work, and with the state appropriation which can be secured hy co-ordinating with the extension division of the university, there is little doubt bnt what the necessary money can be raised by the element favoring the retention of the county agent.

It is intended to make the work of the department beneficial only to those who favor it and snpport it, as it is felt that if public snpport is not forthcoming from the county at large throngh an appropriation from the county treasury the taxpayers at large are not entitled to special consideration from the county agent's office. There are enough farmers in the county who realize the value of a county agent to make the undertaking a success, it is asserted by those in position to know.

In next week's issue The Tribune hopes to be able to announce that all difficulties have been ironed out and that County Agent J. J. McCann will remain in Thief River Falls for another year to carry on the work he has conducted in such an able manner during the past few years.

CELEBRATE TOO MUCH; PAY FINE

Two Thief River Falls C' zens Make Donations to Public Treasury.

J. A. Ralston, operating a barber shop on LaBree avenue, paid a fine of $25, and Thos. L. Gargrave deposited $10 to the credit of the city last Friday after a hearing before Municipal Judge N. W. Tarrant. Both were charged with being drunk and disorderly. Sheriff Ole L. Ihle and Night Patrolman E. L. Krogstad made the arrests about two o'clock Friday morning.

According to the officials, this is about tha way it happened: Shortly after midnight, whila tha night patrolman was attending to the furnace in tha auditorium, Gargrave rushed in and demanded the patrolman's gun, and also demanded that Krogstad go with him, because, as he put it, "Ralston slapped me." Feeling that a little assistance in settling the matter might not come amiss, the officer called on Sheriff Ihle for help. Before the sheriff arrived, however, Krogstad ingeniously managed to get Gargrave safely tucked away in the county jail withont the latter apparently realizing what was about to happen.

Krogstad met the sheriff near the Great Northern depot and the two started down town. Discovering Ralston in the act of starting his car, they called to him to stop but he paid no attention to the command and headed for tha East Side. The officers started in pursuit and when abont half a block from tha Ralston home they discovered the car atalled in the street, with the driver vainly trying to get it under motion. Within a few minutes the badly overheated car was again ready to go and the officers took Ralston to the lockup in his own antomobile.

Oen Mercantile Company Makes Big Improvements

The interior of the Oen Mercantile company's stors has undergone a considerabla change during the past week or two, with the intention of increasing the display room of several departments and making things more convenient in general.

When the work incident to the changes has been completed, this concern will hava one of the best and most convenient display arrangements to be found in this section of the state. The space occupied hy this store is the largest in town but every available inch of it is put to good use.

Sons of Norway Sponsor Another Party on Friday

The Sons of Norway lodge is planning another "good time" party to be given at the lodge hall next Friday evening. A splendid program is being prepared, there will be plenty of eats, and all who care to dance will be given an opportunity to engage in this pastime. Old time dances will he featured and good music has been arranged for. Members of the lodge and their friends are invited to be present.

Life Insurance Paid.

E. M. Bennes yesterday went to Newfolden, where he delivered to Mrs. Theodore Lofgren a check for $2,000 in settlement for a policy held hy her husband, who died in December at the Oakland Park sanatorium. The life insurance was carried in ths Lincoln National for which Mr. Bennes is the general agent, and the promptness with which the company settled the Lofgren claim is commendable.

PENNEY LEASES LOKEN'S CORNER

Local Department Store to Occupy Fine Building on Main and Third.

H. E. Nelson, manager of the Thief River Falls store of the J. C. Penney company, informed The Tribnne this afternoon that his company has leased the C. M. Evenson building on the corner of Main avenua and Third street, and expects to occupy the new quarters abont March 1. The store is at present located in the Dobner-Meehan block on the corner of Main avenue and Second street.

It is understood that the lease calls for extensive changes and improvements in the building, among the changes being a new brick wall on the Main avenue side instead of the large plate glass display window now doing duty there. Numerous changes in the interior also are planned, including a complete repainting and renovation from cellar to garret.

This building has been vacant since the removal of the Loken stock to Madison, Wis., about a year ago, and The Tribune is pleased to know that this very desirable location is soon to be occupied by a concern which can make good use of it.

Old Officers Re-Elected at Annual Meetings Held by Banking Institutions

Two Thief River Falls banks, the First and Peoples State Bank and the Citizens State Bank, held their annual meetings during the past week, while the meeting of the Farmers and Merchants State Bank will be held on Friday. The following officers and directors were chosen for the First and Peoples, all being re-elected to their positions with the exception of L. A. Hermanson, who was advanced from assistant cashier to cashier: F. P. Sheldon, president; H. S. Dahlen and Math Barzen, vice presidents; and L. A. Hermanson, cashier.

The following men were re-elected at the First National: C. L. Hanson, president; Rasmus Oen and E. M. Bennes, vice presidents; Theo. M. lein, Verner Nelson and Walter E. Smith, assistant cashiers.

Second Semester of Year Begins in Local Schools Next Monday, January 21

The first half of the school year is finished this week and next Monday sees the beginning of the second semester. Some important changes in the educational establishment will be made at this time, among them being the promotion of about 30 pupils from the eighth grade to the high school.

All children becoming six years of nge on or before March 24 should start school next Monday and must present themselves for admittance before two weeks have elapsed or thsy cannot ba enrolled until the opening of school next fall. Parents of eligible children are asked to bear this fact in mind.

FARM BUREAU'S APPROVAL GOES TO CO-OP. PLAN

1924 Program Mapped Out at Statewide Meeting Held at St. Paul.

Marketing On Commodity Basis Receives Approval of Organization.

Co-operative marketing of farm products was unanimously approved and made a part of the 1924 program of the Minnesota Farm Bureau federation, holding its fifth annual convention, in the House chamber at the state capitol in St. Paul, Wednesday night.

Other important projects discussed at the meeting and adopted as part of this year's program of the organization included:

Approval of a movement to create a tax on gasoline used for transportation purposes, the revenne obtained to be used for road maintenance.

Opposition to a general sales tax.

Equitable and adeqnate taxation and supervision of truck and hus lines by the state.

Increased attention to the farm garden and orchard and suhstitution of home grown prodncts for high priced protein mill feeds.

Readjustment of freight rates.

The meeting mas called to pass on tha report of the 1924 program committee of the organization, which submitted a lengthy report touching on agricultural development, marketing, transportation, taxation, education, national legislation and farm labor problems.

The section of the report relating to co-operative marketing was adopted without a dissenting vote, as follows;

"The co-operative marketing of farm products on a commodity basis, as demontsrated by the most successful co-operatives of recent formation have fully shown their usefulness as marketing organizations and, therefore, are recommended as the best known types of farmers' marketing agencies.

"The aim of co-operative marketing is orderly merchandising of any commodity to meet the market requirements, instead of individual dumping.

"Successful merchandising farm products depends on:

"First: A definite contract membership agreement.

"Second: Proper assembling, sorting, grading, packing and warehousing.

CITY IS HOST TO CANADA SOLDIER

Col. R. H. Webb of Winnipeg Spends Three Days in Thief River Falls.

Thief River Falls had an illustrious visitor last week whcn Colonel R. H. Webb of Winnipeg stopped here for three days Col. Webh is manager of the Marlborough hotel in Winnipeg, a hotel wnere none but ex-service men are employed. The colonel is a veteran of the World War and was in tha thick of the fight from the very early days in 1914. He lost a limb under very dramatic circumstances during a battle around Ypres, Belgium; and at another time spent a period of about nine days in a hotly contested area without food or water. When found, after the allies had driven the enemy back, he was so nearly dead that his recovery was a miracle. However, it was not long before he was back in the regiment.

Before his arrival here, Col. Webb had attended the convention of North Dakota restaurant and hotel men held at Grand Forks. On Thursday he spoke here at the Commercial club luncheon, his subject being co-operation between the different towns in Northern Minnesota, the logical new tonrist playground, with Winnipeg in drawing the attention of the tourist traffic. Thursday evening he entertained the local Legion post with stories of his first days in France. He also made a few remarks on the advisability of holding the 1925 Legion convention of Minnesota in this city. He appeared very much interested in this subject.

While in this city, Col. Webb was the guest of Julien Provencher of the Evelyn hotel, who gave a hanquet in his honor Friday night with 15 local business men as guests. Saturday afternoon Col. Obituary

Clara C. Berge.

Early Sunday morning, January 13, at her home, Crocker avenue, occurred the death of Clara C. Berge, the beloved wife of Thomas E. Berge. Death was caused by pernicious anemia from which Mrs. Berge had been a sufferer for many years.

Clara C. Ringham Berge was born at Lake Mills, Iowa, on June 26, 1889. A few years later the family moved to North Dakota, living in the town of Halton for about ten years, when they removed to Grygla. There Mrs. Berge was brought up and 11 years ago married Thomas E. Berge in this city. Since then she and her husband have resided here.

She leaves to mourn her loss, besides her husband, two small children, Berenice Irene, aged nine years, and George Edward, seven. She also leaves one sister, Miss Ruth Ringham of Mandan, N. D., and four brothers, A. M. Ringham of Buxton, N. D.; E. G. Ringham of Woldville, Sask., Can.; Clarence Ringham of Chicago; and Adolph Ringham, who was last heard of from Adams, N. D., All except the last two mentioned will be present at the funeral which will be held from the Trinity Lutheran church, Rev. Sweger officiating. The burial will be in the Greenwood cemetery.

***

Peter O. Nelson.

On January 11, occurred the death of Peter O. Nelson who was 66 years old. The aged man was born in Sweden but had removed to this country many years ago and has since made his living as a shoemaker. The funeral was held on Monday, January 14 from Larson's undertaking parlors, and interment was made in Greenwood cemetery.

***

Waldemar Peterson.

January 11, in this city, occurred the death of Waldemar Peterson of tuberculosis. Mr. Peterson was born in Mayville, N. D., November 28, 1884, and had lived for the most part in Plummer where he has a brother and three sisters. He was single and spent most of his time at dredge work. The funeral was held Monday, Jan. 14, at Plummer.

***

Arthur Harry Ahltarom.

On Sunday, January 13, Arthur Ahlstrom died in this city. Mr. Ahlstrom was the son of Mr. and Mrs. Ole Ahlstrom who reside near here. He had been employed as a stationary engineer at the sanatorium until he was accidentally gassed. Since that time he has been an invalid. He was born January 30, 1893, at Grove City, Minn., and at the time of death was 30 years, 11 months, and 13 days old.

He leaves to mourn his loss, his parents, four brothers, and two sisters: Edwin, Adolph and Melvin of this city, and Albert of Grove City, Minn.; Mamie and Maybella of this city. Funeral services will be held at the Augustana church on Thursday afternoon at 1 o'clock. Rev. Albin Larson will officiate.

Ole and Gotfrea Nordquist are expected from New Effington to attend the funeral.

***

Lyle Marvin Peterson.

On Friday, the little son of Mr. and Mrs. Melvin Peterson was taken suddenly ill, and in spite of all that was done to save him, he died the same evening. Death was caused from pneumonia.

The lad was two years, six months and four days old at the time of his death, which occurred at the home of his parents, on Horace avenue.

The burial service was read at the home of his grandparents, Mr. and Mrs. O. B. Hall, and also in the Rindahl church, Rev. M. Strom officiating. Interment was made in the Rindahl cemetery.

He leaves to mourn his loss, his parents, Mr. and Mrs. Melvin Peterson and a sister, Adeline LaVerne.

Card of Thanks.

We wish to express our most sincere thanks to our neighbors and friends, and especially Mr. and Mrs. Percy Lamb, Mr. and Mrs. Jack Anderson, Mr. and Mrs. Nels Johnson and Mr. and Mrs. P. N. Peterson and Mr. and Mrs. O. B. Hall for the flowers and the kindness and help in our recent bereavement. We also wish to thank Pastor M. Strom for his sympathy in our loss.—Mr. and Mrs. Melvin Peterson.

Out in Society

Postal Employes Give Party.

Wednesday evening the postal employes and their wives gave a party in the Legion hall. Cards were played until midnight when refreshments were served by the ladies, after which dancing and song singing were indulged in until the homeward journey was taken. Before the card playing began, and after luncheon had been served, Miss Hermine Exner gave several wonderfully interpreted piano transcriptions from the Ring operas of Richard Wagner. This was something rather new to those present, and despite the fact that Wagner is rather "heavy stuff" for the average listener, Miss Exner was not allowed to leave the piano until she had played every piece she had brought with her.

***

Golf Club Party.

The Golf club gave another of their successful dancing parties at the Sons of Norway hall Friday evening. The hours were pleasantly spent at cards and dancing and at midnight a luncheon was served. The decorations for the evening were poinsettias and red candles. Jazz was peddled to an early hour with Earl Effinger at the drums and Earl Erickson at the piano.

***

First Leap Year Dance.

The U. C. T. have the distinction of giving what is believed to be the first leap year dance in this vicinity.

The affair was held on Saturday, January 12, and from first to last the women led in everything pulled off. Instead of the women sitting around the room and the men leaving for the lounging rooms at the end of every dance, the men took the "come and get me" seats, while the women retired to the halls to discuss the fickleness of men and affairs of the heart. All the dances were "ladies' choice," except one, but when one lone man was heard discussing the fact that he felt weary and thought he wouldn't dance that one, it was immediately changed to "ladies' choice," and every man danced.

Earl Effinger at the drums and Earl Erickson at the piano furnished the music for what was termed by all present as one of the best affairs of the kind ever put on.

***

Christian Endeavor Meeting.

The Intermediate Christian Endeavor of the Presbyterian church held their first business meeting of the year in the church lecture room on January 11. The officers for the ensuing year are: President, Dorothy Haney; vice president, Dorothy Sullivan; treasurer, Thomas Haney; secretary, Myrtle Hastad. Reports were given by the various committees. A duet was sung by Dorothy Sullivan and Dorothy Haney, accompanied by Louise Roth, after which games were played and refreshments served.

***

Coyle-Gilson.

Word has been received by friends of the Coyle family, that the marriage of Mrs. Albert Coyle took place last month. Mrs. Albert Coyle and Harvey Lee Gilson were married at Fort Collins, Colo., December 26th. The ceremony took place at the Presbyterian parsonage, Rev. Livingstone officiating. After the ceremony, Mr. and Mrs. Gilson left immediately for Denver on a short honeymoon.

The bride is well known in this city, having resided for a number of years on a farm south of here, but moved to Longmont, Colo., in 1922. Mr. Gilson is a road contractor from North Park, Col.

Ford
THE UNIVERSAL CAR

Looking Ahead

LAST Spring a total of 350,000 people were disappointed in not being able to obtain deliveries of Ford Cars and Trucks, as orders were placed faster than cars could be produced.

The demand for Ford Cars and Trucks this Spring will, according to all indications, be far greater than last Spring.

Winter buying has been increasing at a greater rate than ever before.

Actual retail deliveries the past 60 days totaled 308,170 Ford Cars and Trucks, an increase of 1,961 a day over a year ago.

Over 200,000 people have already ordered Ford products on our purchase plan, the majority of whom will take delivery in the Spring.

The above facts are given with the suggestion that you list your order promptly with a Ford dealer if you contemplate the purchase of a Ford Car or Truck for use this Spring or Summer and wish to avoid delay in delivery.

Ford Motor Company
Detroit, Michigan

You need not pay cash for your car. You can arrange to make a small deposit down, taking care of the balance in easy payments. Or, you can buy on the Ford Weekly Purchase Plan. This puts you on the preferred order list and insures delivery of your car at a time to be determined by yourself.

The "Order of DeMolay" Started; Supervision by the Local Masonic Lodge

A new lodge, called the "Order of DeMolay," is to be started soon in this city. The new organization is sponsored by the Masonic lodge and is a trifle over a year old. The lodge has been tried out in many of the cities around here, such as Grand Forks, and Duluth with immense success, and should prove of great interest and value to all those eligible.

The Order of DeMolay is open to all sons of Masons who are between the ages of 16 to 21. Among the many privileges given to the young clubmen will be the freedom of the Masonic rooms one night each week besides the regular club night. Entertainments may be given by the members under the supervision of one or two Master Masons, who will not be there to check, but rather to show the way and smooth out the little rough spots that might occur. Before an initiation is held, 25 charter members are wanted. The Masons are already certain of 15 and are sure that within thirty days everything will be ready for the big night.

Anyone who wishes to join the club, who is a son of a Mason, and between the ages of 16 and 21, may find out the entrance details from Andred Bottelson or Chris Storholm.

THUNE'S QUINT WHIPS STEPHEN

Very Few "Free Baskets" Thrown in Friday's Exciting District Game.

The second district basket ball game was won by the Lincoln quint from Stevens after one of the most exciting games seen this year. At the end of the game, the score was 12 to 6, but it was not until the very last quarter that the score began to mount. At the end of the first quarter the score was nothing and the plays of both teams were so swift that the outcome looked doubly uncertain. At the end of the first half, the score was 4-0 in favor of the Lincoln squad. Penney was responsible for the first basket made and got three during the evening. Parentean followed with two and Sether with one basket.

At the end of the third quarter, the score was 2-4 and the rest of the score of 6-12 was snatched in the very last few minutes of the game. Both teams were fast and snappy and the game was such that fewer free baskets were thrown than at any other game in some time. Elmer Tandberg made a very capable referee.

The players for the evening were:

Visitors		T. R. Falls
Mulveg	F	Penney
Hood	C	Sether
Kroke	F	Parenteau
Stevinng	G	Sorenson
McKay	G	Barzeo

The novelty introduced between halves last Friday evening was a boxing match etween Keith Craig and Emmet Shanahan, two Juniors. They put up a very good battle, though both showed a rather depraved taste for piling on the referee, Walter Larson, every few minutes. The audience enjoyed this part of the play especially. It is hoped that other novelties such as this will be introduced at other games.

The next district game, this time with Argyle, is to be played on next Friday evening, January 18. Judging from the way the others have come up and played through the admission prices, 15 and 35 cents will not be items of interest.

Anniversary of W. C. T. U. Victory Held January 16

January 16 is the fourth anniversary of National Constitutional Prohibition, the greatest moral victory ever won. Every Christian man and woman is called upon to give thanks to God, and may God open the vision of the people that they may rally to the cause of the Woman's Christian Temperance Union crusade movement, born in prayer and carried on wings of prayer. Under the leadership of the Lord and Savior these bands of praying women have been marching on until today, the organization covers 40 countries of the world; great things to be thankful for.

On this day, January 16, all need to bow their knees in prayer, and hearts should sing in thanksgiving to God Almighty. May his divine guidance rest upon the W. C. T. U. officials, local and national. Right is might and where Christ is the Captain, there shall be no defeat.—Contributed.

Swedenburg Hospital Notes.

Veronica Sande died on Wednesday night from a severe attack of scarlet fever and measles followed by lung and brain complications. She was brought to the hospital in a critical condition and though everything possible was done to aid her, nothing had any effect.

On Friday morning, O. D. Paulson left the hospital.

Saturday morning Raymond Waldron, the 12 year old son of Mr. and Mrs. H. E. Waldron of Viking, returned to his home in that village. Master Waldron has rapidly recovered from the severe attack of pneumonia from which he was suffering when brought to the hospital.

Miss Evelyn Olson, the daughter of Mrs. J. H. Olson of Kratka, who has been operated on for appendicitis, and whose condition has been previously considered very serious, is recovering nicely.

Miss Tillie Nestlund, who has been confined in the hospital with pneumonia, has returned to Warren where she is in the employ of the North Star college.

Visiting at Kelliher.

P. Eberhardt left on Saturday morning for Kelliher, Minn., where he will visit at the home of his son, Orbin, who lives there with his family. While there, Mr. Eberhardt intends to look over a steamboat building job and will also visit with friends who live in that vicinity. In March Mr. Eberhardt intends returning to LePas, Can. to re-engage in the constructing of boats. He was engaged in this work last year, returning to his home in this city after the fall work was discontinued.

Both Must Be Paid
It is just as essential to the public that we pay fair wages for the use of the dollars invested in our property as it is to pay fair wages to our employees.
We cannot keep capable employees if we do not pay fair wages. And we cannot get the new money we need each year from investors to make improvements and extensions if we do not pay all expenses and earn a fair return.
In order to extend and develop our system to meet the demands of the public for service, this company must obtain millions of dollars from investors each year.
It is to the public's interest, as well as to the interest of the employee and the investor, that the telephone company be prosperous.

Now it's the auto tax again, and the personal property tax and the real estate tax, and dammit anyhow, how the time does fly.

Our sleep has been disturbed by this thought: Who writes those bright scintillations for the Baudette Region when Billy Noonan is not on the job?

Speaking of the useless waste of space, can anything be more useless and needless than to remind people that taxes have increased steadily for twenty years?

Here is a friendly tip to the party who claims liquor may be procured from twenty different sources in Thief River Falls: Bring the list to the mayor's office.

It begins to look as if the Republican leaders are getting ready to make use of Farragut's expression slightly transposed, namely, "we have met the enemy and are theirs."

When we see a young man reeling about the streets in a drunken stupor, we are constrained to wonder what thoughts course through the mind of the man who sold him the liquor.

The scientist who claimed we were pushed 700 miles nearer the sun by the earthquake in Japan, accounting thus for our mild winter, is entitled to his guess, but we are wondering what pushed us so far back last week.

When it is considered that Thief River Falls pays nearly $2,000 per month in interest upon its bonded indebtedness, no one will blame the city council for hanging onto the purse strings of the city like grim death.

The Tribune is strong for alfalfa. Alfalfa is strong for the dairy cow. The dairy cow is strong for the creamery. The creamery is strong for the community. The community is strong for Tbe Tribune. There is rotation for your whiskers.

Thief River Falls has a pretty fine bunch of fire fighters and come to think of it very little has been done by the people of the city in the way of showing any appreciation. What's the matter with a real demonstration when they have their annual ball?

One form of tax little considered is the moonshine tax. The sale of such poison benefits none, harms many, and is a nuisance which every city in the state can do away with very quickly if its officers are in sympathy with law enforcement. Thief River Falls will have none of it.

The fellow who asked the artist what he would charge to paint him a picture if he furnished the paint is in the same class with the churchman who imagines that writing his check will discharge his obligations to the Lord. As the artist's soul must needs be mixed with his colors, so the giver's heart must accompany the gift. Remember the widow's mite that became mighty. —Northwestern Christian Advocate.

We have read the general statement of State Auditor Chase with reference to the tax situation, and must admit his suggestions are timely, but the trouble lies in the fact that his statement fails, as do all others which have come to our attention, because they utterly neglect to definitely point out a system whereby taxes may be lowered. Reduced to the concrete, is it not true that the nation, the state, the county, the city, and the township, has been living, like the individuals, beyond their respective means? There is no panacea for high taxes that we can observe, any more than there is hope for the individual who is hard pressed, except to get along without those things which we cannot afford—or cannot pay for.

Following the present period of depression we will have a prolonged era of good times, to be followed again by a spell of hard times and the usual complaint that "I never saw such hard times in my life." Times were never harder in this country than in the 80's between '81 and 85, but prosperous times followed until the country was again plunged into despair following the panic of 1893. But in spite of all this the country saw its greatest period of prosperity during the world war. Now the times are stringent in some localities, but there never was so much money in the United States waiting for investment. It is coming in this direction soon, so let's have a heart full of cheer in order that our physical condition may be such that we can grab a piece of prosperity when the procession again swings into view.

A committee of the Commercial club has been selected to work out a plan whereby this community may continue to avail itself of the services of County Agent McCann. That is the spirit of '76. If the Farm Bureau is in disfavor with a majority of the farmers, then the business men of Thief River Falls are false to their own interests if they persist in maintaining it, but the retention of a county agent for purely agricultural purposes is a horse of another color. "Mac" proved himself indispensable in the sugar beet campaign, as he has in a thousand and one instances. He will be invaluable in the alfalfa campaign upon which so much depends, and we insist there are a sufficient number of farmers who rely upon him for assistance and advice to fully compensate the city and the country for the expense involved twice over. The farmers are simply peeved with the Farm Bureau, but they all like McCann. Let us reconcile ourselves with this situation by keeping McCann and ditching the Farm Bureau at least until such time as a more favorable atmosphere appears on the horizon.

After a bitter struggle between partisans lasting for six weeks, congress is now ready to get down to business. Now if they will pass the Coulter bill, adjourn, and go home they will be forgiven by a thoroughly disgusted constituency.

Mayor Leach, of Minneapolis, a fine fellow in many respects, though we believe he has allowed vice to run rampant in the mill city, is being groomed as a candidiae for governor. As the kids would say," he's the bee's knuckles" in that kind of a game.

The newspapers make much of the fact that Magnus Johnson slept in his underwear at Philadelphia following his address to the Pennsylvania bankers. Magnus must be getting stuck up for we have often seen him climb into the hay with brogans and breeches.

The thanks of this community are due the Highway department of the state for their painstaking efforts to place in good condition all roads leading into Thief River Falls. And, by the way, the county commissioners are likewise to be commended upon their activities along these lines.

It is painfully apparent that all diplomatic relations are off between Governor Preus and A. M. Welles, the red beaded editor of the Worthington Globe. We can not understand how a good church goer like Welles could have such hatred for such a personally likeable person as Governor Preus.

If the Postmaster General of the United States could see the conditions under which Postmaster Shaw and his aides are struggling to give good service to the people of Thief River Falls, we feel sure this city would be provided with adequate quarters instanter.

It does not happen to be our idea, exactly, but it meets with our approval. Simply this: Compel every moonshine maker to drink at least a pint of his own concoction upon capture, thus doing away forever with both maker and product, saving the state useless expense, and saving the lives of innumerable consumers of moonshine.

It may take time, but the time will surely come when it will be apparent to all thinking people that the primary law, when applied to a voting unit which has nearly a million votes is about the biggest farce imaginable. Ability no longer counts in the quest for office, unless it is the ability to holler loud and long through the horn of a demagogue.

County Agent Taylor is making a drive for more alfalfa in Roseau county which is attracting widespread attention. He erected an alfalfa palace at the last Roseau county fair, a picture of which appeared last week in the Roseau Times-Region. That is the kind of work that counts—it is the kind of propaganda which will take this section forever out of the slough of despondency.

The Tribune has under way a plan whereby the finest Guernsey sire ever brought to Minnesota will become the property of Pennington county farmers. It is quite an undertaking and involves a considerable expense, but this newspaper is determined that the best is none too good for the dairymen of the county. Full details of the purchase of the splendid animal now under cunsideration will be forthcoming very soon and we feel sure the news will be hailed with delight in all quarters.

Another chapter was added to the crime record of Pirritano, the Beltrami county murderer, when a woman, threatened by the murderer of four, went insane and was committed to the hospital for insane at Fergus Falls as a result of brooding over the awful experience. Perhaps Frank Day and other opponents of capital punishment can advance reasons why such a beast should continue to live, but most people believe that he should have been strung up by the neck—he and scores of other murderers who are much too well cared for at Stillwater.

Magnus Johnson has been accused in many quarters of being opposed to the Coulter bill now pending in congress, a bill which appropriates fifty million dollars for the use of farmers in the wheat raising sections to purchase stock. Such is not the case, however, but Magnus states that he is primarily in favor of a price fixing bill which will give the farmer a fair profit on his grain. That is what is needed for the immediate relief of the farmer, he asserts, and there are many who heartily agree with him. We believe congress should give its attention during this session to some sort of a bill which will permanently establish a price fixing commission.

Gunnar Bjornson, the sage of the Minneota Mascot, commenting on the agitation for a re-organization of the Republican party, states that the need of the hour is for a leader who is willing to champion unpopular ideas, who is willing to tell the majority that it is wrong, that people are being misled by false prophets, and be willing if need be, to go down to defeat as the champion of righteousness. Possibly you are right, Gunnar; in fact we fully agree with you, but the trouble is "there ain't no such animal," so why waste space on such utopian ideas. Our own opinion, frankly expressed, is, that under the present form of election machinery the sane thing to do is to select a man whose name, nationality and vote getting ability, plus a voice raised in opposition to everything that exists on earth and in Heaven above, is best fitted by nature to meet the enemy on common ground.

In times like these it would seem as if the government would bend every energy in the direction of helping distressed communities rather than to place barriers in the path of progress. We have special reference to the practice now in vogue in the middle west wherehy the government by the sale of savings certificates at an attractive rate of interest is filching badly needed funds from the smaller communities and diverting them to the already well filled money chests of the large centers. Why not stop this practice and give the banks of the country a chance to exist? This again suggests the idea that the government is not properly co-ordinated to the needs of the country. Undoubtedly the practice here complained of is not carried on in any malicious spirit but it seems strange that the executive branch of the government would exert itself strenuously to help out given localities while other departments are as energetically engaged in knocking the props out from inunder.

ROSEWOOD

Rosewood Farm Club Meeting.

The bi-monthly meeting of the Rosewood Farmers' club was held at the Rosewood hall last Saturday evening and attended by some over one hundred persons. The meeting was opened at 8:15 by President Ranum, the roll was called, minutes of last meeting read and approved. A report from the committee purchasing the piano was submitted, and as that was not yet fully paid it was voted that the treasury belonging to the old Farmers' club operating in 1920 be turned over to the new treasury and the piano be paid for. It was decided that the meetings hereafter be conducted on Friday evenings instead of Saturday, and our next meeting be held on Friday night, January 25. As lunch committee for the meeting of January 25 was appointed Adolph Haugen, and as program committee for the meeting of February 8, Percy Hanson. Blues.

Of all the rainbow's beautiful hues,
Do you choose today to bave the blues?
If it must be blue, why, then, not use
Some shade of blue way up in the skies,
Or the lilting blue in the baby's eyes?
And there's the blue-bell, violets too—
Whose modesty and frsgrance woo
Your sunniest smiles—if you must choose blue.

Keep the Saved Dollar at Home

CAN you imagine six hundred million dollars?

This is about the lowest estimate of the amount lost by the people every year in fake stock-selling schemes.

In 99 cases out of 100, the fraud is represented to be some far off, distantly located project, that is to make its stockholders rich over night.

Six hundred million dollars would build much productive property and provide many useful public improvements in the course of a year.

Once paid to the army of fake stock salesmen it is dissipated for about everything else except needed development.

Frauds don't last as long as bona fide propositions among the people of the towns they are supposed to be located in.

A home business institution that has existed a good many years and is your first-hand neighbor is usually pretty solid.

When a home institution invites you to become financially interested it is not ashamed of its record. It's there for you to inspect.

The money you invest at home not only stays home, but helps to build up your community and your own opportunities.

There are plenty of actually good investments "right here at home"—no need to send your savings on a trip to distant pastures.

STAR

J. W. Erlandson, Teacher.

On January 8 school began again after a holiday vacation of two weeks.

During the vacation the school board cleaned the school house, scrubbed and oiled the floor and hung the school bell. The scholars and teacher are glad to be back in a clean, renovated school house, and enjoy greatly to listen to the sound of the school bell.

Maxine Lien has been sick during the holiday season, and we have missed her at school this week, but hope she will be well enough to come to school next week.

Clara Loyland called on Maxine Lien last Sunday afternoon.

Miss Clara Bye left for Warren last Friday, where she is employed.

Miss Ovila Lien called on Miss Thelma Hovet last Sunday.

The party given at the Tellof Hovet home last Saturday night was much enjoyed.

Mr. and Mrs. Floyd Baird visited at the Theo. Hyland home Tuesday.

Mrs. Even Sjulestad's friends are glad to know that she is recovering from the severe sickness that has kept her in bed for a long time.

Tom Vatne called at the T. O. Loyland home last Tuesday.

George Tollefson and John and Martin Larson called at John Bye's Sunday evening.

Ole Johnsrud from the town of Reiner came near having a fatal accident on the Brown ditch grade one mile south of the North Star school last Thursday afternoon. The Ford he was driving slid off the grade, turned over once and a half and pinned him beneath the car. The accident happened shortly after 2 o'clock in the afternoon. J. W. Erlandson returning from school about 6:15 noticed an overturned Ford and on investigating found a man pinned beneath it in such a position that he could not shout or call for help. Not being able to turn the car aright Mr. Erlandson called Henry Sundsdahl and the two of them released young Johnson and saved him from a painful and unpleasant death.

HIGHLANDING

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas O. Rome and Thorbjor G. Rome, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 575 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 316;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage, became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100........($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgage contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 160 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

LOCAL POST AT WORK ON PLANS OF CONVENTION

Special Sight Seeing Excursion to Winnipeg to Be Big Feature.

Membership Drive Now in Full Swing; Losers to Feed Winners.

The new commander of the Elmer J. Eklund post, Oscar Smith, took the chair for the first time at the meeting in the Legion club rooms on Thursday evening. Perhaps it will be remembered that Mr. Smith bas the distinction of being one of the first commenders of the post in this city. He began the new year with a peppy businsss meeting, and a number of subjects were brought up.

A drive for membership has been started and is to continue until Febrnary 15. The commander appointed a chairmsn for each of two opposing tesms, W. A. Hsll, Jr and Francis J. Burns being those chosen. The two leaders chose among those present the ones they wanted on their teams and a big fight between the two is sxpected as the one that gets the least nnmber of members between now and the 15th must put on a feed for the winners. entertaining the mayor and the members of the city council also.

The Post took np the state convention subject at this meeting and voted unanimously to try for the 1925 state convention. This convention means as much and more to the city of Thief River Falls as to the Elmer J. Eklund post, because of the immense number of tourists who will spend the convention days here and the wondsrful advertising incident to the successful putting over of the convention next year. To put such a big affair over successfully means the hearty co-operation of every business establishment and every individual in Thief River Falls with the Legion, as it is a very difficult proposition to handls. It is understood that one of the features of the convention if landed here, will be a trip to Winnipeg. This will be the program of the third day and should prove a big drawing card, for although the Legionaires fought with the Canadians in the war, many of them have never visited Canada, and it is thought that an excnrsion would be of great interest to every one attending the convention. Taking this subiect in hand at once. Oscar Paulson left for Minneapolis the first part of the week to take up the matter of transnortation rates for a Winnipeg spccial over the Soo line.

At the end of the business meeting, Col. R. E. Webb was introduced to the Post. Col. Webb is the manager of Winnipeg's great new hotel, the Marlborough, where only ex-service men are employed. He gave a very interesting talk on first days spent in France during the war.

The usual entertainment given in connection with the Legion meetings was dispensed with in respect to the recent bereavement of Adjutant Ole R. Sande, whose little daughter died last week.

GRIFFITH LISTS 'FURY' GREATEST

Richard Barthelmess Made Picture at Sea Aboard Old Windjammer.

In line with the policy of the Thief River Theatre company to show nothing but the very best, another exceptionally good picture is scheduled for the Princess next Sunday and Monday.

Pronounced by D. W. Griffith to be one of the greatest pictures ever produced and a document from life, Richard Barthelmess' new starring production, "Fury," in which Dorothy Gish plays opposite him, is a classic of the sea. Unlike the way most pictures of the sea are made, Mr. Barthelmess and his supporting company lived for three weeks on an old schooner minus all comforts and conveniences, undergoing the same experiences as fell to the men who still sail the seven seas in windjammers.

"In spite of the hardships it was the most fascinating journey I have ever taken," Mr. Barthelmess says. "The mathematics of navigation became clear to me. I learned to read the compass and steer by it. The stories some of the old salts would tell of their experiences were romance carried to the Nth degree.

"It's a lonesome life though, in spite of the fact that you are never alone. There is no privacy. But to be cut off from the world for three weeks, without any communication, not even a wireless, makes you realize isolation as nothing else will. It sure seemed good to buy a newspaper when we rowed into Gloucester and also to feel some of the comforts of home once again."

Mail Carrier Objects.

An item in The Tribune's correspondence from the Neptune community is taken exception to by the mail carrier serving that section of the country. A letter to The Tribune from the mail carrier contains the following: "I notice in your last issue that your Neptune correspondent made an error relative to the mail service rendered last Friday, the 4th. I wish to correct that statement hy assuring you I did serve the route that day and quite a bit more. I spent two hours in the brush and snow almost in hailing distance to Neptune. As I did not have chains on my car I could not make it. As there is no main traveled road in to Neptune sometimes it is impossible to get in. I also went to Gully that morning to have a new radistor installed before serving the route."

High School Debate.

The second debate of the season will be held this week between the Lincoln high school team and Rosesu in ths school assembly room. The local team will defend the affirmative side of the question, "Resolved that European Immigration into the United States should Be Prohibited by Law for a Period of Five Yesrs." As ths Lincoln debators beld the negetive in their first contest the change of sides entails much extra work.

FIRE SQUAD TO GIVE A MASQUE

Prizes to Be Awarded; Pretty Decorations Are Promised.

The local fire department will bold its 30th annual ball in the form of a mssquerade, Friday evening, January 25.

It has been quits some time since a masquerade ball was put on here and attendance of local peopla at costume dances put on in nearby towns bas been so large that the fire squad is very much encouraged in the belief that such an affair will go over big with the dancers of this city.

The auditorium is to be beautifully decorated for the occasion. A committee has been set to work on that feature alone. Prizes in cash are to be given to the best dressed lady and the best dressed gentleman, also to the most comically got up lady and gentleman. In fact, it will be a really, truly masquerade and this one thing must be kept in mind by all those who contemplate coming: No one will be admitted to the dancing floor between the hours of 9 and 11:30 p. m., who is not in costume. As to music, the firemen promise the best in local talent. At midnight a sumptuous luncheon will be served by the Lady Foresters.

Notice.

Canton Thief River Falls No. 10 will hold the office installations on Friday evening, January 18. All members are requested to be present.

John Carlson Very Ill.

Wednesday morning a telegram was received at the Carl Carlson residence, 402 Duluth avenue north, that Carl's father, John Carlson, was dying in Mobile, Alabama. The nature of the illness is not definitely known, but it is thought to be caused by a weakened heart and old age.

Mr. Carlson is well known among the railroad people of this city, as he was a bridge builder for the Soo Line for many years and made his home in this town with his children. He is a widower and has been living in Alabama since he retired from railroad service a few years ago. He is nearly 86 years old.

Besides his son, Carl, who lives in this city, there are two other boys, one living in San Francisco, Calif., and Cyrus, who was very recently married and lives on Long Island, There are two daughters living, Eleanor, in Seattle, and Elsie, who is married and lives in Buffalo, New York.

Grand Love Story is Told in "Kindred of the Dust."

"The course of true love never runs smooth," is an adage which is exemplified in "Kindred of the Dust," an Associated First National attraction produced hy Raoul A. Walsh from the novel by Peter B. Kyne, and which is coming to the Princess theatre on Friday and Saturday for a two-day engagement with Miriam Cooper in the leading feminine role.

Playing the role of "Nan of the Sawdust Pile," Miss Cooper gives a remarkable characterization of a poverty stricken maiden who is loved by the son of "The Laird," the millionaire lumberman.

Her grandfather, Caleb Brent, a retired petty officer of the American navy, through lack of money, had been forced to settle on some land made by the depositing of refuse from one of the lumberman's saw mills. It was while living in such squalid circumstances that Nan met young Donald McKaye, and it was a case of love at first sight with each.

But considerable opposition quickly developed. "The Laird" objected to his son marrying the girl, and Andrew Daney, the general manager of the saw mill, had reasons of his own for trying his best to force the girl and her grandfather to move.

The only joy left to Nan was her voice. It was so pure that it enthralled all who heard it. Eventually Nan obtained tha opportunity to go to the big city and cultivate her voice. There she married the singing instructor, but disillusionment came, and with it more trouble than she had ever anticipated.

She was on the verge of reaching the apex of her operatic career in New York when she learned that Donald was sick, and that his recovery depended on her presence.

Tha climax of this story is exceptionally strong, and is a fitting finish to n highly dramatic story.

Commercial Club Activities

The meeting next Thursday will be given over to the consideration of plans for the Pennington county fair next fall. The directors wish to get all the helpful ideas, so that we may have the best county fair in Northern Minnesota.

The Industrial committee met with the Korstad Brothers to consider their plans for installing an egg case factory. The committee has endorsed the enterprise, so let everyone get behind and hoost this new industry.

Mr. McCann, secretary of the Commercial club, who is also secretary of the Fair association, attended a meeting of the Associated County Fairs in Minneapolis last week. Mr. McCann will giva a report at the meeting tomorrow.

Attention is called to all members that the dnes for the first half of 1924 are due and should be paid at once.

There are many projects of vital importance coming before the Commercial club, therefore every man in this city should be a member. We should have at least 200 paid up members.

The committee on the development of the Red Lake as a summer resort expects soon to have a definite report to make. Col. Webb, of Winnipeg, when he learned of the project of the summsr resort was very enthusisstic and asked that details bs sent to him as soon as possible, so thst Winnipeg could include them in their advsrtising as they are anxious to work with the people of Northern Minnesota in the development of this project.

Mr. Arneson announced at tha last meeting that negotiations are being carried on for the purchase of one of the best Guernsey sires of national fame. This will be a great boost for this section of the country for the Guernsey breed of cattle.

County Supt. of Schools, Ole R. Sande, Loses Little Girl Through Scarletina

On Wednesday, January 9, occurred the sad death of Veronica Sande, affectionatly known to many people of this city as "Bonnie." She was the only daughter of Ole R. Sande, county superintendent of schools.

Veronica Sande was born June 23, 1918, in this city and was five years, six months and sixteen days old at the date of her death. She was taken ill with scarletina a week and a half before her death and complications set in with the measlee which followed. Nothing that could be done seemed to aid the child and death came on Wednesday.

Tha funeral, which was private, was beld on Saturday, January 12, at Gully. Rev. T. E. Sweger of tha Trinity church officiated. Burial took place in the Gully cemetery where Mrs. Sande also is buried.

To mourn her loss, besides her father, is a little hrother, Robert Stuart, who lives with Mr. Sande's parents just west of this city. Bonnie was a lovely little tot and everyone who knew her deeply mourns her death.

Women's Clnb Celebrates Anniversary.

On Monday afternoon, Jannary 21, at 3 o'clock, the Women's cluh will celebrate the 10th anniversary in the form of a birthday dinner. Mrs. E. O. Mogensen will be in charge of the affair which will be held in tha Commercial club rooms. The music memory contest will be in charge of Mrs. Gay Halvorson.

A cordial invitation is extended to all members to be present at the party.

Auxiliary Dance.

Tha Woman's Auxiliary of the American Legion has made arrangements to give a dance at tha club rooms of the American Legion next Friday evening, January 18. An admission charge of 75 cents per couple will ba made and the general pnblic is invited to attend. Good music will be provided and the entertainment committee promisee a good tima to all who attend.

Rendahl-Johnsrnd.

Monday, January 14, Miss Tellie Rendahl and Teloy Johnsrud were united in the holp bonds of matrimony by tbe jndge of probate, Lars Backe. The witnesses were Miss Anna Rindahl and Walter Grams. Both the bride and groom are residents of Pennington county, living near Erie.

Trinity Young People Meet.

On Thursday evening, the Young People's Society of the Trinity Lutheran church, will meet in the basement of the church. The program for the evening will be ecripture reading and prayer by the pastor, Rev. T. E. Sweger; hymn by the audience; vocal duet by Iesabel Richter and Liv Vistaunet; a short talk hy Rev. Albir Larson; and a solo by Elra Porter accompanied by Misses Dorothy Holm and Lorraine Will. After the program, short business session will be held. All members are invited to attend.

Farm Bureau's Approval Goes to Co-Operative Plan

(Continned from page 1.)

"Third: Sufficient financing and efficient administration."

The section relating to the creation of a gasoline tax caused some discussion, and was finally passed when revised to apply only to gasoline used for transportation pnrposes. The opposition to the general salee tax was passed unanimously.

"We deplore the present maladjustment of freight rates between farm products and other commodities, and recommend the resdjustment of freight rates on these products, the price of which does not warrant the rates," said the committee's report on freigbt rates.

Anotber recommendation was thst "control of railroads within the state should be returned to the state railway commission to the same extent as existed before the war."

Portions of the report relating to agricultural development urged the payment of salaries of county agricultural agents from public funds, perfection of a uniform plan of organization for bome and community work, curtailment of major drainage projects until a greater need for reclamation exists, and revision of drainage laws so farm lande will not be confiscated by excessive drainage taxation.

State regulatory powere were recomended over ths development and operation of the state's water power and over rates charged by publie utility corporations for the products of the power so as to insure the development of nstural resources for the benefit of the general public rather thsn for private interests.

Canadian farmers' organizations are to be asked by the Federation to get behind tha Great Lakes-St. Lawrence Waterway project.

"Strict economy should be exercised by the schools, government and all other public institutions," said the section on taxation. The committee added that "the present tax rates are out of all proportion to the present farm income."

Bonding future generations for carrying on building construction and pnblic improvements was condemned and a recommendation made that a "pay-as-yon-go-policy be adopted as far as possible." A recommendation also was made that congress investigate the growing increase of tax-free securities. Some members objected on tha grounds that abolishment of the securities would only serve to increass the interest rates on farm mortgages.

Other sections relating to taxation recommended the increase of inheritance taxes and the removal of exemptions of state officials' salaries from incoma taxes.

Establishment of new or additional departments in public schools should be postponed becanse of the present economic agricultural depression, it was decided, and instruction in the principles of co-operation as applied to community, social and business life should be increased.

Support to national legislation measures relating to the "truth-in-fabric law," sale of substitutes and deceptive containers, limitation of tbe number of immigrants and tariff schedule revision was pledged and tbe stabilization of farm labor conditions.

Agricultural Short Course Is Assured in Thief River Falls For Two Days, February 18-19

Programs of Special Interest to Every Resident of Pennington County Will Be Presented—Course Provided Under Auspices of International Harvester Company Agricultural Extension Department.

Thief River Falls and Pennington county are to receive the benefits of an agricultural short course this year, and the dstes hsve been set for Monday and Tuesday, February 18 and 19.

H. C. Ohlseng of Chicago, a representative of the Agricultural Extension department of the International Harvester company, was in the city on Monday and assisted in making the preliminary arrangements. The meeting, which was held Monday afternoon at the city auditorium, was attended by a considerable number of business and professional men of the city, together with several farmers and a number of lsdies. Tbe speakers and demonstrataors who will come here to assist in conducting the short course will be people of exceptional ability and brosd experience. The sole purpose of the short course will be to assist the people, so far as possible, in solving the many problems of the farm, the farm home and the community.

There will be demonstrations and discussions pertaining to the farm and to the home and the short course will be entirely different from anything ever held in this vicinity. In fact, it will be in the nature of a farmers' and housewives chautauqua. All the lectures will be illustrated with large charts or lantern slides and educational moving pictures. These pictures will consist of what hss been declared to be the best agricultural reels ever produced.

The short course will be for everybody—men, women and children—and will be equally interesting and instructive to those living in town and to those living in the country. The public will be invited to attend all sessions and no sdmission price will be charged.

At the meeting Monday afternoon all preliminary arrangements were made, including the naming of committees to take charge of the various phases of the enterprise. Following are the committees and the personnel of each:

General Chairman—Geo. M. Wilson.

Arrangements—H. A. Brumund, chairman; Olaf Neset and H. S. Dahlen.

Publicity and Invitation—M. A. Mattison, chairman; J. J. McCann, Dreng Bjornaraa, O. R. Sande, E. M. Bennes and Geo. A. Russell.

Finance—Theo. M. Thronson, chairman; Albert Lonson and L. A. Hermanson.

Reception—C. D. Gnstafson, chairman; F. J. Stebbins, Mrs. H. W. Froehlich, Rev. J. B. Smith and Rev. Chas. Gerlinger.

Program—Miss Maude L. Johnson, chairman; J. J. McCann, I. T. Simley and Mrs. G. Halvorson.

Schools—I. T. Simley, chairman; O. R. Sande, Paul Overbo, Goodridge; H. F. Anderson and Miss Ann Fricker, St. Hilaire; Miss Julia Herlickson.

Class Room Materials—J. J. McCann, chairmsn; F. F. Haynes, S. E. Hunt, H. L. Schuster and E. M. Bennes.

Women's Department—Mrs. H. W. Froehlich, chairman; Mrs. R. H. MacDonald, Goodridge; Mrs. A. F. Hall, St. Hilaire; Mrs. S. E. Hunt and Mrs. I. T. Simley.

DISTRICT COURT CONVENES FEB. 5

Large Number of Cases Indicates Lengthy Session of Justice Mill.

The regular February term of the district court will open in Thief River Falls on Tuesday, February 5, with Judge Andrew Grindeland of Warren presidmg. No grand jury has been called for this term, as all criminal matters will be handled upon information from the county attorney's office.

According to Clerk of Court Adolph Eklund, the February term promises to be an unusually long one. He states that a large number of eontinned cases will come up for consideration, together with more than the usual grist of new actions on the civil calendar.

Following is the list of petit jurors chosen for the term: Joe Votava, Thief River Falls; A. M. Langseth, Thief River Falls; Mike Highland, St. Hilaire; George Williams, Thief River Falls; Clarence Roese, River Falls; Alfred Benson, River Falls; H. J. Maland, North; Ole Homme, Silverton; Emil Hallemack, River Falls; Axel Kron, Norden; Carl Hillard, Thief River Falls; Mons Engelstad, Rocksbury; M. O'Leary, Mayfield; Felix Anderson, Black River; P. W. Wright, Kratka; John Sjolsvold, Norden; Charley Johnson, Norden; Anton Peterson, Wyandotte; Gust Naplin, Polk Center; C. W. McDaniels, Thief River Falls; H. Cooper, Mayfield; C. M. Wilson, Thief River Falis; T. J. Skaar, Clover Leaf; M. A. Mutnansky, Goodridge.

"KATHLEEN" TO BE READY SOON

Delightful and Unique Musical Comedy Comes Next Tuesday Evening.

The Legion hall is quite the busiest place in town from four o'clock p. m. until late in the evening. 100 to 125 of the Thief River Falls young people are working with might and main to make "Kathleen" the biggest hit by far ever seen in this city.

The production will be ready for the approval of the people of the city next Tuesday night, January 29, and no one can afford to miss this screamingly funny, yet lovably sweet comedy that is yet replete with moments of breath-holding suspense.

"Kathleen," the adorable Irish coleen, is well played by Mrs. J. J. McCann and "Jimmy Stanton," rich in love, but poor in purse, is ably portrayed by Lawrence Michelson. Mr. Michelson plays opposite Mrs. McCann with splendid ability. Miss Dorah Kelly and Elra Porter as Flossie and Ned will make everyone eajoy the evening more by their sweetly sung "Lovelight," duet, and the charming way in which they enact their parts.

"Arabella Wilkins," Miss Lydia Batten, and "Lem Underduck," Lester Guss, enliven the whole production with wonderful bits of comedy. Norbert Holzknecht as "Hans," the storekeeper is n scream. These three in their song and dance, "Deduction," are in a class above the average comedian. Dave Robinson, as "Teckly," the town's best checker player, is splendid in his role, and is the most laughable rube imaginable. The serious part of the nncle, Micheel Flynn, played by E. O. Mogensen, is done with unusual success. Mr. Mogcnsen makes of this character a truly lifelike being.

The choruses are splendid and are composed of groups from eight years of age to the "jnst right" kind. The "Dance-O-Mania," chorus led by Earl Effinger, is the snappiest of them all, and alone should be well worth the trip to the auditorium. The musical nnmbers are catchy and lovely "Kathleen," especially, to be heard is to be remembered. These songs are on sale at the Thief River Music store.

Reserved seat tickets will be on sale at Lambert'a drug store Saturday, January 26, at 9 a.m. Don't miss this treat.

RURAL SPELLERS START CONTESTS

Process of Elimination to Decide Championship of District at Crookston.

County Superintendent of Schools Ole R. Sanda this week completed plans for the annual apelling contest to be conducted in Pennington county, which is held for the purpose of picking two spellers to represent tha county at the Red River Winter shows at Crookston on February 8, when a district spelling contest is to be held.

Each rural school is given the privilege of conducting its own spelling contest any time np to January 26, the date of the sectional contests. The county has been divided into seventeen sections by the superintendent, with the following leaders in charge: Rose Oski, city; Lillian Norman, Wylie; Esther Fricker, St. Hilaire; Clara Sorenson, city; Milda Shefveiand, city; Mabel Shefveiand, Kratka; Johanne Wedul, Hazei; Stella Thompson, Erie; Lanra Wold, Kratka; Bertha Christianson, Wanke; Gertruda Oison, Rhoda; J. W. Erlandson, Erie; Agnes Stucy, Rhoda; Myrtle Myrin, St. Hilaire; Laura Kron, Rosewood; Florence Geror, Wylie, and Rose Lemkuhi, Red Lake Falls.

After the sectional contests have been completed, the winners in each section will meet at Thief River Falls on February 2 for the purpose of picking the two winners for the district contest at Crookston on February 8.

COUNCIL MAKES APPOINTMENTS

Chommie Is Chosen City Attorney and N. J. Anderson Assessor.

H. O. Chommis was re-appointed city attorney at the regular meeting of the council last night, receiving all five votes cast, Oscar Rambeck being absent when the clerk resd the roll. Mr. Chommie did not have any application in for the position but G. Howard Smith and G. Halvorson had msde formal application.

N. J. Anderson was declared elected assessor when he received four votes to one for Andrew Trovaten. Three applications for the position had been filed, these being from Andrew Trovaten, C. J. Alexander and E. J. Backlund.

The position of city physicisn and health officer was filled by the election of Dr. H. W. Froehlich, he receiving all five votes cast. No applications therefor had been filed.

The city clerk had an application for milk dealers license from H. Bergstrom and this was duly approved unanimously on recommendation of the city milk inspector, Dr. Twete.

Nearly fifty merchants signed a request to the city council for a rigid enforcemeat of the transient merchant ordinance, which does not permit outside stocks to be brought into the city for short ssles and the owners allowed to decamp before paying taxes. The matter was referred to the city attorney for further investigation. Similar action was taken on a request from the American Legion regarding the filling of the position of assistant city clerk, to which place Miss Emily Fossum was elected two weeks ago and for which place others had applicd, including L. C. Nielsen, an ex-service men. A request from the local creamery to have Second Street east of Atlantic avenue vacated was referred to the street committee.

The bonds of the city clerk were fixed at $8,000 and those of the assistant at $1,000. The regular grist of semi-monthly bills was allowed, while the free use of the anditorium was granted for the annual district basket ball elimination contest to be heid on March 6-7, provided the same can be bronght to Thief River Falls.

START MOVE TO HELP INDUSTRY

Committee Chosen to Work in Conjunction With Commercial Club.

A number of representative citizens of Thief River Falls gathered at the auditorium iast Saturday evening to consider steps in financing and promoting industries in the city. It was agreed that one of the most urgent needs at the present time is the establishment of industries which will afford empioyment for the men and women. C. L. Hansen was chosen chairman of tha meeting and G. Halvorson secretary.

Mr. Halvorson ontlined a plan which was approved and which in effect contemplates the creation of a financial organization whose business it shall ba to provide finances for approved institutions. The board of directors wili be called npon to investigate any industry which may desire to locate here and which mey be in need of financial aid. If the action of the board is favorable it is planned to organize a selling force to market the securities of such an industry, with the understanding and agreement that the financing organization shall have supervision over the business so long as it it so decided by the stockhoiders of the organized industry. The plan was endorsed by J. B. Conner, Jas. Barnett, Dr. H. W. Froehlich and others prasent at the meeting.

It was decided to work in harmony with the Commercial club and a committee consisting of J. B. Conner, C. L. Hansen, G. Halvorson, Andrew Trovaton, C. M. Evenson and H. M. Evenstad met with the indnstrial committee of the clnb Tuesday afternoon. It is understood this committea will report fnvorably on the matter at the next meeting of the club.

MOTORIST CLUB HOLDS ELECTION

Many Recommendations for Coming Year Made; Much Good Done.

The Pennington County Automobile club held its annual elective meeting on Tuesday night. The following officers were elected: F. J. Stebbins, president; Dr. H. W. Froehlich, vice president; E. M. Bennes, secretary; Nels Christianson, treasurer; F. J. Stebbins and Mr. Christianson, delegates to the state convention which will be held in Minneapolis on February fifth.

It was recommended at the business meeting that the metter of the arches over the main highways leading into the country be taken up with the Highway commissioner. If this is permitted by the state highway association, the clnb intends to delve into the subject of appropriate arches on which some slogan will be written, disclosing to ths tourist the desirabilities of Pennington county. The snbject of glaring headlights was again taken up and will be considered later on. Headlights glaring at night have caused more accidents than any other one thing, it has been claimed and it is thought that steps should be taken to abolish this nuisance. It was also decided to take np with the Commercial club the advisability of turning a noon dinner into a dinner for motorists and invite all auto owners to come. This would take place in the spring and subjects of ganeral interest to all auto owners would be discussed.

The financial condition of the club is reported to be very good. Among the many things accomplished this past year was the placing of six large permanent road signs as guides for tourists. These signs are very necessary things in a motorist's life and it was recommended that the sign placing be kept np.

CREAMERY MEET HERE SATURDAY

Stockholders of Local Co-operative Institution in Annual Session.

Secretary T. H. Bjerke announces that the annual meeting of the stockholders of the Thief River Falls Co-operative Creamery association will be held in this city next Saturday, beginning at 11 o'clock a. m. The sessions will ba held at the city anditorium.

Many important matters are to come before the stockholders for consideration at this time and it is anticipated that a large proportion of the stockhoiders will be present. Officers and directors for the ensuing year are to be eiected.

One of the important things to come np is tha building question. It is realized that a new building for the local creamery is a pressing necessity, and many of the stockholders favor the erection of a new structure withont delay. Others feel that conditions at this time are not favorable for snch a move and believe that building operations should be postponed at least for another year. Whether or not a new creamery is to be built this year wili be decided at Saturday's meeting.

At noon the creamery men will take their lunch in tha Commercial clnb rooms in company with tha members of that organization, and tha speaking program following the luncheon will be of particular interest to the dairymen.

Preparations Under Way for Remodeling Building to Be Used by Penney Co.

Activa work has been started in getting ready the Evenson building on the corner of Third and Main, which will be occupied by the J. C. Penney company on March 1. Orders were placed this week with the Northern Woodwork company of this city for a complete set of new fixtures and work on these has already begun. Within a few days workmen will be on the job making the necessary alterations in the west wall of the building.

With the added floor space which the new quarters make available, it is the intention of H. E. Nelson, manager of the local Peuney store, to add several departments to the stock and to enlarge many of the lines now carried. When the move is made and everything completed, the Thief River Falls store will be one of the largest and finest in the state owned by the J. C. Penney company.

Federal Agencies Make Move to Provide Funds to Assist the Bankers of Northwest Section

Coolidge and Cabinet Back Stabilization Plan—Government Will Lend Cash on Agricultural Paper Held by Banks—Mission Leaves for Northwest to Work Out Procedure With Financial Institutions.

According to dispatches recelved from Washington, the government of the United States will pnt $30,000,000 behind banks of the Northwest, the purpose being to help the banks in carrying the large amount of agricultural paper which these institutions hava assumed during the recent period of depression in farm prodnct values. The money will be provided through the War Finance corporation and the federal reserve board, co-operating with eastern financial institutions.

The decision to pnt this snpport behind the banks of the Northwest was reached Saturday at conferences with President Coolidge, participated in by Eugene Meyer, managing director of the War Finance corporation, officials of the Federal Reserve board, and members of Northwestern congressional delegations. The government acted immediately to put the decision into force. This action included:

Dispatch from Washington of two members of the Federal Reserve board, George H. James and E. H. Cunningham, and Henry M. Dawes, controller of the currency, to confer in Chicago with midwestern bankers.

Preliminary arrangements for a similar conference in the twin cities as soon as the three officials compiete their conferences in Chicago.

Preparations for Mr. Meyer to visit points in the Northwest to discuss with bankers the methods of putting the resources of the federal government behind banks carrying large quantities of long time agricultural paper.

The government's decision to put its resonrces behind the banks of Northwestern states where desirable, carries but a step forward the work already being done by the war finance corporation. This institution has been rediscounting sound agricultural paper held by the banks, releasing to banks funds to meet the current needs of their communities. The recent decision makes more money immedistely availsble for such purposes, and extends existing fscilities for taking over long time paper.

DEBATING TEAM IS VICTORIOUS

Lincoln Trio Wins Second Battle of Wits; Defeats Roseau.

Taking the affirmative side of the question, "Resolved, that European immigration into the United States should be prohibited by law for a period of five years," the Lincoln debating team again won the unanimous decision of the judges on Monday night at the Lincoln high school. The battle of brains was very exciting at times, but althoagh the Roseau team presented a vary good constructive argument, the local trio won on the rebuttal to the extent that the debate ended with a score of 3-0.

The asme team that fought so well before, fought again for the high school; Misses Hazel Krause, Margaret Meigaard, and Mae Ballangrud. The Roseau team was composed of Misses Lncille Grothe, Mona Everett, and Caroi Burkee. The judges for the evening were Supt. G. Holmquist, of Warren; Supt. C. H. Orrison, of McIntosh; and Rev. A. E. Hanson of Middle River.

The next debate will be a semi-finai and will be fought out with Crookston. From now on these debates will prove very exclting for Thief River Falls will be fighting out the semi-finals for the Northern section. Fergus Falls and Hawley will be fighting ont the semi-finals for the Sonthern section at the same time. The same subject will be used in the next debate.

Mention must be made of a piano soio played by Miss Lucille Hermanson, a seventh grade pupil, while the jndges were making their decision. This is a very difficult time to do anything as everyone is excited and wrought up, both by what has gone before and the uncertainty of what is to come. Miss Hermanson played a concert etude by MacDowell with anch evident feeling for musical valnes that many mentioned it with pleasureable surprise, because of the well known technical character of the piece and the youthfulness of the pianist.

Commercial Club Meeting and Lunch Next Saturday Instead of Thursday Noon

The usual Thursday noon luncheon and meeting of the Commercial club has been postponed to Saturday this week. This was done in ordsr that the clnb might hoid its meeting in conjunction with the stockholders of the Thief River Falls Co-operative Creamery association, whose annual meeting occurs that day.

The creamery stockholders have been invited to take their lunch at the Commercial clnb quarters on Saturday and as a result one of the biggest and most Important sessions of the year is anticlpated. Don't forget the change of date to Saturday and make it a point to be present.

FIRE SQUAD IS BUSY ON DANCE

T. R. F. D. Preparing for 30th Annual Ball on Friday.

Friday night will be a mask night for Thief River Falls, and the first one for a long time. The firemen are busily preparing everything for the big night. The auditorium is in the process of being elaborately decorated andthe floor is being put in the best possible condition. Everything that can be done for the better joy of the guests of the evening is being attended to with sharp eyes for the smallest details that in the end always mean so much, for the squad is determined that this dance shall be one of the very best, if not the very best dance of its kind ever put on in the city.

It should be remembered that everybody must be masked and in costume or they will not be admitted between the hours of 9 and 11:30 p. m. For the added stimulation of the peopie with ingenious ideas in dress, both eccentric and beautiful, prizes will be given the best dressed lady and gentieman and the oddest costumes worn by a man or a woman on that evening. Earl Erickson's orchestra will furnish the music and at midnight a supper will be served. A very large turnont is expected.

You Need Not Fail

by Whit Hadley

Frank G. Riblet, from Galion, Ohio, had every right to—but didn't. Riblet's fethsr owned a store in Gailon and couldn't maka it pay. His family were in abject poverty. Taken from school whsn a small child he started as a freight train conpler in the yards of Galion. Then he became a vender of candy on a train from Crestline to Indianapolis. Next he fired a locomotive and then became an engineer, holding his joh elsven years. He built a shanty to live in snd spent half of each night stndying how to mske more money, and starving himself to save every penny.

Then he went to Cleveland and as a free lance tried to sell resl estate. He hit upon a novel schems of taking an option on a lot, trading the lot for a grocery store, developing tha store and selling it. His profits were meagre but they were profits.

With them he bought a half interest in a livery stable, paying $86 down. He found himself handicapped by a competitive livery man, so with three city lots bonght on option he traded them for his competitor's business and gave him notes in addition. With the profits from hoth stables he took np the options and bonght mora real estate on option. Then Riblet took a 99-year lease on land next to a big hotel, erected a five-story livsry barn and donhled his income.

Whsn his wife's health failed he sold ont and went to Arizona, living there three years, then retnrned to Cleveland. He mads plans to erect ths finest garage in town bat stopped to havs his picture taken. Becoming interested in photography he went across ths street, rented a store, hired the photographer's clerk who had waited on him, to run it, and started to do business. It became necessary for him to hire six assistants.

Recently Riblet became interested in Texas oil wells. He struck oil tha first shot at 1300 feet. He used a peculiar argument in secnring capital. He impressed upon each investor that the risk they ran was great. He suggested that each one put in only what he could afford to lose in case of failnre.

Today Riblet is a well preserved man of seventy-one, and is worth one million dollars.

Does It Pay.

An exchanga asks if advertising pays. Well, we should say it does! Last week a merchant of a certain town not a thousand miles from here advertised fresh dairy bntter for sale. The printer pnt an "h" instead of a "d" and the ad read: "Fresh Hairy Butter for Sale."

A smart barber called up tha grocer and offered to shave the bntter at a standard price. The grocer got mad and licked tha barber, breaking his nose and otherwise disfiguring him so that he was compelled to call npon a doctor who charged him a tenner for the services rendered.

The next day tha barber met the editor on the street and threw a brick at him, giving him a close shave. In his efforts to get away the pen pushar fell down, tearing his trousers so badiy that he was necessitated to buy a new pair, also his editorial shears which were in his hip pocket, penetrated his anatomy so that the services of a surgeon were required.

And all the result of a little ad.

Only the heroic can be hero worshippers.

No matter how often the worm turns he always has the dust under him.

We seldom oversleep on the days when the rent-collector calls.

PROPOSED LOAN FOR LIVESTOCK TO AID FARMERS

$50,000,000 Loan for Purchase of Farm Animals Now Pending.

Coulter Plan Meets General Approval in This Section of Minnesota.

Increasing of dairy and beef cattle, hogs, sheep and poultry in the Northwest is proposed as a remedy for the present condition of the wheat farmer in a bill now before congress which provides for the appropriation of a revolving fund of $50,000,000 to be loaned to farmers for the purchase of breeding stock by the government without requiring other collateral than the stock purchased and the increase therefrom.

Advocates of the plan point ont that three classes of farmers would be benefited, those who hava no stock and wish to purchase enongh to supply meat, eggs and dairy products for the farm table; those who have scrub stock not capahle of returning a profit which they would replace with higher grada animals, and those who have a few head of good cattle but want to increase their herds so that they can produce animal products on a commercial basis.

Farm surveys recently made under tba supervision of the agricultural colleges in North Dakota and Minnesota have revealed the fact that many farmers are without certain classes of livestock and are consequently forced to spend a considerable amount of cash for food. More than nine-tenths of the farmers interviewed hava declarad that they would apply for such a loan, and that they could provide adequate shelter and feed for animals secured. Many of this number declared that they were under-equipped, or that they wished to replace inferior animals with a more profitable type.

The livestock loan plan for accelerating diversification was worked out at the North Dakota Agricultural College under the direction of President John Lee Coulter, and was afterward enlarged to include Sonth Dakota, Minnesota and Montana at a recent meeting held at Minneapolis. A bill was drawn embodying the plan and introduced as House Resolution No. 4,159 by Representative O. B. Burtness of North Dakota and as Senate Bill No. 1,597 by Senator Peter Norbeck of South Dakota. Floor leaders have given assurance that the measure will receive early consideration in committees.

The loan would be administered by a commission composed of the secretaries of agriculture, commerce and the treasury. They would use existing facilities at Agricultural colleges and the county agricultural agents together with local, advisory committees in securing and distributing livestock and supervising the csre of the same.

Loans would be made up to $1,000 to individual farmers and tenants and would run for not more than five years the rate of intrest not to exceed six per cent.

In justification of special consideration for the Northwest, proponents of the plan point out that farmers of the spring wheat area had started to diversify before the war, but that the plea of the government for more wheat at that time resulted in a sacrifice of the livestock industry and curtailing of the feed crop acreage. Records for North Dakota show that the wheat growers have lost an average of $5.63 per acre for every acre of wheat grown during the past five years; that they are equipped for wheat production, and than even though they realize the necessity for reducing the acreage of this crop, they are unable at present to finance the purchase of livestock.

Will the extensive introduction of livestock into the Northwest result in an overproduction such as already axists with wheat?

President Coulter of the North Dakota Agricultural college declares that the dairy industry can stand considerable expansion and still harely produce the requirements of the consumers of the country.

"The population of tha United States is increasing at the rate of 1,500,000 each year, according to census authorities, and one cow is required to supply the dairy prodncts consumed by 5.3 persons, which means thst the cow population must increase nearly 300,000 each year in order to take care of the increase in the number of people," he says.

"Statistics show that the number of dairy cows in the New England States has decreased dnring the past 40 years, in New York and Pennsylvania the number remaining stationary while the north central states are the only ones to show an increase."

The plan does not contemplate elimination of wheat production. By increasing cultivated and pasture crops and adopting a crop rotation, it is believed that weeds will be brought under control and fertility increased, with the result that yield of wheat to make up for the rednction in acre-lower cost of prodnction per bushel and consequently better chance for per acre will be increased sufficiently age. This in turn would result in a profit, regardless of the market price.

Faculty Man Helps This State Save Much Money

Fredrick Bass, heda of the department of civil engineering at ths University of Minnesota, served as chief engineering counsel for the state of Minnesota in defending the $1,000,000 suit bronght by the state of North Dakota for flood damages six years ago, a suit which the United Statea Suprema Court hss just decided in favor of Minnesota.

Nortb Dakota contended in bringing suit that drainage projects in Minnesota diverted so much water into Lake Traverse and the Bois des Sioux river that the water level was raised two feet, causing more than 100,000 acres of land to be overflowed. During trial of the casa tbe original two-foot claim was reduced to about two inches. This, with other evidence, led the supreme court to find for the defendant state.

The case has receieved widespread attention in past years, bnt faw know that it has finally been decided. It is said to have been the largest claim ever filed against Minnesota by another state.

Mrs. Adsero Very Ill.

On Monday, January 7, Oliver Resan and his sister, Miss Resan received a telegram from Fargo telling of the severe illness of their sister, Mrs. Fred Adsero. They left immediately for Fargo where they expect to stay for an indefinite time.

Mrs. Adsero has been ill for about a month with pernicious anemia and lately has been at the St. Luke hospital. Her condition had not been considered serions until within the last day or so, however, when complications set in.

The family was quite well known to many in this town for although they were not residents, Mrs. Adsero, with her children, Mrs. Ted Torgerson, Rosa, Manda, Fritz, and Oscar, have visited in this town and with Oliver Resan at his home in Goodridge.

TURN A NEW PAGE.

At this season of the year many people make it a custom to change their modes and methods, or in other words, "turn over a new leaf." All kinds of resolutions are made in January, some to be kept during the entire year and others to be broken within a short time.

Most of these resolutions concern personal habits which the individual knows to be harmful, and which he feels should be dispensed with.

Very few people, however, really get to the bottom of things sufficiently to discover in their own makeup the most vicious habit of all—that of pessimism concerning the future of this section and the inclination to believe every dark-colored rumor in circulation. If some miraculous change could be wrought in the minds of the pessimists, bringing to them a true perspective of conditions as they actually are, it would indeed be a big step in bringing about a decided improvement in conditions for everyone.

Have you resolved to do your fighting in the ranks of the optimists and boosters during the year 1924? They're a mighty fine bunch to be with and we know you'll like their company.

Make the resolution today and keep it.

PLAY FOR GROWN-UPS.

A recent report from the state board of health says that grown folks need to play as well as children. It quotes a well known doctor to the effect that the degenerative diseases nearly all result from lack of play. Mentally and physically we need play that relaxes tired muscles and give the nerves a chance to regain lost vigor.

It will appear, therefore, that the modern tendency toward more play and amusement is not entirely bad after all. Some old timers insist that everything is going to the dogs because of this craving for recreation. This objection comes mainly from earnest and burdened people whose lives are mostly digging and drudgery, who have not come to realize what suitable recreation really means.

The community and individual citizens should provide the right kind of recreation places for adults as well as children. More tennis courts, more golf links, more horseshoe pitching courts are needed in this and every other community.

Envying the other fellow's lot in life won't get you one on the corner.

Thief River Falls is getting so dry that the water will no longer run over the dam.

One trouble with the average train of thought is that it is made up of too many empties.

One redeeming feature about winter this year is that it was almost over before it got started.

One of the differences between some men and most dogs is that the dogs appreciate good treatment.

Faith is a fine thing but work is needed to make it effective. Have faith in your community and work like blazes to prove it.

This northern Minnesota weather may not be the most enjoyable brand for lounge lizards and cake eaters, but it makes red blood flow fast in the veins of real folks. And that's the kind of people who inhabit this north country.

Prospects are that the needy Chipewa Indians, which includes most of the Indians of the Red Lake reservation, will receive $100 each from their tribal funds this winter. Wise, or unwise, the fact remains that the red men are in urgent need of money, and money is not much good to a dead Indian.

A farmer from the Newfolden neighborhood called at the Tribune office the other day. Among other things he said that for several years past the receipts from his flock of turkeys alone had been more than $1,000 per annum. Every farmer should talk his wife into keeping a flock of turkeys.

"Among those mentioned" for governor, and that includes many men of many stripes, is former Senator Haycraft, of Fairmont, who is a real one. He probably will not be mentioned much, that is not enough to bother him anyway, but if such a man could by any stretch of imagination be pressed into service under the accursed primary law, then we will say the state of Minnesota would indeed be fortunate, for the North Star state would have a governor all wool and a yard wide. But it can't be done.

The only visible asset of a defunct brokerage firm in New York was a "sucker list" containing 100,000 names. The firm in perfectly good faith valued the list at a million dollars. $10 for each sucker. And yet one is born every minute.

Some of the large department stores in Minneapolis spend a thousand dollars a day for newspaper advertising. And they don't operate on the theory that the editor is a good fellow and needs the money. Department store owners are business men, not philanthropists.

History does not record the names of men who gave up easily. The history makers were the men of indomitable courage who never said die. In the face of the most disheartening obstacles such men come to the surface and survive while the weak ones who yell for help at the first sign of disaster quickly disappear from view.

The present immigration law is a screaming farce in the humble opinion of the editor of this great palladium of justice. The three per cent provision, which is the crux of the law, militates to keep out immigration from the northern sections of Europe, where our best settlers come from, and subjects us to an invasion of undesirable hordes from southern Europe.

There is considerable shaking at the knees these days on the part of men in office who are committed to the bonus and a general reduction in taxes. With Mother Public at the front door holding aloft a rolling pin, and the Soldier Boy at the rear with an adjusted compensation spear, the poor politicians may be pardoned if they sing "I hate to go home in the dark."

In line with its avowed policy of doing things which are of benefit to the entire countryside, Thief River Falls is arranging for a banner agricultural short course to be given on February 18 and 19. Absolutely the best talent in the entire country will be procured and the result will be entertainment and instruction for everybody who takes time to attend the sessions.

When the long account is made up, it will not be the number of our square miles, or the amount of our steel production, or the piled up wealth of our millionaires, that will determine whether American government has been a success or failure. That question will turn upon the fibre of our citizenship, upon the standards of our public life, upon the kind of men the people shall have accepted as fitting leaders.—Daniel Webster.

The "King of Bootleggers" was handed four years at Leavenworth by Judge Cant and fined $10,000 for good measure. The bootlegger's wife, involved in the same deal, was sent to the reformatory at Shakopee and was fined $3,000. Sentences like that will have a tendency to put a damper on the moonshine business as a means of livelihood. Judge Cant and his colleague, Judge McGee, deserve the moral support of every law abiding citizen in the state for their upstanding work on the bench.

Land that will grow wheat is worth nothing. Land that will grow corn is worth $400 per acre. Land that will grow alfalfa is worth $500 per acre. Land that will grow sweet clover is worth $300 per acre. Pennington county land is not adapted to wheat especially, but it is the best on earth for the other three. It may seem foolish to make the prediction now, but we take our stand on the proposition that our land will reach peak prices inside of three years. And the wise man will hang onto his Pennington county farm like a pup to a root.

Nearly twelve million prescriptions for booze were issued last year according to figures just made public by the prohibition bureau. These were issued by 50,000 doctors, about a third of the medical fraternity of the country. A provision of the law which was originally intended to take care of emergencies has thus become a national scandal. We must express some wonder that people violate the law as infrequently as they do when we contemplate such chuckle-beaded provisions inserted in the law by the representatives of the people. About all that has been accomplished by the act is to compel people to pay $6 per pint for rot gut whiskey.

Considering the relative price of land we can beat the tar out of southern Minnesota and Iowa in corn raising. Our yield may be slightly less, but our best farmers will agree we can mature every year from 40 to 45 bushels of Minnesota 23 of White Cap dent corn. That is good enough for anybody. We can raise alfalfa which is worth much more to this section, and we can raise it without expensive lime or fertilizer. That means we can feed cows, raise hogs, sheep, chickens, turkeys, beef, cheaper than any other known section. That being true, and there is no disputing these facts, we ought, under the circumstances to come back more rapidly than any section of the country. And, by the great hornspoons, we will if we have a mind to do or die.

AS OTHERS THINK

Helping the Farmer.

January 21, 1924.

Editor Tribune:

We have noticed in the press that there is a move on foot to apply for a $50,000,000 loan through congress for the purpose of buying up blooded stock for the farmers throughout the northwest. Now $50,000,000 is a lot of money and if that amount of money could be put into the use indicated in a right way—towards the upbuilding of the country in general and for the welfare of its people, it sure would be a grand thing. It neither can nor will until adjustments are made that will make such a thing possible. To loan out to a bankrupt set of farmers this amount of money as suggested would simply be a detriment to them and an additional burden under present conditions. Knowing as we do that in the state of Minnesota, from seventy five to eighty per cent of the farmers and more, have a past due mortgage, most of them upon their farms from thirty to one hundred and forty and fifty dollars per acre and more, a sum representing just about twice the producing value of the land itself under present conditions, and a debt that can now be lifted by its present owners, other states worse off yet, such conditions must be overcome and changed to harmonize with the times we are living in before any business revival in general can ttake place.

In the matter of reconstruction, the first thing to do is to "squeeze the water" out of the artificial land values created in war time and ditch the whole thing. Let the money leaders take their losses in the some way that the farmers do and then come back to the real producing value of the land itself, reduce the present loans upon such a basis to a point that would comply with the principles of a land loaning policy based upon actual land value. This would give the present occupants another chance to win back their homes. Then come on with your "Fifty million dollar" loan and boost the farmers along with a few good cows, sheep or hogs, and the farmers will set the wheels of progress in motion, and this country will in a short time redeem itself and in time will recover to some extent the losses sustained by all concerned.

We have talked reconstruction since the time of war, and it is time that a fountain was layed and permanent steps taken towards the welfare of the people in general in this country.

Reconstruction work in behalf of the people in general is a state and national problem and it is high time that our representatives awake to that fact. This talk of telling the farmers to go home and "slop their hogs" don't bring us anywhere.

COMMERCIAL CLUB ACTIVITIES

It was decided at the last meeting of the Commercial club that the next dinner would be Saturday of this week at 12:00 o'clock. This is the date of the annual creamery meeting. Everybody interested in the success of the dairy industry is invited. The lunch will be 25 cents.

Plans are being made for an "experience meeting" of the sugar beet raisers of this vicinity in the near future. This will be a get-together affair where each beet raiser will tell of his experience in raising sugar beets. At this time the prize of $50, given by Dr. Froehlich for the largest tonnage per acre, will be awarded.

A delegation of the Commercial club met with the representatives of the International Harvester Co.'s short course, at which time plans were made and committes appointed for the course, which will be held at this city on February 18 and 19.

Notices are being mailed out calling attention to the fact that the dues for the coming year are payable. If every member will pay his dues promptly it will save the secretary a great deal of work.

A concern in Cleveland, Ohio, has asked for information regarding the flax straw situation. If things are satisfactory they are planning to put a factory in this city in the near future.

Negotiations are now under way regarding a cucumber pickling station in Thief River Falls the coming year. Definite information will be received in the near future.

The Commercial club at its last meeting went on record as favoring the holding of the high school basket ball tournament in this city the coming spring. The club guaranteed the expenses up to $500.00. Mr. Simley was instructed to extend invitations to all the participating teams.

Dam Is Being Plugged by City's Light Department to Help Power Situation

Because a complaint had been entered by the Hanson-Barzen Milling company at the council meeting on January 15 on the lack of water entering their mill race, Ole Legvold of the water and light department is busy with a number of men down at the dam. There are quite a few bad leaks that waste an enormous amount of water which should be at work grinding grain or lighting up the city. The men are doing the best they can to locate these and plug them up with flax straw. It is rather a hard task to undertake as the worst of the leaks are believed to be in deep water and almost inaccessible. However, the men are doing the best they can to better the water power situation.

ST. HILAIRE

Commercial Club Meets.

The regular monthly meeting of the recently organized St. Hilaire Commercial club was held Monday evening, Jan. 21, in the I. O. O. F. building, with G. W. Hooper, chairman presiding.

The meeting proved a big success from every view point. After the various committees made their reports, the main discussion and point of interest was the road southeast of this village running north and south in River Falls, Mr. Bert Umland, our congenial county and state highway engineer was the main speaker for the evening and handled the situation in a very capable manner. About 25 or 30 progressive farmers, living along the road under discussion, were present at the meeting, which added considerable enthusiasm and pep and success to the meeting. After the road proposition had been discussed pro and con and a proper line of procedure for the establishing of the road had been completed, the club and its guests were taken care of by the lunch committee, which did justice to its task.

The club extends their thanks to the guests who helped make the meeting such a success, and especially to Mr. Umlond. The next meeting of the club will be held February 11, 1924.

Obituary

Ida Gulseth.

On Wednesday, January 16, Miss Ida Gulseth, beloved daughter of Alex Gulseth of Roseau, died in this city of tuberculosis. Miss Gulseth was born at New Solum, and aside from a year's residence in this city, studying dressmaking, has made her home at that place. She lived with her grandparents there. While in this city she lived at the Gust Gulseth home.

A funeral service will be held in Friday at the Larson Undertaking Parlors, before the body is taken to New Solum. Burial will take place in the Rindahl church cemetery, with Rev. Bredeson officiating. She leaves to mourn her loss, besides her father, a sister, Miss Inga Gulseth; and a brother, Ingolf Gulseth.

Kittson Banner County In Potato Exchange

Leaders There Have 80 Per Cent of Total Acreage Under 50-Year Contract.

Kittson, according to official records at the St. Paul office of the new Minnesota Potato Exchange, is the banner county in the state, in point of acreage under contract. More than 80 per cent of all the potatoes in the county are covered by contracts to the association, the total acreage being almost double the original estimate of 4,364 acres needed to complete the quota.

The first week in January saw the organization with nearly 7,000 members and 105,000 acres under contract. Twelve counties have obtained their quotas. In the Red River Valley, all counties but Clay and Polk have reached their goals. Polk lacks but 2,000 acres and leaders say that another 10 days will put it across.

The opening of the year was marked by the effective defeat of the campaign designed by forces antagonistic to co-operative marketing, to wreck plans in Minnesota, North and South Dakota, according to S. G. Rublnow, campaign manager.

A Chicago produce trade publication which early in December printed lengthy reports, the trend of which indicated practical failure of co-operative marketing in the potato fields of Maine, in Dec. 22 and Dec. 29, printed articles which entirely dissipated such rumors. These articles have been widely reprinted in Minnesota.

"The net result of the attack," said Mr. Rubinow, "was to give the forces of co-operative marketing an opportunity to compare its work with that of the dealer-speculative system and we have won a notable victory, for farmers generally now know that co-operative marketing of potatoes is proving as effective as it is in selling oranges, or cotton or tobacco."

Oh! Lord—How Long?

Tax the people, tax with care,
To Help the multi millionaire.
Tax the farmer, tax his fowl,
Tax his dog, and tax the howl.
Tax his pig, and tax the squeal,
Tax his boots, run down at heel.
Tax his horses, tax his lands,
Tax the blisters on his hands.
Tax his plow, and tax his clothes,
Tax the rag that wipes his nose:
Tax his house, and tax his hed,
Tax the bald spot on his head.
Tax his Henry, tax his gas,
Tax the raid that he must pass.
Tax his cow and tax his calf,
Tax him if he dares to laugh.
He is but a common man, so
Tax the cuss just all you can.
Tax the laborer, but be discreet,
Tax him for walking on the street.
Tax his bread and tax his meat,
Tax the shoes clear off his feet.
Tax his pipe and tax the smoke,
Teach government is no joke.
Tax their coffins, tax their shrouds,
Tax their souls beyond the clouds.
Tax all business, tax the shop,
Tax their incomes, tax their stocks.
Tax the living, tax the dead,
Tax the unborn before they're fed.
Tax the water, tax the air,
Tax the sunlight, if you dare.
Tax them all and tax them well,
Tax them to the gates of hell.
But close your eyes, so you can't see
The other sucker go tax free.

Many Homesteads Left.

There were 278,352 acres of government land in Minnesota open to homesteaders on January 1, 1924. The land is mainly in Lake of the Woods, Koochiching, Roseau, Beltrami and Clearwater counties, and is mostly wooded lands with some heavy timber in the Northwest Angle—which is that point of Minnesota that sticks up from the north boundry just west of the Lake of the Woods. Nearly all of it is under the jurisdiction of the United States Land Office at Crookston. Soldiers of the late war are allowed to count their time in the military service as residence on a homestead.

NOTICE OF MORTGAGE FORECLOSURE SALE.

WHEREAS, default has been made in the terms and conditions of a certain mortgage bearing date the 1st day of December, 1917, made, executed and delivered by Severt O. Prestegoard and Ellen B. Prestegoard, his wife, of Pennington County, Minnesota, as Mortgagors, to Citizens State Bank of Thief River Falls, a corporation, of Thief River Falls, Minnesota, as Mortgagee, to secure payment of the sum of Three Thousand Dollars ($3,000.00) and interest thereon at the rate of six per centum (6 per cent) per annum, according to the terms and conditions of one certain promissory note, due December 1st, 1922 and in said mortgage fully described, which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on December 31st, 1917 at 4:00 P. M., and was duly recorded in said office in Book 12 of Mortgages on page 435, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated November 15th, 1918 duly assigned by said mortgagee to Wm. Lerche, of St. Paul, Minnesota, which said assignment was duly filed in the office of said Register of Deeds on November 15, 1918, and was recorded in said office in Book 63 of Mortgages on page 8, and which said Wm. Lerche is now the owner and holder of said mortgage; and

WHEREAS, said mortgagors have failed and refused to pay the promissory note in the sum of Three Thousand Dollars ($3,000.00), which is described in and secured by said mortgage and which became due and payable on December 1st, 1922, and have also failed and refused to pay the installments of interest in the sum of One Hundred Eighty Dollars ($180.00), each, which became due and payable on the note in said mortgage described on December 1st, 1921, and on December 1st, 1922, respectively, and there is claimed to be due and to be due on said note and mortgage at the date of this notice the sum of Three Thousand Dollars ($3,000.00) and interest thereon from December 1st, 1922 at 6 per cent per annum, and One Hundred Eighty Dollars ($180.00) and interest thereon from December 1st, 1921 at 6 per cent per annum, and One Hundred Eighty Dollars ($180.00) and interest thereon from December 1, 1922 at 6 per cent per annum, and also the sum of Seventy-five Dollars ($75.00) for attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted at law or in equity to recover the debt secured by said mortgage or any part thereof.

NOW, THEREFORE, notice is hereby given that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Saturday, the 1st day of March, 1924, at ten o'clock in the forenoon, at the front door of the Court House in the City of Thief River Falls, in Pennington County, Minnesota, to satisfy the amount which will then and there be due on said mortgage for principal and interest, costs and charges of sale, taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described as follows, to-wit:

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas G. Rome and Thorbjor G. Rome, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 575 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 318;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage, became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100........($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgaga contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 160 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

Dated December 17, 1923.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions of that certain mortgage containing a Power of Sale, by reason of which default said Power of Sale has become operative, and the Assignee of the Mortgagee hereinafter named is authorized to declare the whole sum due, and he hereby does declare said sum due which mortgage was executed by Ernest E. Peterson and Bertha Peterson, his wife, Mortgagors to Merchants State Bank of Red Lake Falls, a corporation created under the laws of the State of Minnesota, Mortgagee, dated April 6, A. D., 1920, and recorded in the office of the Register of Deeds, of Pennington County Minnesota, on the 15th day of April A. D., 1920, at 8 o'clock A. M., in Book 62 of mortgages, on page 447.

Which said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee to Deposit Bank of Winona, Winona, Minnesota by written assignment dated May 10, A. D., 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on May 15, 1920, at 8 o'clock A. M., in Book 63 of Mortgages on page 212, and which said mortgage, together with the debt secured thereby, was duly assigned by said Deposit Bank of Winona, Winona, Minnesota, to Robert R. Henry by written assignment dated May 19, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota on the 23rd day of November, 1923, at 1 o'clock P. M., in Book 63 of Mortgages, on page 505,

And whereas, the said Robert R. Henry, the assignee and holder of said mortgage, on December 14th, 1923 paid delinquent taxes upon the mortgaged property hereinafter described in the sum of One Hundred Ninety-eight and 97-100 ($198.97) Dollars; and whereas, the said Robert R. Henry, the assignee and holder of said mortgage, has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage and the Power of Sale therein contained; and whereas, there is actually due and claimed to be due at the date of this notice the sum of Two Thousand ($2000.00) Dollars, with interest thereon from the 6th day of April, 1921, at the rate of six per cent per annum; and whereas, the said Power of Sale has become operative and no action or proceedings having been instituted at law or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given, that by virtue of the Power of Sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and covered by said mortgage, viz:

The Northwest Quarter (NW¼) of Section Thirty-four (34), in Township One Hundred Fifty-three (153) North, of Range Thirty-nine (39) West of the Fifth principal Meridian, according to the United States government survey thereof and containing 160 acres of land more or less, in Pennington County and State of Minnesota.

Which sale will be made by the Sheriff of said Pennington County, at the Front Door of the County Court House at Thief River Falls, in said County and State on the 7th day of February, 1924, at 10 o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay the amount then due on said mortgage and interest and the sum of $198.97 for taxes paid on said described premises, with interest from date of payment, together with the costs and disbursements of such sale and Seventy-five Dollars attorneys fees stipulated in said mortgage in case of foreclosure.

Dated December 19, 1923.

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas G. Roma and Thorbjor G. Roma, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 570 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 316;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100........($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgage contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 160 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

D. 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 13th day of April A. D. 1920, at 8 o'clock A. M., in Book 62 of mortgages, on page 417.

Which said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee to Deposit Bank of Winona, Winona, Minnesota by written assignment dated May 10, A. D., 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on May 15, 1920, at 8 o'clock A. M., in Book 63 of Mortgages on page 212, and which said mortgage, together with the debt secured thereby, was duly assigned by said Deposit Bank of Winona, Winona, Minnesota, to Robert R. Henry by written assignment dated May 19, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota on the 23rd day of November, 1923, at 1 o'clock P. M., in Book 63 of Mortgages, on page 500.

And whereas, the said Robert R. Henry, the assignee and holder of said mortgage, on December 14th, 1923 paid delinquent taxes upon the mortgaged property hereinafter described in the sum of One Hundred Ninety-eight and 97-100 ($198.97) Dollars; and whereas, the said Robert R. Henry, the assignee and holder of said mortgage, has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage and the Power of Sale therein contained; and whereas, there is actually due and claimed to be due at the date of this notice the sum of Two Thousand ($2000.00) Dollars, with interest thereon from the 6th day of April, 1921, at the rate of six per cent per annum; and whereas, the said Power of Sale has become operative and no action or proceedings having been instituted at law or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given, that by virtue of the Power of Sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and covered by said mortgage, viz:

The Northwest Quarter (NW¼) of Section Thirty-four (34), in Township One Hundred Fifty-three (153) North of Range Thirty-nine (39) West of the Fifth principal Meridian, according to the United States government survey thereof and containing 160 acres of land more or less, in Pennington County and State of Minnesota.

Which sale will be made by the Sheriff of said Pennington County, at the Front Door of the County Court House at Thief River Falls, in said County and State on the 7th day of February, 1924 at 10 o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay the amount then due on said mortgage and interest and the sum of $198.97 for taxes paid on said described premises, with interest from date of payment, together with the costs and disbursements of such sale and Seventy-five Dollars, attorneys fees stipulated in said mortgage in case of foreclosure.

INTENTIONAL DUPLICATE EXPOSURE

REPORT PROVES COUNTY AGENT'S JOB IMPORTANT

Figures Show Conclusively That Much Valuable Work Has Been Done.

Serves as Central Clearing Agency For Many Neighborhood Activities.

Just at the present time, when the advisability of re-engaging the county agent and continuing agricultural extension work for another year in Pennington county is under discussion, The Tribune feels that attention should be called to a few of the things which actually have been accomplished through the office of County Agent J. J. McCann during the time he has been in charge. The following list is by no means complete but should serve to show the importance of the work:

Experiments carried on have proved a lack of phosphates in Pennington county soil. Over twenty carloads of this fertilizer have since been brought into the county, with gratifying results.

Largely through the efforts of the county agent has Pennington county been brought into the limelight as the natural home of alfalfa and sweet clover, and the acreage of these crops has increased by leaps and bounds during the past five years.

The county agent has been instrumental in bringing about the growing of sugar beets here on a large scale, being actively in charge of the crop each year.

The task of conducting potato campaigns and signing up 1400 acres of potatoes in the Marketing association was accomplished largely through the county agent.

Nearly six thousand head of cattle have been tested for tuberculosis in the county during the past few years.

The dread disease, blackleg, has been checked in Pennington county herds.

Poultry schools have been conducted and 6,000 birds culled during the past year.

The county agent took the leading part in putting across the crops and poultry show here in December, and the poultry shows held each year heretofore.

Forty thousand pounds of wool have been marketed through the county agent's office. The wool this year brought 15 cents above local market prices.

The county agent is secretary of the county fair association and of the Thief River Falls Commercial club, and has done valuable work for both.

Nearly 200 boys and girls have been enrolled in boys' and girls' dairy calf, poultry, sheep and bread clubs. Nine of these workers have received free trips to the state fair and one to Chicago. Next year 15 will be sent to the state fair and one to Chicago.

More than a hundred farmers have been assisted in keeping account books.

Nearly twelve hundred farm visits have been made.

More than ten thousand people have called at the office on business relative to county agent work.

Over eight thousand telephone calls have been answered at the office.

Over one hundred meetings have been held under the auspices of the county agent's office, with a total attendance of nearly five thousand.

The above list should serve as an effective silencer to those who maliciously or through ignorance persist in spreading the falsehood that the county agent and his office have been of no benefit to Pennington county.

MacLean Supporting Cast Contains Players of Note

An excellent cast of well-known players will appear in support of Douglas MacLean in "Going Up," his initial Associated Exhibitors picture at the Princess theatre next Sunday and Monday.

Mr. MacLean portrays the role of Robert Street, a young author who, very much against his will, is forced to fly a high powered airplane in a race against a daring French ace. Marjorie Daw is the girl in the case. Francis McDonald, as Jules Gaillard, a famous French flier in real life as well as in "reel" circles, is the rival for the young lady's affections. Hallam Cooley is said to give the best characterization of his career as Hopkinson Brown, Street's bosom friend, whose glib tongue gets the young author into as many embarassing and humorous situations. Hughie Mack, one of the screen's best known heavyweight comedians, appears as Sam Robinson, an aviation instructor with an aversion to getting off the ground. John Steppling, Arthur Stuart Hull, Wade Boteler, William Langdon and Mervyn LeRoy complete the cast.

Salol Lady Gets Present of $1,500 Through Facts Discovered by Local Man

Contrary to the belief held by many, agents are sometimes of quite a human sort. Particularly is this true of life insurance agents, of which brand F. J. Dudley, of this city, is a fair example. Frank has, for several days, been happy as a boy with his first pair of high boots, and the following little incident, related by himself the other day to a Tribune representative, no doubt had a lot to do with placing him in this happy state of mind.

Last week while at Salol, he chanced to overhear a remark about a certain widow in that village who was said to be in very difficult financial straits. This widow, Mrs. Anna Burstrom, lost her husband in an automobile accident on July 12, last summer. Mr. Burstrom had carried a policy for $1,500 in the company represented by Mr. Dudley but had allowed it to lapse several months before his death and no effort had been made to collect the insurance, as the beneficiaries were not aware that it contained an extension clause.

Mr. Dudley started an investigation, located the policy and found that the extension clause had kept the insurance in force up to the time of Burstrom's death. He accordingly submitted proof of death and the company immediately arranged for the payment of the full amount of the policy. Frank says it isn't often he is given an opportunity like this to demonstrate the value of life insurance in general and particularly the good points of policies issued by the company he represents.

PENNINGTON MEN CAPTURE PRIZES

Annex Abundance of Ribbons and Prizes at Bemidji Poultry Show.

Just to prove to other sections of the state that Pennington county really has something in the way of poultry, a number of local breeders last week sent exhibits to the poultry show held at Bemidji. And the number of prizes the boys brought back with them is most gratifying.

Messrs. L. A. Westphal, Olaf Neset, C. D. Gustafson and H. L. Schuster composed a delegation which visited the show on Friday and all of them had previously sent birds there for exhibition purposes. These men state that the Bemidji show was a very successful affair, with a large number of high class entries, nearly 400 birds being shown. The attendance and interest also were all that could be asked for.

Following is a list of the winnings secured by the Pennington county entries:

L. A. Westphal with his White Wyandottes received 4th pullet, 1st and 5th cockerel, 1st, 2nd, 3rd and 4th hen, 1st and 2nd cock. Besides this he was awarded championship pen, a prize for the best bird in the show, and one for the best Wyandotte pen. In the Utility class he took 1st on cockerel, 1st and 2nd hen, 1st young pen and 1st old pen. His White Holland turkey tom won first prize, and with his Toulouse geese he won 3rd cock and 2nd hen.

Olaf Neset, with his Rhode Island Reds, made the usual excellent showing. He was awarded 1st, 2nd and 3rd hen; 1st, 2nd, 3rd and 4th pullet; 1st and 2nd cock; 1st, 2nd and 3rd cockerel; 1st, 2nd and a special on pen, and a prize for the best display in the class.

C. D. Gustafson with his Barred Plymouth Rocks fared very well. He was given the prize for best display, the largest display and for birds coming the longest distance. He also won 1st, 2nd and 3rd cockerel; 3rd and 5th pullet, 2nd hen and 1st and 2nd pen.

H. L. Schuster had on display six of his White Leghorns and was awarded 1st cock, 1st and 2nd hen, 1st old pen, and for S. C. W. Leghorn display.

The local men state that they were royally treated at Bemidji and feel well repaid for the time and trouble required in placing their birds on exhibition at the Beltrami county show.

Eye Witness Relates Other Side of Holdup Narrative

Concerning the August Carlson holdup at Rosewood, mentioned in The Tribune last week, a young man who claims to have seen the whole performance, gives the following decidedly different story from the one reported by Mr. Carlson:

This young man says the trouble started in a restaurant, where Carlson displayed a number of .38 calibre cartridges, with an accompaniment of strong language. Some of the men gathered there decided to take the cartridges away from him and in doing so found it necessary to go into his pockets. That $5 or any other sum of money was taken in the proceeding is strongly denied, and it is claimed that witnesses can be produced to show just what took place and why. And there the case stands for the present.

Y. Re-elects Officials; Inactive for Short Time

On Monday evening a meeting was held by the men interested in the Y. M.C.A. The following officers were elected to serve during the coming year: C. D. Gustafson, president; Rev. Charles Gerlinger, vice president; and H. E. Nelson, secretary-treasurer. Because the funds of the club are at the moment unavailable, no definite program was made out for the coming year. However, a committee was selected, consisting of O. R. Sands, Rev. Gerlinger, and Clarence Pope, which is commissioned to work out plans and a program for the club's activities when it is again re-opened to the boys and young men of the city. It is hoped that this re-opening will be in the near future. While the club is suspended the rooms will be open to the Boy Scouts and the various church clubs for young men in the city.

CAPTURE THIRD DISTRICT GAME

Tight Contest With Argyle Friday Night Ends in Lincoln's Favor.

The third district basketball games of the season has come and gone, with the Thief River Falls boys again the victors. This time the score was 19 to 13. At the end of the half the score was 13 to 2 in favor of the Lincoln High, but Argyle commenced to get busy and for a time in the latter half of the play the outcome was doubtful. N. Nelson was the individual star of the evening and in the last four minutes of play, made a number of points for Argyle.

On the Lincoln quint, Paranteau made the first two field goals and his clever foot work and passing, together with his aggressiveness are putting him rapidly in the front. Sether also was much better than ever before. Olson made his first appearance on the floor in this game and played very well. The stellar guarding of Math. Barzen prevented Argyle from receiving many of the good shots they might otherwise have secured. Of course, Arthur Penney is always depended upon for star plays and everyone knows he is always there with the goods at the right moment. Coach A. Thune also should be given credit for his work with the boys. Seeming to take advantage of the very weakest point in the makeup of the team—the fact that the boys are lighter, in the average, than almost any other basketball team in this neighborhood—Mr. Thune has developed their footwork to such a point that they are opponents to be very much dreaded.

Elmer Tandberg made a very efficient referee for the evening.

The lineup was as follows:

Argyle		Lincoln High
Bedard	F	Paranteau
Gaullet	F	Penney
N. Nelson	C	Sether
Green	G	Barzen
A. Nelson	G	Sorenson

Field Goals: Paranteau, 2; Penney, 2; Sether, 2; Barzen, 1.

Fouls: Penney, 2; Sether, 1; Barzen, 1; and Olson, 1.

ANGRY APE RUNS WILD IN STUDIO

Exciting Incident During Filming of Jack Holt's "Nobody's Money."

A mad monkey, chattering wildly and leaping about with fangs and nails bared, threw havoc into the ranks of about 100 motion picture actors and actresses at the Paramount West Coast studios when it escaped from its owner and threw an epileptic fit on one of the big studio stages.

According to witnesses, the monkey was seated on a banister of a set being used in "Nobody's Money," a Paramount picture starring Jack Holt, which will be on view at the Princess theatre next Friday and Saturday. A woman, in evening dress and with tall feathers in her hair, stood so that the feathers waved directly in front of the monkey's eyes. The simian grasped a handful of the offending feathers. The woman, seeing her head-dress being thus ruined, pushed the monkey. It fell from the bannister to the floor.

As it struck the floor the monkey uttered several sharp cries and jumped wildly about. Frightened, several women on the set screamed and ran for cover, which evidently scared and angered the animal. Screaming and chattering, the monkey ran toward a nearby actress, who fainted and was dragged off the set by an actor standing nearby. Wanda Hawley, leading woman in "Nobody's Money," was the next person to attract the enraged animal's attention, and he started across the floor for her. By quick wit, Miss Hawley dodged through an open door, closing it just in time to avoid possible injury.

The monkey was finally captured when Jack Holt, aided by three property men, threw a blanket over its head and tied the four corners together. After a few minutes, the animal's anger disappeared, and the scenes were continued, although Director Wallace Worsley took good care that none of the actresses wear feathers in their hair dress.

Soldiers' Naturalization Priviledges Discontinued

Adolph Eklund, clerk of court, has received notice that the Act of Congress providing for the naturalization of honorably discharged soldiers who served in the world war, will expire March 3, 1924. Under the provision of this act honorably discharged soldiers could be naturalized without complying with many of the usual requirements such as declaration of intention, proof of five years residence, payment of $4.00 filing fee, ninety days wait from date of filing petition to date of final hearing. After March 3, 1924, all of these requirements must be complied with. Therefore any honorably discharged soldier who has not yet become naturalized and wishes to take advantage of the above named act must do so before the above date. For further information in regard to this matter call or write to Clerk of Court Eklund.

Parent-Teachers Meeting Monday Eve Is Important to All Patrons of School

The next meeting of the Parent-Teachers association will be held at the high school auditorium next Monday evening, January 28. Every resident of Thief River Falls who has children in the schools or who is otherwise interested is urged to attend. This is a social affair, and in addition a very attractive program has been prepared. Several special amusement features also will be offered.

Following is the program in detail: Music by the Boys' Glee club; reading by Miss Dorothy Swedenburg; vocal solo by Dr. J. N. Nesse, a talk by J. S. Arneson, and amusement features by Morris Bye.

Refreshments will be served at the close. Mrs. J. H. Hermanson is chairman of the refreshment committee.

Elks Plan Dinner-Dance for Next Friday Evening

The Thief River Falls lodge of Elks is arranging for a dinner and dance to be given on Friday evening at the club rooms. Dinner will be served at 7 o'clock, to be followed by dancing for the remainder of the evening. This is the first of a series of social affairs during the winter months and the officials of the lodge are very anxious that it be made a success through the generous attendance of members of the order.

First Two Championship Games Played on Strange Floors Fought Next Week

Next Friday night and Saturday night, the Lincoln basketball quint will play the first two district games on strange floors. On Friday the team plays with Fosston's team in Fosston and on Saturday night in McIntosh. Both the McIntosh and Fosston teams are known to be good, stiff players and the fact that they are to be met on their home floors means that the local basketball team will have an extra hard battle to fight. However, the Lincoln boys have been so consistent in scoring, that everyone is sure they will do their very best to bring home the bacon; especially so since these are district games and mean so much in winning the district championship.

Those who will most likely make the Fosston-McIntosh trip are: Paranteau, Penney, Sether, Sorenson, Olson, Mulry and Bennes. The boys will play the same positions held in the last game.

Legion Acts as Host to Council Thursday Night

Commander Oscar Smith of the local post of the American Legion, announces that a particularly important meeting of the post has been arranged for next Thursday evening. The session will be called to order promptly at 7 o'clock, when all business matters requiring attention will be rushed through. At 8 o'clock the big feed of the evening is scheduled to begin, with the members of the city council as guests of honor.

Commander Smith requests that every member of the Legion both old buddies and those who joined in the drive now on, make a special effort to be present at the meeting Thursday evening.

"Square Deal Grocery & Meat Market" Opens for Business on LaBree Ave.

A new grocery and butcher shop called the "Square Deal Grocery and Meat Market," is open for business on LaBree avenue, occupying the building formerly used as a soft drink parlor which stands just north of Newell's drug store. Thomas and Christ Rogney, who are well known to all those who have lived in this section of the country for some time, are at the head of the business. Thomas Rogney has been chosen as manager of the place and is unpacking the supplies for the grocery end of the business. R. D. Chapman has been hired as the butcher and this end of the business will be the feature of the place, but a big line of groceries will also be handled.

Mr. Rogney has been in this business at Ringbo for a number of years. He intends to handle meats and other products that can be bought from the farmers in this vicinity to a very great extent.

BLAMES KICKERS FOR CONDITIONS

Editor Censures Politicians Who Make Bankruptcy Stock in Trade.

Bad advertising has brought depression to the northwest; therefore, it logically follows that good advertising is necessary to restore lost confidence and better times, W. E. Verity, former president of the Minnesota Editorial association and publisher of the Wadena Pioneer Journal, declared in an address before the annual meeting of the North Dakota Press association last week.

That "bad times" merely exist in the imagination of some persons was also asserted by Mr. Verity, who made a plea with the editors to organize "hooster clubs" and to make "your newspapers cheerful, dwelling always upon the prosperity of the community."

"North Dakota, as well as Minnesota, has been indulging in an economic orgy," Mr. Verity asserted in attacking so called political demagogues who, he said, were largely responsible for such an economic condition.

"This economic orgy has been deliberately promoted by political demagogues who succeeded in inducing voters to place them in positions of authority," he said. "Their stock in trade was advertising your state and people as bankrupt. They shouted this so lustily that many well-to-do people even fell for it. Men worth many thousands of dollars allowed themselves to join the movement motivated by the slippery tongues which continually dealt with deceit, resulting finally in the triumph of the selfish rogues who simply were out for plunder.

"Now, if the editors would adopt the same attitude and concede bankruptcy, how many of you would be able to dispose of your plants at any price? It is so with the farmer. Our land is bought largely by men from Iowa and Illinois. When these prospective buyers daily read howls for relief for the northwestern farmer in the Washington dispatches, what is their conclusion? That Minnesota was a good place to buy lands? They say that they had better keep out and locate somewhere else."

Farmers & Merchants Bank Retains Former Officials

A meeting was held by the stockholders of the Farmers and Merchants State bank of Thief River Falls on January 15, and the following directors were elected: R. McGinn, Herbert Fuller, John Cronkhite, John Morgan, Waldie Christianson, F. E. McGinn, Andy Anderson, Albert Lonson, and Louis DeCremer.

On Friday the directors held a meeting and elected the following officers for the coming year: R. McGinn, president; Herbert Fuller, vice-president; Albert Lonson, cashier; Gregory Werstlein, teller; and Sybil McGinn, bookkeeper and stenographer. This is the same efficient set of officers which has been in charge of affairs at the bank for the past several years.

Mrs. Olson Dies.

Mrs. Marius Olson of Brockton, Mont., died yesterday at the home of her son, J. C. Olson, on Atlantic avenue. The funeral will be held Friday afternoon at 2:00 o'clock, services to be conducted at the Zion Lutheran church. Obituary will appear next week.

WHEATGROWERS GIVEN O. K. BY BUREAU'S HEADS

Wheat Growers Association Endorsed by Farm Bureau State Board.

OrganizationThoroughly Investigated Before Passing of Resolution.

The Minnesota Wheat Growers' association was endorsed by directors of the Minnesota Farm Bureau Federation last week. A resolution urging Minnesota farmers to support the wheat co-operative was adopted, after the Farm Bureau board had conducted a searching inquiry into the plan and the affairs of the agency.

Before passing the resolution, the Farm Bureau leaders held a joint meeting with directors of the Minnesota Wheat Growers' association and spent a full half day obtaining information they desired before taking formal action. The resolution says the affairs of the Wheat Growers are being carried on in accord with the principles of co-operative marketing, such as the Farm Bureau sponsors.

The resolution was passed at the close of a 2-day session by the Farm Bureau board, during which time it took steps to carry out the agricultural program adopted at the recent annual convention.

In appointing committees to serve during the year, president Reed named Hagbarth Bue, newly elected second vice president, to committee assignments held by V. E. Anderson, former treasurer.

Mrs. E. V. Ripley of Menagha was authorized to represent the Farm Bureau at a conference of home demonstration agents at University Farm early in Ferbuary.

To carry out organization plans adopted by the convention, the president and secretary were empowered to obtain the services of an organization manager.

President Reed was authorized to accept an invitation to make a series of speeches in Canada in behalf of the Great Lakes-St. Lawrence waterway project.

DECLAIMERS TO TRY FOR PLACE

Elimination Process to Determine Students Entering State Contest.

Twenty-seven girls and nine boys are busy preparing for the preliminary declamation contests which will soon take place, and which will eliminate all but two who will represent the Lincoln high school in the contest held here, in which the towns of Lancaster, Roseau and Greenbush will be represented. The boy and girl winners of this contest will take part in the sub-district contests to be held in Warren, Crookston, Bagley and Thief River Falls. The winners of these contests will fight for the place of district representative during the week of March 17 and the boy and girl winning will participate in the contest for the state championship in declamation about the first of April at some city not yet designated.

The high school girls in this contest will hold three preliminary contests to be held on February 11, 12, and 13. The boys will hold their preliminaries on February 14. On February 18, the nine girls surviving the preliminaries will have a contest in which the three highest will be selected and on February 23, a final contest will be held in which the boy and girl to represent the Lincoln will be chosen.

Miss Miriam Simon, who is Instructress in English and Dramatics at the Lincoln, is the declamatory coach and declares that the boys and girls are coming along at such a pace that the choosing of the best boy and girl from among so many good ones will be a difficult task.

Tomorrow's Club Meeting Will Start Campaign for Adding More Members

Among other important matters to come up at the regular meeting of the Commercial club Thursday noon is the question of putting on a membership drive in the near future. The club is doing fine work at present but naturally could do much more if its membership were substantially increased. Ways and means to accomplish this will come up for discussion at the luncheon to be held tomorrow.

Other matters of importance, including further discussion of the county agent proposition, are slated to come up at the meeting tomorrow. Every member of the club and others interested are urged to be present.

J. G. HANEY
Short Course Speaker.

BANKS OF STATE SHOW INCREASE

Gain of $11,000,000 Is Made During 1923 Despite Feeling of Depression.

Despite the feeling of financial depression in the Northwest, bank deposits in the various state banks of Minnesota have increased $11,398,114.59 in the past year and savings deposits increased more than $9,000,000, according to a tabulation of the state bank call as of December 31, last, just completed by A. J. Veigel, state superintendent of banks.

The cash reserve of the institutions under state supervision has nearly doubled the amount required by law, the superintendent explained.

"The tabulation as of December 31 shows that the state banks are more than holding their own," Mr. Veigel said. "The total deposits in 1,092 state banks, nine savings banks and twenty-five trust companies on that date were $433,698,832.76 as compared with $422,300,718.17 on December 29, 1922, an increase of more than $11,000,000 of deposits during the last year.

"On the date of the call the cash reserve on hand was about $49,000,000 and the amount required by law was about $26,000,000 showing that the state banks had on hand nearly double the reserve required by law."

The total resources of all the state banks at the time of the call, the statement shows, was $521,720,811.39 which is an increase of about $17,000,000 compared with the previous year.

Legion Boy to Arizona.

Sometime during the latter part of the week, Harold Gunderson, whose home is in Goodridge, expects to depart for Arizona. He has been ill for a long time and it has been thought that the climate around Phoenix or Tucson would of great benefit to him. On Friday afternoon a committee of six, representing the Elmer J. Eklund post, visited him and presented him with a paid up membership card in the local post.

THIEF RIVER IN LINE FOR SPIEL

District Basketball Tournament Likely to Be Held Here Early in March.

Invitations have been extended to all the schools in this district to hold the district basket ball tournament in Thief River Falls on March 6 and 7. The athletic board, composed of Superintendent M. C. Hayes of East Grand Forks, G. Holmquist of Warren, and A. C. Peterson of Argyle, decided in favor of holding the tournament here at their last meeting, which was held in Stephen on January 24. They left it to a referendum vote, but most of the teams seem in favor of it. The commercial club has guaranteed expenses to $500 and the city council has offered the free use of the auditorium for the occasion so that with such inducements, Thief River Falls is almost certain to be the favored city.

As far as place in the championship games is concerned, the teams stand as follows:

Town	Won	Lost	Per Ct.
Fosston	4	0	1000
McIntosh	5	1	900
Warren	4	1	800
Argyle	4	2	700
T. R. Falls	3	2	600
Ada	3	2	600
Roseau	3	2	600
Bagley	2	2	500
Crookston	1	4	200

Mahnomen, Hallock, Stephen and Warroad lost all games played so far.

At the tournament four preliminary contests will be held on Thursday, one semi-final will be held on Friday morning, March 7: and the final game the winners of which will be declared district champions will be played Friday evening.

FEBRUARY TERM DISTRICT COURT OPENS TUESDAY

Exceptionally Large Number of Cases to Be Tried at Winter Session.

6 Continued Criminal Cases to Be Considered; Four Seek Divorces.

The regular February term of district court opens next Tuesday morning, February 5, with Judge Andrew Grindeland of Warren presiding. The petit jury, the personnel of which was published in these columns last week, has been notified to appear for service on Wednesday morning, when the actual work of trying cases will be taken up.

The February term promises to be one of the longest in the history of Pennington county, there being an exceptionally large number of cases to be tried. Six criminal cases continued over from the last term are to come up at this time, in addition to a number of new ones which have accumulated during the past few months. The continued criminal cases are the following:

O. W. Carlson, liquor case; Adolph Amundson, liquor case; E. J. Gilmet, grand larceny; Fred DuChamp, selling mortgaged property; Jas. J. Farr, liquor case; and Frank J. McGinty, liquor case.

The following civil cases are continued over from last term of court: Richard Hall vs. Geo. S. Snyder; Whitsett Coal company vs. Thief River Iron Works; S. M. Erickson vs. W. C. Nichols; Casper Iverson vs. J. B. Howe and Goodridge State bank.

Among the new cases are four suits for divorce, as follows: Rhoda J. Lamphier vs. Geo. T. Lampier; Minnie Vad vs. John G. Vad; Evangeline Viola Jetland vs. Joseph Jetland; Axel T. Johnson vs. Astrid Johnson.

Other new civil cases are: Farmers State bank of Goodridge vs. Martin Kotrba; E. O. Erickson vs. Chas. B. Bradley; J. T. Bowers vs. A. W. Swedenburg; W. T. Raleigh company vs. H. H. Harding, John Graff and Ole Geving; Albert S. Lieherman vs. A. P. Fox; Anton E. Knutson vs. D. E. Tyson et al; F. A. Grady vs. John Mostrom; Farmers State bank of Goodridge vs. Oliver Tommerdahl; Carl M. Carlson vs. City of Thief River Falls; First and Peoples State bank vs. Henry Hyland; P. A. Voldness vs. Sandberg & Roe company and Martin Williams; G. W. Connell vs. R. H. Ross and E. S. Sanford; Farmers & Merchants State bank vs. Emerson Bratingham Implement company; Hoag Security company vs. W. H. Parnau and J. P. Jensen; Stephen Singer vs. Farmers State Bank of Goodridge; Luckow W. Bergquist vs. First National bank; in the matter of the estate of P. A. Ekstrom, deceased; Christopher Vad et al vs. Highlanding township; First Nat'l. bank vs. G. Halvorson; C. Gotzian & Company vs. N. A. Nelson; Rollins Hosiery Mills vs. N. A. Nelson.

The above list of cases was taken from the record on Tuesday noon and chances are that several more actions will be filed before the calendar for the term is made up.

A number of the cases listed above are of considerable public interest, especially that of C. M. Carlson against the city of Thief River Falls to force payment of the final estimate for the erection of the filtration plant. Another case which should prove very interesting is that of E. O. Erickson, former chief of police, against Chas. B. Bradley, now serving sentence for violation of the prohibition laws. This is a suit for damages on account of certain charges and affadavits preferred by Bradley while Erickson was chief of police. Owing to the fact that Bradley still is in jail, it is thought the case will be continued to the June term of court.

Included in the calendar are 12 personal property tax cases and two suits involving the payment of motor vehicle taxes. The two latter are the first motor tax cases to be tried in Pennington county.

Princess Theatre Begins Bargain Day Series When One Ticket is Worth Two

The Thief River Theatre company is at present introducing an innovation in the form of bargain days. In the company's advertisement on the back page of today's paper the reader will find a coupon. If this coupon is presented with one adult ticket it will admit two on the dates mentioned on the coupon. The management wishes to make it clear to the theatre going public that the coupons are good for only the dates for which they are dated, and also that the programs shown on these dates will of the same high class as those shown on other dates. Manager Brumund is at all times trying to show the best pictures which the market has to offer.

HOME CREAMERY ANNUAL REPORT PROVES GROWTH

S. E. Hunt Chosen to Head Co-Operative Association for Another Year.

Business of Local Creamery Shown to Be in Very Excellent Condition.

The following officers were chosen at the annual meeting of the Thief River Falls Co-operative Creamery association last Saturday, to serve for the ensuing year: President, S. E. Hunt; vice president, Hans Anton; secretary, T. H. Bjerke; treasurer, Frank Hardesty; director, F. T. Satre. Messrs. Hunt, Bjerke and Hardesty were re-elected, while Mr. Anton and Mr. Satre take the places of Carsten Christensen and T. K. Rynestad, who served as vice president and director respectively last year.

The matter of making certain changes in the method of collecting assessments for the sinking fund so as to comply with the federal law relating to co-operative associations and the income tax law, was thoroughly discussed at Saturday's meeting. Attorney Theo. Quale made certain recommendations which were adopted and pased.

Secretary T. H. Bjerke read the report covering the business done at the local creamery during the past year. This showed, among other things, that a total of 1,775,361 pounds of cream had been received, together with 314,474 pounds of whole milk. A total of 614,129 pounds of butter was manufactured in 1923. The average price paid for butterfat is reported at 46.5 cents, a very good showing indeed. Gross value of sales at the creamery is given as $279,134.27.

The question of erecting a new building for the creamery this year was taken up at the meeting, but a majority decided to defer action for the present. Prospects are bright, however, that a new creamery will be erected during 1925.

PICKLE FACTORY IS POSSIBILITY

Large Concern Is Investigating Thief River Falls; Want Branch Station.

Thief River Falls stands a good chance of being chosen as a point for the establishment of a branch of a large pickle factory, according to information which was made public at the meeting of the Commercial club last Saturday.

President Froehlich read a letter from the M. A. Gedney company of Minneapolis, largest manufacturers of pickle and food products in the Northwest, requesting information to be used in deciding whether or not a branch station of the company shall be established in Thief River Falls to take care of the cucumber crop to be raised this season. Farmers present at the meeting were questioned with regard to the acreage which could be promised and many expressed their willingness to plant cucumbers if a profitable market is provided.

Similar stations to the one proposed for Thief River Falls are now in operation at Detroit and other places, and it is said the industry is one which meets with instant favor among farmers because of the ease with which cucumbers can be raised in this section of the state. Definite action in the matter is expected within a few days and prospects appear to be exceedingly bright for the establishment of the station within a short time.

Commercial Club to Pick Officers on February 14

The annual meeting and election of officers for the Thief River Falls Commercial club will be held on Thursday, February 14. At that time a complete report covering the activities of the club during the past year will be rendered.

The local Commercial club has been very active in community work and has taken a leading part in every movement having for its aim the improvement of this section of the state. Every citizen of Thief River Falls should be a member of the Commercial club and in this way help along its program of community development.

Mrs. Farr to Leave.

Mrs. J. Farr, Sr., expects to leave shortly for the home of her daughter, Mrs. Mable Jacoby, who lives in Bonners Ferry, Idaho. It is not definitely known just how long she will stay, although it is expected she will remain for some time.

Short Course Speaker.

FIRST MEETING GREAT SUCCESS

Large Crowd Attends First Parent-Teacher Gathering Held This Year.

The meeting of the Parent-Teachers association held Monday evening in the Lincoln high school proved to be a very successful affair, both in attendance and excellence of program. In the absence of Mrs. R. Arnold, president of the association, Vice President Morris Bye presided at the meeting.

Dr. J. N. Nesse rendered a very pleasing tenor solo and responded to an encore, after which Miss Dorothy Swedenburg gave a very interesting reading. The High School Boys' Glee club, under the leadership of Miss Maude L. Johnson, music instructor in the schools, sang three songs that were enthusiastically received. The boys made a great hit with the audience and showed the effects of careful and efficient training. In the absence of J. S. Arneson, who had been slated for a talk, Dr. H. W. Froehlich gave a short address, taking for his subject "Contagious Diseases."

After the conclusion of the program in the assembly room the gymnasium was visited where a number of girls from the Junior class gave a very interesting football "stunt." After a short time spent in social chat, lunch was served by members of the association.

The next meeting of the association will be held on the first Monday in April, and President Arnold announces that a particularly good program is being prepared for that date.

Small Blaze Does Damage.

A fire which started Sunday afternoon in the second story of the W. A. Bishop building on LaBree avenue for a time threatened to spread and cause serious damage. Mr. Bishop, with the aid of his own waterworks system, managed to get the fire under control before the arrivel of the fire department and the only damage sustained was caused by smoke and water. An overheated stove pipe is believed to have started the blaze.

COUNTY DADS IN IMPORTANT MEET

Committees Appointed For Year and New State Road Ordered Established.

The board of county commissioners met last Friday and a busy session was held. All members were present. The first matter taken up was the annual financial statement prepared by County Auditor T. P. Anderson. This was carefully gone over and approved. It will be published in The Tribune next week.

The chairman made the following appointment of committees for the ensuing year: Finance, Roy, McGinn and Hanson; ditches, Olson, Larson, McGinn, Roy, Hanson and T. P. Anderson; roads and bridges, Larson, McGinn, Hanson, Roy, Olson and T. P. Anderson; court house and jail, McGinn, Olson and Hanson; purchasing, Hanson and T. P. Anderson. The county board of health is composed of the following: Dr. A. W. Swedenburg, Commissioners Roy and Larson.

The section line between Polk Center and Black River from Wylie north to state road No. 4 was designated as State Aid Road No. 12. This stretch of road is four miles in length.

A resolution was passed to offer for sale refunding drainage bonds to the amount of $50,000. The next regular meeting of the board will be held on February 15 to open bids for the bonds and to transact any other business which may be brought up at that time.

FARMERS SHORT COURSE DETAIL IS WORKED OUT

Committees Busily Engaged in Completing Arrangements for Big Days.

Women to Take Prominent Part in Putting Over Exceptional Program.

Everything connected with the farmers' short course to be held in Thief River Falls on February 18 and 19 is going forward smoothly and present indications are that it will be the biggest thing of its kind ever attempted here. Most of the points connected with the program have already been worked out and within a few days every detail connected with this part of the undertaking will be complete.

The course is put on with the assistance of the agricultural extension department of the International Harvester company. The speakers and demonstrators who will come here to assist in conducting the short course will be people of exceptional ability and broad experience. There will be demonstrations and discussions of topics pertaining to the farm and to the home and the short course will be entirely different from anything ever before held in this community.

The short course will be for everybody—men, women and children. It is being prepared for all of the people, those living in town and those living in the country. The general sessions will be conducted at the auditorium, while it is planned to use the Elks club rooms for the women's meetings.

Every resident of Pennington county should keep the two days in mind and make it his business to attend. The greater the attendance, the greater the amount of good which can be accomplished.

FIRST CONTEST OF SEASON LOST

In Spite of Splendid Plays Lincoln Boys Fail on Foreign Floors.

On Friday, January 25, the Lincoln high basket ball team played against Fosston and lost by a score of 15 to 11. The lineup was as follows: Paranteau, forward; Penney, forward; Setner and Mulry, centers; Sorenson, guard; Barzen, guard, on the Thief River Falls team. The Fosston lineup included Curnyn and S. Sovik, forwards; Vik, center; Mark and L. Sovik, guards.

On Saturday, January 26, the local team played with McIntosh, again having the misfortune to lose the game, the score being 10 to 14.

The lineup for the McIntosh game was: Paranteau and Penney, forwards; Mulry, center; Sorenson and Barzen, guards. On the McIntosh team Stardeg and Torgrinson played forward; Lowe, center; Envold and Hill, guards.

The referees at both games, Mr. Smith of the Bemidji high school for the Fosston game and Mr. Beck of the Bemidji Teachers' College for the McIntosh game, were both very efficient and impartial in their decisions. Both of the games were very exciting, the scores being kept close together until the very last moments of the game, and Thief River leading in scores up to this period.

Although the basket ball boys lost these games, these two, played on strange floors, are the only two so far not in the Lincoln's favor and still leaves the boys with a high percentage and in a high place as regards the basketball tournament which is to come off in March. It is a hard proposition to play the game on a strange floor and the last two games are the first attempts by the boys in this line. Now that they have gone through the gaff once, it is more than likely they will brace up and come along again in their old style.

On next Friday evening the boys will play Argyle on their home floor and on Saturday will be playing in Stephens. Of course they will put up a bigger scrap than ever to be the victors, now that they know what it is to lose out.

Attends Conference.

Rev. T. E. Sweger of the Trinity Lutheran church returned this morning from Detroit, where he had been since Monday morning in attendance at a conference of the Northern Minnesota District of his church.

Rev. Tallakson to Speak.

Rev. S. L. Tallakson of Grand Forks will speak at the Trinity Lutheran church next Sunday. Rev. Tallakson is said to be a speaker of more than ordinary ability and it is expected that a large number will take advantage of this opportunity to hear him.

ST. HILAIRE

Community Club Meets.

The St. Hilaire community club held its annual meeting in the school house auditorium last Friday evening. Mr. Charles Anderson presided as chairman. The following officers were elected: Myles Jackson, treasurer; Esther Hovet, secretary; These officers hold office for one year. A. F. Hall was elected as chairman for the next meeting. Miss Mildred Fellman and James A. Dahl, who are members of the program committee will hold over for another meeting and a new member will be appointed to fill Miss Moen's place. After the business session a program was rendered, which consisted of musical selections by the boys' and girls' glee club of the high school and an address by H. F. Anderson on education. The Junior class of the high school served lunch to those present, and the proceeds of the lunch will be used to help defray the expenses of the Junior-Senior banquet. A very enjoyable time is reported by those in attendance.

Rebekah Lodge.

The regular meeting of the Iris Rebekah Lodge No. 40 was held in the I. O. O. F. hall last Tuesday evening. Mrs. A. J. Hed was installed as vice grand for the ensuing term and Mrs. Maakrud and Mrs. A. S. Wilson were appointed as supporters of the vice grand.

Basket Ball Tour.

The city basket ball team of St. Hilaire went to Greenbush Tuesday and played and defeated the Greenbush team on their home floor by a score of 2 to 10. The next morning they went on to Roseau where they met the city team of that place the same evening. Although they were not victorious at Roseau a very good game was staged which ended with a score of 14 to 11 in favor of Roseau. Our boys speak very favorably of the hospitality and sportsmanship shown at both places and especially at Roseau where the boys and other athletes were pleasantly entertained at a card party and feed. They returned home Thursday afternoon. Those in the team were Martin Loberg, Sigrud Engh, Myles Jackson, Hans Follstad, Hervey Cathelinean and Clifford Belden.

Basket Ball Game.

The city team and the high school team clashed on the home floor last Thursday night. This was the first game staged in the new gymnasium. The game was close and very interesting from start to finish and provided the fans with an hour of exciting amusement. The city team came out ahead with a score of 8 to 7. A. F. Hall refered. The city team consisted of Sig. Engh, Butch Wilson, Myles Jackson, Mart Loberg, Hank Follstad and Art Hanson, and those playing on the high school team were Norman Olson, Hervey Cathelinean, Art Johnson, Clifford Belden Knute Odegaard and Paul Erickson.

Afternoon Gathering.

Miss Nellie Follstad entertained a number of her friends at her home here last Thursday afternoon. The afternoon was spent at needlework, after which a delicious luncheon was served. Those present were: Mrs. Berg, Mrs. A. Vik, Miss Branum, Tina Walsnes and Mrs. M. Highland.

Birthday Party.

A number of friends of Miss Mildred Fellman were entertained last Thursday afternoon at the school building by Miss Anne Braun, in honor of Miss Fellman's birthday anniversary. A very delicious luncheon was served and a good time is reported. The guests present were the Misses Edith Dahl, Esther Hovet, Olympia Moen, Luiubel Jerpe, Selma Hoff and Mildred Fellman, and Mesdames E. Jensen, T. Skattrud and G. I. Fellman.

Music Coterie Meets.

The members of the Music Coterie were pleasantly entertained last Wednesday evening at the home of Miss Pearl Simonson. After the regular study period, which is usually devoted to the lives of great musicians, the young people indulged in various contests and games. A dainty lunch was served by the hostess.

MAYFIELD

"A Leap Year Poem."

Come all you girls and listen,
Just harken unto me. And I will
Tell you something that will
make your sorriws flee.

I've been thinking of it lately
And I'm sure it is a fact,
That Our Boys in Mayfield
Want to try the Leap Year act.

Asbjorn Asbjornson has been
Patient, looking forward tl
This year, now if you would pop
The question, it would fill him
With good cheer.

Halvor Sigurdson is also waiting.
Let me give you girls a hunch,
Whoever gets this quiet fellow,
Would surely get a honey-bunch.

Ole Olson, be's another, who'd
File up amonght the best,
With his smile and pleasant ways,
I would surely try my luck.

Bjarne Olson thinks he's fated
So this day give him your hand,
And on you I'm sure, he'll lavish
All his coin and fertile land.

Otto Clausin, he's another and
You'll agree he's not so old,
Now you girls, you can't miss
Cause on you he'll spend his gold.

Leo Ellingson, always, with
A pleasant smile,
Rush him girls, as for
One better you'll never find.

Myron Heggestuen, don't forget,
Freeze to him this very hour.
He will make a model husband
Though he looks a little sour.

Alvin Clemmetson is still
Hoping that for him you'll set your sail,
Courage sister, do not falter,
He has tried but his failed.

Gilbert Overwold, he can't be beat,
Such a stout and sturdy fellow,
One look would tell us so,
Now don't you all agree?

Einar Olson, here's another who's
Been waiting for this, "work,"
Seems to be his motto, so,
A home you'll be sure to have.

Harry Cousin, always cheerful
Says some day he'll win a mate,
Nab him girls, this very hour,
Before you find it is too late.

If you find you're up against it,
And can't find one high or low,
Just advertise your offer and
Bring along the "dough."

Happiness never deserts us,—we have to chase it away if we don't want it around the place.

Whenever we judge others we are pretty sure to convict them.

The sun shines on us even though we do not deserve it.

Be honest with yourself brother and admit that life has been singing with the voice of spring and hope.

The best life holds for us is the chance to give ourselves gladly and triumphantly to some common purpose of humanity, our service for which and in which shall make us partakers of human joy and victory.

The Teapot Dome scandal has the country by the ears just now but this newspaper, following the lead of the Legion Weekly, pointed out exactly what happened more than a year ago. We viewed with suspicion the transfer of the oil deposits of the government from one department to another, the subsequent leasing to the Sinclair interests, when there really was no necessity for the action. The late President Harding, who was one of the best natured men that ever lived, probably surrounded himself with more lame ducks than has ever before been the case with a President of the United States, and those who have followed recent developments are not in the least surprised at the disclosures made. Mark our word, Alaska escaped a wholesale plundering when Albert B. Fall retired from the cabinet.

Prosperity assuredly runs in cycles. Always has and always will and we firmly believe the cycle of good times is just around the corner. Get ready to grab a chunk of it. Be a booster and help get the country in a good frame of mind and you will be surprised at the results.

Democrats who are making a lot of capital out of the Teapot Dome disclosures have siezed upon something which is really of minor importance when compared with the plunder of this country by the war profiteers during the lamented Democratic administration.

If we could have President Coolidge's ear for a moment we should advise him to get rid of Denby, Weeks and Daugherty. This trio more than any other factor contributed to the disrepute of the Harding administration.

The place for the next district delegates convention is Thief River Falls. The delegates will be well entertained here and the omen of good luck which hovers over this city will assuredly bring good luck to the Republican party.

Magnus Johnson wants the President to select a Farmer-Labor attorney to investigate the oil scandal. Wonder if he had Tommy Sullivan in mind?

If Ole P. B. is wise he will drop one initial. Think of J. A. A. Burnquist and J. A. O. Preus and the trouble they have had.

Albert B. Fall is no sicker than the country which he disgraced.

Dr. Bowers Called to Holt.

On Saturday, January 26, Dr. Bowers was suddenly called to Holt to attend the sickness of Edgar Johnson, the grandson of the Otto Johnsons of Holt. The little lad had been visiting with his grandparents in that town for several months. He suddenly became very ill with double-pneumonia several days ago, but when Dr. Bowers was called, it was already too late and the boy died just before the doctor arrived at the home.

W. C. T. U. Meeting.

The W. C. T. U. will hold the next loyalty meeting on February 5th at 3 p.m. at the home of Mrs. A. Craik, 622 Horace avenue. A peace program will be carried out with Mrs. Prichard, Sr. as leader. The treasurer desires that all members come prepared to pay dues and also bring the new members. The hostess will serve lunch and everyone is welcome.

COMMERCIAL CLUB ACTIVITIES

The annual meeting and election of officers will take place February 14. At that time a report of the activities of the Commercial club will be given.

There were over a hundred present at the luncheon last Saturday, which was followed by a very successful creamery meeting.

Most of the farmers were very much interested in the matter of raising cucumber pickles and as soon as more details have been received from the company the matter will be taken up again.

On February 7th and 8th will occur the annual meeting of the Commercial club secretaries in St. Paul. A very interesting program has been prepared and someone should represent our club at this meeting.

It is planned to put on a membership drive in the near future. This matter will come up at the meeting tomorrow. The club should have at least 200 active members.

THIRD CRUSADE THEME OF FINE NEW PHOTOPLAY

"Richard, the Lion-Hearted" Based on Adventures of Famous Monarch.

Great Picture Comes to the Princess Theatre Next Sunday and Monday.

When a popular novel wins a tremendous following and the public sets up a clamor for "more," the author woos the muse and writes a sequel.

This device of the book world has been adopted by the motion picture industry, for a picture which really is a "sequel" to "Douglas Fairbanks in Robin Hood," has been produced by the Associated Authors under the title of "Richard, the Lion-Hearted," a romance of the Third Crusade based on Sir Walter Scott's famous novel, "The Talisman."

Such a tremendous success was scored by "Robin Hood" that the newly organized firm of notables who are incorporated under the title of "Associated Authors" screened a story which takes up the thread of the adventures of the great King Richard from the time that he left England until his return. Taken with the story told in the Douglas Fairbanks' production, it gives a fairly complete historical representation of the famous historical period of the Third Crusade.

Months of research work and careful preparation have gone into this production which will be the initial release of the Frank E. Woods-Thompson Buchanan-Elmer Harris-Clark Thomas organization for Allied Producers and Distributors corporation and which comes to the Princess next Sunday and Monday. Several hundred volumes of history and literature were studied by a staff of research experts.

With the mass of detailed preparations out of the way, the authors' trio, which jointly supervised the production turned their attention to the selection of the cast.

Wallace Beery immediately was chosen and signed up for the feature role of King Richard, since his portrayal of the Crusader king in "Robin Hood" had won a big popular following. Kathleen Clifford was cast for the role of Queen Berengaria; Marguerite de la Motte for Lady Edith Plantagenet; John Bowers for Sir Kenneth, Knight of the Leopard; Charles Gerrard for Sultan Saladin; Tully Marshall for the Hermit of Engaddi; Clarence Gelbert as Sir Conrade de Montserrat and Wilbur Higby as Sir Thomas Devaux.

Sets rivalling those of "Robin Hood" in lavishness were worked out by Mrs. Una Nixon Hopkins, the art director. Priceless Turkish rugs, potteries from Palestine; made-to-order furniture of ebony and mother-of-pearl; jeweled mirrors, combs and chests, which are reproductions of originals in the British museum; especially designed costumes of silks, satins, brocades and furs—these are a few of the items of "special production expense," while for some of the big fight scenes a reproduction of the town of Joppa, Palestine, was erected.

MANY QUESTIONS CRAVE SOLUTION

Thief River City Council Holds Busy Session on Tuesday Evening.

The new city council is finding plenty of work on hand, last night being the fourth Tuesday night in this month that the body has met to transact business. Each meeting has brought forth plenty of matter requiring close attention and more is in sight.

The meeting last night was a special one called to consider the bids of the various banks as depositories of city funds and for consideration of bids on city printing.

The Farmers and Merchants State bank, the First and Peoples State bank and the First National bank all had bids in for city funds, offering to pay two per cent monthly on daily balances, based on the average of the month previous. A personal bond accompanied the bid of the First and Peoples State bank, while the other two banks offered to furnish bonds acceptable to the city. The bids had called for surety bonds, but a representative of one of the banks was present and stated that it would be impossible for the local banks to get surety bonds this year, as they had taken on all such bonds as are permitted.

Last year the banks paid the city three per cent and the aldermen thought that two per cent was a little too much of a cut and postponed action for one week.

The Times presented a bid of 60 cents per folio for first publication of all city notices, and of 30 cents for all subsequent publications which is two thirds of the legal rate as fixed by the state, and all that the city charter permits the city to pay. The Times was therefore made the official paper of the city for the ensuing year.

Jas. Barnett and other labor representatives appeared before the council asking that the city install a city scale to insure private parties getting full weights when buying fuel or selling produce. While they had no specific instances of undue advantage having been taken by any dealer in fuel or any produce buyer yet there were plenty of ugly stories floating about and the men thought the city should be willing to give this protection.

Alderman H. A. Brumund explained that for four years the old council had endeavored to find a way to overcome the talk and to provide such protection but it was found it would cost the city approximately $2,500 for a scale and at least $100 per month for a care taker. This was deemed too expensive at this time.

In this connection a bid was read from the Prichard company, offering to lease their scale to the city for $40 per month for a trial, so that the city could ascertain if there was a real demand for a city scale. The matter was referred to the street committee for investigation and disposal as they deem expedient.

An informal discussion of the lighting situation was before the aldermen for nearly an hour without any decision being arrived at. Chairman Martin Evenson thought the city should purchase another Diesel engine as an auxiliary in case of trouble to those now in use, and was partially supported in this idea by Chris Porter, while H. A. Brumund and Oscar Paulson declared in favor of the city purchasing the present dam. T. A. Fossum did not express any opinion and Oscar Rambeck was absent. The matter was laid over until some future time, although all realize that some important step must be taken soon to protect the city against a possible period of darkness in case of engine trouble or water shortage like that for the past ten days.

L. C. Nielsen, applicant for assistant city clerk, asked what disposition had been made of his application which had been referred to the city attorney. H. O. Chommie replied that he was not prepared as yet to make any disposition of the matter, which would have to come up at a regular meeting.

MUSICAL COMEDY SCORES BIG HIT

Home Talent Shows Up Exceptionally Well in Elaborate Production.

"Kathleen" was presented under the auspices of the Community Girls' club on Tuesday evening at the auditorium and proved to come up to all expectations in the way of prettiness, catchy music and a splendid comedy plus plenty of heart throbs. The cast, picked from the local talent of which Thief River Falls seems to have an abundant supply, proved themselves worthy of much praise on the part of all who saw them going through their parts.

The comedy parts, taken by Dave Robinson, Teckley Bramble; Lester Guss, Lem Underduck; Miss Lyda Batten, Arabella Wilkins; and Norbert Holzknecht, Hans Swindler, were well taken and played with such evident appreciation for comedy values that the audience continually kept in uproarious laughter. Especially so with the old Dutch storekeeper, Hans Swindler, who simply could not have been any better. The songs sung by these four people tickled the audience pink and could the play have been so arranged, the song, "Deduction" and "Arabella" might have continued until the singers were voiceless.

The part of Kathleen was very ably taken by Mrs. J. J. McCann, who sang her songs prettily and portrayed a lovely village maiden with much grace. Jimmy Stanton became a virile youth, strong in honor and very true to life in the hands of Lawrence Mickelson. He sang his songs well, and made a lover to be loved and sympathized with by everyone in the misfortunes that seemed to follow him in his dealings with Ned Rollingston.

Miss Dora Kelly, the village vamp, played her part and sang with such evident enjoyment and abandon that she "took" immensely. The villian was played by Elra Porter, and Ned Rollingston was portrayed to the best of his ability. The part of Michael Flynn, Flynnville's wealthiest citizen and uncle of the heroine, Kathleen, was very ably done by E. O. Mogensen, and Clarence Pope did the part of Higgins, the butler to perfection.

The music of the play was very catchy, played well by the orchestra, and combined with the many excellent choruses, made a hit with everybody. Special mention is made of the Dance-O-Mania song as done by Earl Effinger and the Dance-O-Mania girls. This was a very snappy song and was put over in great style.

Due credit must be rendered Miss Mary Cecelia Freeland, who has been in charge of the musical comedy. Miss Freeland shouldered an immense load in attempting to put on such a large production with such speed and more than one prophesied failure because of the short time between beginning the play and putting it on. It was very much because of her unrelaxing efforts, both before and on the night of the play that the public went away so well satisfied.

Operetta, "Gypsy Rover."

Miss Maude L. Johnson is hard at work on the operetta to be given in the latter part of February or the early part of March by the boys and girls glee clubs of the high school. Not all of the cast has been chosen as yet. However, it will be completed soon and much hard work will be put in learning the various roles.

SPELLING RACE IS WARMING UP

The contest will begin promptly at one o'clock and the winners will be presented with a first and second prize, which Mr. Sande will give personally. This will be two dollars to the winner and one dollar and a half to the next in line.

The two winners in the Saturday contest will form the team taking part in the Crookston contest which will be held on Friday, February 8. Nine counties will be represented by teams at this contest and in awarding prizes, personal standing will be used. The first prize will be $7, the second, $5, the third $3, and the next five in line will receive $1 each. A banner will also be presented to the county having the team that scores the highest in the spelling.

All expenses to the Crookston contest will be paid by the Crookston Live Stock Show so that contestants will have no outlay to trouble them or keep them from taking part in the program.

More About the Holdup.

Concerning the holdup case of August Carlson at Rosewood; The young man who reported in The Tribune is well known in Thief River Falls. It's a lie—they never took any .38 caliber cartridges away from me. The trouble was he had a little too much "moon." They held me up right in the main street of Rosewood and searched all my pockets. Two men held my wrists so I couldn't defend myself and I asked for a search warrant. They took two five dollar bills out of my pockets and asked me where my car was. I told them across the street, so they searched every corner of my car. Then one of my friends said: "What business did you have to search August Carlson's car. I want to know because I came along with him." This young man said: "Just stay away from here and leave me alone."

I like to see people have good times at the dances but when they do this kind of work we should look into the matter. What have we laws for when we are not protected by the citizens. I would like to see everybody enforce the law and do their duty and have more respect for their neighbors and friends.—August Carlson.

Fire Squad Puts on Very Good Dance; Many Pretty Costumes; a Peppy Crowd

In spite of the threatening aspect of the weather during the afternoon and early evening, and which no doubt, kept many people away who might otherwise have come in costumes, quite a variety of strange looking couples occupied the floor of the auditorium during the earlier hours of the evening. At 11:30 p.m. precisely, a circle two-step was begun and while the various evolutions of the dance were being gone through the judges tried to do their duty. The number of eccentric, funny, and pretty masqueraders worn made the task of selection very difficult to handle. However, it was finally decided that Tom Gargrave, dressed as a tramp, and Mrs. Morris LaSall, who expressed the "Irish Washerwoman," jig idea in clothes form, had won the "most comical" prizes; while Miss Myrtle Helgeland, dressed in a pretty harem outfit and Charles Warner, who was the evening's "Valantino," were given the prizes for being the best dressed lady and gentleman of the evening.

After the unmasking, a large number of those who had either not cared to mask or had given up the idea because of the threatening weather, entered the dancing floor. The evening program was continued until a very early hour, with most of those present unwilling to leave. The music for the evening was snappily furnished by the Blue Blaze orchestra. A word must be said about the decorations which were very gay. At the back of the hall, just in front of the balcony was seated a "fire chief," all rigged out in boots, rubber coat, and helmet, who presided over all the dances. Besides this oddity there were many streamers of serpentine and Japanese lanterns strung up into very pretty effects.

STAGE SUCCESS TO SHOW HERE

"Little Johnny Jones," Romance of the Turf, on Friday and Saturday.

Beauty and the Beast clash together with dramatic effect in "Little Johnny Jones," the George M. Cohan stage success starring Johnny Hines, to be seen in the photoplay version at the Princess theatre Friday and Saturday.

The "Beauty" takes the form of a charming little English girl who decides to forget her blue blood and tradition because of her love for Johnny Jones, the American jockey; and the "Beast" is a professional gambler of shady past, who tries to put stumbling blocks and dangers in the path of the young Yankee lad so that he might win the girl himself.

It is a romance of the turf, the story of Johnny Jones, the Yankee jockey, who is scheduled to win the English Derby. A bar in his way comes up in the form of Robert Anstead, a gambler, who knows his own horse doesn't stand the ghost of a chance unless Johnny is put out of the way and disqualified. A plot bristling with adventure is concocted to prove that the Yankee has agreed to throw away the race, and Johnny has to show that actions are stronger than words, before he is reinstated in the heart of his sweetheart.

Johnny Hines, called the George M. Cohan of the screen, has the stellar role of Jonny Jones, who rides his favorite horse, Yankee Doodle, to victory at the English Derby and eludes the trap set for him; his supporting cast is made up of Windham Standing, Margaret Seddon, Robert Prior, Molly Malone, George Webb, Mervin LeRoy, "Fat" Carr, Pauline French, and Brownie, the Wonder Dog.

Mrs. Thelma Erickson, who for the past several weeks has been a guest of relatives and friends at Minneapolis and St. Paul, is expected to return here Sunday morning. She was expected last Sunday but was delayed on account of illness. Mrs. Erickson will resume music teaching on her return.

Harold Arneson, son of Mr. and Mrs. J. S. Arneson, returned this morning for an indefinite stay. Mr. Arneson for the past seven months has been employed at McLaughlin, S. D., and before coming here spent a few days with friends and relatives in St. Paul.

1925 Convention Indorsed by Councilors at Legion Banquet; Show Discussed

Coming in at the close of the Legion's membership drive which ended the fifteenth, with 23 members to their credit when Francis Burns and his gang introduced 46 fresh Legionaires to their huddies, William Hall and his aids performed the losers' rites hy giving a banquet with the old and new Legion members and the local council as guests.

A six piece orchestra headed by H. S. Snyder, rendered many beautiful selections of a semi classical form to the great delight of all those present.

A husiness meeting was called after the dinner, with O. R. Sande, adjacent, as temporary commander, taking the place of commander Oscar Smith, who had been suddenly called to Minneapolis. The 1925 convention matter was again taken np and council members agreed unanimously that it would be a very fine thing to have it in this city at that time as the putting over of such an immense affair of this kind will mean much favorable comment and publicity that will spotlight this city, putting it on the map as one of the live wires of the country and proving that Thief River Falls is worth a lot of attention . It was also decided to hold a dance in the Legion hall after the play, "Kathleen," on next Tuesday inght, and haveing the Community Girls' clnh as the honor guests of the evening. The subject of a minstrel show, to be given at some time later in the year was also hroached, and Miss M. C. Freeland, who is in charge of the Commnnity Girls' play, "Kathleen," spoke on the subject of giving a minstrel such as is put on by the company she represents. It was finally decided to let the subject rest in the hands of a committee who will take np the matter of contracts with different companies before making any decision.

Golf Lessons Scheduled Every Thursday Evening

Commencing on Thursday of this week, the Commercial club rooms will be open each Thursday evening from 7:30 to 10 o'clock for the accommodation of those who desire to take golf lessons. A competent instructor will be there to give lessons. It is the intention to continue this instruction until the opening of the regular golf season. The local club is said to be the only organization of its kind in the country which has taken the pains to help its members in this manner.

It is planned to complete the nine holes of the local course this year before July 1. A screened-in pavilion sufficiently large for dances will also be erected, according to President W. A. Barnard. The road to the golf course is now in such condition that it can be used in any kind of weather without difficulty.

Crookston Debate Starts Semi-finals; Winning It Will Mean a Step Forward

On Friday night at the Lincoln high school a debate will be held with Crookston on, "Resolved, that European immigration into the United States should be prohibited by law for a period of five years." The local trio, composed of Hazel Krause, Margaret Melgaard, and Mae Ballangrud will have the negative side of the question again as they did in the first battle. This time they will have a very strong antagonist as Crookston, with whom they will contend on Friday, has a team that has already made its mark. The visiting team will be composed of three boys, Kenneth Robins, Wilbur Sandberg, and Norman Hagen; so the debate will not only be interesting from the question standpoint, but here will be involved the old, old question of, Which is the stronger mentally, the male or female of the species?"

The local trio has so far won the unanimous decision of the judges when debating on hoth sides of the question so that, knowing both sides as well as they do, they have been able to form rebuttals that might not otherwise have been thought of.

This contest starts the semi-finals and being won, will mean a step forward in winning the state championship of Minnesota.

Former Resident Greets Old Friends in Holiday Message to John Morgan

John Morgan last week received a letter from a well-remembered former Thief River Falls man, "Dad" Kelly. Mr. Kelly left Thief River Falls 13 years ago and now resides at Aleza Lake, British Columbia. While here, he was employed in the lumber industry, and also held the position of chief of police during the administration of Mayor Kratka. Following are portions of the letter which might be of interest to the older residents of this city:

"Your Christmas card reached me yesterday and I was very much moved to think you remembered me. It has been 13 years since I left Thief River Falls but I remember all my old friends. I am scaling logs for the government and get a good salary and steady work. I have 160 acres of fine land with a good frame house on it and have 20,000 feet of lumber to build a barn, chicken house, shop, ice house, etc.

"I see Charlie Olson often, also Wallace Nichols. Write to me me all the news—all about. Write and tell me all the news about Nick, Shirley, Schuster and Jarman. Am very sorry that I can't include poor Charlie Brink. I was sorry to hear of his death. May his soul rest in peace. Remember me to Dan Shaw, Ole Torrison, Harry Ives, Charley Evenson and wife, and also Ed. Evenson and family."

The Woman's Club to Get J. S. Garnes, the Reader

The regular meeting of the Woman's club will commence promptly at 2:30 p.m., Feb. 4, with Mrs. Booren as hostess. There will be a roll call of state and United States officials. The music memory contest with Mrs. Gay Halvorson as leader, will also be held.

At four o'clock, John Seaman Garnes, of the McPhail School of Music will read for the children in the Princess through the courtesy of its management. At eight o'clock, the same evening, he will give a dramatic reading, "Ireland in Song and Story," one of his very best programs, in the Lincoln high school anditorium. The price of admission will be 35 cents, 20 cents, and 10 cents. Everyone should hear Mr. Garnes. He is at the head of the McPhail school's dramatic department and is known the country over as a dramatic reader of very rare ability.

Returns from Trip.

M. T. McFarland returned the first of the week from a business trip to the west coast country. He visited Oregon, Washington and California, remaining for several days in each state. After carefully observing conditions in the West, Mr. McFarland came to the conclusion that this section of the country is favorably situated and will come back to normal long before the western states will enjoy permanent prosperity.

A Correction.

In reporting the alleged holdup case at Rosewood two weeks ago, The Tribune stated that Carlson had been robbed of $5. Mr. Carlson says this is wrong and that he lost two five dollar bills in the transaction. A signed statement by Mr. Carlson on the subject will be found in another column of this issue.

ROCKSBURY

Eva Harder, Reporter, Dist. 54.

The seventh and eighth grade boys and girls have had their monthly test in arithmetic, history, geography and grammar. The one who had the highest mark in history is Eva Harder, whose average was 86. Frank Blaska had the highest average in arithmetic.

We have been studying about our winter friends, the birds, and we have taken a chickadee as one.

The lower grade pupils have made a sandtable which represents a snow-covered hill with boys and girls sliding down it.

The pupils who have received perfect attendance certificates for the month are: Eva Harder, Lawrence Harder, Frances Harder, Madonna Blaska, Esther Zinter, Annie Zinter and Lenning Aubol. The pupils on the honor roll for the past month are: Esther Zinter, Annie Zinter and Frances Harder.

H. Blaska was in Thief River Falls last Wednesday on a business trip.

Mr. and Mrs. Mark Harder were the guests at the Bert Pierson home Sunday afternoon.

Mr. and Mrs. E. Jenson were guests at the M. McAndress home Sunday afternoon.

NORDEN

Willowdale School.

Another milestone on our journey of learning has been reached successfully. As we look back over the rugged paths we have travelled during these past four months and realize that we have now made one-half of this term's journey, a smile of satisfaction may be seen on each face. There is indeed great satisfaction in knowing that we have come thus far without signs of tronble or serions delays. It is our hope that the same sweet tranquility will exist until our whole journey is completed. Many trials as well as many pleasures have been ours but we try our best to share them equally and feel certain that no one has shirked his or her duty so far. The only clond that darkens the clear blue sky and pleasant atmosphere at Willowdale now, is the fact that four of our members have been unable to attend the last three weeks on account of illness. We miss them in our classes and in our play, especially Vera, who is treasurer of the Shining League and an active participant in all our industrial and social undertakings. It is our sincere wish that the circle may be unbroken again before long. During the last two weeks of school the climatic conditions have been slightly unfavorable, but in spite of it very few absences have been recorded. Certificates of perfect attendance were issued to Byron and Borden Sagmoen. Others have missed only a day which, however, was enough to prevent them from receiving a certificate. We have a very progressive Little Citizens' League which meets every Friday. This League is caller the Shining League and tries to spread sunshine where darkness prevails. All entertainments and community affairs and planned and taken care of by the League. A valentine party is planned for February 14 to which the pnblic is cordially invited. A short program consisting of selections in tribute to Lincoln, Washington, and St. Valentine selections. A post office will be erected and valentines may be made and mailed any time from February 1st until Valentine evening. This is for outsiders as well as pupils who wish to send valentines to friends in this neighborhood.

At the last meeting of the Shining League stories were written on the topic "I'm glad I Am an American." The story written by Delbert Kron was selected as being the best.

Several people from this community attended the Farmers' club held at Rosewood last Saturday.

Mr. and Mrs. Albert Lappegaard and baby went to Thief River Falls Tuesday Jan. 22. The older children remained at the home of Ole Lappegaard.

The sectional spelling contest will meet at the Willowdale school Saturday afternoon at two o'clock. Pupils are expected from City View and North Star schools to take part in the contest.

The next Reading Circle will be held on March 1st in the Roosevelt school, at which meeting plans are to the effect completing the second book, which will also complete the year's work in Section I.

The meeting will be called to order at 11-o'clock a.m. and refreshments will be served at noon.

An Outburst of Brilliancy.
(Why pupils fail in school.)

There's a reason for everything,
As I have heard tell;
So there must be for failures,
And successes as well.

There are as many types of failures,
As there are shades of hue;
But the failures that I write about,
Are from a scholar's point of view.

There are problems in a lifetime,
Problems great and problems small;
But to the average student,
Success in school is King of all.

But still there are some pupils,
Who see not things this way,
They keep on doing things
For which later they must pay.

These selfsame pupils come to school,
And study in pretense.
But when it comes down to a test,
We find they are quite dense.

The reason's very simple,
As you will soon agree.
'Twas the reading of a novel
Instead of history.

Now if you are a bookworm,
Make your hobby of some use;
And when the state exams come 'round,
Let the other feller be the goose.

So put aside all fiction,
And get your lessons first.
Then after the exams are past,
With novels quench your thirst.

CITATION FOR HEARING ON PETITION FOR ADMINISTRATION.

Estate of Henry Goergen.

State of Minnesota, County of Pennington

IN PROBATE COURT.

In the Matter of the Estate of Henry Goergen, Decedent.

THE STATE OF MINNESOTA, To Lizzie Goergen and all persons interested in the granting of administration of the estate of said decedent: The petition of Lizzie Goergen having been filed in this Court, representing that Henry Goergen, then a resident of the County of Riverside, State of California, died intestate on the 13th day of December, 1923, and praying that letters of administration of his estate be granted to John P. Goergen and the Court, having fixed the time and place for hearing said petition: THEREFORE, You and Each of You, are hereby cited and required to show cause, if any you have, before this Court at the Probate Court Rooms in the Court House, in the City of Thief River Falls in the County of Pennington, State of Minnesota, on the 23rd day of February, 1924, at 10:00 o'clock A. Notice to Stockholders.

To the Stockholders of the Red Lake-Eastern Marshall Farmers Telephone Company; Greetings:

Your Board of Directors have for some time realized that, because of the company not being large enough and with income enough to enable us to have paid officials to attend to collections and other business and linemen with sufficient experience to keep lines and equipment in reasonable service order, we are in a position where in a short time it will be impossible to continue the business of the company.

As we have a neighbor company on the south of us that is organized on the same ground principles as we are, namely, to give the best possible service to the most possible at the lowest rate possible, and as this neighbor company, the Garden Valley Telephone Company, is large and strong enough to keep a regular business manager and the necessary experienced linemen so as to keep the lines and equipment in reasonable working or service repair, we have taken the liberty to open negotiations with the board and management of the above mentioned Golden Valley Telephone Company for consolidating or selling out to them. They have shown willingness to consider this and have had men here to look over the situation and the manager has reported to us that from the estimate inventory taken, our property appears to be very nearly alike in value to that of the Golden Valley Telephone Company, as to dollar for dollar that consolidation apparently can be brought about with little or no trouble.

This is therefore your notice that at the coming annual meeting to be held at Goodridge on the 11th day of February, 1924, you will be asked to vote for or against consolidation with above named Golden Valley Telephone Company.

If a majority of the Stockholders approve of it and the board of Directors of the Golden Valley Telephone Company also approve, your board will then take the necessary steps to bring about the change as soon as possible.

Dated at Goodridge, Minnesota, this 24th day of January, 1924.

Board of Directors of the Red Lake-Eastern Marshall Farmers' Telephone Company.

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas G. Rome and Thorbjor G. Rome, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 575 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 316;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage, became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100........($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgage contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 160 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota, to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

Dated December 17, 1923.

D., 1920, and recorded in the office of the Register of Deeds, of Pennington County Minnesota, on the 15th day of April A. D., 1920, at 8 o'clock A. M., in Book 62 of mortgages, on page 447.

Which said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee to Deposit Bank of Winona, Winona, Minnesota by written assignment dated May 10, A. D., 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on May 15, 1920, at 8 o'clock A. M., in Book 63 of Mortgages on page 212, and which said mortgage, together with the debt secured thereby, was duly assigned by said Deposit Bank of Winona, Winona, Minnesota, to Robert R. Henry by written assignment dated May 19, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota on the 23rd day of November, 1923, at 1 o'clock P. M., in Book 63 of Mortgages, on page 505,

And whereas, the said Robert R. Henry, the assignee and holder of said mortgage, on December 14th, 1923 paid delinquent taxes upon the mortgaged property hereinafter described in the sum of One Hundred Ninety-eight and 97-100 ($198.97) Dollars; and whereas, the said Robert R. Henry, the assignee and holder of said mortgage, has duly elected and does hereby elect to declare the whole principal sum of said mortgage due and payable at the date of this notice, under the terms and conditions of said mortgage and the Power of Sale therein contained; and whereas, there is actually due and claimed to be due at the date of this notice the sum of Two Thousand ($2000.00) Dollars, with interest thereon from the 6th day of April, 1921, at the rate of six per cent per annum; and whereas, the said Power of Sale has become operative and no action or proceedings having been instituted at law or otherwise, to recover the debt secured by said mortgage, or any part thereof.

NOW, THEREFORE, Notice is hereby given, that by virtue of the Power of Sale contained in said mortgage and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by a sale of the premises described in and covered by said mortgage, viz:

The Northwest Quarter (NW¼) of Section Thirty-four (34), in Township One Hundred Fifty-three (153) North, of Range Thirty-nine (39) West of the Fifth principal Meridian, according to the United States government survey thereof and containing 160 acres of land more or less, in Pennington County and State of Minnesota.

Which sale will be made by the Sheriff of said Pennington County, at the Front Door of the County Court House at Thief River Falls, in said County and State on the 7th day of February, 1924, at 10 o'clock A. M. of that day at public vendue to the highest bidder for cash, to pay the amount then due on said mortgage and interest and the sum of $198.97 for taxes paid on said described premises, with interest from date of payment, together with the costs and disbursements of such sale and Seventy-five Dollars attorneys fees stipulated in said mortgage in case of foreclosure.

MIDDLE RIVER

Win Double Victory.

The Middle River high school debating teams won a double victory Monday by defeating the Greenbush and Badger high school debating teams in a triangular debate on the subject, "Resolved, that European immigration into the United States shall not be prohibited by law for a period of five years." The Middle River negative team consisting of Mildred Black, Hella Sondberg and Gladys Gullickson met the Greenbush affirmative in the local high school auditorium while the Middle River affirmative met the Badger negative at Badger. The local affirmative team consisted of Ella Peterson, Clarence Olson and Lydia Isaacson. In both debates, the judges' decision was 2 to 1 in favor of Middle River. Another elimination contest will be arranged in a few weeks. The following acted as judges in the Greenbush-Middle River debate: Supt. R. R. Werline, Newfolden; Supt. Geo. Smith, Holt; G. B. Hann, Newfolden.

Take Greenbush to Camp.

The Middle River high school quint added another win to their recent string of victories by defeating the Greenbush high school team 20 to 4 in a fast game on the local floor Friday evening. Coach Tandberg's men showed excellent form and a very high degree of team work coupled with accuracy in basket shooting. The locals took the lead early in the game and Greenbush was unable to break through the Middle River defense for more than two field goals during the entire game. William Kramer and Harold Gullickson were the chief point-getters for Middle River. Of the visitors, Vernon Huseth played the most consistent game. Clean playing on both sides was a feature of the game.

Why I Like to Be An American.

(By Delbert Kron.)

I like to be an American because the Americans are one of the most intelligent sets of people in the world, No other country is ruled so wisely, no other country his such wealth, and no other country has such beautiful scenery as North America.

The lakes of North America make it a beautiful country. There are large lakes and small lakes, one as beautiful as the other. These lakes are not only beautiful but valuable as well. The Great Lakes in the northern part of the United States are very valuable for transporting goods of all kinds. The largest of these lakes is Lake Superior which is used for shipping out iron from the iron mines in that vicinity: It is also used for shipping out other goods such as grain, dairy products, etc.

The mountains also tend to make North America beautiful. The largest chain of mountains are the Rocky mountains in the western part. These mountains rise to an immense height; they are the longest chain of mountains in the world. Many of the highest peaks are covered with snow even in the summer time.

The most important industry of the United States is agriculture. It is an excellent agricultural country especially the central part. Here the land is smooth and consists of long, rolling plains. Here the people raise grain, cattle, horses, sheep, fruits, etc.

The people of the United States have a very good educational system. Most of the people are highly educated. There are many hundreds of schools, academies, universities, colleges, etc.

There are also many large cities in the United States. Most of them are in the eastern part where manufacturing is the chief industry. New York is the largest city in the world with a population of over 5,000,000 people. There are several other cities that have a population of over 1,000,000.

These are only a few reasons why I like to be an American.

SENATOR HANSEN CHOSEN MEMBER OF CONFERENCE

President Coolidge Names Pennington Man as Delegate to National Meet.

To Present Case of Northwestern Farmer at Seat of Government.

C. L. Hansen of this city, president of the First National bank and state senator from the 65th district, last Thursday received a telegram from President Coolidge asking him to attend a conference called at Washington on Monday. He left Friday evening for the national capital. Mr. Hansen is one of about forty prominent Northwestern men called upon by the president to attend the conference. The purpose of the meeting is to secure first hand information concerning the financial situation in this section, and to assist the government in bringing agriculture back to its proper position in the economic structure of the country.

Press reports state that the conference is proving successful and that something tangible is likely to be brought about through the deliberations. The outstanding feature so far is the proposed organization of a ten million dollar corporation to assist in the early economic rehabilitation of agriculture. Fear is expressed by Secretary of Agriculture Wallace that if the Northwestern depression is not improved it may spread through the entire country. President Coolidge stated that "reconstruction, not charity" was the policy of the government, and outlined a program of remedial measures designed to enable the farmer to "work out his future with the help of funds advanced by the government."

Among the measures recommended by the president are the Coulter bill, and the authorization of the war finance corporation to make advances for agricultural purposes until the end of the present calendar year.

LEGION BOYS TO ENTERTAIN KING

State Adjutant Will Speak at Meeting Here Next Monday, Feb. 11.

Next Monday will be a red letter day for Elmer Eklund post of the American Legion. On that day the boys will have as their guest State Adjutant Stafford King, who is scheduled to speak at a meeting to be held in the evening. Supper will be served at six o'clock at the Legion club rooms, for members and invited guests, after which the dishes will be cleared away and the meeting turned over to the state adjutant. Mr. King has previously visited Thief River able speaker. His subject Monday evening will be the Mellon tax plan and adjusted compensation for ex-Falls and is known as a fluent and service men.

This is one of a series of three meetings in the Ninth district to be addressed next week by Mr. King. From here he goes to Crookston where a noonday luncheon and meeting will be held on Tuesday, and the following evening he is scheduled to appear at Detroit, where the Legion boys are preparing a hearty reception for the distinguished guest.

Service men in this section are asked to keep next Monday evening's meeting in mind and are urgently requested to be present.

Basket Social Big Event at Sons of Norway Hall Friday Evening, Feb. 15

The next social event sponsored by the Sons of Norway lodge is a basket social to be given at the hall of the lodge on Friday evening, February 15. Those in charge of arrangements state that it will be the most enjoyable party of the season, and everybody is cordially invited to attend. Ladies bringing baskets will be admitted free.

NO POSTAL SAVINGS

Orders to discontinue the sale of United States treasury certificates at the Thief River Falls postoffice were received by Postmaster Daniel Shaw last Saturday.

The order was issued upon the decision of the government to stop selling treasury certificates in 17 western and middlewestern states in order that all available local funds might be kept in communities and applied to the relief of the agricultural situation.

Dave Gustafson Delegate of Implement Dealers at Crookston Meeting, Feb. 8

The State Implement Dealers' association has been asked to send a delegate to a meeting of various organizations to be held at Crookston next Friday for the purpose of considering and passing upon a number of measures proposed for the relief of the agricultural industry. C. D. Gustafson of this city, a director of the association, has been asked by the secretary to represent the implement dealers at the Crookston meeting and has agreed to do so. Mr. Gustafson is now busy posting himself thoroughly on the McNary-Haugen bill, the Coulter bill and other proposed measures in order that he may be qualified to pass judgment when these measures are considered at the Crookston meeting.

BOUND OVER ON LIQUOR CHARGE

John Jetland Meets Trouble When Alleged Customer Becomes Drunk.

John Jetland is awaiting trial at the present term of district court as the result of a mixup he got into the other day. Here is about the way the whole thing happened:

Grant Gulrud was taken in charge Saturday evening by Night Patrolman E. L. Krogstad and lodged in jail, charged with being drunk and disorderly. When questioned he stated that he had secured the liquor from one Alf Bakke. When the latter was taken in charge and questioned, he admitted that he had shared a bottle with Gulrud but that the bottle had been purchased from John Jetland.

This information led to the arrest of Jetland, who was given a hearing in municipal court Monday evening. Bakke was called as a witness and testified that he had purchased a bottle of "moon" from Jetland on January 19, that he had planted it until Saturday evening, when he shared it with Gulrud.

After hearing the evidence, Judge Tarrant bound Jetland over to the district court under bonds of $500, which so far he has been unable to furnish.

Local Poultryman Makes Stock Shipment to East

C. D. Gustafson, well known local breeder of Barred Plymouth Rocks, this week shipped a cockerel and two pullets which he recently sold to William Hayner of Livingston, New York. Mr. Hayner is a breeder of national reputation and is a regular exhibitor at Madison [illegible] Garden and other poultry shows which are national in scope. The fact that a breeder of high quality poultry in New York sends to Thief River Falls for new birds to be added to his flock proves beyond a doubt that Mr. Gustafson raises Plymouth Rocks which are rated with the best of their kind in the country.

CHESTER WILSON CHAMP SPELLER

Emma Letnes Takes Second Place in County Contest Held on Saturday.

In an elimination contest which included all of the rural schools in Pennington county, Chester Wilson of District No. 35 was on Saturday afternoon declared the champion speller of the county, with a score of 97½ points to his credit. Second place was awarded to Emma Letnes of District No. 28, the plucky little lass coming out of the finals with a score of 92½. Winning the county contest insures Chester and Emma a trip to Crookston on Friday to compete for honors in the district contest held in connection with the Winter Shows. Third and fourth place in Pennington county went to Manford Stennes of District No. 35 and Estella Hanson of District No. 28. Altogether there were 17 entries in Saturday's contest, these having been chosen in sectional contests held throughout the county earlier in the week. The others finished in the order given below:

Geneva Allen, Dist. 127; Bjorgo Hemmestvedt, Dist. 66; Celaine Prestegaard, Dist. 59; Elmer Johnson, Dist. 26; Edna Kopp, Dist. 73; Arthur Asp, Dist. 26; Lillian Loyland, Dist. 5; Edith Yonke, Dist. 194; Emil Martinson, Dist. 147; Melford Peterson, Dist. 133; Esther Zinther, Dist. 54; Annie Zinther, Dist. 54; Evelyn Peterson, Dist. 133.

The contest last Saturday was held in the court room at the court house and was in charge of County Superintendent O. R. Sande. A large gathering of teachers, relatives and friends of the contestants was present to witness the proceedings. Miss Madeline Thill, Geo. M. Wilson and M. A. Mattison officiating as judges.

FARMERS' SHORT COURSE PROGRAM ALMOST READY

Monday and Tuesday, February 18 and 19, Are Set Apart For Presentation of Feast of Good Things For Every Resident of Pennington County; Rural Communities Interested.

A series of interesting and helpful meetings in agriculture, horticulture, gardening and home convenience has been assured for this community through the co-operation of local organizations with the agricultural extension department of the International Harvester company. February 18 and 19 have been decided upon as the dates for this course.

The extension department has a large force of people engaged in strictly educational work. The party coming to this city will consist of L. A. Hawkins, J. G. Haney, J. L. Wenstadt and Miss Zella Wigent.

Mr. Hawkins comes from Virginia, where he owns a half interest in a 75-acre apple and peach orchard. He was raised on a farm and is a practical farmer; studied horticulture in colleges in New Hampshire and Oregon; was assistant horticulturist at the Alabama station; was superintendent of an 1,800-acre peach plantation in Georgia, horticulturist for a 75,000-tree apple orchard in Virginia, and has done considerable extension work in the fruit belts of the East, South and Northwest.

Few men are better known to the farmers of the Northwest than is Mr. Haney. For 11 years he has been superintendent of the I. H. C. demonstration farms at Aberdeen, S. D., and Grand Forks, N. D., and the manner in which he has conducted these farms has been of untold value to farmers of that region, among whom he is an unquestioned authority on all farm problems common to those states.

Mr. Wenstadt is a practical farmer who has managed a large dairy herd and has had experience as a tester for a cow testing association, and in cheese making. He formerly was a county agricultural agent and has been prominent in boys' and girls' club work.

Miss Wigent is without a superior in home and school work. She discusses home and health problems and demonstrates canning methods and the use of the pressure kettle.

The plan is to hold both day and evening sessions, at which admission will be free and everybody—men, women and children—will be welcome.

DISTRICT COURT BEGINS WORK ON LARGE CALENDAR

Court Opens Tuesday With Judge Andrew Grindeland on Bench.

C. M. Carlson's Suit Against City First to Go Before Jury.

District court is now in session for the February term in Pennington county. Judge Grindeland opened the session Tuesday morning and considered a few court cases during the day. The petit jury reported for duty on Tuesday morning, and the C. M. Carlson suit against the City of Thief River Falls is being tried this afternoon.

Following is a record of proceedings up to Wednesday noon:

The case of Richard Hall vs. Geo. D. Snyder, etc., was stricken from the calendar; R. C. Whisett Coal company vs. Thief River Falls Iron Works, continued; S. M. Erickson vs. W. C. Nichols, continued; Casper Iverson vs. J. B. Howe and Goodridge State Bank, stricken from calendar; Evangeline Viola Jetland vs. Joseph Jetland, divorce granted; P. A. Voldness vs. Sandberg & Roe company and Martin Williams. Mr. Williams withdrew answer and judgement was rendered for amount claimed against the other defendant; John Horejsh vs. Soo Railway, defendant entered demurrer on ground of no cause for action, with no ruling as yet by court; Farmers and Merchants State Bank vs. Emerson-Brantingham company, ordered placed at foot of calendar; Elizabeth Benson vs. Clarence H. Benson, heard and submitted but no order filed; case against Fred DuChamp dismisses on motion of state; case against E. E. Heckett, dismissed because of insufficient evidence. Frank Danda, who was bound over from municipal court on a charge of attempted rape was not held by the district court owing to lack of evidence.

J. F. Farr, bound over on a liquor charge, was arraigned and is expected to enter a plea this afternoon. Sigurd Vik of St. Hilaire pleaded not guilty to a similar charge and will be tried at this term. Ed. Agu also entered a plea of not guilty to a liquor charge.

Mortgaged Stock Causes Municipal Court Flurry

Because of a misunderstanding on his part, John T. Homme brought a complaint against S. F. Sherbon in the municipal court on Friday, to be settled by Judge N. W. Tarrant.

It seems that Mr. Sherbon put a chattel mortgage on some horses, harness, and a wagon to the extent of $8.50. A little later he tried to raise a second mortgage on the same articles and Mr. Homme lent the money to him. The bank which held the first mortgage on the property wrote Mr. Sherbon asking him to come down there with the stock, and it was his leaving this vicinity with mortgaged stock which Mr. Homme thought he had partial hold on, that was settled on Friday. When it was shown that the bank holding the first mortgage on the stock would not be able to realize fully on its claim, it was ruled that the stock should be turned over to that institution.

FARM EXHIBITS LEAD FIELD AT WINTER SHOWS

Red River Valley Products Appear in Gala Array This Week at Crookston.

Pennington County Represented in Nearly All Departments of Big Event.

In the dairy calf club division, Bernia Wilson and Nathalie Wilson of Thief River Falls were awarded first and second prizes with their purebred Guernseys.

The Red River Valley Winter shows opened this week with the judging of farm crops and livestock and judging contests in which farmers' clubs, students of the Northwest School of Agriculture and high schools of the Red River Valley are taking part. Ten farmers' clubs were entered in the livestock judging contest.

A large number of livestock exhibitors turned out this year and upwards of 500 head of livestock are on exhibit at the livestock pavilion at Crookston. The Holsteins show up strong in the dairy classes. The classes of Shorthorns and Guernseys were well filled and there were numerous entries of Hereford and Aberdeen Angus cattle.

Several Pennington county men are represented among the winners in the grain awards. Following is a detailed list of the awards made:

Corn—Minnesota 13, C. C. Williams, Detroit, open; William Huggins, Jr., East Grand Forks, amateur. Yellow dent, William Huggins, Jr., both classes. Sweet clover, Arthur Norum, Hallock, both classes. Red clover, O. S. Breiland, Hazel, both classes. Any other clover seed, Amundson Brothers, Newfolden, both classes.

Pennington Poultry Will Compete for Honors This Week at Crookston Show

Pennington county poultrymen, who, by the way, possess some of the finest birds in this section of the country, are well represented at the Winter Shows held in Crookston this week. Among those who have exhibits at the Crookston show are the following: Olaf Neset, Dr. O. F. Mellby, F. G. Dols, H. L. Schuster, C. D. Gustafson, L. A. Westphal and J. E. Thompson.

These men have demonstrated on previous occasions that their stock is capable of winning its share of prizes, and The Tribune will be badly disappointed if an exceptionally good showing is not made at Crookston. Most of the poultrymen are planning on spending the latter part of the week at the show.

PASTOR CHANGES PLANS FOR WORK

Rev. T. E. Sweger Accepts Position as Field Superintendent for Church.

Altering his former plan of working on the Lutheran Pension Fund, Rev. T. E. Sweger has accepted a call to be field superintendent for the Lutheran church. This work comprises supervising the fund budgets of home and foreign missions, charities, and education, and means a great step forward for Rev. Sweger. His field in this work will be the states of Montana, Idaho, Washington, Oregon and California.

On Friday afternoon of last week he left for Helena, where he will attend a conference of western states pastors to outline budget work and will then continue to Seattle, where he expects to receive notification as to his next field.

At the present time, Rev. Sweger expects to be gone about two months and will then return to settle up his affairs, and graduate the class now studying confirmation. About the latter part of May, he expects to remove from this city, but as yet has no definite home site in view.

At a meeting held on Thursday the board of trustees and deacons of the Trinity Lutheran church decided to call Rev. Henry J. Wickre of Martell, Wisconsin, to minister the congregation during Rev. Sweger's absence in the western states.

Union Plumbing Company Moves to New and Larger Home; More Room Needed

The Union Plumbing and Heating company, which for some years has occupied the building [illegible] the alley from the post office on Second street, last week leased for a term of years the building at 319 LaBree avenue north, vacated a few weeks ago when The Tribune moved into its new home on Main avenue. Work on moving the stock and fixtures was [illegible] at once and the company is now nicely located in its new quarters.

With the much larger floor space which the new location provides it will be possible for the Rossum boys to carry a much larger stock of materials and supplies and will also enable them to take care of shop work to much better advantage.

BOY SCOUTS OF CITY SHOW PEP

New Troop Organized and Program of Future Activity Mapped Out.

After lying in a more or less dormant state for some months, the Boy Scouts in Thief River Falls have again come to life. Thief River Falls Troop No. 2 has recently been organized, with O. R. Sande as scoutmaster and W. A. Hall, Jr., as assistant. The boys are snapping into things in great shape and are making many plans for the future. It has been the custom in past years to take the boys on one long camping trip during the summer, but this has in many respects proven unsatisfactory. Next summer it is the intention to substitute for the one long trip a number of week-end trips, which it is expected will serve to keep up a continued interest and also will give a larger number of the boys an opportunity to take part.

The new troop is sadly in need of proper equipment to carry out its plans, however, and has been casting about for a method of overcoming this difficulty. It has been decided to give a supper in the American Legion hall on Saturday evening, February 16, beginning at 5:30 o'clock, to which the general public is cordially invited. The boys promise to prepare a good feed, and hope to see a large number of people there that evening to partake of their tasty viands.

LARGE SUM FOR RURAL CREDITS LOANS ON LAND

Total of 144 Loans Involving $805,300 Recorded in Pennington County.

Low Rate of Interest and Easy Terms Attractive to Farmers Needing Loan.

Few people realize to what extent farmers of Pennington county have taken advantage of the rural credits act passed at the last session of the state legislature. Following an argument on this point last Saturday morning, a representative of The Tribune visited the office of Register of Deeds Fred D. Lorentson and asked permission to view the records. This permission was cheerfully given and a careful examination divulged the following facts:

Up to last Saturday morning 144 mortgages covering loans made by the state in Pennington county under the rural credits law had been filed and recorded by Mr. Lorentson. The smallest loan recorded is one for $1,500, and from this small sum they run in varying amounts up to the limit of $15,000 allowed under the law. Only one $15,000 loan is recorded, which carries as security one of the finest farms in the county. The average of all loans so far allowed is a trifle under $5,600. There is one loan for $13,500, two for $13,000, two for $12,000, one for $11,500, two for $11,000, seven for $10.000, fifty-five between $5,000 and $10.000, and the remaining seventy-four call for sums ranging from $1,500 to $5.000.

When it is considered that the law has been in operation for only a few months and that the rural credits bureau has labored under a great many handicaps and a veritable avalanche of applications for loans from all parts of the state, it must be admitted that Pennington county has fared well in the matter of securing money under the new law. Those who believe otherwise can easily secure all the facts in the case if they care to go to the trouble of making inquiries from the proper officials. The figures quoted above are from the records and speak for themselves.

COUNCIL HOLDS BUSY MEETING

Accepts Three Bids for City Depositories and Provides City Scales.

Alderman Oscar Rambeck was the only absent member when the council met last night, he still being confined to his home with illness. However, there was plenty for those present to discuss and the regular meeting was adjourned at ten o'clock but the aldermen continued in executive session till nearly midnight discussing the court case of C. M. Carlson against the city.

The First and Peoples State bank, the First National bank and the Farmers and Merchants State bank were each alloted one-third of the city funds for the coming year, following their agreement to pay two and one-half per cent interest on daily balances of the city funds instead of two per cent as bid at the meeting a week ago. Personal bonds for each bank in the sum of $25,000 was also agreed upon.

A resolution was also passed accepting the offer of the Prichard company for the lease of their scales for a nine months period at $40 per month, it being optional with the buying public as to whether official weighing should be done, the charge therefore being fixed at ten cents per load, these fees running to the city.

The auditorium was granted to the American Legion for next Monday at which time Stafford King will be present to deliver an address. The fact that next Tuesday is a legal holiday accounts for adjournment to Monday night instead. This will make six straight weeks the council has had at least one meeting night.

McCann at Crookston.

County Agent J. J. McCann left Saturday afternoon for Crookston, where he is spending the week at the Winter Shows. Mr. McCann is in charge of the cattle department at the show this year.

Statement Published.

The financial statement of Pennington county for the year 1923 is published in this issue of The Tribune. This should prove of real interest to every taxpayer in the county because it relates in detail how every dollar of tax money is expended. The statement will be found in the second section of today's paper, which may conveniently be filed away for future reference.

Leap Year Hop.

In honor of the year. 1924, which gives an elastic freedom resulting in much fun for the younger sets, a leap year dance was given in the Sons of Norway hall by a number of girls on last Friday evening. Miss Maude L. Johnson was appointed floor manager for the evening, and from what was heard, one of the best times within the memory of everyone attending was had that night. The girls did all the inviting, were the escorts for the evening from digging up the memorial dollar at the gate to getting a glass of water if the dancing had so fatigued the partner that he felt in need of a refreshing draught.

The features of the evening were three songs, one a duet by Miss Johnson and Henry Halvorson and two solos sung by Mr. Halvorson with Miss Johnson as accompanist. These songs pleased the audience highly and much applause was the result. Another star feature was the broom dance which started gaily off with one boy having as a partner a broom, and came to a breathless ending in shrieks of laughter. Luncheon was served at midnight and after continuing the dance for about an hour the entertainment came to an end. The music for the evening was furnished by Earl Erickson at the piano and Earl Effinger beginning on the drums and ending up on the banjo as Kermit Anderson volunteered with the saxophone and Alfred Dyhvik took the drums.

Girls' Club Gives Party for the "Kathleen" Cast

At their business meeting, held on Wednesday evening, January 30, the Community Girls' club voted that a party be given for the cast taking part in the play, "Kathleen." The party will take place Monday evening, February 11, in the Legion club rooms and will be for all those who took any part in the play, except the children of the "Childhood Dreams" chorus. It was thought that such a party as is planned for Monday, would not generally entertain them, so the girls decided to hold an entertainment at some other time just for this chorus. Miss Helen Montgomery has been elected chairman of the party, has chosen her own aids and is working hard on stunts and different entertaining features that will make this night one to be remembered for some time to come. The girls are all very much pleased at the way the play turned out and the patronage they were given at the auditorium. At their Wednesday night meeting, the girls also voted to donate a small sum to the welfare section of the local Woman's club for the relief of a family in this city.

Telephone Company To Improve Its Equipment

Plans have been approved for the expenditure of $1,892,000 in Minnesota during 1924 by the Northwestern Bell Telephone company. This many will be spent for adding, replacing and improving telephone lines, cables, switchboards and other equipment. The amount is about a quarter million more than was planned to be spent in 1923.

Enough wire to reach one-third of the way around the world at the equator was placed in service in Minnesota last year by the Northwestern Mell Telephone company. This included 6,312 miles of wire in cable, 819 miles of covered wire, 510 miles of bare iron wire and 546 miles of bare copper wire. This company also placed in service 6,078 poles in this state last year.

The number of telephones in the state increased steadily during the past year. In Minneapolis, 5,231 telephones were added making 106,969 telephones in use in this city on December 31, 1923.

The telephone company's plans at the beginning of the year 1924, are based on an expected addition of about 8,000 telephones in Minnesota during this year.

Power Plant at Red Lake Falls to Be Constructed

W. H. Brown of the Red River Power company of Grand Forks arrived in this city this (Thursday) noon accompanied by Engineers Wm. Birmingham and A. N. Johnson of the Northern States Power company, says the Red Lake Falls Gazette.

Plans are being made for the erection of a modern electric light plant on the present site of the plant and new and modern type generators and water wheelswill be installed. The plant will be up-to-date in every respect.

The exact location of the power house has not been definitely decided upon. Engineers Birmingham and Johnson will commence the survey work at once and as soon as the weather will permit and new equipment available, construction work will be commenced. The erection of this new plant will be welcomed by Red Lake Falls residents, and Red Lake Falls will continue to be one of the leading electricity manufacturing cities in this region.

AS OTHERS THINK

Is Price Stabilizing on Farm Products Needed?

We really admit that this is a difficult question to answer fully in small space. At present it is a national problem.

There is one way, however, by which we can see both ends of it, and that is by comparing the methods of other classes of business men.

Has any one heard of a manufacturer, who did not bother his head about expenses, but simply took orders, shipped the goods, and let the buyer set his own price when goods were received?

It goes without saying, that such buyers would set the lowest possible price. Now, if such a business method seems rediculous, it nevertheless illustrates the exact condition now existing in marketing farm products.

To be sure, farmers think of expenses, but we have at present no way of marking expenses on our goods. We sell grain at an elevator and have to take what we get. The man running the elevator has no power to change the price except at his own expense. The farmers' elevators are tied to the same rule.

Has anyone ever heard of bog grain buyers asking the farmers about the cost of production? No, not yet! The farmer is expected to produce all kinds of good food stuffs and sell them for what he gets. If he goes bankrupt, when his crop is sold, that is of no concern to anyone but himself.

Unfortunately, many do go bankrupt at the present time. Farms are being abandoned at an alarming degree. The younger generation of farmers move to the cities where they get work and salaries paid them every Saturday night. (By the way, if this was the end of it, there would be nothing to say about it; but a reaction will come. This is, however, another subject.)

The elder farmers keep it going the same old way and try to stick it out.

Our wise politicians get together in Congress and talk the matter over when they feel they have to. They come to the conclusion that the best way to help the farmer is to lend him money. Ah, yes, that is a good plan! But they dare not let the government lend the money for less than about 6 per cent. Of course they knew, that the Wall Street bankers borrow all the money they want for less than 3 per cent. Many of these bankers in other big cities are speculators in grain.

We get, then, this situation, that the big buyers of grain can get money from the government for less than 3 per cent, but the farmers have to pay 6, 8, and 10. And even at this rate they talk as tho the farmer was shown a great favor.

Just now, they are trying to roll one big log in Congress called the Coulter Bill. The aim of this is to aid farmers to start dairying. Everyone knows, that at present dairying is a good business where it is properly done. But the farmer must pay 6 per cent interest. And at the same time the economical trappers in the big grain buying cities are allowed to set the price on all kinds of other farm products.

Some of us begin to heed that there is a better way to aid agriculture than to lend money to farmers at 6 per cent. We believe that this old method is much like unto a man, that would go out and split wood, with the wrong end of the axe: Lend money to them at high interest and let big grain buyers take all his profit and a little more, on the grain and other things he sells. We say, let us have a government commission to stabilize prices on at least the leading farm products such as wheat, cotton and corn, and if this works out well, let us include also other kinds of products. Most members of that commission should be elected as other state officials and be subject to referendum and recall. By and by a state commissioin could be created to stabilize prices on the more local products.

We do not object to co-operative marketing, but we say, that to combat this enormous combination of the world's biggest grain buyers is too big a job for co-operative societies.

Let the reader try to fix in his mind how many smaller towns and cities there are in the grain producing states, and then add to this picture the many grain elevators there are in every such town and city, and to this add all the big flour mills who are owners of a great number of the grain elevators; then add to this picture the enormous big grain elevators and flour mills in Minneapolis and other grain buying centers, where the price fixing on grain is made; then add to this picture the enormously big boats running with grain from Duluth eastward all summer long, and the great ocean steamers made for carrying grain to other parts of the world—and you have an idea of the amount of capital invested in the grain buying business. Can anyone believe, that such a great number of financially strong capitalists are willing to let co-operative societies of financially weak farmers throw them out of their old rut?

We admit that in Canada the last year or two a central selling agency is succeeding quite well in handling wheat at their grain buying center, Winnipeg. The central selling agency holds the grain until prices rise somewhat. But let us remember, that Canada is a small country of only eight million inhabitants—a selling agency in such a small and less developed country can easily do things along this line, that in our big and far more developed country of one hundred and ten million inhabitants is as near impossible as anything can be imagined; our farmers will have to borrow money to hold their grain at 8 and 10 per cent; the big grain buyers through their banking connections can borrow all they want for less than 3 per-cent, and more still, the big Wall Street bankers can tie up the finances for the farmers if they find they have to to win a battle. We say, this method of borrowing money to hold grain for higher prices and not take some of the power away from those men, who up to this time have had the power to fix prices, is like unto a man, that would go out and split wood, with the wrong end of the axe.

There is also another element involved in this question, and that is the inconvenience for farmers to come together often and talk things over. Most of them will rather stay at home and work than attend meetings. Most town and city people quit work at 6 o'clock. After supper they can easily get together and keep societies going. Not so much with the farmer; he is generally busy until 9 o'clock, and then wishes to be quietly at home. This situation explains why the farmer is so far behind other classes of business men in co-operative societies. In the big grain raising states they nearly in every case live a half mile apart. (By the way, in North and South Dakotas some years ago the general rule was 2 to 3 miles apart. They had big farms.)

For this reason also it is necessary that a price stabilizing government commission be created to act instead of a co-operative organization. The farmer cannot spend half of his time attending to all kinds of meetings. It is also absolutely certain that the American farmer must continue to cultivate corn and cotton and raise all kinds of grain besides dairying. If all of them quit raising grain and start dairying a very innocent person can figure out the result.

We are not tired of raising grain, but we are tired of this perennial foolery in prices. At seeding time the prices are kept quite high. At selling time, in the fall, they always drop to the lowest possible notch. Anyone can see that such a condition is not caused by the law of supply and demand; it is nothing but the trickery played by the combination of big grain buyers. At seeding time they fool the farmer to seed much because of the fairly reasonable price they then pay for grain.

When fall comes they holler like the owls and say, "Why, you fellows produce too much grain; the big supply naturally forces the price down!" Well, we understand the trick now, and shall try our best to get a few more Magnus Johnsons into Congress. We have had enough of professional politicians. Farmers and laborers can co-operate through the ballot and let the professional politicians get a recess. The American farmer and laborer has solid common sense, when he finds that he has to get into politics himself. And the fair minded merchants, smaller bankers, and professional men, among whom they live, will stand by them. It is in the big cities the trouble makers reside. (I have not referred to local politics.)

The next problem to solve will be whether or not price stabilizing will raise the cost of living.

A. K. LOCKREM.

Helping the Farmer.

Editor Tribune:

We notice that progressive pressure is really beginning to have already a strong hearing in Washington, D. C., a thing almost unknown in history. Even President Coolidge is getting to feel a little uneasy about it himself, or can it be that it is simply his eye sight that is improving of late? The fact is, he is getting to see things now through his glasses that he has not been able to see before.

Only just two months ago he could not even get a glimpse of the things that he has recently been able to discover. Why, just think of it! He has actually found out that the starved out farmers in the northwest do really need consideration at the hands of Congress! And the big thing about it all, he goes right after it. His special message to Congress, under date of July 23rd, is a move in the right direction, and if carried out as requested by him it will be the first step of real reconstruction work taken towards the upbuilding of the country in general since the time of war.

President Coolidge is absolutely right in saying that adjustments must be made between "the farmers and their creditors" before Federal and will be of any benefit to them. We take it for granted that in saying this, he has referred to the mortgages upon their farms. He suggests a refunding of "past due" indebtedness as a means in bringing about the desired results. This would be all right as far as it would go, but it would only be helping out those so situated at the time. Let there first be a general refunding of indebtednes both "past due and otherwise" in the matter of farm mortgages within the territory embraced, demanding such aid, down to a point that would correspond with the producing value of the land under present conditions and also a general refunding on all chattel loans, covering stock, machinery, etc. purchased at war time prices down to a point that would harmonize with the prices that the farmers must accept, at the present time. That is the basis upon which the farmers have done their business since the war. The farmers are not asking for a total cancellation of their debts, indeed not, but all they ask is a square deal and a chance to exist and provide a living for themselves and their families, or in other words, just another chance to win back their homes. There is nothing unjust about that.

We trust that President Coolidge will have a "concrete plan" worked out as to what he expects to have accomplished in his Reconstruction conference in co-operation on the part of the trust concerns, insurance companies, and others where money is invested in the farms, machinery, etc. embracing the territory demanding such aid.

It will be up to those men at this time to shoulder their part of the losses in effecting an adjustment that will be the means of bringing prosperity and a feeling of contentment and happiness back to the people. Only through sacrifices on the part of all concerned can this be accomplished.

WOODROW WILSON.

Woodrow Wilson, president of the United States during the World War, has passed to his last reward. With that brave and noble spirit which characterized his whole life he said when he realized that the end was near: "I am a broken machine; I am ready."

Woodrow Wilson's death is as much a war casualty as if he had met the Great Reaper on the battlefields of Europe. The idealist, the democrat, the worshiper of liberty, dedicated all of his physical strength and all of his mental power to the proposition that the world must be saved from the horrors of future wars. But the strain proved too great. The dreamer of great dreams was forced to retire from the firing line and the once strong body became nothing more than a "broken machine." Woodrow Wilson reluctantly left unfinished the great task he set out to perform.

Woodrow Wilson believed in a League of Nations with his whole heart and soul. When serious illness in 1919 made it imperative that he cease his labors in its behalf, he declared he would gladly give his life if such sacrifice would make the League of Nations a reality and a success. In some future time when world peace, the utopian dream which prompted him to stake his all in defence of the League, is brought about, Wooddow Wilson will be recognized as one of the foremost figures in history.

Pennington county, in proportion to its size, is at present getting more favorable advertising in the metropolitan press than any other section of the Northwest. Hardly a day goes by without some item or story carrying favorable news from this county appearing in the twin city papers. A long article, which is published elsewhere in this issue of The Tribune, was printed in last Friday's Minneapolis Journal by Professor Andrew Boss of the State University, and the details given in the story relatve to the alfalfa situation in Pennington county are absolutely true. This noted authority on Minnesota agriculture concedes Pennington first place as a natural alfalfa growing region, and the fact that such information is circulated by the greatest daily paper in the state through his efforts should have a great deal of influence with prospective farmers who are checking up the advantages offered by various sections of the country with a view to deciding upon a new location. The editor of The Tribune, together with every other resident of Pennington county who keeps his eyes and ears open, knows that we are living in a district which holds great promise for the future. But the important thing is to let the world know what we have to offer. The most effective way is the general circulation of favorable publicity, such as The Journal article above referred to. Let us see to it that more of these stories get into print.

The happiest boy and the happiest girl in Pennington county don't live in Thief River Falls. They live on farms and are pupils of the excellent country schools to be found in this section. And what brought about this exceedingly happy frame of mind? Simply this: They were proclaimed winners in the county spelling contest held in Thief River Falls on Saturday, and will this week represent Pennington in the district contest to be conducted in connection with the Red River Valley Winter shows at Crookston. The Tribune congratulates Chester Wilson and Emma Letnes upon winning the county contest and feels safe in saying that they will give a good account of themselves in the final battle.

Postal savings certificates, or "baby bonds" as they are often called, have been withdrawn from sale in seventeen agricultural states of the Northwest, including Minnesota. Officials at Washington finally woke up to the fact that the sale of these bonds in sections where money is badly needed for local development worked a hardship in that much money was withdrawn from banks and sent out of the community where it rightfully belonged. While considerable harm has already been done, stopping the sale of the certificates at this time will go a long way toward returning the agricultural Northwest to its former prosperous condition.

If a few more of the young men of Thief River Falls could be persuaded to divulge the source of their moonshine supply when they get into trouble, it might have the effect of throwing a little fear into the hearts of the unprincipled scoundrels who make it possible for the lads to secure the devilish concoction. Everybody hates a "squawker," it is true, but when it comes to squealing on a moonshiner, no moral code in the world is binding. The moonshiners are in a class by themselves and deserve no consideration whatever.

Thief River Falls was signally honored last week when Senator C. L. Hansen was chosen by President Coolidge as one of the Northwest delegates to attend the conference called in Washington to consider measures for the relief of Northwest agricultural sections. Senator Hansen is equipped, through his intimate knowledge of conditions in this district, to take a leading part in the proceedings at the conference, and will do his utmost to be of service to the agricultural interests of the territory he represents.

Every man, woman and child in this section of Minnesota is invited to the Agricultural Short Course to be given in Thief River Falls on Monday and Tuesday, February 18 and 19. There is something on the program of interest to everyone, and the time spent in attending the course will never be regretted. Now, all together, let's go!

Albert Fall, former secretary of the interior, may be entirely within his rights in refusing to testify before the senate investigating committee on the ground that he might incriminate himself. But such an excuse does not get him far in the opinion of the average man.

The butcher shops in Thief River Falls did a rushing business in sausage on ground hog day.

FARMERS SHOW MUCH INTEREST

Large Audiences Attend the Short Course Meetings Throughout Valley.

Hans Anton, prominent Pennington county dairy farmer, who last week filled a number of speaking dates at farmers' institutes conducted in this section of the state under the supervision of the Great Northern railway arrived home Saturday to remain for a week. No institutes are being held in the northwestern counties this week on account of the Winter Shows at Crookston.

Mr. Anton, in speaking to a representative of The Tribune, stated that attendance at all of the meetings held last week was much larger than anticipated and in almost every instance the halls used were filled to capacity. It is apparent that farmers in most cases are looking forward and are eager to know what to do to make their farming more profitable.

"What would you like to hear about?" was asked of the farmers present at Angus. The answer was "alfalfa, hogs and dairy cattle."

Mr. Anton launched into a discussion of dairy farming, with the statement that the way out of present difficulties was to get right down and dig. "Prosperity rests with us farmers, not with what someone somewhere may do for us," he said. Livestock is the foundation of farming, but for the man who has not been handling livestock, the thing to do is to get into the business gradually. The main thing is right feeding and proper care, and then comes breeding. A good sire will build up a herd. Farmers in any given community should get together and develop the same breed. In so doing, they may exchange sires and thus save a large expense through not having to purchase new sires every two or three years."

Following this, Mr. Anton put stress on the growing of alfalfa for hay, sweet clover for pasture, and soybeans to be ground and fed in place of oil meal or to be included with corn in silage. With this he urged the point that hogs and poultry were invaluable adjuncts of dairy farming.

Next week Mr. Anton and his coworkers will conduct a series of meetings in Pennington, Marshall and Red Lake counties. It is expected that J. S. Arneson of The Tribune will also be one of the speakers at these events, beginning next Monday.

ST. HILAIRE

Annual Creamery Meeting.

The regular annual meeting of the St. Hilaire Co-operative Creamery association was held in the village hall in St. Hilaire, on February 4th. An exceptionally large crowd was present and a very successful meeting resulted. The following officers were elected for the ensuing year: John Maakrud, president; J. V. Patton, vice president; F. S. Erdmann, secretary; W. P. Wilson, treasurer; and Emil Larson, director.

Stuart McLead of Goodridge was present and delivered a sound and sane talk on stronger co-operation among the members of the creamery to combat the centralizer creameries which are fast gaining ground in the dairy communities in Minnesota. Mr. McLead explained the five-year contracts for patrons, told some of the many advantages, and before the meeting adjourned some forty or fifty patrons had signed up the contracts.

The reports of the secretary and treasurer showed the local creamery in a very fine condition. For the past year the creamery has paid out to local patrons over $132,000.00.

Commercial Club Meeting.

The next meeting of the Commercial club will be held February 11 in the I. O. O. F. building. The meeting is called a week early in order to discuss some urgent matters. One of the subjects under discussion will be that pertaining to certain roads in the community, and to make proper arrangements for a proposed short course to be given in St. Hilaire February 15, under the auspices of the Great Northern Railway company. All members are requested to be present and visitors are welcome.

Surprise Party.

A number of friends pleasantly surprised Mrs. S. Hoff last Tuesday evening. The surprise was in the order of a birthday anniversary party, although Mrs. Hoff's birthday was not until two days later. A very enjoyable time is reported by those present, who were: Mesdames Chapman, Swenson, H. Fellman, Braideson, Heg, Gigstad, Simonson, Loberg, Grimsrud, and the Misses Josephine Branum, Alma Engh, O. Moen, Ragna Loberg and Olive Nelson. Mrs. Hoff was presented with an aluminum roaster in remembrance of the occasion.

W. C. T. U. to Meet.

The next regular meetingof the W. C. T. U. will be held Wednesday evening February 13, at the home of Mrs. G. I. Fellman. The subject for the next meeting will be on "Home Making," and Mrs. Hed, Miss Brown and Miss Loberg are on the program committee. Mrs. Grimsrud has asked each member to be able to respond with an article pertaining to prohibition. All members are urged to be present and others also who are interested in this work.

Sleigh Ride Party.

The seventh and eighth grades and their teacher, Miss Anne Braun, gave a sleigh ride party Friday evening and also extended their invitations to other members of the faculty to participate in the fun. After the sleigh ride the merry makers were entertained at the home of Mr. and Mrs. Ira Chapman where they spent the remainder of the evening playing games. A very fine lunch was also a feature of the evening.

Install Radios.

H. A. Olson and P. E. Bergh, our local radio agents, have installed radio receiving sets in the following places during the past few weeks: Mortonson Bros., H. L. Hanson, P. E. Bergh, H. A. Olson. These men are installing a reasonably priced set which gives good service.

Dinner Party.

Mr. and Mrs. Gus Fellman and daughter, Miss Mildred, entertained a number of friends at a six o'clock dinner at their home here Thursday evening. After dinner the guests remained and spent the remainder of the evening playing cards. Those present were Mr. and Mrs. Adolph Satterberg, Mr. and Mrs. Earl Jensen, Mr. and Mrs. Theo. Skattrud, Dr. O. S. Werner, Miss Anne Braun and Mr. Sig. Engh.

Sleigh Ride and Party.

Mr. and Mrs. August Swenson and family entertained a number of their friends in the school house of their district last Saturday evening in honor of their Nephew Vernie Peterson and his wife, who are visiting in St. Hilaire. A number of young people from here made up a sleigh ride party. The evening was spent in playing games and at the conclusion a very delicious lunch was served by the host. Those present were the Misses Esther and Frances Hovet, Mae and Ellen Kinney, Dorothy Olson, Hazel Fricker, Vivian Novak, Pearl Simonson, Ivanette Wilson, Agnes Peterson, and Messrs. Harold Holmes, Rawlins, Novak, Andy Dahl, Oscar Gigstad, Harvey Olson, Max Wilson, Thorstein Walseth, Mrs. Kinney and the honor guests, Mr. and Mrs. Vernie Peterson.

Club Dance.

Another club dance was given in the Imperial hall last Friday evening. As this happens to be leap year the young ladies were given a chance to choose their own partners a good share of the evening. Lunch was served at Nyland's restaurant between eleven and twelve. A good crowd was in attendance and a good time is reported.

Ladies' Aid Meets.

The Ladies' Aid society of the Norwegian Lutheran church will be entertained next Friday afternoon in the church basement by Mesdames A. J. Hed, S. Hoff and John Maakrud.

The next card party of the series to be given here this year will be given in the Odd Fellows' hall Friday night, February 15. A very fine committee on entertainment has been appointed and a dandy time is expected.

Mrs. Carl Peterson, Mrs. Jake Sieff, Laurence Wilson and Earl Wilson motored to Warren Sunday to visit with their parents, Mr. and Mrs. A. S. Wilson. They returned home Sunday evening.

Iver H. Johnson of Bray township was a Thief River Falls shopper Friday.

G. H. Hooper left for Minneapolis Saturday where he expected to attend the auto show this week.

Mrs. Olivar E. Johnson left for Fargo Wednesday, after having spent a month at the home of her parents, Mr. and Mrs. R. H. Allen.

The Wilson Bros., who operate a Holstein dairy farm near Plummer, were in St. Hilaire Saturday and shipped a registered Holstein heifer to Crookston, where she will be on exhibit at the Farm Crops Show.

J. J. McCann, our county agent, went through St. Hilaire Saturday enroute to Crookston, where he takes charge of the stock that is on exhibit from this county.

Mrs. A. F. Hall was in Thief River Falls Saturday, where she attended a meeting of the Woman's committee, which is preparing entertainment for the agricultural short course which is to be held in Thief River Falls February 18 and 19.

Theodore Ducharme spent Tuesday in Red Lake Falls visiting with his mother, Mrs. L. Ducharme.

Miss Nellie Follstad was at Warren Thursday consulting the physicians of the Warren clinic. She returned home Thursday evening.

Miss Hazel Fricker was at Thief River Falls between trains Tuesday, having dental work done.

Miss Agnes Odegaard was at Thief River Falls last Wednesday, visiting friends.

Sig. Engh was a Thief River Falls business caller last Thursday.

A basket ball team of Red Lake Falls was in St. Hilalra Wednesday and clashed with the city team in the local gym. Owing to the fact that the boys from Red Laka Falls were so much smaller than our boys a very one-sided game was played and the final score was greatly in favor of St. Hilaire.

Mr. and Mrs. Victor Brink were at Thief River Falls Saturday visiting with friends.

Rev. Grimsrud of the Norwegian Lutheran church was called to Thief River Falls last Saturday to conduct funeral services at the Norwegian Lutheran church of that place.

Mr. and Mrs. Fred Hanson motored to Thief River Falls Saturday afternoon and left there that evening together with Mr. and Mrs. A. Borry for Minneapolis, where they will attend the auto show.

Mr. and Mrs. Henry Olson entertained a number of their friends at their home here Thursday evening with a radio demonstration over their new receiving set.

Mrs. John Peterson spent last week at the home of her daughter, Mrs. August Swenson.

Lincoln's Birthday
February 12th

A recent writer has expressed the thought that Abraham Lincoln may prove to have been the last truly great American.

Perhaps; but Lincoln today commands the universal reverence of the American people—and who can despair of a nation whose ideals are embodied in so mighty a figure?

GAMES ANNEXED BY LOCAL BOYS

Tournament Place for Thief River Raised From Sixth to Third Place.

Playing a much better game of basketball than they ever have before, the Thief River Falls boys came out ahead in both games played on Friday and Saturday of last week with Argyle and Stephen, playing on their home floors. The gyms of both places were much smaller than those the Lincoln players have been used to as a general rule, but despite this handicap, after the first quarters, the boys recovered their form, adapted themselves to conditions and came out ahead.

On Friday evening the quintet fought Argyle, with Thief River Falls always in the lead through a very rough but fair game. The score at the end of the first quarter was 8 to 2. Up to the last when the game ended with Thief River winning with a score of 21 to 17, Argyle was unable to break through the Lincoln defensive. The lineup for the evening was: Paranteau, forward; Penney, forward; Sether, center: Sorenson, guard; and Barzen, guard. Baskets for the evening: Penney, four; Sether, two; Barzen, one; and Paranteau, one. This is the first time Thief River has ever beaten Argyle on the Argyle floor, and the first time this year the Argyle team has been defeated on the home floor.

Saturday evening a game which began with Stephen coming out ahead in a score of 8 to 2 at the end of the first quarter, was played on their home floor. From then on, although Thief River rapidly gained the lead, it was a case of nip and tuck with the local boys just a point or so ahead until the very last of the play, when they were three points to the good, the score being 18 to 15. The same lineup as on Friday evening played for Thief River, with Penney getting four baskets again, Sether gaining two and Sorenson two.

The winning of this game raises Thief River from sixth place on the tournament list to third place, and if the boys can keep up the good work and win the Warren game which is scheduled to come off on Friday evening, they will have reached the second place which will mean a great deal in the playing of the tournament games which are scheduled for next month.

Peptomist Club Promises Chicken Pie Supper Soon

Every man, woman and child in Thief River Falls has a place to go next Wednesday evening. Where? Why, to the Peptomist Club supper, in the basement of the Methodist church. Chicken pie and "all the fixin's" will be served by handsome, single young men of the club . Plans have been made to handle a large crowd, including a plan to serve at three hours, five, six and seven o'clock. The tickets are 50 cents. Get them from any member of the club this week. The girls of the Epworth League will conduct a candy sale at the same time, selling some of the best home-made sweets one could wish for.

The Peptomist Club is a new organization of the Methodist Episcopal church boys and men, intended to emphasize the social side of the church. This is the first of a series of entertainments planned for this winter. Come to this one and you will not think of missing the rest.

CROOKSTON WINS DEBATE HONORS

Lincoln Team Meets Defeat at Hands of Polk County Adversaries.

"Veni, vidi, vici:" the Crookston debating team. If you don't understand it, you have missed two thirds of your life, one-third being your failure to hear the splendid debate which was fought out in the high school assembly room last Friday evening and the other third being your failure to have studied Latin.

But, to start at the beginning, the Thief River Falls high school debating team had already demonstrated their ability by defeating two strong teams, each time defending opposite sides of the same question. Crookston, too, this year as usual, had established their powers in the field of forensics and came with a tremendous reputation. The debate had not far progressed before they proved that they were also worthy of their splendid reputation.

The two teams locked horns in the early moments of the conflict and from then to the last it was the prettiest contest anyone could possibly desire. The conflict waxed more and more furious until the very end and when coach and timekeeper Michelson frantically waved his arms and signalled for a halt. When "the gives and takes" of the battle were catalogued, it was found that two of the judges had estimated that more remained of the affirmative, which was defended by the masculine element, while one gave his word of honor that the female of the species had triumphed. Thus the matter rests, but Thief River has no regrets to offer and no apologies to make, their team, Hazel Krause, Margaret Melgsard, and Mae Ballangrud, everyone of them, were at their best and covered themselves with glory. There was a large and appreciative audience which prided itself upon the excellence of the team. And finally they yielded the outcome to an excellent team.

Crookston may well be proud to be represented by such young men as Norman Hagen, Wilbur Sanberg, George Hazelrud and Kenneth Robbins.

Yes, Crookston won the decision— upon which we congratulate them— but the stubborn and indisputable fact remains that men throughout the years to come are going to doff their hats more often to the members of the Thief River Falls team than to our fortunate and worthy friends from Crookston.

Much credit is due both the team and the coach, individually and collectively, for the splendid manner in which they have represented old Lincoln High. They need no alibis, they need to offer no explanations.

The judges in the contest were M. W. Deputy, president of the Bemidji Teachers' college; G. Holmquist and A. C. Pearson, superintendents of the schools of Warren and Argyle respectively.

Mrs. Ole Fevig.

Mrs. Ole Fevig died last Thursday at the home of her sister, Mrs. Ole Oftelie, who resides on the other side of Squaw Point, after an illness of several years. Deceased was born on September 15, 1859, and was at the time of her death, 64 years, 4 months and 16 days old. Death was due to cancer of the liver. Mrs. Fevig was born in Norway and is an old resident of Ulen, Minn., until a few years ago, when the family took up their residence northwest of this city just outside the city limits. Burial was made at Ulen, where the remains were shipped last Saturday morning.

Roy Lambert Returns.

Mr. and Mrs. Roy Lambert and son George returned to this city on Saturday from McCloud, California, where they visited at the home of Mr. Lambert's mother. The trip intended for pleasure mainly, was darkened through the death of Mr. Lambert's mother while they were in McCloud. Mr. Lambert speaks very highly of the business conditions in McCloud and the country of northern California.

Glee Club Visits Lincoln.

The boys' glee club of North Dakota University passed through this city on their way to Grafton, N. D., and while here visited the Lincoln high school. They rendered a few songs in the school assembly room much to the joy of the students and faculty who gathered to hear them.

Miss Exner Leaves.

On Tuesday evening, Miss Hermine Exner, who has been residing at the home of Mr. and Mrs. John Cronkhite on Markley avenue for the past few weeks, left this city for St. Paul, where she expects to stay for some time. Miss Exner has accepted a position with the St. Agatha Conservatory in that city, and expects to begin her duties in the musical department soon after her arrival.

Physicians Hospital Notes.

Roy Holmgren, familiarly known to many of his friends as Toby, had his tonsils removed at the hospital on Monday.

Mrs. O. M. Pederson, who resides about 12 miles east of this city, entered the hospital on Monday for surgical treatment to an injured heel. She underwent an operation on Tuesday. Mrs. Pederson had received the injury about seven weeks ago. When she was moving a trunk about the house, a piece of tin, protruding from one of the corners of the chest jabbed her foot, penetrating the left heel.

On Sunday evening a number of friends surprised Mr. and Mrs. Frank Protz at their home on Conley avenue. The main entertainment of the evening was cards, whist being played at three tables. A delightful luncheon was served later in the evening. Among those present were Mr. and Mrs. Kielty, Mr. and Mrs. McClelland, Mr. and Mrs. Hubert Holzknecht, Mr. and Mrs. Fred Holzknecht, Mr. and Mrs. Fred Protz, Mr. and Mrs. M. Burns and the honor guests, Mr. and Mrs. Frank Protz.

***

Masquerade Party.

On Tuesday evening, February 5, at the Sons of Norway hall, a masquerade was given which was very well attended by both maskers and unmasked. Many pretty costumes were seen on the floor and a good time was had by everyone doing, and trying to do all the old fashioned dances on the program.

At 11:30 everyone unmasked, and a program was given. Mrs. Oscar Melby sang two songs and an encore, ably accompanied by Miss Dorothy Holm, and with Miss Lorraine Will playing parts to the songs on the violin. These songs were very much liked. Two violin duets were played by Henry Arneson and Gordon Overland, which were highly applauded. Mr. Wendt also sang two songs, and after the audience discovered that there wasn't a lady hidden around somewhere singing to Mr. Wendt's accompaniment, much laughter was caused by the displaying of Mr. Wendt's double voice. A luncheon was served after the program was given, and dancing continued until an early hour to the enjoyment of everyone.

***

Scout Patrol Party.

The Girl Scouts were hostesses at an informal dance party held at the Legion hall Saturday evening, February 2. The chaperons for the evening were Miss Monica Bambrick, Miss Maude L. Johnson and Captain Frances Wengeler.

Free Tractor School

Free Feed Grinding

Free Cream Separator Service Day

Free Lunch at Noon Each Day, February 11th and 12th

In addition to the Farmers' Short Course School which is to be given by the International Harvester Company Agricultural Department February 18 and 19, C. Gustafson & Son have secured the additional services from the engineering department of the I. H. Co. of America to put on a two day Genuine Tractor and Gas Engine school on February 11 and 12.

This school is held for the purpose of being of help to the users of Tractors and Gasoline engines, and Tractor Drawn tools, and also to all who are interested in power farming. There will be nothing offered for sale. But there will be something to learn, and it is given free—and your time will be well spent if interested in any way in the great AmericanPower Farming Program. The first session of the school will open at 1:30 P. M., on Monday, February 11 and continue with a full day program on the 12th. The school will be held in a vacant building near the office of C. Gustafson & Son.

Besides the Tractor school there will also be on hand at the Gustafson office, Cream Separator Experts for the purpose of giving their free service to repairing and overhauling Primrose Cream Separators, or all makes of International Cream Separators, and no matter what make of cream separator you have, bring it in, and these men are at your service—and there will be nothing to pay unless new parts are required, which you pay for. But nothing for the work of overhauling and showing you how to adjust and take care of your cream separator.

Further as a matter of demonstrating the new McCormick-Deering Tractor under load, we will grind feed FREE OF CHARGE all day on Monday, February 11, with the large new McCormick-Deering Feed Grinder. Simply bring in the grain of all kinds, or corn on ears we will do the grinding free.

In addition to this, in order to make this event just like a good old family gathering, and everybody feel at home, we will serve free lunch at noon each day February 11 and 12 to all who take in the program.

We want you to feel at home with us these days, and we also feel confident that you will have a good time if you come—besides, there is always something new to learn worth while, which is the main reason for this program.

Do not confuse this program with the Short Course School of February 18 and 19, which is to be given by the Agricultural Extension Department at the City Auditorium, which is a genuine Agricultural School and this one by C. Gustafson & Son is a Power Farming Machinery Program on February 11 and 12. Both are worth your considerationand your time will be well spent taking in both.

Details of the above program are being worked out to make it a satisfactory event, and we hope to have a large crowd with us and hope that we may be of service to many. For further particulars inquire at the office of

ROSEWOOD

Friday Afternoon Club Entertains.

The twenty-nine woman members of The Ladies' Friday Afternoon club entertained their husbands and children at an evening soaree at the Rosewood hall last Saturday. About fifty persons were present, and the entertainment was ideal. The hall and dining tables were prettily decorated with a pink and white color scheme, arranged by the decoration committee of which Mrs. D. N. Petterson was chairman. Mrs. F. G. Dols was chairman of tbe refreshment committee and through the united efforts of all the members, a very delicate luncheon was served. Mrs. O. S. Hellerud, chairman of the entertainment committea was responsible for the following very interesting program.

Song: Ladies' quartette.
Reading: Mrs. Carl Mellem.
Song: Delma Dols and Gladys Sagmoen.
Rec. Chester Dols.
Song: "Silver threads among the gold," by Mrs. F. G. Dols and Mrs. Chas. Schnabel.
Song: Ladies'quartette.
Singing by everybody.

Besides tbe program, many novelties were introduced, including a grand march after the lunch, a name pulling contest, requiring the names pulled to perform some required entertainment, and resulting in many humorius situations. After the program parlor games and amusements were indnlged in for the entertainment of all. The next regular meeting of the club will be held at the home of Mrs. F. G. Dols, on Friday afternoon, Feb. 15. New members and visitors are always welcome.

Ancient Phrase.

"You've said it," indicating that the speaker agrees with what some one has said, is supposed to be a modern phrase. In Luke's gospel we read that Pilste asked Christ "Art thou the king of the Jews?" aud Jesus Christ replied "Thou sayest it."

Veteran Bureau Man Says Disabled Buddies Should File Cases for Decision

Fred W. Zeller, field representative of the U. S. Veterans' Bureau of St. Paul, was in the city in the interest of the ex-service men. Mr. Zeller stated that, "The law as it stands new, fixes certain time limits within which disabled ex-service men must apply for various benefits provided hy law."

The time within which war term insurance may be reinstated and converted into standerd government policies is March 3, 1926.

All applications for compensation must be filed within five years from date of discharge from the service. This date has already expired for many men. The next year or two will see practically all the men who did not re-inlist in the army after the World war, without a chance to file a claim for compansation under the present law.

It is evident that many men who have disabilities due to their war service are reluctant to present their cases to the U. S. Vetersns' Bureau until actual necessity compels them to do so. As the law now stands thih is unwise. Any men who have disahilities resulting from their military service, even if they are not very serious at present, should file their claims uow and allow a record to be made so that in making future decisions the Bureau may know what tbe man's condition was in the past, Any existing service disability may become more serious in a few years when the man is older. Instances have occurred in the past where a man thinking himself in fair physical condition has found himself, upou medical examination, to have a wor disability which in the future would seriously disable him.

It is important that all compensation claims should be filed now so that proper medical examination may show the nature and extent of tha disability, and so that its connection with the man's military service may be established. Application may be made direct to the U. S. Veterans' Bureau, 369 Robert street, St. Paul, Minn., or the local service officer of the American Legion.

The Down Grade.

A town that never has anything to do in a public way is on the road to the cemetery. Any citizen who will do nothing for his own town is helping to dig the grave. A man that curses tbe town furnished the coffin. Tbe man who is so selfish as to hava no time from his business to give to civic affairs is making the shroud. Tbe man wbo will not advertise is driving the hearse. The man who is always pulling back from any enterprise throws boquets on the grave. The man who is so stingy as to be howling hard times preaches the funeral, sings the doxology, and thus the town lies buried from all growtb and progress.—Hatton Free Press.

Just because variety is the spice of life a man does not need to change his mind every few minutes.

I never saw a fox trot, but I've seen a barn daace.

Four Tragedies.

A man struck a match to see if the gasoline tank was empty. It wasn't.

Another man touched a trolley wire to see if it was aliva. It was.

A man jumped out of a boat to see if he could swim. He couldn't.

A man cut out his advertising to see if he could save money. He didn't.

It Pays to Advertise.

Mr. William Wrigley, Jr., the chewing gum king of Chicago, in explaining the rapid growth of his company, said it was all due to advertising.

"But," interrupted one of his friends traveling with chim to the Pacific coast, "You have already built up a remarkable business. Why not save some of this advertising money and run along on momentum for a while?"

"Well," Mr. Wrigley said, "We have had a fine, fast trip west from Chicago so far. How much progress do you think we would make if they took off the engine?"

Poor Richard.

"The way to wealth, if you desire it, is as plain as the way to market. It depends chiefly on two words, industry and frugality; thet is, waste neither time nor money but make the best use of both. He that gets all be can honestly and saves all ha gets (necessary expenses excepted), will certainly get rich."—Benjamin Franklin.

L. Jensen Is Re-Elected President of Dairymen

L. Jensen of Clearbrook was in Bemidji Saturday enroute home from attending the annual meeting of the Minnesota State Dairymen's association held at Albert Lea on January 22, 23 and 24. Mr. Jensen was re-elected president of the association for the fourth consecutive year, a distinction which no other president of that organization has ever had.

He is among the leading dairymen of the state and his knowledge of dairying is based upon actual practice. At Clearbrook he has one of the best herds of Guernseys in the state and recent additions to the herd promise to number it among the best in the nation.

Mr. Jensen's many friends will be pleased to learn of his re-election as head of Minnesota dairymen.

Short Course Planned at Crookston "Aggie" School

An opportunity to attend a six weeks' short course is being offered by the Northwest School of Agriculture, Crookston. The course will be given February 11 to March 22. Those who wish to come a week earlier and include the Northwest School Farmers' week and Winter shows February 4-8 may do so.

The course will present the most practical problems of diversified farming, livestock raising, dairying, poultry, field and feed crops, and mechanics. Women will also be offered a course in dressmaking. Those who come may live at the school and secure board and room in the dining hall and dormitories. Anyone over 16 years of age may enroll for these courses.

The only requirement is that those planning to come must send in their registration early by mail and state their preference as to work to be taken. Address all communications to the Northwest School, Crookston.

Farm Bureau Behind McNary-Haugen Bill

Export Surplus Corporation Plan Is Backed by the National Federation.

Prospects for obtaining passage of the McNary-Haugen bill, providing for the establishment of government machinery for handling surplus crops brightened last week when it was announced that the American Farm Bureau had endorsed the principle of the proposed legislation and had instructed its Washington offiice to urge its passage. This throws the full force of the Farm Bureau behind the bill, the state federation at its annual convention having endorsed the essential features of the McNary-Haugen proposal since introduced.

The bill provides for the enactment of legislation which shall meet all the major requirements outlined in this paper last week in a discussion of the Wallace plan.

National approval of the legislation was obtained last week at Chicago, during a meeting of the board of directors. Minnesota was represented at this meeting by J. F. Reed, vice president of the National Farm Bureau and president of the state federation. Mr. Reed was made chairman of the national's committee on legislation.

Active support for the bill by the Minnesota Farm Bureau is assured, state directors at a meeting last week having empowered Thos. E. Cashman of Owatonna, a member of the board, to go to Washington and attend hearings on the bill at such time as his presence there would be most effective.

News that the McNary-Haugen bill had been introduced and is generally favored by members of the House and Senate created a profound impression in the northwest. Newspapers have devoted much space to its provisions and editorial writers have discussed it at length.

Crookston Winter Shows To Stage Beauty Contest for Valley High Schools

The Red River Valley will have a beauty contest which will be held in connection with the Red River Valley Winter shows on Friday, February 8. It will be a contest in which high school students will be eligible. The contestants will go to Crookston with their expenses paid by the Winter show management. Judges from outside of the state will select the most beautiful and charming high school girl and also a second and a third.

The formal presentation of the winner will be made at the Friday evening session followink the address by Dr. C. A. Prosser, Minneapolis. The Winter show management will pay $25.00 in gold to the high school whose candidate wins first place, $15.00 to the second and $10.00 to the third.

The only entry fee is that each high school shall sell five season tickets to the Winter shows at the regular price of $2.00 each.

Polk County Over In Spud Campaign

Leaders There Have Signed More Than 18,000 Acres—Contest Announced.

Polk, second heaviest potato producing county has already subscribed its quota. That was announced last week from the state headquarters at St. Paul. Official records give Polk 18,440 acres; 63 more than legally required.

The state membership last week was 7,706 with 112,404 acres under contract.

Success of the work in Polk is due to co-operation between farmers and business men. It was the business men of Crookston who started the campaign last fall when they closed their places of business and spent a day signing memberships. To C. H. Zealand, secretary of the special Red River Valley committee, C. G. Selvig, superintendent of the Northwest Experiment station, L. M. Bond and scores of active farmers goes for the credit for the success of the campaign.

Signing Polk's quota marks the beginning of the end of the campaign in the Red River Valley. When state committee receives 8,000 more acres from Clay county, every county will have its quota and more. Official records show that Kittson now has 4 per cent more than the total commercial acreage.

The state committee last week announced a special Victory contract signing contest to close March 1. This is open to growers who have signed or will sign the marketing contract. Prizes worth more than $1,000 and including a powerful radio set, a potato digger, 3-row sprayer and other potato machinery have been donated by manufacturers. Details of the contest may be obtained by writing Contest Manager, Minnesota Potato Growers' Exchange, 319 Commerce building, St. Paul, Minn.

Caution In Buying Clover Seed.

There is a shortage of native clover seed in the country this year. In fact, the 1923 crop is the smallest in a number of years and away below the average of requirements. According to the government estimate, the 1923 crop amounts to 1,121,000 bushels, against 1,875,000 hushesl for last year; and estimate for this year is said to be too high. Notwithstanding this shortage in native seed, the price has not been affected as yet, owing to the fact that a great quantity of foreign seed is being imported. We find that during the first half of November 182,000 pounds of red clover seed came into this country from abroad.

It is because of the presence of this foreign seed that we deem it advisable to send out a word of caution. The imported seed, except that from the northern European countries, is practically worthless for planting in the Northwest, as shown by tests made by Prof. Arny of the Minnesota Agricultural college. In 1922 Prof. Arny planted 35 clover plots, which included seed from Minnesota, Wisconsin, Michigan, Ohio, Tennessee, Idaho, and Oregon, and 26 plots of foreign selected from the southern, central and northern countries of Europe. In May of the present year he examined the plots for winter killing. Minnesota alsike showed 4.9 per cent winter-killed; Minnesota mammoth, 7.3; Minnesota medium, 10.2; Michigan medium, 10.2; Wisconsin medium, 5.8; Idaho, 10.2; Oregon, 33.6; Tennessee, 17.8; and Ohio, 18.8. Italian seed winter-killed, 97 per cent; five plots of French seed averaged approximately 80 per cent; northern Germany, 31 per cent; and three plots of Finland and Polish seed showed 15, 18 and 20 per cent.

The conclusion to be drawn from these tests is that seed from the northern countries only is safe to use here. But it is feared that on account of the native shortage there will be a temptation on the part of some seedsmen to blend the foreign with the native seed. The blending can not be detected, and the seed will germinate and grow the first season, but the trouble will come the first winter. We recommend that readers of The Farmer be particularly careful in the selection of seedsmen from whom they make their purchases and do business only with those who are known to be reputable and trustworthy.—The Farmer, St. Paul.

more Ford cars and trucks were produced last year than the previous year, an increase of over 50 per cent.

In spite of this tremendous increase in production, it was impossible to meet delivery requirements during the spring and summer months when orders for 350,000 Ford Cars and Trucks could not be filled.

This year winter buying for immediate delivery has been more active than ever before—and in addition 200,000 orders have already been booked through the Ford Weekly Purchase Plan for spring delivery.

These facts clearly indicate that the demand during this spring and summer will be far greater than ever, and that orders should be placed immediately with Ford Dealers as a means of protection against delay in securing your Ford Car or Truck or Fordson Tractor.

MOVE TO MAKE ALFALFA MAIN CROP IS GAINING

1924 to Mark Second Great Agricultural Change Says "U" Professor.

Most Profitable Crop in Minnesota Last Year—Seed Commands High Price.

The year 1924 promises to be a milestone in the second great change in Minnesota agriculture.

For, says Professor Andrew Bose, director of the University of Minnesota experiment station, 1924 will mark a long leap in the rapid advance alfalfa is certain to make as a Minnesota forage and moneymaking crop.

Its advance, he said today, will end only when alfalfa stands at the top of all forage crops, outacreaging grass and timothy hay, historic forage feed for cattle.

The other great change in Minnesota agriculture, the first one, was the shift from wheat to corn, the change from one crop pioneer farming to balanced farming, a transposition that has been going on actively for 40 years.

Pennington County Sets Pace.

In this present shift, Pennington couty farmers are setting a pace, for they propose with the aid of their bankers to add 10,000 acres to their total acreage of alfalfa in 1924. This will be more alfalfa than any county boasts of at present.

Alfalfa is making rapid strides because of its great feeding value, because it requires little work, because it is an incomparable soil builder, because it was the most profitable crop that farmers grew last year in the state, and because alfalfa seed, particularly Grimm alfalfa seed, is commanding high prices.

In 1920 there were 41,000 acres of alfalfa in Minnesota, according to the records of Paul H. Kirk, federal crop statistician for Minnesota. In 1922 there were 80,000 acres, and in 1923, 115,000.

1923 Figures Year Late.

The 1923 figures, Mr. Kirk explained, really are a year late, as the great gains in acreage made after the survey in May are not recorded. Professor Boss said that this rapid rise of the alfalfa acreage figure points to the day when alfalfa will supplant the time honored grass hay on the average Minnesota farm.

A ton of alfalfa, he said, is equal to a ton of bran as feed. And bran is selling at more than $35 a ton. Alfalfa seed of some varieties is selling for from 18 to 20 cents a pound and Grimm alfalfa seed is selling for from 30 to 50 cents a pound.

The farmer who grows alfalfa not only provides a most excellent feed for his livestock and reduces his need for grain and concentrates in the feed ration, but also builds up his soil. The majority of all other crops take nitrogen from the soil. Alfalfa when inoculated with bacteria from old alfalfa soils or through various commercial cultures takes nitrogen from the air, and may put back more in the soil than it takes out. Properly conducted, an alfalfa field will enrich the soil.

Alfalfa, therefore, is finding particular favor in the regions where long cropping of grain has depleted the fertility of the soil.

Bankers Back Movement.

The bankers of Pennington county have organized to get farmers to put a total of 40,000 acres into alfalfa in the county or 40 acres a farm. The present acreage is 6,000 and the bankers association has set 10,000 acres as the 1924 increase. They are financing seed purchases. They have enlisted the service of the Northwest Farmstead in the campaign, and Charles R. Hutcheson of that paper, is devoting all of his time to it. He has extended his efforts to other counties as well.

Peter Engelstad of Pennington county has been growing alfalfa for 19 years. He has 100 acres in alfalfa. One field has been in alfalfa from 1904. All the fields of the farm yielded four tons of alfalfa hay to the acre this year, a dry season. He markets the alfalfa by feeding it on the farm to a herd of 100 Guernsey cattle. His cream check runs over $500 per month. Despite the steady cropping of alfalfa, his soils are not run down.

P. J. Sumpter of Pennington county said that he nearly lost his farm through failure of grain crop after grain crop, and that his banker was persuaded to extend his loan by sight of a small alfalfa field which he had planted as an experiment. This was several years ago. Since then, his alfalfa acreage has been increased steadily, and this year he harvested $3,000 in Grimm alfalfa seed. In addition, he had a large mow filled with alfalfa hay for his livestock.

A final virtue of alfalfa in the northwestern part of Minnesota is that the frequent cutting kills off the sow thistle, a widespread weed in the region.

The extension division of the agricultural department of the University of Minnesota has urged more alfalfa growing in Minnesota from the day of organization of the division. But at first the schoolmen thought that alfalfa could not be grown in all parts of the state. They have discovered since that the northern developed strains with bacteria inoculation will grow throughout the state. The agricultural agents in the counties have been particularly active in promoting the growth of the forage crop. In Wadena county, through the efforts of the agent, an acre was added to each farm last year.

The University dairy train which made a trip across the state urging better feeding of livestock as its chief mission, stressed alfalfa more than all other crops. It pointed out that a farmer should first increase his feed production and then buy additional livestock. Buying the livestock first is putting the cart before the horse, speakers declared.—Minneapolis Journal.

H. Sboberg of Middle River, was at the hospital last Friday and received medical treatment.

Mrs. Paula Gray, who underwent a major operation at this hospital, is getting along nicely.

John Troley of Holt, is getting along nicely, after undergoing a major operation at the hospital last Thursday morning.

Mrs. F. H. Rennan of Fordvilla, N. D., underwent a major operation yesterday morning and is getting along nicely.

New Jeweler at Neset's.

Harold Elofson, who was employed by Olaf Neset in his jewelry store on LaBree avenue some time ago as a watch repairer, has returned to his old position after having recently graduated from the Elgin School of Watchmakers in Elgin, Ill. Mr. Elofson received one of the highest honors ever accorded by the Elgin School to any of its graduates, only six others as high having been given to students since the school opened. Mr. Elofson is the possessor of a watch made entirely by himself, this being one of the requirements he passed so successfully.

BLOCK BURNS IN FILM SPECTACLE

Alice Calhoun and Percy Marmont Narrowly Escape Death in Flames.

One of the most stupendous fire spectacles ever offered will be seen at the Princess theatre on Friday and Saturday. It is one of the sensational scenes in the highly dramatic Vitagraph super-production, "The Midnight Alarm."

In "The Midnight Alarm" is shown the destruction by fire of an entire block of buildings, including a six-story structure. This was one of the most costly structures ever built for the sole purpose of destruction, and was in keeping with the policy of David Smith, Vitagraph director, that nothing be shown unless it was realistic and that fakes and the like be barred.

The spectacle was so tremendous in scale it was necessary to obtain the permission of the Los Angeles authorities to carry it out, because of the danger of the flames spreading to the studio structures.

Five thousand persons witnessed the destruction of the buildings and played a part in the picture. The crowd was so dense that special precautions had to be taken to prevent onlookers from being injured. The fire had to be roped off, while a crew of picked guards and police kept the throng within bonds. The chief danger was the menace of onrushing fire apparatus.

Alice Calhoun and Percy Marmount, leads in the picture, were in grave peril when the ladder hoisted to take them to safety caught fire in spite of the streams of water playing on it. In desperation, they were forced to plunge to fire nets that were hurried to the scene by the Los Angeles fire department. Their bravery was greeted with frenzied cheers from the spectators.

Restaurant Till Emptied by Sneak Thieves: Broken Window Mode of Entrance

Opening its doors for business on Sunday morning, Porter's Eat Shop on Third street, began the day with only 25 cents in cash in the till. Sometime during the early morning hours, thieves entered the building and made way with $11.75 in small change and bills which had been left in the till to take care of the early Sunday morning customers.

Entrance was gained through the rear of the building. The lower pane of the rear window was smashed. Boxes piled up against the wall were used in crawling through the aperture thus made and the resulting thievery must have been done in a hurry as a quarter was left behind in the till. Some papers were scattered around on the floor, evidently the result of a hurried look for checks which were not found. None of the counters were disturbed and the work appears to be that of amateur robbers, nervous and in a hurry.

The robbery occurred sometime after 3:30 a.m., when the propriator, Christ Porter, locked up the shop. It was again opened for the morning trade by Miss Gerda Westberg, by whom the burglary was discovered. No arrests have as yet been made, Mr. Porter, however, says he would like to have the burglars come after the quarter they left behind.

Warren Game Played This Week Means Lot to Thief River; Snappy Game Sure

On Friday evening, at the auditorium, a very tight game is expected to come off when the Lincoln quint and the Warren team fight for second place in the tournament.

Both teams now occupy third place on the tournament lists and the fact that the winning of this particular game will raise one of the teams to second place as regards standing in the games and lower one of the teams, makes this one all the more exciting; a game that is sure to be contested hotly up to the very last second of play. The local boys are in splendid form and in their last two games outside the city showed a deep seated spirit to fight that will carry them a long way on the road to recovery.

For the preliminaries on Friday evening, the St. Hilaire quintet will play with the Thief River Seconds. This should prove quite exhilarating as the St. Hilaire squad was defeated on last Friday night in a play at the local high school gym by a very few points and are showing themselves to be fighters of high calibre.

The admission has been slightly raised for Friday evening to help the expense of getting the St. Hilaire boys here and will be 85 cents and 50 cents. Although this is a trifle higher than is ordinarily charged here, these prices are the normal admissions paid in many cities near by. Therefore it is thought that the people will not object to a slight raise for one evening, especially under these conditions. The preliminary game will start promptly at 8 o'clock, with the main event being started promptly at 8:30.

Annual Bible Conference Held by Swedish Mission

A bible conference was held in this vicinity last week, January 28—February 2, in the Swedish Mission church with all ministers of the valley attending. This was the Ministers' Quarterly meeting, and was very well attended by both the clergy and laity of the churches in this territory.

A number of very good speakers gave addresses during the week, Mr. C. W. Bowman, the secretary of the missionary covenant, who came from Chicago to attend the meetings, gave several very fine speeches, as did Rev. G. Nelson and also Mr. Pihlstrom of Warren.

During the week of February 10, a young peoples' mid-winter rally is in progress with the same speakers talking at the different sessions and with large attendences expected throughout the week. The rally will close on Saturday and Sunday with some good talks given by Mr. C. W. Bowman.

ORDINANCE RUNS CRITICS' GAMUT

Objections Voiced by Many to Paying $10 a Year for Soft Drink License.

Shall the city repeal the soft drink ordinance passed a year ago or merely reduce the license fee from ten dollars a year to one dollar as requested by the various soft drink proprietors, or leave it as it is?

That is the question confronting the city aldermen after the special meeting held last night, at which time twelve licenses were granted and two held up pending further investigation, while others will be in for consideration at the meeting next Monday.

Applications were received from O. H. Nelson, the Elks club, Wm. Sheedy, L. J. Cerney, George Christo, C. H. Porter, H. K. Strand, Harry Fry, Margaret Eichammer, Carl Christopherson, Jas. Cosgrove, W. A. Bishop, James Farr and Alfred Rasmussen. These were all granted except the last two. Other dealers appeared before the council but too late for any action last night.

It was at the request of the mayor that the present ordinance was passed and for the purpose of curbing blind pigging by having better control over the soft drink places. The above applicants merely asked to have the license reduced, on the grounds, as stated by Mr. Bishop, who acted as spokesman, that the dealers could not afford to pay $10 while also paying a state license.

In an informal discussion of the moonshine situation during the council meeting, it was pointed out that more young boys were bent on carousal last Saturday night than for many months, and that the present police force was not adequate to cope with the situation at night time and especially Saturday nights. It was even suggested that an extra policeman be employed to curb the evil.

TRACTOR SCHOOL FEB. 11 AND 12

C. Gustafson & Son Announce Interesting Sessions Here Next Week.

According to an announcement made yesterday by C. D. Gustafson, of Gustafson & Son, local implement dealers, a tractor school will be conducted in this city on February 11 and 12. This school is conducted under the supervision of the International Harvester company agricultural extension department and fits in nicely with the short course to be put on here the following week.

This school is held for the purpose of helping the users of tractors and gasoline engines and tractor tools, and is designed especially for those who are interested in power farming. Nothing will be offered for sale but there will be something to learn, and the time required to attend the sessions will be well spent. The first session of the school will be at 1:30 p.m. on Monday, the 11th, and will continue with a full day's program on the 12th. The school will be held in a vacant building near the office of C. Gustafson & Son.

At this time there will also be on hand at the Gustafson office cream separator experts for the purpose of giving free service in repairing and overhauling cream separators for which the Gustafson company has the agency. Another interesting feature is free feed grinding for all who care to have this work done. Grinding will be done free all day, Monday, February 11. Free lunch will be served at noon on both days to all who attend the sessions.

This program should not be confused with the short course of February 18 and 19, which is a general agricultural school. The event next week covers power farming in all its phases. Both are exceptionally good programs and will be well worth attending.

Dr Froehlich Leaves for St. Paul.

On Wednesday, Dr. Froehlich, who is president of the local Commercial club, left for St. Paul where he will be present at the midwinter meeting of the Minnesota Association of Community Secretaries. The meetings of the association will be taken up with matters of much interest to commercial culbs of Minnesota.

Gjelhangs Have New Boy.

Word has been received of the birth of a nine pound son to Mr. and Mrs. Carl Gjelhang of Washington, D. C., on Sunday. Mr. Gjelhang was at one time employed in various clothing stores of this city while Mrs. Gjelhang was Miss Anna Wiecek, who was a clerk in the Loken store.

Moros a Fierce Race.

The Moros of the Philippines are direct descendants of the Malay pirates that infested these seas for centuries and the ancestral microbe is still extant. They are probably as fierce and reckless as any people in tha world, and under their own leaders are accustomed to obey the law of force, and nothing else. A few hundred odd rifles are scattered through tha islands and the possession of ons almost carrles with it a title of nobility. To be withont a knife is a shame and disgrace.

OFFICIAL PROCEEDINGS OF COUNTY BOARD, PENNINGTON COUNTY

Thief River Falls, Minnesota January 8th, 1924.

The County Board for Pennington County, Minnesota met in regular session in the office of the County Auditor in the City of Thief River Falls, at 10 o'clock in the forenoon. Meeting was called to order by the County Auditor.

Members present: Hanson, McGinn, Larson, Roy and Olson.

Members absent: None.

The County Board proceeded to ballot for election of Chairman for the ensuing year. Several ballots were taken. On the fifth ballot the result was as follows: Commissioner McGinn received two votes and Commissioner Hanson received three votes. As a result of the ballot Commissioner Hanson was duly declared elected Chairman for the ensuing year.

The Board then proceeded to ballot for the election of Vice Chairman. The result of the ballots were as follows: Commissioner McGinn, one vote; Commissioner Larson, one vote and Commissioner Roy received three votes.

As a result of the ballot Commissioner Roy was duly declared elected.

The following resolution was offered by Commissioner McGinn who moved its adoption duly seconded by Commissioner Olson:

WHEREAS, The County Board for Pennington County, Minnesota, at its first meeting in January, 1923 did by resolution create a sinking fund for the purpose of paying off the bonded indebtedness of the County as the same may become due;

NOW, THEREFORE, BE IT RESOLVED, That the sum of Six Thousand ($6,000.00) Dollars be raised by taxation for the year 1924, and that the County Auditor hereby is authorized to levy said amount in addition to all other taxes authorized by law.

All members present voted for the resolution it was so declared approved.

The following resolution was offered by Commissioner Larson who moved its adoption duly seconded by Commissioner McGinn:

BE IT RESOLVED, That the salaries for the several County Officials for the year 1924 be fixed as follows:

County Superintendent of Schools	$1,449.00
Sheriff	1,200.00
County Attorney	1,200.00
Janitor	780.00

All members present voted for the resolution, it was so declared approved.

A delegation of business men from the City met the County Board asking for an appropriation of $2,500.00 for the Farm Bureau.

Resolution for Sale of Drainage Bonds.

State of Minnesota,
County of Pennington—ss.

I, T. P. Anderson, County Auditor of Pennington County, Minnesota, do hereby report to the County Board and do hereby certify as follows:

I. That the County of Pennington has paid principal and interest on drainage ditch bonds with moneys in its general ditch fund applicable to a ditch other than the ditch in connection with which such bonds were issued in the sum of Twenty-two Thousand Eight Hundred Thirteen and 53-100 ($22,813.53) Dollars.

II. That the County of Pennington has paid principal and interest on its drainage ditch bonds out of County funds other than the general ditch fund amounting to No Dollars.

III. That the County of Pennington has paid principal and interest on its drainage ditch bonds out of the proceeds of County Warrants issued outstanding in the sum of No Dollars.

That a shortage in respect to the general ditch fund exists by reason thereof, and that the County at this time has outstanding warrants drawn on its ditch fund amounting to Forty Seven Thousand Ninety-seven and 47-100 ($47,097.47) Dollars.

That the amount of money on hand in the ditch funds of said County at the date hereof is Twenty-five Hundred Seventy-seven and 75-100 ($2,577.75) Dollars.

That the amount which will be required to make good the existing shortage in said ditch fund is the sum of Forty-nine Thousand Nine Hundred Eighty-three and 7-100 ($49,083.07) Dollars.

That the probable amount which will be required to pay the principal and interest of the County's outstanding drainage ditch bonds to become due within one year from the date of this certificate is Forty-nine Thousand Nine Hundred Eighty-three and 7-100 ($40,983.07) Dollars.

That the total amount of probable shortage in the general ditch fund at the end of the present year will be Fifty Thousand ($50,000.00) Dollars.

That the amount of such shortage which is applicable to each of the several County Ditches is as follows:

Judicial Ditch No. 15	$ 1,182.59
Judicial Ditch No. 1	4,300.00
Judicial Ditch No. 13	8,462.58
Repair of County Ditch No. 1	3,874.00
Repair of County Ditch No. 39	4,994.36
Judicial Ditch No. 30	24,283.94
Estimated interest and payment on Bonds, over income	2,885.00
	$ 49,983.07

That the amount to be collected from ditch assessments within said County during the year 1924 will not cover said shortage in said general ditch fund.

That the probable income to the County from ditch assessments to be collected during the year 1924 has been taken into consideration in estimating the shortage which will exist in said general ditch fund at the expiration of the year 1924.

Dated at Thief River Falls, Minnesota, this 25th day of January, 1924.

T. P. ANDERSON,
County Auditor,
Pennington County, Minnesota.

Commissioner Olson offered the following resolution and moved its adoption:

WHEREAS, The County Auditor of the County of Pennington, State of Minnesota, has presented to the County Board of said Pennington County, a certificate signed by T. P. Anderson, County Auditor of said County under his Seal, and which certificate has been entered in the records of the County Board, and from which certificate it appears that the County of Pennington has paid the principal and interest of its drainage ditch bonds with money in its general ditch fund applicable to a ditch other than the ditch in connection with which such bonds were issued, and also that said County has paid principal and interest on its drainage bonds out of the proceeds of County Warrants issued and outstanding, and a shortage in respect to the general ditch fund exists by reason thereof, and that the moneys in the County's general ditch fund will not be sufficient to pay in full the principal and interest of its drainage ditch bonds to become due, according to their terms, within one year following the date of said certificate of said County Auditor hereinbefore referred to, and such certificate containing all of the information required by Chapter 72, Session Laws of Minnesota for 1923.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNTY BOARD OF PENNINGTON COUNTY, MINNESOTA, That said County issue its Drainage Funding Bonds in the sum of Fifty Thousand Dollars ($50,000.00) under the provision of Chapter 72, Session Laws of Minnesota for 1923, for the purpose of its general ditch fund and to reimburse such ditch fund.

That said bonds shall be Fifty (50) in number, numbered consecutively from one (1) to Fifty (50) inclusive, shall be of the denomination of One Thousand Dollars ($1,000.00) each, shall be dated March 1st, 1924, and shall mature as to principal as follows:

Bonds numbered 9 to 10, inclusive, on March 1st, 1930
Bonds numbered 11 to 15, inclusive, on March 1st, 1931
Bonds numbered 16 to 20, inclusive, on March 1st, 1932
Bonds numbered 21 to 25, inclusive, on March 1st, 1933
Bonds numbered 26 to 30, inclusive, on March 1st, 1934
Bonds numbered 31 to 35, inclusive, on March 1st, 1935
Bonds numbered 36 to 40, inclusive, on March 1st, 1936
Bonds numbered 41 to 45, inclusive, on March 1st, 1937
Bonds numbered 46 to 50, inclusive, on March 1st, 1938.

That said bonds shall bear interest at the rate of 5½% per annum, payable semi-annually on March 1st and September 1st in each year, which shall be evidenced by appropriate interest coupons, as evidencing the interest for a six months period, and shall be payable at the First National Bank in the City of St. Paul, Minnesota, and the full faith, credit and resources of said County of Pennington, Minnesota, are irrevocably pledged for the punctual payment of the principal and interest of said bonds at maturity.

That the said bonds shall be in such form as may be determined upon by the County Board of Pennington by Resolution hereinafter adopted, and shall certify and recite that all acts, conditions and things required by the Constitution and Laws of the State of Minnesota, to be and to be done precedent to and in the issuance of said bonds, including the issuing of the certificate of the County Auditor of said County required by Chapter 72, Session Laws of Minnesota for 1023, have been properly done, happened and been performed in regular and due form and time as required by law, and that the full faith, credit and resources of said County of Pennington, Minnesota, are irrevocably pledged for the punctual payment of the principal and interest of said bonds at maturity.

BE IT FURTHER RESOLVED, That bids for the purchase of said bonds hereinbefore specified be opened and considered by the County Board of said County at a meeting thereof, which is hereby fixed to be held at the Court House in the City of Thief River Falls, Minnesota, at two o'clock P. M., on the 15th day of February, 1924.

BE IT FURTHER RESOLVED, That notice of said meeting of this Board to be held at the time and place above specified for the consideration of said bids for the sale of said bonds, to be published in The Times, a newspaper published at Thief River Falls, Minnesota, once in each week for at least two successive weeks, the first publication of which shall be at least fourteen (14) days prior to said date of meeting, and said newspaper is hereby designated as the newspaper in which said notice shall be published.

BE IT RESOLVED, That the County Auditor is authorized and directed without delay to cause to be published in said newspaper once in each week for at least two successive weeks, a notice in substantially the following form:

Notice to Stockholders.

To the Stockholders of the Red Lake-Eastern Marshall Farmers Telephone Company; Greetings:

Your Board of Directors have for some time realized that, because of the company not being large enough and with income enough to enable us to have paid officials to attend to collections and other business and linemen with sufficient experience to keep lines and equipment in reasonable service order, we are in a position where in a short time it will be impossible to continue the business of the company.

As we have a neighbor company on the south of us that is organized on the same ground principles as we are, namely, to give the best possible service to the most possible at the lowest rate possible, and as this neighbor company, the Garden Valley Telephone Company, is large and strong enough to keep a regular business manager and the necessary experienced linemen so as to keep the lines and equipment in reasonable working or service repair, we have taken the liberty to open negotiations with the board and management of the above mentioned Garden Valley Telephone Company for consolidating or selling out to them. They have shown willingness to consider this and have had men here to look over the sitation and the manager has reported to us that from the estimate inventory taken, our property appears to be very nearly alike in value to that of the Garden Valley Telephone Company, as to dollar for dollar that consolidation apparently can be brought about with little or no trouble.

This is therefore your notice that at the coming annual meeting to be held at Goodridge on the 11th day of February, 1924, you will be asked to vote for or against consolidation with above named Golden Valley Telephone Company.

If a majority of the Stockholders approve of it and the board of Directors of the Golden Valley Telephone Company also approve, your board will then take the necessary steps to bring about the change as soon as possible.

Dated at Goodridge, Minnesota, this 24th day of January, 1924.

Board of Directors of the Red Lake-Eastern Marshall Farmers' Telephone Company.

Hansen, Mortgagee, to Deposit Bank of Winona, Winona, Minnesota, by written assignment dated the 16th day of January, 1918, and recorded in the office of said Register of Deeds, on the 19th day of January, 1918, at 10:00 o'clock A. M., in Book 56 of Mortgages, on page 531; and that thereafter and on or about the 1st day of August, 1923, the articles of incorporation of said Deposit Bank of Winona having been duly amended and that thereby, among other things, the name of said Deposit Bank of Winona was changed from Deposit Bank of Winona to Deposit Bank and Trust Company and that said Deposit Bank and Trust Company is now the Assignee and Holder of said Mortgage and the debt secured thereby; and no action having been instituted, at law or otherwise, to recover the debt secured by said Mortgage or any part thereof;

Now Therefore, Notice Is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

The Southwest quarter (SW¼) of Section Thirty-six (36) in Township One Hundred Fifty-four (154) North of Range Forty-two (42) West of the fifth P. M., in Minnesota, containing One Hundred Sixty (160) acres, more or less, according to the U. S. Government survey thereof, in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County at the front door of the Court House, in the City of Thief River Falls in said County and State on the 23rd day of February, 1924, at two o'clock P. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of Three Thousand Three Hundred Seventy and 80-100 Dollars ($3,370.80), and interest, and the taxes, if any, on said premises, and Seventy-five Dollars ($75.00), Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of Three Hundred Dollars ($300.00), which is claimed to be due and is due at the date of this notice upon a certain Mortgage duly executed and delivered by Peter L. Wojnarowski and Josie M. Wojnarowski, his wife, Mortgagors, to Deposit Bank of Winona, Mortgagee, bearing date the 5th day of June, 1920, and with a power of sale therein contained, duly recorded in the Office of the Register of Deeds in and for the County of Pennington and State of Minnesota on the 20th day of September, 1920, at 8:30 o'clock A. M., in Book 13 of Mortgages, on page 615;

And Whereas, The said Deposit Bank of Winona, the Mortgagee and Holder of said Mortgage, has duly elected and does hereby elect to declare the whole principal sum of said Mortgage due and payable at the date of this notice, under the terms and conditions of said Mortgage and the power of sale therein contained; and whereas there is actually due and claimed to be due and payable at the date of this notice the sum of Two Thousand Nine Hundred Twenty-seven and 75-100 Dollars ($2,927.75), which said amount includes the sum of One Hundred Seventeen and 46-100 Dollars ($117.46) paid by Deposit Bank of Winona to the County Treasurer of Pennington County, on the 29th day of March, 1923, for taxes for the year 1921, including penalty and interest, against the mortgaged property, together with the interest on said payment from the 29th day of March, 1923, to the date of this notice which last mentioned interest amounts to the sum of One and 29-100 Dollars ($1.29); and whereas, the said power of sale has become operative, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage, or any part thereof;

Now, Therefore, Notice Is Hereby Given, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

Southwest Quarter (SW¼) of Section Fifteen (15), in Township One Hundred Fifty-two (152), North, of Range Forty (40), West, in Pennington County and State of Minnesota, with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington County, at the front door of the Court House, in the City of Thief River Falls, in said County and State, on the 29th day of February, 1924, at two o'clock P. M., of that day, at public vendue to the highest bidder for cash, to pay the said debt of Two Thousand Nine Hundred Twenty-seven and 75-100 Dollars ($2,927.75), and interest, and the taxes, if any, on said premises, and Seventy-five Dollars ($75.00) Attorney's fees as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale as provided by law.

MORTGAGE FORECLOSUURE SALE

Default having been made in the payment of the sum of Eighteen Hundred Fifty One Dollars which is claimed to be due and is due at the date of this notice upon a certain Mortgage, duly executed and delivered by Ole N. Olson and Andrea Olson, his wife, Mortgagors, to The First National Bank of Thief River Falls, Mortgagee, bearing date the 20th day of September, 1916, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 21st day of September, 1916, at 8 o'clock A. M., in Book 18 of Mortgages, on page 247, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage or any part thereof.

NOW, THEREFORE NOTICE IS HEREBY GIVEN, That by virtue of the power of sale contained in said Mortgage, and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

Lots numbered Seven (7), Eight (8) and Nine (9) of Block Thirty (30) in the Original Townsite of Thief River Falls, according to the official plat thereof, on file and of record in the Office of the Register of Deeds in and for Pennington County, in Pennington County and State of Minnesota with the hereditaments and appurtenances; which sale will be made by the Sheriff of said Pennington county at the front door of the Court House, in the City of Thief River Falls, in said County and State, on the 23rd day of February, 1924, at 10 o'clock A. M., of that day, at public vendue, to the highest bidder for cash, to pay said debt of Eighteen Hundred Fifty One Dollars and interest, and the taxes, if any, on said premises, and Seventy Five Dollars, Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Notice of Mortgage Foreclosure Sale.

Notice is hereby given, that default has been made in the conditions of a certain mortgage executed by Thomas G. Rome and Thorbjor G. Rome, his wife, of the county of Pennington, Minnesota, mortgagors, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, dated the 15th day of October, 1920, and recorded in the office of the Register of Deeds of Pennington County, Minnesota, on the 11th day of December, 1920, at 9 o'clock A. M. of said day, in Book "62" of Mortgages, page 575 thereof, of the records of said office.

That said mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minn., to Fred Gehl, by written assignment dated April 27, 1921, and recorded in the office of the said Register of Deeds, on the 28th day of April, 1921, at 8 o'clock A. M. in Book 63 of Mortgages, on page 316;

Said default consists in the failure of said mortgagors to pay the interest installment of $120 which by the terms of the said mortgage, became due and payable on the 15th day of October, 1922. That by reason of said default said mortgagee has elected to declare the entire amount remaining unpaid upon said mortgage to be immediately due and payable.

That there is claimed to be due and payable and there is now due and payable at the date of this notice upon said mortgage and upon the debt thereby secured, the sum of Two Thousand One Hundred Twenty and no-100........($2120.00) Dollars, with interest thereon at the rate of six per cent per annum from the 15th day of October, 1922, and no action or proceedings at law or otherwise has been had or instituted to recover said debt or any part thereof.

Notice is hereby further given that by virtue of the power of sale in said mortgage contained and recorded, therewith which by reason of the facts aforesaid has become operative and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed and the land and premises described in and covered by said mortgage, to-wit:

East half of the Southwest quarter (E½ SW) Lots Five and Six (5 and 6) Section Six (6) Township One Hundred Fifty-two (152) North Range Forty (40) West of the Fifth Principal Meridian for Minnesota, containing 160 acres, more or less, according to the Government Survey thereof,

will be sold at public auction to the highest bidder therefor for cash by the sheriff of Pennington County, Minnesota to satisfy and pay the debt which will then be due and payable on the note secured by said mortgage together with the sum of $100.00 as attorneys fees and the costs and expenses of these foreclosure proceedings as allowed by law.

The said sale will be made at the front door of the Court House in the City of Thief River Falls, County of Pennington, State of Minnesota, at the hour of ten o'clock A. M. on Saturday the 23rd day of February, 1924.

Dated December 17, 1923.

NOTICE OF MORTGAGE FORECLOSURE SALE.

Whereas, default has been made in the terms and conditions of a certain mortgage bearing date February 11, 1919, made, executed and delivered by Ellef Halvorson and Christiana Halvorson, his wife, of Pennington County, Minnesota, as mortgagors, to Merchants, Trust and Savings Bank, a corporation, of St. Paul, Minnesota, as mortgagee, to secure the payment of the sum of Thirteen Hundred Dollars ($1300.-00) and interest thereon at the rate of five and one-half (5½) per centum per annum, according to the terms and conditions of one certain promissory note, due March 1, 1924, made and executed by said Ellef Halvorson and said Christiana Halvorson to said Merchants Trust and Savings Bank, and in said mortgage fully described which said mortgage was duly filed for record in the office of the Register of Deeds in and for Pennington County, Minnesota, on March 25, 1919, and was duly recorded in said office in Book 4 of Mortgages on page 439, which said mortgage, together with the debt secured thereby, was thereafter by written assignment dated May 5, 1919, duly assigned by said mortgagee to Clara Burr Elder, formerly known as Clara Burr Walther, which said assignment was duly filed in the office of said Register of Deeds on February 1, 1924, and was recorded in Book 63 of Mortgages on page 524, and which said Clara Burr Elder, formerly Clara Burr Walther, is now the owner and holder of said mortgage; and

Whereas, said mortgagors have failed and refused to pay the installment of interest in the sum of Seventy-one and 50-100 Dollars ($71.50), which became due and payable on the note in said mortgage described on March 1, 1923—, and said Clara Burr Elder, formerly known as Clara Burr Walther, pursuant to the terms of the mortgage, has elected to declare and hereby does declare the principal of said note with all accrued interest to be immediately due and payable, and there is claimed to be due and is due on said note and mortgage at the date of this notice the sum of Thirteen Hundred Dollars ($1300.00) and interest thereon from March 1, 1923, at 5½ per centum per annum, and Seventy-one and 50-100 Dollars ($71.50) and interest thereon from March 1, 1923, at 5½ per centum per annum, and also the sum of Seventy-five Dollars ($75.00) attorney's fees, as provided for in said mortgage, and no action or proceeding has been instituted at law or in equity to recover the debt secured by said mortgage or any part thereof.

Now, therefore, notice is hereby given that under and by virtue of the power of sale contained in said mortgage, and pursuant to the statute in such case made and provided, the said mortgage will be foreclosed by the sale of the mortgaged premises at public auction by the Sheriff of Pennington County to the highest bidder therefor for cash on Thursday, the 20th day of March, 1924, at two o'clock in the afternoon, at the front door of the Court House in the City of Thief River Falls, in Pennington County, Minnesota, to satisfy the amount which will then be due on said mortgage for principal and interest, costs and charges of sale, the taxes if any on said premises, and said Seventy-five Dollars ($75.00) for attorney's fees, said mortgaged premises so to be sold lying and being in the County of Pennington and State of Minnesota, and more particularly described as follows, to-wit:

The North Half of the Southeast Quarter (N½ of SE¼), and the Southwest Quarter of the Southeast Quarter (SW¼ of SE¼), in Section Twenty-six (26), of Township One Hundred Fifty-four (154), in Range Thirty-nine (39), containing 120 acres, more or less, according to the government survey thereof.

Dated February 1st, 1924.

Keep Your

DOLLARS

In Your

HOME TOWN

One Thing Will Take the Dollars Away

And the Same Thing Will Keep the Dollars at Home

You have heard the thousands of arguments for keeping dollars at home, but a final analysis shows there is only one thing that can take them away and the same thing can keep them at home.

This is advertising. It is only advertising that can induce dollars to leave town.

And it is only advertising that will keep the same dollars at home.

You may have the goods and the service which are very essential to holding business, but unless these qualities are advertised to the buying public the dollars these qualities deserve are going to leave.

Advertising is the least expensive form of salesmanship known, and is extensively used by every successful institution.

Advertising saves money to the consumer and to the seller. The seller, by using advertising, can place his goods on the market at a lower cost than a non-advertiser because he sells more and the profit on each item is less.

Aside from advertising, the overhead of the non-advertiser is just as much as the advertiser, and as the non-advertiser has a slow turn-over he must add more of his overhead expense to every item sold.

The consumer should buy from the advertiser for this reason.

Merchants with quality goods and service who use advertising will keep dollars in the home town.

Non-advertisers will help the dollars leave town.

STATE ADJUTANT HONOR GUEST AT LEGION MEETING

Stafford King Delivers Fine Speech in Defense of Adjusted Compensation.

Rally Staged by Elmer Eklund Post Monday Brings Out Record Crowd.

Stafford King, adjutant of the American Legion of the state of Minnesota, delivered a ringing speech in favor of adjusted compensation Monday evening at the auditorium, and was cheered to the echo when he referred to Secretary of the Treasury Andrew Mellon as the greatest enemy of the service man in America.

The peppy adjutant paid his respects to "Uncle" Andy in both prose and poetry and did not mince words as he presented a startling array of facts in support of the service man's demand for adjusted compensation, commonly referred to as a "bonus." It was the contention of Mr. King that the late President Harding was led to veto the bonus bill of two years ago through the duplicity of Mr. Mellon, who Mr. King accuses of juggling figures in the treasury department.

It is the contention of Mr. King that when those are eliminated under the proposed compensation legislation now before congress who are not entitled under the law to relief, there will remain approximately 3,600,000 men to be paid, and he asserts that the burden of such relief will in no way plunge the country into such financial disaster as has been predicted by the enemies of the bonus bill. He expressed considerable disgust with the argument which proposed relief for the disabled only, pointing out that the disabled veterans have been shamefully neglected by those in charge of this branch of the service. Furthermore, Mr. King contends that the men who made a sacrifice involving time and money are justly entitled to the small measure of adjustment in the way of compensation which the bill now before congress would give.

The visit here of Adjutant King presages a state-wide campaign of education. As he stated it, "We have got through praying, now we intend to fight."

In advance of the address of the adjutant at the auditorium the members of Elmer J. Eklund Post gave a six o'clock dinner at the Commercial club rooms in honor of the visitors. Brief remarks were made at this affair by Mayor Arneson, Dr. Froehlich, Commander Oscar Smith of the local Legion post, Senator Hansen, President Evenson of the City council and Mrs. Dr. Haug, of the Women's Auxiliary. The speakers were introduced by District Commander Yngve, of Middle River, who also presided at the meeting at the auditorium.

The meeting at the auditorium was attended by large delegations from surrounding towns and Adjutant King was accorded an enthusiastic reception by his buddies. Music for the occasion was furnished by an orchestra directed by H. S. Snyder. Several songs of the war time variety were sung by the audience, Miss Maude L. Johnson leading. Two vocal solos were rendered by Kern Olson, a member of Eklund Post, who received an ovation for his efforts.

CAR OF ALFALFA ARRIVES TODAY

Large Quantity of Certified Seed to Be Distributed to Local Growers.

Concrete evidence that farmers of this section are going into the growing of alfalfa on a large scale appeared today when an entire carload of certified Grimm alfalfa seed arrived for local distribution. The carload consists of about 22,000 pounds and at the current value of seed is worth a neat sum of money. All of the seed contained in this car has already been allotted to farmers in this neighborhood and indications during the past few days are that it will be absorbed very rapidly.

The Pennington County Bankers association financed the purchase of this carload of alfalfa seed in accordance with a program decided upon at a meeting held last fall. The Thief River Falls Commercial club and the county agent's office also have been active in furthering the alfalfa program. According to present plans, at least 4,000 new acres of alfalfa will be planted in Pennington county during the coming season, an accomplishment which will place this county far in advance of any similar section of the state in the production of this crop.

DISTRICT COURT SOON THROUGH GRIND OF TERM

James F. Farr and Ed. Aga Convicted of Prohibition Law Violations.

Sigurd Vik Changes Plea to Guilty: to Be Sentenced Tomorrow.

James F. Farr, who was tried Saturday in district court on a liquor charge, was found guilty by a jury after an hour's deliberation. Judge Grindeland sentenced him to serve 90 days in jail and to pay a fine of $300. A stay of seven days was granted Mr. Farr to close up his business affairs.

Ed. Aga also was convicted of violating the prohibition laws and was sentenced to pay a fine of $150 and to serve 50 days in jail. The jury recommended leniency in this case, which accounts for the light sentence imposed by the court. Aga was taken to Warren immediately to begin serving his sentence.

Sigurd Vik, who last week pleaded not guilty to a liquor charge, changed his plea to guilty and will receive his sentence this afternoon. John Jetland was acquitted by a jury Friday. He was charged with having sold a pint of "moon" to Alf Bakke on January 19. The details of this case were given in The Tribune last week.

Frank McGinty, who was to have been tried at this term of court on a liquor charge, failed to appear when his case was called, and the court declared his bonds forfeited. No disposition has yet been made of the liquor case against James Farr which was continued from the June term.

Following is the disposition made of the civil cases which have been considered so far this term:

Rhoda J. Lamphier vs. George T. Lamphire, divorce granted.

Farmers State Bank of Goodridge vs. Martin Kotrba, stricken from calendar.

W. T. Raleigh company vs. H. H. Harding, John Graff and Ole Geving. Judgment granted.

Albert S. Lieberman vs. Arthur P. Fox. Decision not yet rendered by court.

Minnie Vad vs. John G. Vad. Divorce granted.

Anton E. Knutson vs. D. C. Tyson and Mrs. D. G. Tyson. Judgment for plaintiff.

Farmers State Bank of Goodridge vs. Oliver Tommerdahl etc. Decision not yet rendered by court.

G. W. Connell vs. R. H. Ross and E. E. Sanford. No appearance of defendants and judgment granted plaintiff.

Farmers and Merchants Bank of Thief River Falls vs. Emerson-Brantingham Implement company. Decision not yet rendered by court.

Stephen Singer vs. Farmers State Bank of Goodridge. Decision not yet rendered by court.

Christopher Vad, etc. vs. Town of Highlanding. On trial this afternoon.

The cases of C. Gotzian & Co., and Rollins Hosiery Mills against N. A. Nelson were settled out of court.

Elizabeth Benson vs. Clarence H. Benson. Divorce granted.

Judgment was entered in all personal property tax and motor vehicle cases except one. This was the personal tax against C. Gustafson & Son, which was dismissed when it was shown that the property taxed did not belong to defendants at the time it was assessed.

Last Golf Hop.

The concluding number of the dance program put on by the golf club for its members this winter will take place in the Sons of Norway hall on Thursday evening, February 21. This will be in the nature of a basket social and dancing party and is being handled by the men of the club. The best of music will be employed and members are assured a good time.

EDUCATION COMBINED WITH ENTERTAINMENT IN NUMBER OF HIGH GRADE PROGRAMS

St. Hilaire and Goodridge to Send Large Delegations; Numbers on Program of Interest to Every Resident of Pennington County; Special Meeting For Women on Tuesday Afternoon.

Barring unreasonably bad weather or some other calamity which might work to the injury of the agricultural short course to be started in Thief River Falls next Monday and Tuesday, February 18 and 19, this event will be a record breaker both from the point of attendance and interest.

The program committee has completed its labors and a real treat is in store for those who attend any or all of the sessions. The first meeting is scheduled for Monday afternoon at 1:30, with another in the evening at 7:30. On Tuesday four meetings will be held, one in the forenoon at 9:30, one in the afternoon at 1:30 and another in the evening at 7:30, together with a special meeting for women in the afternoon at 2:30. All of the general sessions will be conducted at the city auditorium, while the women's meeting will be held either in the Commercial club rooms or at the Presbyterian church. Announcements on this point will be made at the general sessions.

A glance at the program printed below should suffice to convince the most skeptical that this short course is something really worth while. Illustrated lecture charts, scores of lantern slides, and ten reels of moving pictures will be used during the meetings. The schools of the county and city are given a prominent part in the programs and a large attendance from this source is anticipated. Mrs. H. W. Froehlich, chairman of the committee in charge of the women's department, gives assurance that this important part of the proceedings will not be neglected.

Every person residing within a radius of one hundred miles of Thief River Falls is not only invited but urgently requested to receive full benefit of this short course. Come for the first number and remain for the last. It is something worth while. Here is the program in detail:

JUVENILE BAND NOW A REALITY

Thirty Thief River Falls Boys Form Nucleus of New Organization.

The effort of a number of local men and organizations to secure the interest of a sufficient number of boys to form a juvenile band in Thief River Falls has been successful, and the new band is all ready to begin practice in the art of producing first class ensemble music. About 30 boys are members of the new band and nearly all of them have secured the necessary instruments. Suitable music also has been provided. The first meeting of the new band was held at the high school last Thursday evening.

It is planned to hold two or three rehearsals each week after school hours and evenings, individual group instruction to be given by a number of local men among whom are mentioned Supt. I. T. Simley, Perry Froseth, P. G. Pederson and L. A. Hermanson.

The movement which resulted in the formation of the juvenile band was started several months ago when Mayor Bratrud, Dr. Froehlich, H. S. Snyder, L. A. Hermanson, E. M. Beanes and I. T. Simley held a meeting and decided to survey the situation with a view to organizing a band. That these men have given liberally of their time to the task is evidenced by the fact that the new band is now all ready for business. With the proper support and encouragement it should prove an unqualified success from the start.

CARLSON'S SUIT TO BE APPEALED

City Council Decides to Carry Case to Supreme Court of Minnesota.

At the meeting of the city council held Monday evening, a resolution to appeal to the state supreme court the case of C. M. Carlson against the city was unanimously adopted by the aldermen. The action was tried in district court last week and Mr. Carlson was rendered a verdict for the amount sought. This case, it will be remembered, grew out of the refusal of the council to pay Mr. Carlson the final estimate of $1,000 on the contract price of the filtration plant which Mr. Carlson erected for the city about a year ago. A crack developed in the wall of the building and the former council withheld payment of the final estimate, it was claimed, because the contract had not been lived up to. Mr. Carlson was able to prove to the satisfaction of the district court, however, that he had faithfully performed his part of the work and the case was decided in his favor. Monday evening the city attorney was instructed to appeal the case.

The matter of soft drink licenses again was taken up Monday evening. Two applications, those of Anton Dahl and O. L. Monson, were granted, while James Farr and A. C. Rasmusson were refused permits. A petition of W. A. Bishop and others requesting that the license fee be reduced was laid on the table indefinitely. After passing the usual grist of bills, the council adjourned.

WINS $50 PRIZE FOR PRODUCTION OF SUGAR BEETS

Chas. Correll Given Special Award for Largest Tonnage Per Acre.

Chaska Sugar Concern to Handle Pennington Acreage Next Season.

The final prize was this week awarded in the sugar beet competition conducted in the Thief River Falls territory during the past season. Chas. Correll received the special prize of $50 offered by Dr. H. W. Froehlich, president of the Commercial club, for the greatest tonnage of sugar beets per acre. Final returns showed that Mr. Correll had raised an average of nearly 11 tons of beets per acre on a field comprising 25 acres. Other fields in the neighborhood went as high as 16 and 17 tons to the acre, but these were only small plots and could not be considered in the competition.

An important change was made last week in the sugar beet situation in that the acreage in this section has been relinquished by the Northern Sugar Corporation of Mason City, Iowa, and turned over to the Minnesota Sugar company of Chaska. The Iowa concern found that it was unable to handle the beets from this section and therefore made arrangements with the Chaska company to take over the 1924 crop. County Agent J. J. McCann informs The Tribune that this change will make absolutely no difference to growers in that the two companies operate upon the same plan. In fact, the two concerns are closely related. One man is president of both although each is a separate unit and managed by a different board of directors.

Application has already been made for a total of 3,000 acres of beets in the territory tributary to Thief River Falls for the season of 1924. Whether all of this can be allotted is extremely doubtful as it is learned from what it considered good authority that approximately this acreage is all that can be handled from the entire valley, including Crookston and East Grand Forks. L. E. Flink, general manager of the Chaska company, is expected here this week to make allotments of acreage.

The final "bonus" on the beets raised here last season has not yet been announced, but it is understood that growers in the Grand Forks territory have been given an award of $3.74 a ton, making the total price $8.74. If the same final payment is made to growers here, it means total returns for sugar beets in the Thief River Falls territory of about $120,000 for the 1924 season. This makes it obvious that sugar beets have become quite an important side line with local farmers.

Annual Meet Commercial Club Tomorrow; Members Are Urged to Be Present

Thursday's meeting of the Commercial club is the annual session and therefore of more than ordinary importance. Officers are to be elected at this time and a general program outlined for next year's activities. The usual noon-day luncheon will be served and a large attendance is requested by the officials.

An unusually large number of farmers will be present at this meeting and part of the time will be given over to the consideration of agricultural topics. Several of the Great Northern farmers institute speakers have agreed to be present for the purpose of delivering talks on subjects of special interest to farmers.

SEN. C. L. HANSEN SEES RELIEF IN FARMER PLIGHT

Returns From Washington Believing That Conditions Will Soon Improve.

Takes Prominent Part in Conference Called By President Coolidge.

Senator C. L. Hansen returned on Monday morning from his trip to Washington, D. C., where he went last week in response to an invitation from President Coolidge, who desired his views on general conditions in the Northwest. The Coulter bill, the McNary-Haugen bill, the proposed ten million dollar banking corporation and other matters looking to the financial and agricultural rehabilitation of the Northwest were discussed.

The delegation of which Senator Hansen was a member held a lengthy conference with President Coolidge at the White House. In his talk the President made it plain that he favored the passage of the Coulter bill, but he stated that he had not as yet given the McNary-Haugen bill sufficient consideration to express an opinion upon it. The McNary-Haugen bill provides for the purchase by a price-fixing board of the surplus wheat of the United States. The President, being convinced help was needed, pledged the support of the administration to all helpful legislation.

Mr. Hansen appeared in person with Senator Magnus Johnson and Congressman Knud Wefald before the War Finance corporation and he informs The Tribune that he suggested changes in the corporation's business methods. The principal suggestion made by the senator is one to the effect that the War Finance corporation hereafter take the notes of the various banks of the Northwest at their face value similar to the manner in which the Federal Reserve bank now rediscounts notes for member banks. At the present time the banks are required to put up security at the ratio of about two to one for all funds advanced. The proposed change would prevent any further closing of country banks, and would exert a great force in bringing conditions back to normal.

The gigantic $10,000,000 banking corporation now being formed for the sole purpose of aiding the Northwest was also discussed at Washington and Mr. Hansen is convinced that the plan will materialize. C. T. Jaffray, president of the Soo Line, was chosen to head the corporation. All of the weaker institutions of the Northwest will be given aid as needed.

On his various tours through the departments at Washington, Mr. Hansen was accompanied by Senator Magnus Johnson and Congressman Knud Wefald and he found both anxious and willing to be of assistance. He also had a conference with Secretary Hoover, whom he found to be unusually well posted upon conditions in the Northwest. It is the opinion of Washington officials, says Mr. Hansen, that the reorganization of the U. S. Grain corporation would be of greater benefit than any other agency that can be suggested for the advancement of grain prices, and it is hoped that this proposition may receive serious attention in the near future.

GREAT PICTURE OF EARLY WEST

"Pioneer Trails" to Appear at Princess Theatre Sunday and Monday.

Historically correct are the settings used in "Pioneer Trails," a Vitagraph special production, which will be exhibited at the Princess theatre Sunday and Monday. For many weeks before production was begun, the research department of Vitagraph was busy checking scenes in the film and obtaining information and descriptions of buildings and towns of the gold rush period of '49 for use in "Pioneer Trails."

The Burnt Boot saloon in the picture is an exact replica of the famous "El Dorado," a saloon and gambling den of the days of the early fifties. The bar and dance hall are exact copies of this famous place.

The street scenes were made in a town built to duplicate in every detail the manner of construction of those days. The mangy road with its pineboard dwellings caused many old-timers to marvel at the exactness of reproduction.

He spared no expense in the building of the city and furnishing of the interiors of the structures with furniture and knickknacks in vogue during the period portrayed. Considerable difficulty was met with in obtaining these relics of the past and many items used had to be purchased.

OFFICIAL CALL.

Pursuant to a call of the State Central Committee of the Republican Party of Minnesota, duly assembled and in the exercise of the powers and duties conferred upon it by law and pursuant to the call of the Republican National Committee for the purpose of electing two delegates and two alternates to the National Republican Convention to be held in the city of Cleveland, in the state of Ohio, June 10, 1924, and to nominate a candidate for President and for Vice President of the United States, the District Convention for the Ninth Congressional District, state of Minnesota, is hereby called for Friday, the 7th day of March, 1924, at 10 o'clock in the forenoon, at the Auditorium in the city of Thief River Falls, Pennington County, Minnesota.

The representation to said District Convention shall be based upon the vote cast for the Republican candidate for Governor at the general election in the year 1920, each county shall be entitled to elect to said District Convention three delegates at large and one delegate for each five hundred votes or major fraction thereof so cast for said candidate for governor.

In accordance with the above apportionment the several counties shall be entitled to the following number of delegates to said District Convention:

	Del. at large	Del. on basis of vote cast	Tot. Del.
Becker	3	7	10
Clay	3	7	10
Clearwater	3	2	5

Why do vegetables differ from fruit?

—because, in general, vegetables (radishes) are, or grow on, plants that die after yielding once. Fruits (apples) grow on plants that keep yielding, year after year. Each of the following

HELP STARVING GERMAN PEOPLE

Lutheran Pastor Makes Appeal for Contributions to Worthy Cause.

The Missouri Synod Lutheran church, comprising about a third of all the Lutherans in America, has been doing relief work through the American Lutheran Board for relief in Europe, whose headquarters are in New York City. This board has issued an appeal to all Missouri Synod churches for prompt and energetic help in Germany's distress. St. John's Lutheran church of this city will answer the appeal Sunday with a special envelope collection.

A Bedtime Story.

The following whimsical bedtime story appeared recently in a monthly paper published in Munich, Germany, and gives us a vivid picture in which families of the educated middle classes are finding themselves today. Its simplicity is its pathos.

(As translated.)

As evening draws near, the pale weak children draw together in a circle around the mother and say, "Mother, tell us a fairy story?"

And the mother tells a story. "Once upon a time there was a man, who met seven other men. These men carried a sausage many yards long.

"Sausage?" said the children. "Mother, what is that?"

The mother explained: "Sausage is a roll made out of pressed meat......."

"Meat?" said the children. "Mother, what is that?"

The mother sighed. She then continued: "As the man traveled further he came to a high mountain, made completely out of sugar..........."

"Mother, what is sugar?"

The mother sought to make it clear to them. "Sugar is something very sweet.........."

"We have never had anything very sweet," said the weak, pale children. And the mother went on with the story again. "Around the mountain flows a mighty stream—entirely of milk.........."

"Milk?" said the children. "Mother, what is that?"

"That is a drink," she explained in a quiet voice, "from which one grows strong and healthy."

The children were silent, and the mother went on with the story: "In the milk stream great big white loaves of bread were swimming..........."

"Bread?" cried the children, and stretched out their arms. "BREAD! Mother, give us Bread."

The mother put down her head in her hands and cried bitterly. She had no bread.

"Of all Germany's immediate problems," writes the correspondent of the "Current History Magazine" for January, 1924, "none is more insistent than that of providing food for its millions of half-starved inhabitants. Already several million children are undernourished and in danger of contracting tuberculosis. The situation in the cities borders on the tragic. In Dresden, for instance, one-sixth of the school children suffer from hunger. Half of the newly born children have been transferred to orphan asylums, since their parents can not provide for them. In Cologne 150,000 persons out of a population of 750,000 are being fed by municipal soup kitchens. About 3,000,000 persons in Germany are without underclothing or shoes. The meat consumption for the first six months of 1923 was only 84 pounds per person. Food riots are occurring everywhere. Farms are being raided by the population because the farmers refuse to sell their produce for worthless paper money. Not counting the 1,500,000 already receiving assistance from the government, it is officially estimated that more than one-third of the total population is out of work. This is a reflection of Germany's waning trade. Domestic trade, moreover, is steadily becoming worse. Approximately 650,000,000 rentenmarks were in circulation by December 1. Though the nominal value of the rentenmark is 24 cents, its buying power at home was not more than 12 cents."

No work! No money! No food! No clothing! Can you imagine what that means? While prosperity reigns everywhere in our land, in Germany millions of people beg for work and yet if they do get work, are paid with money which is of little value. No factory in Germany dares to put up a sign "Help Wanted," because the plant would be wrecked by a mob of people clamoring for the job to be able to buy a piece of bread,—not a loaf, just a piece of bread. Teachers are leaving the schools, preachers their pulpits, clerks, professors, in fact all professional people are leaving their posts to take up work as laborers to escape starvation.

The expenses of this appeal have been borne by a few generous individuals, so that every cent of the contributions will be used for actual relief. There are no salaried officers to absorb a large percentage of these charitable gifts.

Should you who read this be moved to lend a helping hand, with a cash donation or with a bundle of cast-off clothing, the undersigned will be glad to receive it for the Board of Relief and acknowledge receipt of it through the columns of this paper.

ST. HILAIRE

A. S. Wilson Funeral Rites.

Funeral services for the late A. S. Wilson were conducted from the Norwegian Lutheran church Saturday afternoon at two o'clock, Rev. C. M. Grimsrud officiating. One of the largest gatherings of friends ever in attendance at funeral services in St. Hilaire were present to view the remains and pay a last tribute to their departed friend and business associate.

A delegation of Brother Masons from the Mason's lodge at Thief River Falls were present at the funeral services and the local Odd Fellows and Rebekahs also attended assembled in bodies as Mr. Wilson was a member of both lodges.

The beautiful floral tributes were in abundance bespeaking the high esteem in which he was held in by his fellow men.

Interment was made in the East Side cemetery, the Masons assisting in the burial rites. The entire community mourns the loss of a valuable friend and citizen.

Oliver Anderson Laid to Rest.

Funeral services for Oliver Anderson, who passed away early Wednesday morning at a hospital at Bemidji, were conducted at the Norwegian Lutheran church Thursday afternoon at two o'clock. Rev. C. M. Grimsrud conducted the funeral services.

Mr. Anderson had served in the World war, and was a member of the American Legion. A delegation from the Legion at Thief River Falls together with our local members assisted in the funeral services. The casket was draped with an American flag for which he fought, a fitting emblem for a dead soldier.

Mr. Anderson was one of our home boys and was held in high esteem by all who knew him, and his sudden and unexpected death came as a great shock to everyone.

The body was laid to rest in the East Side cemetery beside that of his brother, Thomas, who was a casualty of the late war.

Commercial Club Meets.

The St. Hilaire Commercial club held its regular monthly meeting Monday evening, the 11th, at the Spectator office. Mike Fricker acted as chairman pro tem.

After all the details had been worked out on the east four-mile road proposition the balance of the evening was spent on making final arrangements for the Great Northern short course which is to be given in St. Hilaire on Friday the 15th. The five year cream contracts were discussed by the club and every member was urged to use his influence to bring about the signing of as many contracts as possible. Very near all members were present. The next regular meeting will be held March 17.

G. N. Short Course.

The Great Northern Railway company will give an agricultural short course in St. Hilaire on February 15, 1924. Among the noted speakers for the day will be Mr. Willard who is connected with the agricultural department of the railroad company. Four other institute men will be on the program for the day. The meeting will be held in the Imperial hall. Meetings to start at one o'clock sharp. The Commercial club will serve a little hot lunch to everyone present at noon on that day. The club is planning to make this a big day in St. Hilaire and they urge that every farmer and his family should make an effort to be present for this short course. Everything pertaining to the course will be free of charge, including the lunch. When the Great Northern Railway company is willing to send valuable men and expend good money to instruct the people living along their railway system, and all it is costing the public, is a little effort, then it should be the aim of everyone to be present and receive this free information.

Basket Ball Game.

The high school basket ball team, accompanied by their coach, Sigrud Engh, autoed to Thief River Falls Friday night and played the second team of the high school at that place. The game was played in the auditorium together with the Warren-Thief River Falls game which was played the same evening. The game was a close one from start to finish and much high school spirit was shown by the fans on both sides, but St. Hilaire lost by a score of six to eight. Five carloads of young people from St. Hilaire motored to Thief River Falls that evening and attended the game.

Luther League.

The Luther League of the Norwegian Lutheran church will hold a social in the basement of their church building next Thursday evening. The social will be on the order of a Valentine party and a very good time is assured to all who attend. Lunch will be served by the Misses Josephine Branum, Nellie Jolstad, Amanda Koland and Helga Kolshin.

Mrs. Holmes Entertains.

Andy Dahl, Clarence Swenson, Harvey Olson, Oscar Gigstad, Sam Walbeck, Walford Walbeck, Irwin Rotzler and Rawlins Novak.

Music Coterie.

Miss Martha Swenson entertained the members of the Music Coterie at her home east of the village last Wednesday. The young people enjoyed a very pleasant sleigh ride out to Swensons' chaperoned by Miss Anne Brann. The first part of the evening was spent in study as usual but afterwards the time was given over to games and contests. A very fine lunch was served by the hostess.

Freshmen Party.

The members of the freshmen class of the local high school were entertained Friday night at the home of their class mate, Johanna Peters. Miss Anne Brann and Miss O. Moen were acting chaperones for the occasion and a very enjoyable time is reported. The evening was spent playing games at the conclusion of which a dainty lunch was served.

Mr. and Mrs. Adolph Satterberg entertained Mr. and Mrs. G. J. Fellman and Miss Mildred Fellman at a six o'clock dinner Thursday.

Ladies' Aid at the Norwegian church was postponed last week owing to the unusual number of services in the church last week.

The Dorcas society will meet in the basement of the church next Saturday afternoon.

Friday Evening Time Set For Big Basket Sociable at Sons of Norway Hall

One of the important events of the week is the basket social planned for next Friday evening at the Sons of Norway hall, under the auspices of that organization. A fine program has been prepared and a good time is in store for all who attend. The members of the lodge extend a general invitation to everyone to attend. Ladies bringing baskets will be admitted free.

Hiawatha Among the Ads.

By the shores of Cuticura,
By the sparkling Pinto Water,
Lived the Prophylactic Chiclet,
Danderine, fair Buick's daughter.

She was loved by Instant Postum,
Son of Sunkist and Victrola,
Heir apparent of the Mazda
Of the tribe of Coca Cola—

Thru the Tanlac strolled the lovers,
Thru the Shredded Wheat they
wandered,
"Lovely little Wrigley Chicklet,"
Were the words of Instant Postum—

"No Pyrene can quench the fire
Nor Aspirin still the headache.
Oh, my Prestolite desire,
Let us carry—Little Djer Kiss"

SHIPSTEAD IS RIGHT

Senator Shipstead hit the nail on the head in his recent speech in congress in which he severely criticized the government for paying such high interest rates upon government securities. People can hardly be blamed for investing in government bonds or savings certificates when the government pays four and a half per cent interest, but such a policy on the part of the government has operated to the distinct disadvantage of the middle west, It has concentrated all wealth in the eastern money centers and has enormously added to the interest rate charged the farmers.

The fact of the matter is that but for the rural credit system now in vogue in this state many farmers would have been deprived this year of an opportunity to renew their farm loans. Senator Shipstead has called attention to a matter which should receive the earnest attention of congress.

An Englishman who wrote the mayor of St. Paul asking where he could get a license to hunt buffaloes on the prairies of Minneapolis was advised that buffaloes are extinct but bootleggers still run wild.

"Will prosperity come back to the farm?" asks one of our readers. Certainly it will, and if it does not, we wouldn't give a pipefull of Peerless for the rest of the human herd.

The man who is dissatisfied with the brand of winter weather we have been having must have something the matter with him—he must have indigestion.

Unless the girls make the confirmed old bachelors toe the mark this year it is suggested that the leap year privilege be permanently taken away from them.

Two weeks ago it was the McAdoo boom. But Doheny made a bum out of McAdoo.

The removal of State Forester Cox raised a stink in state political circles and Governor Preus and the members of the forestry board who dismissed Cox have been roundly criticized in many quarters. Various women's organizations have been especially active in support of Mr. Cox and they assert that a body blow has been dealt to sound measures of conservation by this act. Of the real facts The Tribune knows very little. Perhaps there is a little blame on both sides. Mr. Cox is, no doubt, a good forester, but it develops that he has been obstinate in many instances and has been lacking in diplomacy. A feud has existed between he and the governor for many years. It is generally suspected that rival lumber companies had a finger in the pie, and one story is to the effect that the activity of Cox in preserving certain tracts of timber for the use of paper mills in which the metropolitan newspapers were interested aroused the big lumber interests. Be that as it may, the whole matter has a political aspect which is none too reassuring from a Republican point of view.

Ex-Senator Fall refused to testify before the senate committee for fear he would incriminate himself. No danger, Albert, you are already regarded as a dirty crook by the people of the country and nothing you could say would in any way change that opinion.

Attorney General Daugherty has returned to Washington from his sojourn in Florida. If he goes after the Teapot Dome offenders like he has the war profiteers, Messrs. Fall and Sinclair ought to be in jail by 1974.

Assuming that a girl is ever so nice, has refined manners, money, jewelry and blooded ancestors, be very careful before saying the fateful words that will bind you to her forever that she does not like raw onions.

The opening of King Tut's grave yesterday was a great scientific triumph, inasmuch as it again forcefully and with greater proof than ever before demonstrates that when a man dies he is a long time dead.

The most suspicious thing about the Coulter bill is that thousands of dollars have been spent in propaganda favoring its passage by the bankers of the Twin Cities. Maybe they have cows for sale.

The Owatonna Journal-Chronicle states that Brainerd is represented in congress by Rev. Kvale. Maybe so, but Harold Knutson is drawing down the salary for so doing.

The Tribune will give $100,000 in cash to the person who will submit an amendment to the 18th amendment which will be satisfactory to everybody in the United States.

District Rep. Convention to Be Held in Thief River Falls, Friday, March 7th

The Republican district convention will be held in Thief River Falls on March 7 as will be noted by the call issued last week by District Chairman Chas. B. Marden, a copy of which is published in this issue of The Tribune. The convention came here in response to the invitation sent out to members of the district committee two weeks ago by Mayor Arneson.

There are 110 delegates to the convention. Of this number Pennington county has six, the largest representation being from Otter Tail which has twenty.

The district covention will have for its purpose the election of two delegates to the Republicnn National Convention at Cleveland on June 10, and two alternates to the same convention.

Presumably the county convention in this city will be held on March 6, and the primaries on March 4, although the same will not be definitely determined until Chairman Haynes of the County Committee who is now in South Dakota, returns to the city. Undoubtedly the call for the county convention will be issued Monday and will appear in next week's issue of The Tribune.

Income Tax Payers Will Be Given Deputy's Help

Mr. E. J. Masterson, deputy collector of internal revenue, will be in Thief River Falls from February 28 to March 1 inclusive, for the purpose of assisting tax payers in this vicinity in the task of making out their income tax returns.

It is important that all those who have not already made their returns avail themselves of this opportunity to get the blanks properly adjusted in order that payments to the government may be made before March 15, the last day upon which such returns may be filed without the payment of a penalty.

The services of Mr. Masterson are offered free of charge on any of the days noted above.

McIntosh to Play Return Game With Lincoln Boys; Furious Battle Expected

On Friday night, February 15, at the auditorium, McIntosh will play the home team on the local floor. It is no doubt not frogotten by anyone as yet, that McIntosh just got through beating the Lincoln basket ball quintet 14 to 10. That is just one of the reasons why this is certain to be one tough fight with much clever playing on both sides that will be well worth 15 cents and 35 cents to see. The preliminaries this Friday will begin nt 7:45, and will consist most probably of an inter-class battle staged by the freshmen and sophomores. The main event will start promptly at 8 o'clock. This game is sure to be one totally uncertain as to victor until the very last moment of play and everyone should be present to give the boys all aid possible. Coach Thune has not been letting ths boys rest in the way of training in the least, and if such a thing is possible, they will be in better form on Friday night than the night they whipped Warren.

Preliminaries for Spiel With Schools in Contest Takes Place During Week

The preliminary contests for the purpose of selecting a boy and girl representative of the Lincoln high school in the declamatory contests taking place soon, are being held this week. The winners will represent the school in the sub-district contest here either on the 29th day of February or about the 3rd of March with the schools of Greenbush, Lancaster and Roseau also participating. The winner of the sub-district contest held then will compete with other winners in consests to be held in Warren, Crookston and Bagley. The winner of these latter contests will represent this district in the state declamatory contest to be held in Minneapolis some time in April. Over twenty girls and seven boys have been busily studying with Miss Miriam Simon for some weeks past and there is no doubt that the choosing of the winner in these preliminary contests will be a difficult task. Much talent is being brought out and the speeches are excellent.

Johnston Visits Agency.

L. R. Johnston returned last evening from the Red Lake Agency where he transacted business for the Lyle Culvert company. While at the agency Mr. Johnston held a conference with Superintendent B. H. Dooley, who succeeded Mr. Cross as Indian Agent. Mr. Dooley is greatly interested in the Red Lake road from Thief River Falls to the narrows, and expressed the desire of the office to co-operate in its construction.

Mr. Dooley feels that the projected road will be of inestimable benefit to the Indians, particularly those who reside on the west side of the lake, and they are extremely anxious to see it completed at an early date. Mr. Johnston found the roads to the agency in fairly good condition and he had no trouble in negotiating the distance in his flivver.

Ed. Christenson Gashes Hand.

Cutting a jagged gash deep into his right hand on Monday afternoon while working a saw in a mill on the White Earth reservation, Ed. Christianson was hurried home by train in the evening.

Taken up to Dr. J. T. Bowers, the boy's hand was found to be in bad shape as the cut extended well back toward the wrist and a number of stitches were found necessary but with due care on the part of the patient, Dr. Bowers hopes to be able to save the hand.

Ed. Christenson is the son of Carston Christenson, who lives on south Main avenue in this city. It is just a short time ago, scarcely two weeks, that the boy left his home here and left for Ogema, near which place he was employed when the accident occurred.

Grygla Editor in City.

Editor Mussey, of the Grygla Eagle, breezed into the city this morning and promptly breezed out again. He came into The Tribune office all out of breath, stating that the monoplane which brought him in was about to start back in a few minutes.

Grygla Girl Wins Contest.

In the Marshall county spelling contest which took place in Warren on Thursday, February 7, a girl from Grygla, Miss Clara Severtson, won first honors, with Master Sigvold Ellertson of Strandquist receiving second place and Miss Hazel Sorum of Holt coming in third.

Poultry Fanciers Given Awards at Winter Show

Pennington county poultry fanciers were well represented at the Crookston Winter Shows held last week. Following are some of the winnings awarded to them by the judges:

S. C. White Leghorns: H. L. Schuster, 6th cock and 5th hen.

Black Minorcas: Fred G. Dols, 1st and 2nd cockerel; 1st, 2nd, 3rd nnd 4th pullet.

Each of the Pennington poultrymen had only a small number of birds on exhibition nnd did as well as could be expccted under the circumstances.

Carlson Wins Verdict in District Court Suit For Payment of City Contract

The suit of C. M. Carlson, local contractor, against the City of Thief River Falls, arising out of the refusal of the city council to pay the final estimate of the contract covering the construction of the filtration plant, resulted in a victory for the plaintiff. The case was tried last Wednesday and Thursday before Judge Andrew Grindeland and a jury in district court.

The court directed a verdict for $1,047.50, the full amount asked for by the plaintiff. At the meeting of the city council Monday evening, it was decided to appeal the case to the state supreme court, and the city attorney is now making preparations for this move.

The city claimed faulty construction of the building was responsible for a large crack which developed in the wall, while the contractor set up the defense that he had done all the work according to plans and specifications and therefore was not responsible for the crack appearing.

C. Gustafson & Son Hold Tractor School; Classes Given Many Useful Hints

In line with their policy of serving the farmers of the community to the utmost, Gustafson & Son, implement dealers, conducted a tractor school on Monday and Tuesday of this week. The farmers showed their appreciation by an attendance of over 60 on Monday and about 80 on Tuesday.

The lectures were general in nature and included tractors, gas engines and cream separators. Eight I. H. C. men were in attendance to aid with the different phases of the program. During the demonstration over 450 bushels of grain were ground free for the farmers attending, a McCormick-Deering 15-30 tractor and a feed grinder of the same make being used.

On the cream separator work, the assistant branch manager of the International Harvester company at Grand Forks, together with one of their experts gave information as to the care and upkeep, going through a McCormick-Deering separator from top to bottom. Mr. Field, the general manager of the I. H. C. at Grand Forks, gave a short and practical talk on the present condition of farmers here and elsewhere. On both days a free lunch and cigars were served to the entire class and everyone enjoyed this as well as the practical information they received on subjects that they must deal with daily.

Mrs. August Sortland Convalescent.

Mrs. August Sortland fractured her hip, injured her knee and broke her ankle in slipping and falling with a pail of water while trying to put out a blaze the first of February. A fire had started in the chimney of her Riverside avenue home and it was while trying to quench the flames that the accident occurred. Dr. Swedenburg was immediately called and the injured woman was attended to. At pressnt the patient is doing very nicely and will soon be up and out among her many friends.

ERICKSON WINS $100 DAMAGES

Jury Returns Verdict in District Court Against C. B. Bradley.

The court room last Thursday was crowded to hear the evidence in the case of former chief of police E. O. Erickson against Chas. B. Bradley, at one time a barber in this city and now serving time in jail for violation of the prohibition laws. Erickson asked damages in the amount of $10,000 from Bradley because of a certain affidavit which the latter had sworn to, alleging that Erickson had accepted hush money from him while a member of the police force.

G. Halvorson conducted the case for the plaintiff, while Bradley acted as his own attorney. He got along swimmingly during the trial but did not convince the jury that he was within his rights in making the affidavit which formed the basis of the suit in question.

The jury labored all night in an effort to arrive at the verdict, which the plaintiff sought more for the purpose of vindicating himself in the eyes of the public than in the hope of forcing the defendant to pay a large sum as atonement for the injury caused by the affidavit.

After the case was concluded, Bradley went back to Warren to continue serving the remainder of his sentence in the county jail.

NORSE PLAN BIG FEST NEXT YEAR

Olaf Ramstad One of Minnesotans Chosen Member of Committee.

To commemorate the first concerted Norwegian immigration movement to the United States, which began in 1825, a Norse-American centennial celebration will be conducted in the Twin Cities from June 6 to 9, in 1925. This celebration will be held at the state fair grounds and will comprise speechmaking, religious services, athletic events, choral singing, and a great pageant to the memory of Leif Erickson, the Norwegian explorer.

Thief River Falls was honored at the meeting held by the committee in charge of this celebration when Olaf Ramstad was chosen as one of the 15 representative Norweginns in Minnesota who were called to Minneapolis to help in the enormous task of arranging such an immense affair as this celebration is certain to be. Mr. Ramstad says that many of the most notable Norwegians will be invited to attend, among them being the king of Norway, who will be represented by Crown Prince Olaf. Others are Fridtjof Nansen, the famous arctic explorer, and Bishop Lunde of the Norwegian church. Invitations will also be extended to the President of the United States and other notable Americans to attend.

Birthday Anniversary.

Miss Myrtle Helgeland was hostess last Monday evening, February 11th at her home at a pretty appointed six o'clock dinner. The occasion was her birthday anniversary and her guests were the members of the normal class and a few instructors. The dinner table was beautifully decorated in the valentine scheme with places arranged for sixteen. Progressive whist was in session throughout the evening hours and at a late hour lunch was served, including the birthday cake. Miss Helgeland was presented with a string of beads as a remembrance of the day.

***

Carey-Halvorsen.

Miss Gertrude I. Carey became the bride of Christ Halvorsen last Monday evening. The ceremony was performed at the Presbyterian parsonage at six o'clock, Rev. Chas. Gerlinger officiating in the presence of Mrs. Chas. Gerlinger and Miss Cornelia Berg. Miss Carey was formerly of Lawrence, Mass., but has been in this city since last fall, and has been employed as clerk at Mr. Halvorsen's jewelry store for the past few months. A host of friends extend congratulations to Mr. and Mrs. Halvorsen.

***

P. O. Force Party.

Last evening the local post office force enjoyed a party in the American Legion rooms. Farewell Party.

Employes of Johnson's Popular Priced Store on Wednesday evening staged a farewell party in honor of Elmer Ohm, employe of the local store, who will leave in the near future for Bemidji, Minn., where he will manage the Johnson store in that city. The party was given at the home of Mr. and Mrs. L. W. Harroun, the evening being opened with a six o'clock dinner. Subsequently Mr. Ohm was presented with a set of cuff buttons, bearing an insignia of the Elks lodge. Mr. Ohm will leave for Bemidji as soon as Mr. Johnson returns to Minot from an eastern buying trip.—Minot Exchange.

Chiropractic Differs Fundamentally

DEFINITION
The practice of Chiropractic consists of the adjustment, with the hands, of the movable segments of the spinal column to normal position for the purpose of releasing the prisoned impulse

radically and absolutely from any other method of getting the sick well.

"If this were not true there would be no excuse for asking state legislatures for recognition as a separate, distinct science, by the appointment of a Chiropractic examining board.

If we were to take a little from allopathy, a little from each of homeopathy, osteopathy, dietetics, etc., and label this conglomeration Chiropractic, we would not deserve to be recognized as separate and distinct from other professions.

To justify our claim for recognition as a separate, distinct science, we should differ fundamentally, radically and absolutely from any other method of getting the sick well.

For this reason all chiropractors, worthy of the name, scorn to use any of the methods used by others.

Unless Chiropractic is different from all other methods it has no excuse for existence; and unless it is superior to all other methods it is bound to perish in the struggle for existence.

If it is a superior method, abuse and misrepresentation will not avail its opponents; and if it is an inferior method it will perish because of its inferiority.

Employ none but a competent chiropractor.

MIDDLE RIVER

Following a number of prospects by citizens of Middle River that the 100 per cent encrease in the valuation of the real estate of the village is unwarranted, the Marshall county board of county commissioners decided upon a re-assessment at their regular meeting last week. This increase in the valuation of the real estate of the village was put into effect a year ago when the commissioners decided the prevailing rate too low in comparison with the prevailing assessments in this section. The tax payers, however, protested the action so vigorously that the board decided to conduct an investigation to determine an equitable rate. It is said that any adjustment made when the commissioners take this matter under advisement will effect only the 1923 taxes since the 1922 taxes have already been paid.

The recently published report of the Middle River Creamery association, for 1923 shows that this local cooperative enterprise has enjoyed a steady progress during the past year. According to statistics presented by E. M. Evans, secretary, total of 420,783 pounds of cream were received by the local creamery during 1923 for which the patrons received an average price of 43.1 cents for each pound of butter fat. 144,309 pounds of butter were shipped out of town while 8,348 pounds were retailed to meet the local demand. The increase in volume of cream handled has necessitated the purchase of new equipment chief of which is listed a new cream ripener installed at a cost of $925.89. Of the patrons, Aug. Warteoberg heads the list with the record of having delivered the highest number of pounds of butterfat during the year. His record is 3341.37 pounds. Second and third places in point of butterfat delivered is held by B. E. Curtiss and Erick Peterson with 2941.01 and 2680 pounds respectively, Kveuues and Haugen rank fourth with a total of 2581.54 pounds. The financial statement shows the association to be in excellent shape with a cash reserve on hand amounting to $925.89.

Considerable excitement was created last week by the discovery of a human skeleton in a gravel pit about 18 miles east of this village. The bones were unearthed about two feet below the ground by workmen engaged in hauling gravel for road work. Deputy Coroner A. W. Clay was summoned and the remains were brought to this village. It is thought that the skeleton is that of an Indian buried probably forty or fifty years ago.

Saturday evening, February 23rd, has been decided upon as the date for the presentation of the all high school lay, "An Early Bird," at the high school auditorium. The members of the cast under the direction of Miss Eikenes of the school faculty have conducted regular rehearsals during the past month and will, no doubt, offer an entertainment of a very high order.

A number of subjects of interest to the entire community will be considered at the Farmers' Institute to be held at Middle River Monday, February 18, under the auspices of the Bureau of Public Relations of the Great Northern railway. Several agricultural specialists will be present to address the meeting. The meeting is announced to begin promptly at one o'clock in the afternoon immediately following lunch at 12:30. The meeting will be informal and any one present will be at liberty to ask any question he may desire. Among the subjects to be considered will be dairying, diversified farming, sweet clover and alfalfa, livestock, marketing, freight rates, railroad service and other questions of general interest. Among the men whose names appear on the list of speakers is J. S. Arneson of Thief River Falls who is known to the people of this section as an ardent advocate of the raising of sweet clover and alfalfa.

Victorious in two contests the Middle River high school debating teams will meet Lancaster and Badger as a second step in the district elimination. The affirmative team which recently scored a victory over the Badger negative will take the negative side of the question against Lancaster on March 1. The Middle River negative team which recently defeated Greenbush will clash with Badger Monday, Feb. 18. The winners of these two contests will again meet for the final elimination in this section.

Snow Adds to the Problem
Of Providing Telephone Service

After a deep snow, telephone service is often taxed to the utmost. At such times, people have difficulty in getting about town and more than ever rely upon the telephone.

Furthermore, when transportation is more or less tied up after a snow, it is difficult for the telephone operators to get to work promptly.

And heavy snow, if accompanied by wind, frequently tears down poles and wires, shutting off both local and long distance telephone service.

Uniformly satisfactory telephone service is our constant aim, but occasionally conditions arise which are temporarily beyond all human control. At such a time we especially appreciate the patience of our patrons until the situation can be met.

Our constant endeavor is to furnish reliable telephone service at the lowest possible charges.

Jordan Penney in Fraternity.

A number of his friends, no doubt, noticed and recognized in the group picture featured in last Sunday's Minneapolis Journal, the laughing features of Jordan Penney, who, with a cudgel tipped with a stuffed boxing glove was apparently caught by the news camera at the moment of handing his opponent a knock-out drop in the region of the right ear. Jordan is on probation for the Zeta Psi fraternity, and Sunday's bout was no doubt one of the modes taken by the frat boys in discovering eligibility. It will be remembered that Jordan is a freshman at the Minnesota University, taking up a straight dental course. The fact that he has been there just a few months and is already put up for the Zeta Psi speaks a great deal for his popularity among his classmates.

MORTGAGE FORECLOSURE SALE.

Default having been made in the payment of the sum of Two Thousand Ninety-seven ($2,007.00) Dollars, which is claimed to be due and is due at the date of this notice upon a certain Mortgage, duly executed and delivered by Ben Winding, single, Mortgagor, to Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, bearing date the 24th day of April, 1915, and with a power of sale therein contained, duly recorded in the office of the Register of Deeds in and for the County of Pennington and State of Minnesota, on the 3rd day of May, 1915, at 8:30 o'clock A. M., in Book 3 of Mortgages, on page 391.

Which said Mortgage, together with the debt secured thereby, was duly assigned by said Merchants State Bank of Red Lake Falls, Minnesota, Mortgagee, to Mrs. Rosa Brunner, by written assignment dated the 30th day of April, 1915, and recorded in the office of said Register of Deeds, on the 3rd day of May, 1915, at 9:00 o'clock A. M., in Book 8 of Mortgages, on page 567.

Which said Mortgage, together with the debt accrued thereby, was duly assigned by said Mrs. Rosa Brunner, the Assignee and Holder thereof, to Sidonia E. Brunner, by written assignment dated the 25th day of January, 1917, and recorded on the 24th day of January, 1924, at 1:00 o'clock P. M., in Book 65 on page 257, and no action or proceeding having been instituted, at law or otherwise, to recover the debt secured by said Mortgage or any part thereof.

NOW, THEREFORE, Notice is Hereby Given, That by virtue of the power of sale contained in said Mortgage and pursuant to the statute in such case made and provided, the said Mortgage will be foreclosed by a sale of the premises described in and conveyed by said Mortgage, viz:

West Half of the Northwest Quarter (W½NW¼) and Northwest Quarter of the Southwest Quarter (NW¼SW¼) of Section Twenty-three (23), Township One Hundred Fifty-two (152), Range Forty-five (45) in Pennington County and State of Minnesota, with the hereditaments and appertenances; which sale will be made by the Sheriff of said Pennington County at the front door of the Court House, in the City of Thief River Falls in said County and State, on the 18th day of March, 1924, at 10:00 o'clock A. M. of that day, at public vendue, to the highest bidder for cash, to pay the debt of Two Thousand Ninety-seven Dollars, and interest, and the taxes, if any, on said premises, and Seventy-five Dollars, Attorney's fees, as stipulated in and by said Mortgage in case of foreclosure, and the disbursements allowed by law; subject to redemption at any time within one year from the day of sale, as provided by law.

Dated January 24, A. D., 1924.

PIONEER PASSES AT ST. HILAIRE

A. S. Wilson Succumbs After Long Illness; Funeral is Largely Attended.

A. S. Wilson, a resident of St. Hilaire for 20 years and prominent in business and civic circles of that village, died last Wednesday at the Warren hospital. Death was due to an abscess of the liver, from which he had suffered for some time. Mr. Wilson was one of the leading citizens of St. Hilaire and was well known in all parts of the Red River valley.

Born in Mindstrup, Denmark, in 1872, Mr. Wilson came to America in 1888, settling at St. Paul. He later moved to a farm at Thompson, N. D., and for a time was engaged in the contracting business at Grand Forks in partnership with his brother, Martin, who died in 1908. Twenty years ago he moved to St. Hilaire, where he engaged in the grocery and meat business besides operating two farms. His son Lawrence, was of late years associated with him in these enterprises.

Mr. Wilson had at various times been a member of the St. Hilaire village council and for two terms held the office of moyor. For 15 years he was chairman of the school board and took a prominent part in Pennington county Republican politics, being chairman and secretary of the county Republican committee. He was a member of the Odd Fellows and Masonic orders.

Besides his wife, Mr. Wilson leaves the following relatives to mourn his death: His mother, Anna Marie Huse; two brothers, Harold and Vigo; two sisters, Mrs. Marie Christianson and Mrs. Austa Sorenson, all residents of Denmark; a sister, Mrs. O. J. Stearns, of Langdon, N. D.; a daughter, Mrs. Hazel Sieff, Red Lake Falls, and four sons, Lawrence, George, Earl and Wallace, all residents of St. Hilaire except George, who makes his home in Minneapolis. The latter and Mr. and Mrs. Stearns were present at the funeral, together with the members of the family who reside at home.

The funeral was conducted at St. Hilaire Saturday under the auspices of the Masonic order. Rev. Grimsrud read the service and interment was made in the Swedish cemetery.

WARREN'S GAME PROVES WINNER

Bad Luck Follows Snappy Playing of Visitors; Score Ends 16 to 11.

Playing one of the swiftest, most exciting games of the season, the Warren team had its first battle in basket ball with the Lincoln boys on last Friday evening at the auditorium. The local team won, but only a bunch of bad luck which seemed to follow the Warren men all evening, kept the score as far apart as 16 to 11 at the end of the game.

The preliminaries began at eight o'clock, the Thief River Seconds playing with the St. Hilaire team. It was a sharp battle and proved just the thing to key the crowd to an excitable pitch and set the main feature off with a howl and a yell. The preliminary game ended at 8:30, the score being 3 to 6 in Thief River's favor.

The main game began promptly and with much fast work being done on both sides. In the beginning, however the colors worn by the two teams were so near alike that it was hard for the teams to distinguish friend from foe. The Warren boys changed sweaters from the blue they were wearing to gold, but still bad luck seemed to chase them and the score of 8 to 3 ending the half in Thief River's favor, finished the game with the Lincoln boys five points in the lead.

The players for the evening were:

Thief River	Place	Warren
Paranteau	F	Tullar
Penney	F	Anderson
Sether	C	Halvorson
Sorenson	G	Peterson
Barzen	G	Larson

Baskets made by Thief River: Penney 5, Paranteau 2. Baskets by the Warren team: Tullar 1, Anderson 1 and Larson 1.

JACK PICKFORD IN GREAT FILM

"Garrison's Finish" Marks Work of Famous Screen Star.

Jack Pickford never made a better motion picture, and in fact, few photoplays have been so completely satisfying in so many respects as this star's picturization of "Garrison's Finish," which is his first for Allied Producers & Distributors corporation and which is coming Friday and Saturday to the Princess theatre. It is so confidently predicted this latest cinema effort of the famous Mary Pickford's well-known brother will be regarded generally as a most advantageous beginning under a new banner and he seems assured of augmenting his popularity with the fans through it.

"Garrison's Finish" is one of those swift-moving racing stories such as are rarely written. It is replete with consuming excitement together with pleasing romance and compelling drama. It is one of those all-action pictures in which there is no let-up from the inception to the very finale. Jack portrays the character of a heroic jockey and he acts and looks every inch the part. Forsooth, he was never better cast and with the charming Madge Bellamy supporting him as a beautiful romantic foil he succeeds in doing some of the best histrionic work of his long, brilliant career.

Every feature of this film is par excellence. The photography is little short of marvelous, the scenes of the Kentucky Derby and the Metropolitan Handicap being particularly impressive. The direction of Arthur Rosson is above reproach and the masterly handiwork of Elmer Harris, who supervised the production, is plainly discernible throughout. Mary Pickford herself wrote the titles and edited the film and there is no question as to her superiority in this line of work. "Garrison's Finish" is one of the truly good and vital pictures of the year.

WEEDER CO. TO OPEN FACTORY

Twin City Capital Interested in New Industry by Local Men.

The Gardner Railway Weeder company, in which H. W. Protzeller and J. J. Richter of this city are interested, recently leased the Iron Works situated on Arnold avenue at Second street for the production of a mechanical weed destroyer to be used by the railroads on their right-of-ways.

Mr. Protzeller, who is well known here, is the originator of the weeder, he and Mr. Richter working together for some time perfecting the various parts. Last year one of the weeders was tried out on the Luce Line which runs out of Minneapolis and proved such a success that Mr. Protzeller has been able to interest capital to the extent that the Iron Works was leased and a machine begun which will be a standardizer from which quantity production will be made.

At present everything looks very favorable for this new industry and it is expected that the standardizer will be completed so that production in numbers may be begun soon after the first of April. If success is met with in the beginning, it is planned to put in many improvements and additions will be made to the present building to further facilitate operation and a large number of men will be employed in the shop.

FARM MEETINGS ATTRACT MANY

Large Crowds Attend Farmers' Institutes Conducted by Great Northern.

The public relations department of the Great Northern railway is conducting a series of farmers' institutes in this section of Minnesota. Attendance at all of the meetings so far held has been exceptionally good and much interest is invariably shown in the programs. Among the speakers at these institutes are listed J. E. Eastgate of Larimore, N. D., C. P. Bull, department of agriculture, St. Paul; J. S. Arneson, Thief River Falls; Hans Anton, Thief River Falls; A. J. McGuire, St. Paul; Paul Kirk, U. S. department of agriculture; W. P. Kirkwood, University farm; A. L. Janes, St. Paul; and Daniel E. Willard, bureau of public relations, St. Paul.

A large meeting was held at Holt on Monday and it proved very successful in every respect. Today an institute will be conducted at Goodridge, where preparations are being made to care for an exceptionally large crowd. On Thursday the program will be put on in Thief River Falls in connection with the regular meeting of the Commercial club. A large number of farmers have been invited to be present and a successful meeting is looked forward to. St. Hilaire is booked for Friday, Middle River for next Monday and Plummer for Wednesday, Feb. 27.

MARSHALL WINS SPELLING TEST

Pennington County Contestants Make Good at Red River Valley Finals.

Marshall county carried away the banner place in the district spelling contest conducted last week at Crookston in connection with the Winter Shows. Miss Gladys Severson of Esplee township is the plucky rural school pupil who emerged from the battle with the highest average marks. Sylvia Voeks of McIntosh stood second and George Flemming of Kittson county, third.

Chester Wilson and Emma Letnes, who won the county contest conducted here and thus were chosen to represent Pennington county at the finals, were among the five to be awarded fourth place. While their friends are sorry Chester and Emma could not win first honors, every resident of Pennington county congratulates them upon the excellent showing they were able to make in competition which included the best spellers sifted from a total of more than 30,000 rural school pupils. Twenty-two spellers, two from each of the eleven counties in the Valley, took part in the final contest at Crookston.

Boy Scout Dinner.

A number of the public spirited women of this city have promised a hot dinner to be served in the Legion hall Thursday evening, to the young men and boys of the town interested in the boy scout movement and the Y. M. C. A. A number of talks will be given by different citizens, among whom will be Rev. Charles Gerlinger, Supt. I. T. Simley, County Supt. O. R. Sande. Some of the boys present will also be asked to give their views and air ideas on different subjects that happen to be brought up.

Woman's Club Meeting Is Postponed to Wednesday

Owing to the agricultural short course which takes place on Monday, February 18, the next regular meeting of the Woman's club will be held in the Commercial club rooms on Wednesday afternoon, February 20, at 3 o'clock. Social hour, hostess, Mrs. C. M. Carlson. Music memory contest, Mrs. G. Halvorson. Review of important events, Mrs. J. H. Hermanson, Mrs. F. J. Stebbins, Mrs. C. M. Carlson, Mrs. W. J. LaBree, Mrs. J. Q. Cronkhite and Mrs. J. Fulton.

Marshall County Farmer-Labor Caucuses Called.

The members of the Farmer-Labor party, its friends and sympathizers in Marshall county are hereby called to meet in every town and precinct in the county on Friday, February twenty-second (22nd) to perfect their organization for the coming campaign. The outcome of the coming campaign depends upon thorough organization and it is now up to each and every member of the party to see that this is secured in each precinct.

It is suggested that you meet in each precinct on February 22nd, at two o'clock. If some other day is more convenient you can of course meet then. Members in each precinct may simply agree among themselves upon the hour, date and place they wish to have their caucus if the date mentioned is not convenient.

Elect a campaign committee of not less than three nor more than five members for your precinct. Select good men who will work hard for the party and its candidates. The duty of this committee will be to look after the interests of the party and its candidates in the precinct, assist with meetings, etc.

Also elect one delegate to the county convention.

Be sure to send me the names and addresses of the members of your campaign committee and also of your delegate, so that we may have complete records for the county.

The county convention will be held at Thief River Falls on Wednesday evening, March fifth (5th). We are calling it at Thief River Falls as the most convenient place for all the delegates and in order to save them time and expense of unnecessary travel. Likely we can get through in the evening so that we can go home in the morning. Inquire for the meeting place at the Ogamah hotel.

All precincts are requested to meet and organize. We especially urge members of the party in the cities and villages of the county to form an organization. It is hoped that all members of the party, the Nonpartisan Leaguers and friends of the party generally will all turn out and form a complete organization everywhere. The responsibility is up to each and every individual member. Do your part.

Yours truly,
H. O. BERVE,
County Chairman Farmer-Labor Party, Germantown, Minn.

Pennington County, 'The Home of Alfalfa'

ENTIRE CARLOAD OF CERTIFIED GRIMM ALFALFA DELIVERED TO PENNINGTON COUNTY FARMERS

Nearly 200 Farmers Share in Large Shipment Received Under Auspices Bankers Association; Intensive Alfalfa Campaign Bears Fruit.

Last Saturday was a red letter day for Pennington county. In fact, it may be pointed to as the beginning of a new era in the agricultural development of the community. On that day a full carload of alfalfa seed was distributed to Pennington county farmers to be planted this spring. This large delivery of certified Grimm alfalfa seed is the grand climax of the campaign which has been carried on for some months by the Pennington County Bankers association, the Thief River Falls Commercial club, farm bureau and other organizations, and is indisputable evidence that the effort is bearing fruit.

The carload of seed which was distributed Saturday comes from Blackfoot, Idaho, and was raised on the famous Lyman farms. Every ounce is certified as pure Grimm alfalfa and is considered the very best to be found in the United States. Nearly two hundred Pennington county farmers received allotments from the carload, which means several thousand new acres of certified Grimm alfalfa from this carload alone. In addition, a large amount of seed has been secured from other sources for use by local farmers in increasing their acreage this year. After a careful survey of the situation it is estimated that approximately 6,000 acres will be planted in the county during 1924. This, together with the 4,000 acres already under cultivation, gives Pennington county a total of about 10,000 acres making it indisputably the banner alfalfa county of the state.

All sections of the county were represented at the distribution on Saturday. The banks at St. Hilaire together took about a ton for their farmer customers, while Goodridge took a slightly smaller amount. In all cases where farmers so desired it, the banks financed the purchase of seed, which runs into money pretty rapidly when it is considered that its value is 45 cents per pound. The shipment received here Saturday had a cash value of approximately $10,000.

THEO. M. THRONSON
President Pennington County
Bankers Association.

Pennington county farmers are firmly convinced that alfalfa is the best forage crop for them. Dairying and alfalfa go together and the real benefits of ths present campaign will not become fully apparent until the increased acreage of alfalfa has brought about a corresponding increase in the dairy industry. When that time comes, which will be within a very few years, Pennington county farmers will be "sitting pretty," far removed from the possibility of encountering periods of "agricultural depression" or similar ailments to which other sections of tha country are subject.

There are many arguments in favor of alfalfa as a crop. First, a ton of alfalfa is equal to a ton of bran as feed. Bran is selling at about $35 a ton. Alfalfa seed of the certified Grimm variety is worth from 30 to 50 cents a pound, which makes it a very profitable crop to raise even if all of it cannot be fed to the livestock on the farm. The farmer who raises al-

Box Factory Still Needs Logs for Steady Output; Only Green Poplar Sawed

The Thief River box factory has been in operation for some time, but is still in need of green poplar logs. The factory is turning out an average of about 800 boxes a day and this uses up wood at such a rate that the raw material is continually falling short. If it were not for this shortage in lumber the factory could turn out 1000 boxes per day with ease. There are some restrictions put on the logs bought. It must be remembered that only green poplar is used and that the logs must be 52½ inches long, not less that 7 inches at the tops, sawed at both ends, straight and sound.

CLUB IS OPENED FOR YOUNG MEN

Election of Officers Thursday; Athletics and Education Stressed.

After a satisfying dinner prepared and served by a number of ladies under the leadership of Mrs. G. W. Booren, a meeting was held in the Legion club rooms on Thursday evening by a number of the young men of the city. The meeting was presided over by C. D. Gustafson as president of the Y. M. C. A. council. The first speaker of the evening was Rev. Chas. Gerlinger, who outlined the plan worked on by the committee, appointed to reorganize the Y. M. C. A. program. County Supt. O. R. Sande stressed the need of such a program in his speech while Clarence Pope, Dreng Bjornaraa, H. E. Nelson, Roscoe Bakke, Clinton Conner, Dr. O. F. Mellby and Charles Booren all gave very good talks on somewhat the same lines.

Open discussion of the various points of the work to be undertaken occupied some of the evening and it was finally decided to elect a temporary committee and on the coming Thursday, at 7:00 p.m., to hold an election of officers and outline a program of work to be taken up. Milton Larson was elected temporary chairman, August Langseth, secretary, with Clarence Pope as advisor, and with two committees of three: Dreng Bjornaraa, Gregory Werstlein and Lloyd Lonson representing the working boys and Clifford Conner Orrin and Clifford Storholm representing the high school boys.

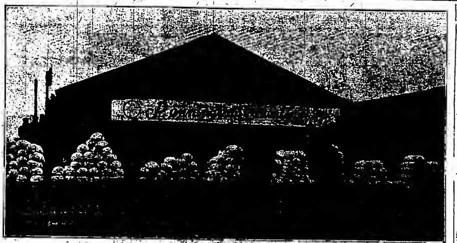
It has been planned to let the Boy Scout movement take care of the younger class of boys and the club now in formation is to take care of the younger men of the city, teaching them and at the same time giving them the chance for recreation that would otherwise be nearly, if not utterly impossible. This will take the place of the regular Y. work, the officers of that association acting as advisors for the boys. Committees will be formed of a number of boys with a board advisor, one for each of the following phases of the work, athletics, health, education, sex hygienc, religion and morals.

PENNEY'S STORE TO MOVE SOON

Expects to Be Ready for Business on Third Stree by Monday.

Unless something unexpected occurs to change present plans, the J. C. Penney department store will next Monday morning open for business in the building on the corner of Main avenue and Thirt street, formerly occupied by the Loken Brothsrs department store. A crew of men has been busy for several weeks getting the new quarters ready, and nearly all the work connected with the installation of the new fixtures has been done. The store will keep open at the old stand until the usual closing time Saturday evening.

Manager H. E. Nelson of the Penney store informs The Tribune that added goods for the new store are arriving daily and that a much larger stock will be carried in the new quarters, where conditions will not be crowded as has been the case in the Second street building heretofore occupied by the concern. New departments are planned and a larger variety of goods will be carried in former departments than has been possible in the past.



The above is a scene snapped last Saturday in Thief River Falls when a carload of certified Grimm alfalfa seed was delivered to Pennington county farmers. All of the sacks on the platform are filled with seed, ready for the purchasers. The slogan on the large sign tells the world what Pennington county is doing.

CLUB CHOOSES NEW OFFICIALS

Dr. H. W. Froehlich Again Elected to Head Club as President.

At the annual meeting of the Commercial club held last Thursday, Dr. H. W. Froehlich was for the third consecutive term elected president of the organization. The members considered his services so satisfactory that his re-election was made unanimous. F. J. Stebbins was named vice president and Theo. M. Thronson treasurer. The following comprise the board of directors for the ensuing year: Math Barzen, Nels Christianson, Dr. O. F. Mellby, W. A. Barnard and J. S. Arneson.

The matter of adopting a new constitution and by-laws was discussed, with definite action deferred until the next meeting. The president stated that the proposed by-laws had been drawn by the state association of clubs and is considered a very practical instrument. It was intended to publish the proposed by-laws but lack of space makes this impossible.

Many important matters are to come up for discussion at the meeting of the club on Thursday of this week and it is desired that a good attendance be present. Among other things to be discussed tomorrow may be mentioned the proposed pickle factory, which has been under consideration for some time. Some action must be taken soon if the pickle industry is to be started during the present year.

Hanska Farmer to Settle Here.

Thor Smesme of Hanska was in the city last evening and called at The Tribune office to say that he had purchased a farm near Holt and would move his family here in the near future to make this his permanent home. Mr. Smesme has a complete equipment of farm machinery and a great deal of stock which he will ship up next month. He was greatly impressed with the possibilities he saw here and expressed the view that many farm renters from southern Minnesota would seek homes here could they only be induced to make an investigation. Mr. Smesme was accompanied here by G. W. Gruber of Ceylon, Martin county, who sold him the land and who by the way, is a great booster for this section.

BASKET TOURNEY COMES TO THIEF RIVER MARCH 6-7

Eight High School Teams to Compete for Championship of District.

Arrangements Already Under Way For Handling Details of Big Event.

The annual high school basket ball tournament of this district will be held in Thief River Falls on March 6 and 7. The subject has been under discussion for some time by those interested, and it was finally decided on Monday that Thief River Falls is entitled to the tournament this year. Just which teams will be represented in the conference cannot be foretold at this time, but the eight teams scoring highest in the district will participate. The tournament will consist of one set of preliminary games to be played on Thursday afternoon, March 6, and one set of two preliminaries to be played in the evening. Both semi-finals will be played Friday forenoon, and the final game for the district championship will take place on Friday evening, March 7.

Supt. L. T. Simley of the local schools is getting a committee to work this week on arrangements which must be made and all the necessary details will be given attention without delay. The tournament is the biggest thing in school sports during the year, and Lincoln high school naturally feels honored because of the fact that Thief River Falls is chosen as the tournament city.

Thief River Falls has entertained other conventions and other important meetings, and in every instance visitors have been converted into boosters for the city. Supt. Simley and his committee are determined that the basket ball tournament shall be put over in the same fashion and thus bring into greater prominence than ever before the old slogan, "You'll Come Back to Thief River."

More details concerning the tournament will be published in next week's issue of The Tribune.

Merchant Has Accident.

O. H. Nelson, who owns the grocery store on Sixth street between Main and Knight avenues, is in the hospital suffering from a broken limb. On Monday evening about 8:30, when returning from his home on the corner of Main and Sixth, Mr. Nelson slipped on an icy path and fell, receiving a serious break to the leg bone above the knee. A doctor was immediately called and the patient was taken to the Physicians hospital. Although Mr. Nelson suffered severely from the pain, he is coming along nicely. It will be a couple of months, however, before he will again be able to resume his store duties. While he is laid up Mrs. Nelson will take up her husband's work.

Wrapper Reduces Labor.

An electric bread wrapper is now in the process of installation at Jung's Bakery and within another week all the bread except the rye will be mechanically wrapped. This machine will save nearly a day of labor in getting the bread to the customer as one girl can run the wrapper and turn out as much as 1800 wrapped loaves every hour. Heretofore this one item has meant nearly a day spent in getting the bread ready for sale. The machine arrived last week, but because special paper with a continuous design must be used to get a neat looking wrapped loaf, it is not yet in use. By next week, however, this paper is expected to arrive and the machine will be put into immediate operation.

LINCOLN QUINT DEFEATED HERE

Basket Ball Squad Off Usual Form; McIntosh Excellent Players.

Playing without their usual certainty against a team that possessed almost everything from the good will of "Lady Luck" to an ability to almost reach the basket with their hands, the Thief River Falls basket ball squad again met defeat when playing against McIntosh. The local boys were off their usual good form to start with and were not at all able to break through the excellent defensive of the visiting team. The McIntosh team, of course had other things in their favor, among them being physical points, for nearly all of them overtopped and would outweigh any one of the Lincoln squad. However, the McIntosh team are very fair players, and those who were at the auditorium Friday night undoubtedly saw one of the best teams in this northern section in action. The score of 14 to 4 does not begin to tell the excitement or the speed of the game.

Bill DeParcq Home Again.

William DeParcq has so far recovered from injuries for which he was being treated as the Physicians hospital, that he was taken home on Friday. It will be remembered that he suffered an accident last year in June, severely injuring his back. For some time his life was dispaired of, but his pluck and optimism carried him through until at present he has recovered to the extent that he is able to occupy a wheel chair, and in time his friends hope for his complete recovery.

Mayfield Men Here.

Ole Myrum, Gunsten Tvedt and W. H. Wilde of Mayfield township were pleasant callers at The Tribune office the first of the week. They were in the city attending the agricultural short course and were present at all the programs.

GREAT PROGRAM DRAWS CROWDS TO GATHERINGS

Agricultural Short Course Proves Unqualified Success in All Respects.

Attendance Is Large; Much Interest Shown by Community Folks.

The agricultural short course given in co-operation with the Agricultural Extension Division of the International Harvester company has come and gone, and from every standpoint it may be said to have been a complete success. In spite of threatening weather which no doubt kept many farmers at home, attendance was very good throughout the two days and evenings. The first session Monday afternoon proved the record breaker, the large auditorium being crowded to standing room.

Community songs under the leadership of Miss Maude L. Johnson, music instructor in the public schools, opened the program. The audience sang a number of old familiar songs in a manner which showed the proper community spirit. Miss Zella Wigent of the International Harvester company extension division gave an illustrated talk on "Birds" which contained a great deal of valuable information. Miss Wigent stressed the fact that birds are among man's best friends and deserve the very best of treatment possible.

Thief River Falls talent furnished the next two numbers on the program. The high school girls' glee club rendered a series of beautiful songs, and Mrs. Chas. Gerlinger favored the audience with a reading which was heartily applauded. The afternoon program closed with a strong talk on boys' and girls' club work by J. L. Wenstadt of the extension division, and two reels of agricultural motion pictures.

Monday evening the program opened with music by the high school orchestra under the leadership of Miss Johnson. The young musicians performed in a manner which brought cheer after cheer from the audience, and several encores were responded to. Both Miss Johnson and the members of the orchestra deserve a great deal of credit for the wonderful account the organization gave of itself Monday evening. Miss Wigent was the first speaker on the program, giving a very helpful lecture on "Keep Vigorously Alive." It was one of the best health talks ever heard in Thief River Falls. Mrs. Doris Halvorson Pope next favored the audience with a wonderfully rendered piano solo, and responded to an encore.

J. J. McCANN
Secretary Commercial Club and
County Agent.

Goodridge covered herself with glory Monday evening. That village was booked on the program for a "drill" by the consolidated school, but no one expected the number to be anything like it proved to be. Twenty-five young ladies took part, all of them robed in white, and the long and complicated drill and a number of tableaux were carried out without a flaw. Special lighting effects added to the beauty of the performance. Goodridge folks may rest assured that their efforts were appreciated and that Thief River Falls wants them to come again.

J. G. Haney of the extension division gave the principal talk of the evening, taking as his subject "Diversified Farming." Mr. Haney has bed ten years of actual experience as manager of the International Harvester company's farm near Grand Forks, and therefore knows some-

A Tribute to the Memory of Woodrow Wilson.

By the officers and members, general joint committee, B. of L. E. and B. of L. F. & E., Soo Line Railway.

"Woodrow Wilson has gone to his last reward and in his passing we realize that the world has suffered a loss that is incalculable.

"His great works and high aspirations in behalf of democracy and humanity will be recorded as bright pages in the history of the world. His sturdiness of character, his steadfastness of purpose, his indomitable willpower, exercised in behalf of human rights, made him truly comparable to the immortal founders of our Republic. As an Intellectual, it may be said of Woodrow Wilson that the world has seldom looked upon his like, he, like Washington, Jefferson, Franklin and Lincoln, was characterized by earnestness of purpose, fidelity of principle, intensity of effort and clear vision.

"His conscience was his only master, and the dictates of that conscience governed in all his life works.

"As a body of men directly benefited by the application of his ideals to the workaday life, to him we feel under an everlasting debt of gratitude, the credit for much of the success and comfort we have and are enjoying, properly belongs to him.

"We know his name and deeds will be carved deeply upon the imperishable walls of time.

"We may never know more. But the real estimate of him will be summed up by those that follow up long after we too have passed away.

"Humanity hopes. And posterity will eventually come into the new freedom. Those that follow us will look back and seeing this memorial, will know that we in our time, appreciated the great work and held him in loving remembrance."

No Work in California.

The Lund boys, Casper and Ingvald, who went to California before Christmas and are now in Oakland, write their folks here that conditions in the sunshine state are none too rosy. The Lund boys are expert carpenters but work in their line has been difficult to obtain. They say the coast towns are overrun with men who are out of employment. There is some promise of work at Berkely where a disasterous fire wiped out more than a third of the city and rumors are to the effect that building operations will begin about March 1. The Lund boys are not greatly impressed with the California weather, finding it foggy, chilly and generally disagreeable. The fact of the matter is that no state in the Union has experienced such nice winter weather as good old Minnesota.

School Holds Debate.

All qualified electors, male and female, who are members of the Republican Party, or who believe in its principles and desire to affiliate with said party by supporting its candidates in the coming election, are invited to participate in the primaries and convention provided in this call.

We declare it to be a fair test of an elector's right to participate in such caucuses and conventions to compel such elector, if his right to vote is questioned, to declare upon oath his claims to Republicanism, to compel such elector publicly to pledge himself or herself to support the principles of the Republican Party and its candidates at said coming election.

By legislative enactment, women are given the full right to participate in the caucuses and conventions herein mentioned. The Republican Party rejoices in this privilege extended to women. We, therefore, urge active participation by all qualified women voters.

By order of the Republican District Committee, of the state of Minnesota.

Is Your Money Safe?

The man who leaves money about the premises is taking a long chance. Any one of a number of things is liable to happen—and his money is gone, with no possibility whatever of getting it back. Last week a farmer residing near Erie lost his home by fire. This in itself is a serious loss, but that isn't all. He had between $400 and $500 in currency hidden away in the building, and this also is irretrievably gone.

In this day and age there is no excuse for taking the chance connected with keeping a sum of money hidden around the house. Money in this bank is absolutely safe, and a checking account makes it possible for it to be used as required. Don't take chances. Your home may be the next to burn.

ALFALFA DAY

The day of all days in the history of Thief River Falls, the one which will go down in history as all important in the agricultural development of our trade territory, is Saturday, February 16, 1924, the day upon which two hundred farmers appeared at the local Soo Line freight yards to lay in a supply of pure Grimm's alfalfa seed for this year's planting.

The editor of this newspaper is not a prophet nor the son of a prophet, but we desire to go on record now as predicting that time will demonstrate the fact that no single occurrence in the history of the city obscures this alfalfa demonstration in real importance.

Pennington county by virtue of the fact that more than 22,000 pounds of seed has been distributed among its farmers, claims the center of the Minnesota alfalfa stage. Let this county become the headquarters for alfalfa in the Northwest—where farmers from the less favored regions south and west of us come to buy feed tor their dairy stock, and where intending alfalfa raisers come for their certified seed—then a new day will assuredly have dawned for this section.

Up to this time we, favored as few sections of the country are favored and blessed by the forces of nature, have been buying feed for our stock. Last Saturday marks tbe beginning of a new era of prosperity when we shall have feed to sell.

Such a change can only mean increased farm values, new settlers who will be attracted by alfalfa, and contentment and happiness among those who have made preparations to plant from year to year increased acreage of the everlasting clover.

We take off our hat to Alfalfa Day, Saturday, February 16.

"Packey" McFarland, who recently visited Dr. Crandall, formerly of Thief Rivre Falls, at his home in Napa, California, brings back word that "Doc" is a little peeved over some of the articles which have appeared in this great family journal with reference to conditions in California. Presumably our old friend has been stung by the California booster bug and can't help being that way, but just the same we'll bet a peck of Pennington county potatoes to a bushel of California oranges that Doc would gladly trade his prune orchard for a Minnesota farm—and we hope he does and comes back to the land of milk and honey—to the friends he likes and who like him and his family.

We are beginning to suspect the motives back of the Coulter bill. If it is the intention of the backers of the movement to shunt all the culls and sway backed cows of southern Minnesota and Wisconsin onto the farmers of Dakota and northern Minnesota, hoping to realize large profits from the sale of such worthless animals and plunging our farmers hopelessly into debt for something of little or no value, we can say to the promoters that they are barking up the wrong tree. We are willing to remain hard up a little while longer, but we are trying to get out of the sucker class.

At the Twin City Automobile show we saw hundreds of nice shiny cars but only one manure spreader, and no one paid any attention to the said manure spreader, but as we gazed upon this simple piece of machinery the thought forced itself upon us that when all the fancy vehicles on display had found a final resting place on the junk piles and scrap heaps of the country, the good old manure spreader would probably be doing business as usual in some farmer's back yard—paying handsome dividends upon the investment.

We had always carried a picture of Frank A. Vanderlip, New York banker, in our mind's eye as a big man, as a man of force and poise and high ideals, and here he turns out to be a peewee of the cheapest calibre. Thing of a man of his reputation circulating common gossip and slander reflecting on a dead President of the United States, and then brazenly going on the witness stand and admitting that his unfounded slander was based upon gossip pure and simple. Someone should have spit in his face and kicked him out of the room.

The rotten conditions which have existed in the Disabled Veterans' Bureau was partly revealed by The Tribune nearly two years ago at which we paid our respects to the department over which Chas. Forbes had control. We have not orgotten the flippancy of the two young men who came to Thief River Falls to perfect a survey of local conditions, and recent revelations disclose that our surmise of widespread malfeasance in the department were well founded.

Considerable sentiment is being aroused over the state in favor of compelling the booze convicts in the various county jails to perform some sort of useful manual labor during their terms of service. That meets with our hearty approval. Why not make them improve the country roads of Minnesota and put them out in gangs where they may be readily seen by passers by.

We are going to ask Superintendent Sande to set apart an alfalfa day in the rural schools of the county in order that the younger generation may become better acquainted with the legume crop which is destined to put Pennington county everlastingly on the agricultural map of the state of Minnesota.

The life sentence of William Gummer who murdered Marie Wick at Fargo some three years ago, has been upheld by the supreme court of North Dakota, and the brute will spend his remaining days behind the bars. The people in this section who knew Marie Wick would as soon have seen the beast hung.

We are against the Ku Klux Klan, but we stand four square for Kows, Klover and Kontentment.

IT'S UP TO WEFALD

Knud Wefald will have to explain his recent vote against the House resolution calling for a referendum upon the sale of tax exempt securities. The sale of such securities at high interest rates have, more than all other factors combined, made the position of the northwest farmer increasingly difficult inasmuch as his credit facilities have not only been greatly impaired thereby but he has undeniably been called upon to pay exorbitant rates of interest as a natural result.

Mr. Wefald must know that were it not for the Rural Credits law now operating in Minnesota many, if not all, of his farmer constituents would be unable to renew their farm loans. He has belittled this law in some quarters and for this act he should be heartily ashamed. We do not recall anything worth while accomplished by Mr. Wefald for the people of his district. He has, however, thrown discredit on the measures operating for their relief. Also he has persistently discredited farm values in the valley by exagerrated and overdrawn pictures of the impoverished condition of the northwest farmer. This he has carried on to such an extent that nearly all agencies operating in the farm loan field have withdrawn from his district.

Now he very evidently desires a continuance of the huge crime of tax exempt securities, thus exempting from taxes the rich who have money to burn, and withdrawing from circulation the large sums which used to seek farm mortgages for investment.

It is plainly up to Congressman Wefald to explain his betrayal of the trust reposed in him by the farmers of the Ninth Congressional District.

"Forty years a crook, during which time I have stolen a half million dollars, and here I am in jail without a dime." The above statement by "Missouri Bobby" who now languishes in the Hennepin county jail tells the whole story that goes with the life of a crook. He has been arrested 342 times and has served two terms in penitentiaries. He has been a bank robber all his life and has had as much as $100,000 in real money at one time—but he wants the whole world to know that it doesn't pay.

It is currently reported that the Democrats ordered several hundred thousand little teapots for general distribution when the Teapot Dome affair appeared to have enmeshed a number of leading Republicans in official misconduct, but the Doheny testimony involving McAdoo, Gregory and sundry other Democrats caused the order to be countermanded forthwith. You see, one never can tell what will happen under such circumstances.

It seems rather strange that Knud Wefald, and Oscar Keller who represents Ramsey county, were the only two Minnesota members to oppose a referendum on the proposed effort to curb the sale of tax exempt securities. It is generally conceded that the unrestricted sale of tax exempt securities has been the greatest of our national ills—and we suspect Mr. Wefald will have some tall explaining to do.

Approximately 22,000 pounds of alfalfa seed was distributed in Thief River Falls last Saturday. Let's see what that means to the community. In two years it means 2500 additional acres of alfalfa producing at least $100 per acre, or to be more exact, a quarter of a million dollars worth of new wealth distributed among 150 farmers.

It is generally believed that the large retainer paid to the McAdoo firm of lawyers by the Sinclair oil interests suggests services to be rendered entirely out of the ordinary run of business transacted by legal firms. This fact alone, eliminating any suggestion of unethical practice on the part of the former Secretary of the Treasury, effectually bars him as a candidate for the presidency.

Thief River Falls is known far and wide as the best town in northwestern Minnesota. It is also destined to be the biggest town in northern Minnesota because of the rich and expansive territory of which it is the metropolis.

We reckon this alfalfa business will make tough sledding for the sow thistle, remarked one man who viewed the clamor for alfalfa seed last Saturday. So it will, so it will, and good riddance to bad rubbish.

Since someone has discovered that keeping secrets leads to insanity, we suppose someone will be mean enough to suggest that this theory accounts for the preponderance of insanity among men.

A man who cannot keep sweet tempered and good natured as he saunters down the avenue of time can never understand the quality of nourishment that comes from the milk of human kindness.

There is one advantage in drinking moonshine, however. If a man sets out to drink himself to death, "moon" is more effective and works faster than the liquor of pre-Volstead days.

One of the speakers at the State Editorial Convention referred to The Tribune as one of the leading boosters for the dairy cow in the state of Minnesota. You can't make us mad that way.

If every one who thinks he is of the right calibre to be governor of Minnesota would send $50 to the state treasurer, Minnesota wuuld be out of debt this year.

If we only had a few California boosters to go with this elegant and salubrious climate what a glorious country this would be.

No wonder gasoline was high when one considers the price paid for oil leases and legal talent, not to mention cabinet officers.

Yes, there is one place in the United States where money is made without advertising. It is the government mint.

Doctors can cut out your appendix and your tonsils, but every man has to cut out his own foolishness.

Talk around the State Editorial Convention was to the effect that O. P. B. Jacobson had an ace in the hole.

Tournament Places Still Uncertain; Coming Games to Settle Lincoln Position

It is not definitely known which basket ball teams will take part in the tournament here March 6 and 7. Every time a team plays another game it goes up a notch or down another place in the percentage total. At the present writing Thief River Falls is fourth on the list, having won six games and lost three, with a total per centage of 666. There are still some games to play, notably the one on Friday with Roseau and the one coming next Monday to be played with Mahnomen. If both these games are won Thief River Falls will jump ahead. If one is lost the Lincoln boys will drop to about the sixth place as regards eligibility in the tournament games.

The ten teams which still have a chance for participation in the tournament are listed below with the number of games won, lost, and also the percentages possessed by each team. Only eight of these teams will take part, however, and which ones these will be remains uncertain.

Cattle Stampede Causes Trouble in Screen Play

A stampede of four thousand cattle, filmed at great risk to the players and under strange circumstances, forms one of the many thrilling episodes in "The Eagle's Feather," the Metro picturization of Katherine Newlin Burt's famous story of the same name, showing Friday and Saturday at the Princess theatre.

The stampede was filmed in the vicinity of Convict Lake, located in the high Sierras above the little town of Bishop on the border line between California and Nevada. Great cattle ranches sprawl for hundreds of miles through this beautiful valley and here millions of cattle are rounded up several times during the year and sent to the slaughter houses through the Middle West.

James Kirkwood, who enacts one of the leading roles in "The Eagle's Feather," narrowly escaped death during the taking of the stampede. At the direction of Edward Sloman, Mr. Kirkwood and a score of cowboys began to herd the cattle within focus of the camera when the entire herd suddenly broke and rushed madly in Mr. Kirkwood's direction. Ordinarily a swit horse can keep safely ahead of a dangerous cattle stampede, but Mr. Kirkwood's mount suddenly fell and threw his rider to the ground straight in the path of the infuriated, inrushing cattle. Luckily, the herd, apparently frightened at the horse who was kicking and whining piteously in his attempts to get out of danger, parted on either side and swept by, leaving the actor with only a sprained ankle, bruises and cuts.

"Esvesdropping."

King Alalfa said to Golden Wheat,
"Let me take your place and I'll give them a treat.
These folks who work the whole day long,
Who never have time for laughter or song,
Who work and toil from day to day,
Planting grain in the same old way,
And get no gold to fill their hand,
From the poor abused and worked out land."

The Cow says to Oats and Barley:
"Come here my friends and let us parley,
If the farmer gives me alfalfa green,
Gives me a little of you in between,
I'll fill his pail with foaming milk,
I'll dress his wife in finest silk,
Alfalfa and cows will fill each hour
With wealth and honor and love and power."

Golfers Frolic.

The concluding number of the winter hops that were so much enjoyed by the members of the golf club has already been held, but another dance is to be given with a basket social as the feature of the evening. Each lady is requested to bring a basket of lunch sufficient for two, with her name in the basket. Late in the evening these baskets will be sold for a dollar each and the money so gathered will be used to help defray the evening's expenses. The social will take place on Thursday, February 21.

Golf Stockholders Meet.

On February 21, all stockholders in the golf club are urged to be at the club rooms at 7:30 so that the annual election of officers and directors of the club may take place before the dancing party, which is to be held on the same evening, is to begin. The meeting was to have been held on last Monday evening, but was postponed because so few attended.

RAIL NOTES.

E. H. Buhlman, the superintendent of the Duluth-Superior division, and whose headquarters are located at Superior, was in this city on business Tuesday evening. He was accompanied on his trip by the trainmaster of the same division, W. D. Boyce.

George M. Nelson, a brakeman on the Soo Line, left for Fond du Lac, Wis., on Tuesday. He expects to be employed for the coming six weeks.

Brakeman C. E. Noel was transferred to the Minnesota division on Tuesday and has already gone to take up his duties.

F. S. Dalton has been transferred to Gardena, N. D., where he will be employed as the regular agent. Mr. Dalton was formerly the telegraph operator here. His family left this city to join him in Gardena on Wednesday morning.

C. T. Franson and his wife of Karlstad, accompanied by Mr. and Mrs. G. P. Pihlstrom of Strandquist will spend the week-end in Minneapolis and St. Paul. In their absence, G. S. Walker will relieve Mr. Franson as agent in Karlstad and Bert Ostvolden will take the place as agent of Mr. Pihlstrom in Strandquist.

Misses Alvina Jonas and Nettie Ove will leave on Thursday for Grand Rapids and Hibbing where they will visit with friends and also attend the dedication exercises at the new high school in Hibbing which will take place on Thursday evening.

Z. L. Reynolds, accountant in Supt. Barnard's office will spend the week-end with his family in Minneapolis.

AS OTHERS THINK

In the Limelight.

The Tribune:

I notice by the public press that Thief River Falls and Pennington county people are conspicuously in the important places of influence in the constructive work of the times both in Minnesota, at the National captol and elsewhere. I know how deserving and worthy your good citizens are in a general way and I commend the good judgement shown in their selection for honorable positions.

I did not expect, however, here in Des Moines, to see any one from Thief River Falls conspicuously in the limelight at the State Capitol during our present legislative session. Imagine by surprise some days ago in visiting the Legislature to see a modest young lady occupying the seat of honor at the left of Speaker Joe Anderson while the session was being opened and for some time after. This young lady in fact occupied the Speaker's platform alone for some time prior to the opening. When the speaker called the House to order and during the prayer and subsequent proceedings she conducted herself with modesty, grace and dignity and observed all the rules of proper legislative decorum.

Later she visited the Governor's office and called personally on Governor Nate Kendall. At the supreme court rooms she objected to the smell of the poorly ventilated chamber. I learned upon inquiry that the young lady with bobbed hair and neat attire was eight years old and Miss Esther Haynes of your city. She made a most favorable impression in her appearance before our legislative assembly and with our public officials at the Capitol.—A Tribune Reader.

Great Program Draws Crowds to Gatherings

thing of conditions in this section of the country. He advanced strong arguments for diversification, placing particular stress upon the importance of dairying, alfalfa, sweet clover and corn. Mr. Haney complimented Pennington county farmers highly for the energetic way in which they are taking hold of diversified agriculture and predicted success for them. The evening closed with two very interesting reels of motion pictures.

Tuesday morning's session was attended by an audience consisting largely of school children, for whom the program was particularly fitted. After community singing and songs by the grade children, Miss Wigent repeated her bird lecture and gave a short talk on "The Fly." Motion pictures closed the program.

Tuesday afternoon's program opened with community singing and a series of songs by the junior high school boys' glee club. The boys gave a fine account of themselves and were heartily applauded. Mr. Wenstadt was the first speaker, taking as his subject, "Dairying." If there was a farmer present who didn't get a lot of valuable information from this number, he wasn't listening, that's all. As a fitting accompaniment to the lecture, V. C. Noper, prominent Pennington county dairyman, sang a song entitled, "Eggs for Your Breakfast in the Morning." Mr. Noper's song made such a hit that he was forced to favor the assemblage with a second number. Two reels of agricultural motion pictures closed the afternoon program.

The attendance at the special women's meeting Tuesday afternoon at the Commercial club rooms taxed the capacity of the hall, and it is stated that more than half of those present were from the farms and villages of Pennington county. The meeting opened with a series of community songs under the leadership of Miss Maude L. Johnson, after which Miss Marie Grimsrud of St. Hilaire rendered a very delightful piano solo. Miss Wigent of the extension division was the principal speaker of the afternoon, giving an interesting and helpful lecture and demonstration on "The Pressure Kettle for Cooking and Canning." The meeting closed with numbers by the Woman's Club Chorus, led by Mrs. G. Halvorson.

After a number of community songs had ben sung in a rousing manner, Tuesday evening's meeting opened with a talk on "Community Development." by Mr. Wenstadt. It was without question the best talk on the subject ever heard in Thief River Falls and made a deep impression on the audience. The high school boys' glee club did themselves proud in a number of snappy songs and virtually brought down the house with their rendition of the now famous Pennington county "Alfalfa Song." The program closed with an interesting talk on "Beautifying Our Home Grounds," by Mr. Hawkins, and two reels of educational motion pictures.

The Thief River Falls Commercial club and other organizations and individuals responsible for the short course feel well repaid for their efforts. The opinion is general that a great deal of good was accomplished both in the way of entertainment and instruction. The extension division of the International Harvester company is doing valuable work and Thief River Falls is fortunate in having been able to secure the services of this able corps of speakers for the meetings held this week.

Entire Carload of Grimm Alfalfa Seed Delivered to Pennington County Men

falfa not only provides a most excellent feed for his livestock and reduces his need for grain and concentrates in the feed ration, but he also builds up his soil.

Pennington county is particularly adapted to the raising of alfalfa. Its soil requires no particular treatment in preparation for the crop, containing plenty of lime and other ingredients required. Alfalfa is not an experiment here. As proof it may be cited that Peter Englestad has been growing alfalfa for 19 years, now having 100 acres. One field has been in alfalfa since 1904 and still gives a good yield. Mr. Engelstad markets his alfalfa by feeding it to his herd of Guernsey cattle and as a consequence his cream checks run around $500 a month. His farm is in better shape today than ever before. P. J. Sumpter, another Pennington county farmer, last year produced over $3,000 worth of alfalfa seed besides a large amount of alfalfa hay for his livestock.

"Pennington county, the Home of Alfalfa." Help spread that slogan to the world. It is a designation of which every resident of Pennington has reason to feel proud.

McNary-Haugen Bill For Export Commission

Senate Bill 2012, by Senator McNary, embodies what is generally known as the export commission or export corporation plan for agricultural relief. The bill has been presented in the House by Mr. Haugen, the chairman of the House committee on agriculture. It is referred to as the McNary-Haugen bill.

The McNary-Haugen bill strikes at the root of the trouble in agricultural regions. Prices of certain major farm products are now, and have been since 1920, far below their normal place in relation to the general level of prices and costs in the United States. All things the farmer buys, including commodities, labor, and transportation, are on relatively the same high plane. It is this disadvantageous price relationship that is crippling agriculture in the corn belt and the wheat growing areas.

The cause of this lies in the fact that various forms of protection are effective in maintaining general domestic prices far above the foreign level, while many basic farm commodities are without such protection for the reason that a normal surplus is produced above domestic needs which must be sold abroad at the world price, thus establishing the price at which every unit of the commodity sells. In this way, the relatively small portion of the crop of wheat, for example, that must find a market abroad, fixes the foreign price as the level at which the entire domestic crop sells.

The principle of this bill is to establish tariff schedules on such commodities at a height sufficient to permit farm prices in the domestic market to rise to the some relationship with the general price level which they occupied for the pre-war period 1905-14 (ten years), and to make these schedules effective through the operation of an export corporation which buys the surplus in the domestic market at this sustained or fair exchange price and sells it abroad at the world price. The costs are borne entirely by the commodity in each case intrinsically benefited in price through the operation of the corporation.

It is not a price-fixing measure; it simply makes the protective tariff effective for agriculture and establishes the degree of protection as that necessary to restore farm products to their normal or pre-war relationship with other commodities and costs. The computations necessary are not difficult and use the Department of Labor general commodity index as a base. If effective during 1923, for instance, such a plan would have promoted a ratio price for wheat in conformity with the general price level, which would have ranged from 50 cents to 60 cents a bushel above the price at which the wheat actually sold.

The measure is not sectional, but it is national in its application. It may operate on wheat, corn, and cotton, livestock and its products. It covers any agricultural commodity in respect of which an emergency exists by reason of a surplus which cannot be sold at fair exchange value in the domestic market.

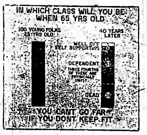
Extracts From Short Course Talks

"How to maintain the crop producing power or fertility of the soil is the most important material problem of this or any other farming region. It is a problem that too few farmers give proper attention," said J. G. Haney of the Extension Department, International Harvester company, at our short course. "The above chart shows that corn and clover fed to live stock and the manure returned to the land, increased yields. The same crops grown and sold reduced the profit of the corn crop one-half. Corn alone soon became a liability. We must feed two-thirds or better of all the crops and return as much as possible to the soil. Live stock and legumes are the basis of a permanent agriculture."

"Community spirit is doing a little for the other fellow at a human and material expense to yourself," said J. L. Wenstadt, of the International Harvester company, Agricultural Extension Department, at the short course. "A community, being the town and surrounding country, occupies the most strategic position in our civilization. As a remedy for class difference, co-operation solves the problem and should be interpreted to mean 'working together' and not 'working to gather.'"

***

Miss Zella Wigent, of the Agricultural Extension Department of the International Harvester company,

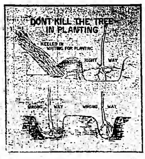


used this chart as a starting point for the health talk she gave at our agricultural and community short course. According to Irving Fisher of Yale university, out of every 100 folks who are 25 year old today, 36 will be dead 40 years later, and 53 at 65 years of age will be dependent upon relatives and charity. Of those dependent 77 per cent are physically unfit. Sickness costs over a billion dollars annually.

We need to study health problems and work out a health program for ourselves individually, for our homes, and for our community. Then we need to train our wills so that we can come somewhere near following the program that we map out for ourselves.

***

"If we don't grow our own fruit we won't have it," said L. A. Hawkins, at our agricultural and community short course. "There should be



DONT KILL THE TREE IN PLANTING
HEELED IN WAITING FOR PLANTING
RIGHT WAY
WRONG WAY
WRONG WAY

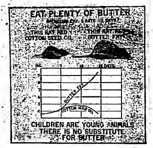
a home orchard, a small fruit patch and vegetable garden on every farm.

"Don't kill the trees in planting but give them a fair chance. Good care and attention will pay."

Mr. Hawkins used this chart which shows the right and wrong way of planting trees.

***

The speakers from the Agricultural Extension Department of the International Harvester company at the community short course today emphasized the use of milk. The chart



shows two rats which were fed exactly like except one had cotton seed oil and the other had butter fat. The rat fed cotton seed oil could not grow because it received no vitamines.

***

Folks who sell all their butter fat and feed their family oleomargarine and vegetable oils are depriving their children of a birthright—the chance to develop a strong body, steady nerves, and a vigorous mind.

In addition to furnishing the health-giving growth-promoting vitamines which all children must have, milk supplies plenty of lime in an easily digested form.

"Carefully selected, home grown seed corn has extended corn growing to the western provinces of Canada," said J. G. Haney, when giving his corn talk at the agricultural short course. "The best seed corn for this county is the seed grown in the county. Corn often changes its character very much when moved only a few miles. If you want to try out new varieties try them in a small way—never risk a large acreage on imported seed."

ST. HILAIRE

Card Party.

The fourth card party of the series to be given here this winter was given at the Odd Fellows hall last Friday night. The hall was very prettily and appropriately decorated for the occasion in red and white crepe paper streamers and red and white hearts. The first part of the evening was spent playing Norwegian whist and was played at ten tables, Mrs. A. J. Hed and Sam Wulbeck receiving high honors. The guests were then served a dainty luncheon which was also suggestive of St. Valentine, as decorative candy hearts were used and sandwiches served in heart shapes. After supper a contest was put on to test efficiency in word building, using the letters that appear in the words "Cupid" and "St. Valentine" and was won by Mrs. A. F. Hall and Oscar Gigstad. A relay peanut race, in which all the guests joined, afforded much merriment. The remainder of the evening was spent in dancing. A very enjoyable evening was spent by all those present and much credit is due the entertaining committee which consisted of the following members: Mr. and Mrs. John Hanson, Mr. and Mrs. Adolph Saterberg, Mr. and Mrs. Carl Nelson and the Misses Edith Dahl, Nellie Folstad, Ragna Loberg, Olive Nelson and Josephina Brown and Messrs. Irwin Rotzier, Edwin Roy and Arthur Hanson.

W. C. T. U. Meeting.

The last regular meeting of the W. C. T. U. organization of St. Hilaire, was held at the home of Mrs. G. J. Fellman, last Wednesday evening. The meeting was called to order by Mrs. Grimsrud. Miss Olympia Moen and Miss Anne Braunn read papers on the life and life work of Frances Willard. Other papers were read by Miss Esther Hovet and Mrs. Grimsrud. All members of the union responded with current topics on prohibition. Four new members joined the union Wednesday evening, namely, Mrs. T. Skattrud, Mrs. Earl Jensen, Mrs. E. Burkee, and Mrs. A. Satterberg. At the conclusion of the business session Mrs. Fellman served a very dainty luncheon to those present.

Great Northern Short Course.

The Great Northern short course put on at St. Hilaire last Friday afternoon proved very successful from every standpoint. A large number of farmers and their wives were present and showed much interest in the various subjects under discussion. The meeting was conducted by Daniel E. Willard, of the Bureau of Public Relations, assisted by Paul R. Kirk, state statistician, and J. E. Eastgate of North Dakota. Various subjects pertaining to freight rates, railroad service, alfalfa, sheep, cattle and various topics of interest to farmers were discussed. The speakers also answered questions, put to them by those present in connection with the subjects discussed. The Commercial club, assisted by several of the ladies and a number of the high school girls, served a hot lunch at noon. The speakers came down from Thief River Falls Friday forenoon by auto and left on the afternoon train.

Luther League Social.

The Luther League of the Norwegian Lutheran church gave a Valentine social in their church basement last Thursday evening. Valentines were sold and mailed, contests were conducted, games played and a general good time enjoyed by all the young people present. A very dainty luncheon was served by the entertaining committee and a most enjoyable time was spent.

Young People's Gathering.

Mr. and Mrs. F. W. Dammann entertained a number of young people at their home near town here last Friday evening. The evening was spent in dancing and cards. A very fine lunch was served by the host. The next regular meeting of the St. Hilaire Community club will be held in 29. A very good program is being arranged for at present.

The Ladies' Aid of the Norwegian Lutheran church will be entertained in the basement of their church next Friday afternoon. Mrs. A. J. Hed, Mrs. S. Hoff and Mrs. J. Maakrad are on the entertaining committee.

The school house of district No. 227, three miles south of St. Hilaire, known as the N. A. Nelson school district, burned to the ground last Friday night about eight o'clock. The origin of the fire is unknown. The loss is partly covered by insurance.

Mike Highland motored to Thief River Falls Saturday and returned with a truck load of alfalfa seed. This seed has been purchased by the local banks and is to be sold out in small quantities to local farmers, to be planted this season. The farmers begin to realize the value of alfalfa and several hundred acres will be planted this year.

ROSEWOOD

Surprise Party.

A pleasant community surprise party was tendered Mr. and Mrs. Chas. Sagmoen at the Rosewood hall last Saturday evening by about one hundred of their friends and neighbors. Mr. and Mrs. Sagmoen were escorted to the hall, unaware of the intention of their friends, for a social evening and were requested to partake in the old time game, "The Farmer in the Dell," wherein Mr. and Mrs. Sagmoen were chosen as the farmer and his wife, and immediately in the ring a roaring surprise shout was given and they were informed to their surprise of the social's significience. Mr. Schnabel, later representing those present, presented the honor guests with a purse containing over $45 as a remembrance from their friends. As will be remembered, Charley recently underwent an operation for appendicitis, with the following bills and inconvenience, and also recently has evolved expenses owing to stock losses, all of which tended as a motive for his friends to show him their sympathy and friendship. The evening was merrily spent at dancing and terminated with a delicious midnight luncheon brought along by the partakers. The success of the evening is chiefly attributed to the arrangers, Mr. and Mrs. L. L. Furan and Mr. and Mrs. P. Mellem.

Mrs. Hellerud is Guest of Honor.

Thirteen woman friends of Mrs. O. S. Hellerud, president of the Ladies' Friday Afternoon club, met at her home last Tuesday afternoon to tender her a birthday surprise party. A variety of aluminum and kitchen utensils were left in esteem of their friendship and the afternoon was very pleasantly passed in a social way and terminating with a delicate luncheon. The following were the partakers: Mesdames John Sagmoen, B. P. Sagmoen, Even and Emil Anderson, Albert Paulson, D. N. Petterson, Adolph Haugen, John Ranum, Carl Mellem, T. Mellem, F. O. Dols, Peter Mellem and Carl Blom.

Leap Year Party.

Under supervision of the Busy Bee district teacher, Miss Evelyn Sangen, "The Daughters of Eve" last Friday evening had arranged a very novel leap year party to which were invited "The Sons of Adam" and in which the "Daughters" taking advantage of the liberties extended to their sex on leap year, endeavored to show the "Sons" the various ways in which members of their kind shall proceed on the slippery highways of courtship. The party was given at the Busy Bee school building and about 25 young people partook. It was a very humorous evening, and full of pep and frolic.

Social Notes.

The members of The Friday Afternoon club were pleasantly entertained at the home of Mrs. F. G. Dols last Friday and a very enjoyable afternoon spent.

Mr. and Mrs. Peter Mellem were delightful hosts to 27 guests at their home on Sunday evening, Feb. 10. The evening was delightfully spent at social diversions. DELINQUENT TAX LIST

—for—

Pennington County, Minnesota

Showing Delinquents On The First Monday in January, 1924.

State of Minnesota,
County of Pennington.—ss.
District Court,
Fourteenth Judicial District

The State of Minnesota, to all persons, companies, or corporations who have or claim any estate, right, title, or interest in, claim to, or lien upon, any of the several parcels of land described in the list hereto attached:

The list of taxes and penalties on real property for the county of Pennington remaining delinquent on the first Monday in January, 1924, has been filed in the office of the clerk of the district court of said county, of which that hereto attached is a copy. Therefore you, and each of you, are hereby required to file in the office of said clerk, on or before the twentieth day after the publication of this notice and list, your answer in writing, setting forth any objection or defence you may have to the taxes, or any part thereof, upon any parcel of land described in said list, in, to, or on which you have or claim any estate, right, title, interest, claim, or lien, and, in default thereof, judgment will be entered against such parcel of land for the taxes on said list appearing against it, and for all penalties, interest, and costs.

ADOLF EKLUND,
Clerk of the District Court,
(Seal) Pennington County, Minnesota

List of Real Property for the County of Pennington on which taxes remain delinquent on the first Monday in January, 1924.

WHO SHOULD PAY AN INOME TAX

Questions You Should Ask Yourself in Making Your Return.

In making of an income tax return for the year 1923, taxpayers of every class, business and professional men, salaried persons, wage earners and farmers should present to themselves for consideration the following questions:

Did you receive any interest on bank deposits?

Have you any property from which you receive rent?

Did you receive any income in the form of dividends or interest from stocks or bonds?

Did you receive any bonuses during the year?

Did you make any profit on the sale of stocks, bonds, etc?

Did you act as broker in any transaction for which you received a commission?

Are you interested in any partnership or other firm from which you receive income?

Have you any income from royalties or patents?

Have you any minor children who are working?

Have you control of the earnings of such children? If so, the amount must be included in the parent's return of income.

Has your wife any income from any source whatever? If so, it must be included in your return, or reported in a separate return of income.

Did you receive any directors' fees or trustees' fees in the course of the year?

Did you hold any office in a benefit society from which you received income?

Answers to these questions are necessary in the filing of a correct income tax return.

If single (or married and not living with wife) and the net income was $1,000 or more or the gross income $5,000 or more, or if married, and living with wife and the couple's net income was $2,000 or more, or the gross income was $5,000 or more, a return is required. The fact that the income may not be taxed by reason of the personal exemptions—$1,000 for single persons, $2,500 for married persons whose net income was $5,000 or less, and $2,000 for married persons whose net income was in excess of $5,000, plus the $400 credit for each dependent—does not alter this requirement.

The filing period ends at midnight of March 15, 1924. Forms for filing returns may be returned at the office of collector of internal revenue, St. Paul, and the following branch offices: Duluth, Minneapolis, Winona, Mankato and St. Cloud. Persons whose net income was $5,000 or less and was derived chiefly from salary or wages should ask for Form 1040A. Those whose net income was in excess of $5,000, or, regardless of the amount, was derived from business, profession or farming should ask for Form 1040.

GRIMM SEED IS HELD SUPERIOR

University Farm Expert Advises Local Growers to Reject Other Kinds.

Growers of alfalfa in Minnesota are advised by A. C. Arny, in charge of farm crops at University farm, to plant only the best obtainable Grimm seed, and to reject seed of other varieties even though it may seem to be practically all as good as Grimm.

Several varieties of alfalfa developed outside this state are under careful trial at University farm and outlying stations. True seed stocks of Ontario variegated from eastern Canada, Hardigan from Michigan, Cossack from South Dakota, northern grown common and southern common have been sown annually in statewide tests, but to date not one of them, says Arny, has proved consistently superior to Grimm in Minnesota either for hay or seed production.

"Grimm alfalfa was originated in Minnesota and has made itself and the state famous," said Mr. Arny. "Large quantities of Grimm seed are being produced in west central and northwestern parts of Minnesota. Alfalfa is a cross fertilized plant. Bees carry pollen from one plant to another miles away. Seed produced on fields of Grimm alfalfa growing near fields of other varieties cannot produce pure Grimm alfalfa seed. Therefore, pure Grimm only should be grown, particularly in the sections where seed production is practical, so that the seed produced may be registered and certified. Only in this way can Minnesota growers produce reliable Grimm seed and obtain the additional income made possible by growing it.

"It is to be hoped that before it is too late Minnesota farmers will learn to appreciate the value of Minnesota Grimm alfalfa, whether it is to be used for hay or for seed production, and that home grown registered and certified seed of the pure Grimm variety will be produced in this state in quantity and purchased every time in preference to outside varieties which are probably of much less value.

"Circulars making extravagant claims for some of these outside varieties are being broadcast over the state. Some of them carry misleading statements. We should grow the Grimm variety because it has stood the test of all sorts of conditions in Minnesota. It is our variety and we should strive to keep it pure by closing the door on other varieties that are no better and in most cases by no means as good."

What makes the landscape look so fair;
What blossoms bright perfume the air,
What plant repays the farmer's toil,
And will enrich the worn-out soil?
ALFALFA.

What is the crop that always pays,
And will mature in forty days,
Resisting drouth, the frost and heat;
Whose roots reach down a hundred feet?
ALFALFA.

What grows in loam, clay and sand;
What lifts the mortgage off the land;
What crop is cut six times a year,
And no foul weeds in it appear?
ALFALFA.

What makes the swine so healthy feel,
And never raise a hungry squeal;
The wholesome food that never fails
To put three curls into their tails?
ALFALFA.

What makes all other stock look nice,
And bring the highest market price;
What fills the milk pails, feeds the calf
And makes the old cow almost laugh?
ALFALFA.

It Might Be True.

A distant subscriber of The Tribune submits the following paragraph with the suggestion that we use it, and at the same time trusts it will be of benefit. The clipping says: "One day, not long since, a Baptist preacher of our state was out hunting. During the day a rain storm came up. In order to keep dry he crawled into a hollow log. When the rain began to fall the log began to swell, until he could get neither way. He thought his end had come. He thought of all the wrongs he had done, and when he recalled that he had not sent a subscription to this paper he felt so small that he crawled out of the log without difficulty." Does this story fit you?

AS OTHERS THINK.

The Toll of Drink.

Not long ago an account was given in the newspapers about a certain young man that had taken to drink and at last wandered away from his old home and into the world where he could meet and linger with his own kind. He wanted to get away from the loved ones at home so that there would be nothing to hinder him from realizing all the joys of a drunkard's desires. He had chosen to live a drunkard's life, and to go the "limit," was his desire. He had not yet realized what it meant to go the limit, and little thought that it was but one short step from there to death. In the height of his glory death claimed its victim. Poor fellow! He had gone the limit and all that now was left to tell the sad story was his lifeless corpse upon the floor.

The very next day a letter came addressed in the name of this lifeless corpse. It was only a short note so it seemed, and was written by a quivering hand, and really no one thought of what this letter might contain. Finally it was opened and it proved to be a father's death message, written by his own hand to his only son. He said: "Promise me, dear one, that you will forever forsake the cup that cheers before it is too late. I shall never see your dear face again, but let my dying thought be, that you, my only one, will answer my humble prayer."

That message came just a day too late. His only son could not answer his father's dying prayer. His voice was stilled, his heart was cold, he had died a drunkard's death. No mention was made of his mother, but from the life that this young man had lived no doubt but what he had sent his mother to the grave. No account was given as to what kind of a life his father had lived. One thing we do know, that what he could not do for his only son to save him in his pleadings through life, he tried to do in his dying prayer, for his only one, but that message came just a day too late. Back in every ruined home we can hear this humble prayer. Help us save our dear ones, father and son. Back of every death toll along the drunkard's path we can hear the cries of broken hearts and sorrowful ones, in homes far and near. Help us save our loved ones from the tempter's snare.

Every paper brings such messages to our door from day to day. Shall we not answer the call? That is up to you and me. Let us do so in thought, word and deed. Another day may be a day too late.—W. A. Swanson.

Wanted License to Sell "Moon"; Mayor Sought

The following yarn was sent to this office by a subscriber residing in a rural section of Pennington county, and The Tribune hereby prints it for what it is worth. If the story is true, the people of the town referred to should rise in their wrath and kick the offending officials out of office. Here is the story as submitted to The Tribune:

"In a little burg something happened the other day which perhaps doesn't happen in every town. The mayor was put into rather an embarrassing position for a moment or two. It appears that one of the business men in twn, a man who conducts a 'strictly soft drink' parlor, went to the mayor's office one day recently and wanted to secure a license to sell moonshine. 'Why,' the mayor replied, 'I can't give you any license for that.' 'Well,' replied the license seeker, 'you've got two places right in town here selling moonshine over the bar at 25 cents a lick, besides two or three others that hand it out on the sly. Surely the two business places which are selling it right over the bar at 25 cents a lick must have a license, and the others must have some kind of protection, or they could not do business! Now, then,' he continued, 'I want a license to sell moonshine right over the bar, on the same terms and conditions that the rest are doing it on, or this thing has got to be stopped right here.'

"Just about this time the wires got crossed and the mayor's further reply was lost in the deal. From last reports the old town is still doing business in the same old way, consequently a 'license' is not necessary to do 'moonshine business' in that joint. —Pussyfoot."

A Story With a Moral.

About a month ago a man giving the name of Leon V. Stiles came to this city and began soliciting orders for men's suits, claiming to represent a Cincinatti, Ohio, firm of tailors. He was accompanied by his wife and baby and hired an expensive suite of rooms at Hotel Waseca.

He evidently made a very attractive proposition on the suits because it is said that he secured a large number of orders. He collected $6 on each order, the balance to be paid when the suits were delivered. He remained over a week and when he left town he gave Landlord Hagenah of Hotel Waseca a check for $56.82 to pay the board bill and incidental expenses for himself, wife and child.

The check was drawn on a Des Moines, Iowa bank and in due course of time was returned marked "no funds." Some of the parties who contributed $6 on suits then wrote to Cincinnati and were told that no orders had been turned in.

Sheriff Wadd was notified and he began an investigation and found that the fellow had worked the same plan in Owatonna and Albert Lea before coming to Waseca; in fact he passed several checks in Albert Lea. He is still at large at present writing and the men who expected to have fine suits at a bargain have another object lesson to show that it pays to trade at home.—Waseca Herald.

Weakness in Dissimulation.

Dissimulation is but a faint kind of policy or wisdom; for it asketh a strong wit and a strong heart to know when to tell truth, and to do it; therefore it is the weaker sort of politicians that are the greatest dissemblers.—Bacon.

Few Real Students of Nature.

Books are of pathetically little use to tell the story of nature. Few people recognize more than a dozen roadside flowers, the commonest trees and shrubs, a few kinds of birds and insects. To be able to distinguish the call notes of birds seems to most persons a miraculous gift. The few who know enough of nature to be guides for a few hours' walk have knowledge that many others deeply long for and that they would pay handsomely to get.—Youth's Companion.

Knowledge and Understanding.

The improvement of the understanding is for two ends: First, our own increase of knowledge; secondly, to enable us to deliver and make out that knowledge to others.—Locke.

Why Lodestone Was Favored.

One of the earliest gems used in the engagement ring was the lodestone, which symbolized the force of attraction which drew the maiden from her own family into another.

Wealth of Human Interest in Vagaries of Music Customers

There is a great deal of difference between music lovers in this city and the surrounding country, according to those who deal in musical instruments and music here. Of course in this part of the country a great deal of Norwegian music is sold. Indeed, in phonograph records over one third of all the music sold is Scandinavian, and of all those called for, the pieces most in demand are the songs from the play, "Olle i Skratthult." This is no doubt due to the fact that the players have been in this city a number of times, and have caught the popular fancy to the extent that the people wish to keep alive the memory of the characters they have grown to love.

Jazz records and sheet music sell big, for people simply must dance, or feel they must be chirked up at the fag end of the day, and jazz acts as a stimulant on the nerves. Of course, for the experienced salesman, these people are not difficult to pick out. They generally are interested in some late song they have just heard or which has been talked about to them, although there are some who cloak their wishes because of an underlying fear that all jazz is "low" and their position as true lovers of music might be questioned if anyone saw them even asking for the stuff. These generally ask for some classical pieces, or ballads perhaps, suddenly decide to play a popular record, "just to see how it sounds," walk into a booth, play all the records with the many critical frowns of the "vastly informed person," come back to the sales counter, fish around uncertainly for a time, and suddenly decide in a loud, reckless tone, with the brave smile of one who is about to dive into ice water, that they will take the jazz, because, "Brother Joe was just speaking about it this morning, and was so insistent about getting a jazz piece as we haven't any, and really, you know, if company comes it seems they care for nothing but jazz and they think you're funny if you haven't some records of it, although I personally don't care a thing for anything except Brahms or ....er..........what's his name, that guy that writes all that waltz stuff.......... oh, yes, Berlin. Oh, I just adore Berlin and Brahms!" And off they trot, having fully protected their musical standing according to their own lights.

Then there is the person who comes in and calls off a string of popular pieces he would like to hear. After playing every good jazz record the salesman can find for him he tires out seemingly and asks for a ballad type of piece, or perhaps will calmly walk out of the shop with the heaviest classical selection carried in stock. Some will come in and declare up and down that what they want is none of "this cheap stuff," but some real classical things. The impression is, of course, that what is desired is some heavy piece, but after it has been played and the costumer has voiced his thoughts on the subject, it is suddenly brougth out that what is really wanted is a rather light sentimental piece, something with a pretty, soft melody. There are also people who live far from town and rarely able to hear any music, who might be termed "music sick," for they wander into the stores for records or sheet music and simply wallow in melody. They buy everything, foreign, jazz, ballad, sacred, semi-classical and classical pieces —anything, all they demand is that the piece be labeled "music."

All these people, so different in their demands and tastes, are easily and quickly waited upon and given the correct kind of music to try out if they only talk a little. That is the secret of the whole thing. If anyone is uncertain as to what is really desired a few records, diverse in character, should be tried out and discussed with the salesman. From what is said about these pieces, the man behind the counter can tell very nearly the nature of the piece the customer really would like to have and, service will be rendered without delay.

GREAT STORY ON THEATRE SCREEN

"Strangers of the Night" Comes to Princess Sunday and Monday.

Those who go to the theatre to see stars and those who attend to see a great story, will find both at the Princess theatre beginning Sunday and Monday, when Fred Niblo's "Strangers of the Night" opens.

All-star casts are sometimes discovered to be no-star casts but Fred Niblo assembled a group of players who were individually famous when he began production on "Strangers of the Night" for Louis B. Mayer and Metro.

For the role of "Captain Applejack," made famous in Walter Hackett's stage play from which "Strangers of the Night" was adapted, he selected Matt Moore. Miss Enid Bennett, remembered as Maid Marion in "Robin Hood," appears in the role of a demure little British girl, while Barbara La Marr is the spectacularly beautiful Russian adventuress. Robert McKim is again a screen villain, while such favorites as Otto Hoffmen, Emily Fitzroy, Thomus Ricketts and Mathilde Brundage are exceptionally well cast.

"Strangers of the Night" is a mystery romance of adventure and love, told graphically against background of rare beauty. It opens in a mansion on the Cornish coast of England and leads from a drawing room to a pirate cruise and back before the unexpected climax is reached.

"Strangers of the Night" is Fred Niblo's second independent production for Louis B. Mayer and Metro, following "The Famous Mrs. Fair," "The Three Musketeers," "Blood and Sand" and "The Mark of Zorro."

Last Seasonal Home Game Played on Monday Nigth; Roseau Game for Friday

Next Monday night will occur the last game of the season to be played on the home floor by the Lincoln basket ball quint. This time they will play with Mahnomen and it is expected that an especially snappy game will be put on just because of the defeat they met at the hands of McIntosh on Friday. This year's record has shown that the boys always fight better after a scoring has been marked against them, and those who come to the auditorium will be well repaid for the little effort it costs to get there. The preliminaries this time will be a Sophomore-Freshman battle and will start at 7:30. The game proper will begin at 8 o'clock and the usual admission charges of 15 cents and 35 cents will be made.

On Friday the team will leave for another out-of-town play to take place that evening on the Roseau floor. This being Washington's birthday, the boys will, no doubt, do their very best to prove themselves patriotic by bringing home another victory. Roseau has a good team and being on their own floor, they will prove doubly worthy adversaries.

GREAT STORY ON THEATRE SCREEN

"Strangers of the Night" Comes to Princess Sunday and Monday.

Those who go to the theatre to see stars and those who attend to see a great story, will find both at the Princess theatre beginning Sunday and Monday, when Fred Niblo's "Strangers of the Night" opens.

All-star casts are sometimes discovered to be no-star casts but Fred Niblo assembled a group of players who were individually famous when he began production on "Strangers of the Night" for Louis B. Mayer and Metro.

For the role of "Captain Applejack," made famous in Walter Hackett's stage play from which "Strangers of the Night" was adapted, he selected Matt Moore. Miss Enid Bennett, remembered as Maid Marion in "Robin Hood," appears in the role of a demure little British girl, while Barbara La Marr is the spectacularly beautiful Russian adventuress. Robert McKim is again a screen villain, while such favorites as Otto Hoffmen, Emily Fitzroy, Thomas Ricketts and Mathilde Brundage are exceptionally well cast.

"Strangers of the Night" is a mystery romance of adventure and love, told graphically against background of rare beauty. It opens in a mansion on the Cornish coast of England and leads from a drawing room to a pirate cruise and back before the unexpected climax is reached.

"Strangers of the Night" is Fred Niblo's second independent production for Louis B. Mayer and Metro, following "The Famous Mrs. Fair," "The Three Musketeers," "Blood and Sand" and "The Mark of Zorro."

Last Seasonal Home Game Played on Monday Nigth; Roseau Game for Friday

Next Monday night will occur the last game of the season to be played on the home floor by the Lincoln basket ball quint. This time they will play with Mahnomen and it is expected that an especially snappy game will be put on just because of the defeat they met at the hands of McIntosh on Friday. This year's record has shown that the boys always fight better after a scoring has been marked against them, and those who come to the auditorium will be well repaid for the little effort it costs to get there. The preliminaries this time will be a Sophomore-Freshman battle and will start at 7:30. The game proper will begin at 8 o'clock and the usual admission charges of 15 cents and 35 cents will be made.

On Friday the team will leave for another out-of-town play to take place that evening on the Roseau floor. This being Washington's birthday, the boys will, no doubt, do their very best to prove themselves patriotic by bringing home another victory. Roseau has a good team and being on their own floor, they will prove doubly worthy adversaries.

SUMPTER TAKES ALFALFA PRIZE AT STATE SHOW

Hazel Man Awarded First in Competition Embracing All of Minnesota.

Other Pennington County Men Fare Well at State Improvement Show.

T. J. Sumpter of Hazel, last week captured first prize in the alfalfa division of the crops show held at Owatonna under the auspices of the Minnesota Crop Improvement association. When it is considered that Mr. Sumpter was forced to compete in a field which included growers from all sections of the state, it must be admitted that he did pretty well. This award is additional evidence that Pennington county is rapidly coming to the front as "The Home of Alfalfa."

Other awards to farmers in the immediate vicinity of Thief River Falls was made as follows:

Minnesota No. 13 Corn—L. A. Westphal, St. Hilaire, 1st. Mr. Westphal also won fifth on his sample of Minnesota No. 23 corn, and second on White Rustler. These awards were for the northern section.

Orton Olson of near Thief River Falls, won second prize in the Marquis wheat division, while Hjelle Brothers of Newfolden won first prize in the medium red clover division and fourth on timothy. Mr. Westphal and Mr. Olson both have made previous records at other shows, and the fact that they were able to come out with good marks at the Owatonna show was therefore a foregone conclusion.

The winners at the Owatonna show are to be congratulated upon the winnings made. They are good farmers and are doing their bit to help put Pennington county on the map.

P.-T. MEETING MONDAY NIGHT

Interesting Session Slated to Take Place at High School Auditorium.

The Parent-Teacher association of Thief River Falls will meet next Monday evening, March 3, at the high school auditorium. The general topic for the program is: "What the parents expect of the schools." Besides the regular program, there will be an opportunity given the members to discuss the topics presented in the program, or to bring up a matter which might be of interest to the association.

The question of joining the Minnesota Parent-Teachers association will be discussed. The National Congress of Mothers and Parents-Teachers associations will meet in St. Paul this spring and no doubt the local association will consider joining the state national organization and send delegates to the St. Paul meeting.

The program for Monday evening is as follows:

Music—Woman's club chorus.

"How the schools can co-operate with child welfare work."—Mrs. J. M. Bishop.

Group of songs—Central school Glee club.

"The teacher's influence upon the child's ideals."—Rev. J. B. Smith.

Playlet—"Mrs. Smith learns the truth."

Those taking part in the play are: Evelyn Thompson, Esther Lunsetter, Elaine Korstad, Evelyn Carlson, Olived Dahl, Laurence Bjorkman, Robert Halvorson and Orrin Storholm.

Everyone is urged to attend this meeting as the program is very attractive and should be intensely interesting.

Thune's Men Prepare for Battle With Short Rest; Warren Game Listed Next

The basket ball boys are being given a rest this week by their coach, Mr. Thune, in preparation for the Warren game. The boys have been kept in such good form all season that, this being their first season, Mr. Thune was of the opinion that a rest for a few days would do more to freshen them up for the game to be played on Friday with Warren than additional exercise they would get in practicing as they have been in the past. Both the first and second teams of the Lincoln school will take part in the Warren game; the second team will play Warren's seconds in a preliminary game which will take place immediately before the two first teams battle. The boys are very fast players and with their rest spell to back them up, they will put up a fight Friday evening that will be well worth seeing.

Spring Has Arrived and First Robin May Hop in Any Time, So It Appears

Last season's summer weather continued until almost Christmas, which proved very satisfactory to everyone residing in this section of the country. Even during the so-called "winter months" automobiles have traveled over the roads of Pennington county every day without difficulty, although at times it has been just a trifle too cold for comfortable joy riding. At no time has there been sufficient snow to interfere with travel on the main roads.

And present indications are that next summer will be just as early in arriving as last summer was late in leaving. At the present writing, February 27, this section is enjoying balmy spring weather, with a heavy thaw and folks walking about the streets in their shirt sleeves. Everybody is on the lookout for the first robin and when that bird arrives, spring will officially be proclaimed. The people who went to California to spend the winter this year made an awful mistake. If this thing keeps on it won't be long until California folks will want to come here to enjoy northern Minnesota's wonderful climate.

MUCH JAVA SOLD BY LOCAL HOUSE

Thief River Grocery Co. Reports Record Breaking Coffee Business.

It will be of interest to know that the coffee sales of the Thief River Grocery company during the past month have been the largest in the history of the establishment. Such sales during the month up to the present writing reach the enormous total of nearly 10,000 pounds—or to be exact, nearly a carload of coffee.

This unprecedented sale of coffee occurred in the face of steadily rising prices, but may be accounted for by the fact that the Thief River Grocery maintained prices at the old level, and have only recently in response to a general price raising on the part of the trade raised certain brands of coffee. Secretary Herrick, however, informs The Tribune the package coffee will remain stationary so far as prices are concerned.

The sale of coffee above recorded is a fair barometer of the growing business of the local wholesale house, indicating increased confidence on the part of the public. It is a record which reflects credit upon Messrs. Nels Christianson and Fred Herrick and the entire sales force, and it gives The Tribune great pleasure to be able to record such progress on the part of a strictly home concern.

Comedy Company Here.

The Scott Comedy company opened a week's engagement at the city auditorium Tuesday evening, showing to a packed house. The company is composed of clever players and the first night's program came fully up to expectations.

REAL RACE PUT ON FOR PICTURE

Picture at Princess Sunday and Monday Said to Be Full of Thrills.

The famous Exposition Park race track in Los Angeles once the scene of society's patronage, fevered betting and close finishes, but closed to meets of all kinds for years, awoke to a day of its old-time gayety recently when John M. Stahl chose the historical site as the background for the thrilling race which is one of the features of "The Dangerous Age," a First National attraction playing at the Princess theatre Sunday and Monday.

With Lewis S. Stone, Ruth Clifford, Myrtle Stedman, Richard Tucker and several hundred extras as interested spectators, ten seasoned jockeys, decked out in colors of vivid hue, marched their horses up to the starting tape and shifted about for advantageous positions as anxiously as though it were the Kentucky Derby. Getting away to a fair start, the horses ran as if a $50,000 purse were at stake—providing that a race is a race to a jockey, whether for a camera or for the honors of the track.

Had an old devotee of the course happened in at the neck-and-neck finish, he would have left certain that Exposition Park had staged a very creditable come-back. Both the jockeys and the horses were imported from the race track at Tia Juana, Mexico, the season there having closed a week or two before.

Although Stahl had engaged plenty of extras, more than two thousand spectators, tourists and residents of Los Angeles stormed the park gate on the day of the event, eager to view the races.

INSURANCE FOR FIRE HALL CUT BY CITY DADS

Council Surprised to Find Large Amount of Insurance on Structure.

Improved Manner of Caring for Poor Advocated by Mayor Arneson.

If a bomb had been exploded in the city council chamber last night it would not have created any more excitment than did the discovery that the city was carrying $49,000 insurance on the waterworks and power plant—a fire-proof building.

While checking over the bills Chairman Martin Evenson ran across one from a local insurance agent for $3,000 on the plant and he called the attention of the aldermen to the matter, whereupon City Clerk Pederson stated that there were several other policies which had expired and which were about to expire.

Upon investigation it was found that the above mentioned amount of insurance was in force. Mr. Evenson stated that the power house had been built when he was formerly an alderman some ten years ago with the express purpose of avoiding a fire and saving the city expense of insurance each year, which at present totals $346 annually.

The result was a motion to refuse payment on all such new policies and let the expiring ones meet a similar fate, this action being unanimous, all aldermen being present except H. A. Brumund.

The mayor, J. S. Arneson, was present when the council meeting was opened and took occasion to propound the establishment of a modern poor farm for the city, with perhaps the assistance of a few neighboring townships, providing such a step is permissible under the present charter. The present poor farm is far from what a city of the size of Thief River Falls should support, he stated, which belief was concurred in by the aldermen. The matter was referred to the city attorney for investigation as to what steps the city could legally take to provide a respectable home for the poor and indigent of the city.

The applications for soft drink licenses made by A. H. Bakke and W. B. Lacey, who for the past few days have been operating the places run by Alfred Rasmussen and James Farr respectively, were refused by the aldermen on the grounds that they deemed it inexpedient. Milk applications, duly given an O. K. by the dairy inspector, were granted to Mrs. L. Olson, C. I. Bugge, M. L. Thorson and James Patton.

A resolution was passed unanimously establishing the Prichard Co. scales as city scales under arrangements as noted in these columns previously.

The monthly reports submitted to the council for the month of January as filed by the city clerk, city treasurer, chief of police and municipal judge were ordered received. The report of the clerk showed a cash balance February 1 of $36,079.49 of which $9,000 is in the Citizen's State bank, sufficiently guaranteed by personal bonds. The report of the chief of police showed three arrests, two for drunkenness and one for vagrancy, while the municipal court collected $71.30 in fees and fines.

The bonds of the First National bank as one of the city depositories were approved by the council after recommendation of city attorney H. O. Chommie. Those of the Farmers and Merchants State bank were found O. K. except for the omission of a seal while the rate on the bonds of the First and Peoples State bank needed correction from the two per cent originally offered to the two and one-half per cent later agreed upon. The bonds of the city clerk and deputy were also duly approved.

The Scott Comedy company was granted the use of the auditorium for six nights at a rental of $162.50 as compared with the old rate of $40 per night, or $240, as adhered to by the old council, the present aldermen believing the old rate unjustifiable, tending to keep out attractions which might desire to come to the city.

It was nearly 11:30 when the council adjourned after allowing the usual grist of semi-monthly bills. The next meeting is scheduled for March 4.

Goodridge Taxpayer Says Tax List Error Occurred

The Tribune is in receipt of a communication from Sever Anderson of Goodridge, who claims that the amount of his personal property tax was not correctly reported in the list which recently appeared in this newspaper. Mr. Anderson says:

"There is evidently a mistake somewhere, as my taxes were listed to be $12.08 whereas the figure should have been $120.08. Please make a note of this in your paper as I have been receiving some unfavorable compliments as being a tax dodger." If there is an error, as Mr. Anderson claims, The Tribune is sorry that it occurred. The figures were checked very carefully before the list was published but it is entirely possible that such an error crept in.

SIMLEY NAMED SCHOOLS' HEAD FOR NEXT YEAR

Present Superintendent Re-Elected Unanimously to Succeed Himself.

Local Schools Now Running at Maximum Efficiency in All Departments.

Superintendent I. T. Simley of the local schools was unanimously re-elected to continue in his present position for another year, at a meeting of the school board held last week. In the resolution electing Mr. Simley as his own successor, the board took occasion to praise his work as superintendent very highly, expressing entire satisfaction with the manner in which he has conducted his part in managing the city's educational establishment. While Mr. Simley has not yet formally accepted the offer tendered by the board of education, it is considered certain that he will.

At the end of the present term, Mr. Simley will have completed three years as head of the Thief River Falls schools. At no time in the history of District No. 18 have the schools measured up so well in all departments as they do at present. In point of attendance all records have been broken during the present term. A total of more than 1,500 pupils now answer roll call in the Thief River Falls schools, but through reorganization in some departments and the elimination of certain subjects in others, without detracting from the efficiency of the work done in these departments, it has been possible to effect a considerable economy in the number of instructors employed.

Not only does Mr. Simley conduct school affairs in a most efficient manner, but he also takes a prominent part in civic and church affairs. Thief River Falls has come to regard him as a most valuable citizen, and the action of the board of education in retaining him for another year meets with the unqualified approval of every man, woman and child in the city. The Tribune hopes to see Mr. Simley and his fine family remain in Thief River Falls for many years to come.

STRANGER FINDS HARD SLEDDING

Foreigner Lands in Thief River Falls; Finds No Welcome in Canada.

Thief River Falls was last Saturday visited by a man who appeared to be, for the time being at least, a man without a country. The man, a Czecho-Slovakian by the name of Micheel Hurcala, arrived in this city Friday evening from Winnipeg, having just been refused admittance into Canada where his home is situated. On Friday morning he was met on the streets wandering aimlessly, unable to find anyone who could understand him.

Mr. Hurcala arrived from his home in Slovakia about four months ago, coming to Canada where he resided for a short time before leaving for the States. He stayed for some time in Duluth and also visited with relatives in Minneapolis before returning. However, when he arrived in Winnipeg it was found that he had failed to provide himself with a passport and he was ordered to return to this country. The quota from his country had already been filled here and it seems that when he came across the line to visit he had to deposit bonds as a surety for his ultimate return to Canada, so he cannot stay here. On top of all this trouble, Mr. Hurcala arrived in this city out of funds because of the large amount of money temporarily tied up in the bonds. Telegrams were sent to his relatives in Minneapolis and that night he departed. His passports will be fixed up for him there and he will again be able to complete his founding of a home in Canada.

Engelstad and Satre of Farm Loan Association Attend State Convention

Peter Engelstad, secretary-treasurer of the Valhall Federal Farm Loan association, and F. T. Satre, a director in the same organization, leave this evening for St. Paul to attend a conference of officials of these associations from four states. The meeting is called by the Federal Land bank and is in the nature of a school of instruction as well as a conference. Mr. Engelstad attended a similar meeting held a year ago and states that much good resulted. J. W. Denhart of Hazel, president of the Valhall association, had planned to go this year but was prevented from doing so because of other business matters and Mr. Satre was chosen to go in his place.

New Credit Association Formed at Goodridge to Make Loans on Chattels

Articles of incorporation are published this week in The Tribune for a new organization recently formed at Goodridge, to be known as the Farmers Credit company. The capital of the new company is given at $10,000 and its incorporators are the following representative men: Albert Wilkins, Lars Stomlien, Theo. Gilbertson, Carl Lindstrom, J. H. Clausen, Ed. Ells, Ole A. Olson, W. E. Chapman, Paul P. Sund, Andrew O. Feragen, Gust J. Fundanet, H. B. Rockne, Nick Bundhund and M. J. Stephenson. Albert Wilkins is named as the first president, Mr. Feragen as vice president and Mr. Rockne, secretary-treasurer.

Operating in conjunction with the Intermediate Credit bank at St. Paul, the new credit company will be able to loan money on farmers' chattels to the extent of $100,000, at an interest rate of seven per cent. The concern should prove a very valuable institution in helping to improve conditions among farmers in that section. It is the first organization of its kind to be formed in Pennington county, and under the guidance of such careful men as its incorporators are known to be, there is every reason to believe that it will prove successful from the start.

FARMER-LABOR POT IS BOILING

Brotherhood of Engineers Endorses Naplin and Royster for State Jobs.

Oscar A. Naplin of Thief River Falls, was endorsed as a candidate for nomination for lieutenant governor and W. W. Royster of Glenwood was pledged the backing of that organization for governor, at the meeting of Division No. 768, B. of L. E., held in this city on Sunday, February 17. Mr. Naplin served one term as senator from the 65th legislative district and Mr. Royster has for many years been prominent in labor and progressive political circles. Whether these men will be placed upon the Farmer-Labor ticket depends upon the action of the state convention of that party, which will be held in the near future.

It is rumored in Thief River Falls political circles that in the event Mr. Royster does not receive the nomination for governor, the backers of Mr. Naplin will devote their strength to placing that gentleman upon the ticket as candidate for railroad and warehouse commission.

Goodridge Banker in City.

J. P. Jensen of Goodridge, one of the prominent bankers of the eastern Pennington county village, was in the city Tuesday looking after business affairs. Mr. Jensen is very optimistic concerning the future of this section and never overlooks an opportunity to say a good word for it. One booster like Jensen is worth a million knockers any old day.

SUGAR BEETS TO GET ATTENTION

Commercial Club Meeting Tomorrow Promises to Be of Unusual Interest.

A large number of interesting topics are to come up for discussion at the meeting of the Commercial club tomorrow noon. Chief among these is the sugar beet situation. A representative of the Northern Sugar company will be here from Mason City and will give a complete demonstration of how sugar is manufactured. The matter of securing additional acreage for the vicinity of Thief River Falls will also be taken up.

The Commercial club has had prepared suitable diplomas for the boys and girls who have won prizes in the various club and educational contests which have been carried on during the past year, and these will be presented at tomorrow's meeting. The matter of securing stickers with the "K. K. K." slogan—a matter which was discussed at last week's meeting—will also be decided upon tomorrow. The three K's stand for "Knws, Klover and Kontentment," a fitting slogan indeed for Thief River Falls and Pennington county.

There is always something of interest at the weekly meetings of the Commercial club. Turn out tomorrow and help things along by your presence.

Rasmusson in Jail.

A. C. Rasmusson, proprietor of the Jefferson Highway cafe, was taken to Warren Monday to serve the remaining 80 days of a 90-day sentence imposed upon him by Judge Grindeland last June upon his conviction of violating the prohibition laws. Rasmusson appealed the case to the supreme court and was at liberty pending action by that body. The upper court decided against him last week.

ATTENDANCE AT CREAM MEETING BREAKS RECORD

Delegates From All Sections of 14th District in Thief River Falls Today.

Many Important Matters to Be Threshed Out at Session This Afternoon.

The annual meeting of District No. 14 of the Minnesota Co-operative Creameries association is in session in Thief River Falls today. The 14th district is the largest in the state and comprises 58 co-operative creameries, all of which are members of the association. This is the only district in the entire state which can show a 100 per cent record in the matter of membership. One delegate from each creamery is present at the meeting today, only four out of the entire 58 creameries being without representation. This is an exceptional record and shows conclusively that northwestern Minnesota co-operative organizations are alive to their needs and take a deep interest in the development of these enterprises.

E. O. Melsnes of Erskine, president of the district association, is presiding at the meeting this afternoon. P. Engelstad, well known Pennington county dairyman, is secretary. Among the speakers on the program for this afternoon are A. J. McGuire, general manager of the state association, and N. C. Lindberg of this city, field manager for this district, who will submit his annual report.

The matter of signing patronage contracts will be taken up this afternoon and steps are planned to add new impetus to this highly important feature of creamery and patron co-operation. The resolutions committee has drawn up a number of important resolutions and it is expected that these will be presented for the consideration of the delegates before the close of the meeting. A more comprehensive report of the proceedings will be given in next week's issue of The Tribune.

FINAL DETAILS IRONED OUT FOR HOOP TOURNEY

Committee Busy on the Arrangements for Tournament March 6 and 7.

Eight Teams Expected to Compete in Seven Terrific Elimination Contests.

A committee composed of E. O. Mogensen, representing the board of education; Roy Lambert, the Commercial club; Oscar Paulson, the city council; Supt. I. T. Simley, the city schools, and with Athletic Coach A. Thune and Morris Bye, principal of Lincoln high school as members also, have been working on various important details in connection with the high school basket ball tournament which is to be held here next week Thursday and Friday, March 6 and 7. The admission to these games will be 35 cents to students and 50 cents to adults to any two game series or finals, but season tickets for the seven games will also be on sale at $1 for students and $1.75 for adults.

Just what teams will be among the eight to take part in the tournament is not yet known, but as soon as this is definitely decided the names will be forwarded to Supt. Simley in separate sealed envelopes. These will be drawn in the presence of a committee, and place in the tournament of the various teams so determined. Plans are being made to put on various features for the entertainment of the guests during the tournament. Just what these features will take the form of has not been made public. The auditorium is being put into shape to accommodate at least 600 people and everything is being done to put this affair over in a fashion to be long remembered.

Mechanics Lease Garage and Launch Repair Shop

E. E. Aamodt, last year in charge of the repair department of the Peoples' Automobile company, and F. W. Mehls, who operated a battery service station and repair shop on La Bree avenue south last year, recently leased and have taken possession of the Aga garage and repair shop on Second street west. Both men are experts in their line and will, no doubt, enjoy a satisfactory business. In addition to repair work, Messrs. Aamodt & Mehls expect to deal to a considerable extent in used automobiles.
